We supply thousands of people each season with bicycles

Sleep Out Doors. Fresh Air is the Secret of Good Healt

All of our Tents are made in the best possible manner. They are far superior in quality, material, and workmanship to the ordinary kind known as Market Grade. We use nothing but 29 inch ducks, which is absolutely necessary to make a good, serviceable tent. Please note that our tents are full size, full weight, and finished in best possible manner. In construction of Tents, Covers, etc., we are second to none. We carry all sizes of tents, 7x7 to 14x20 in stock, and make prompt shipment. On Larger Size Tents please allow three to five days' time to make the tent.

Special tents are made to order only and if made according to specifications, we cannot exchange or refund the purchase price.

We can furnish tents in large or small quantities on short notice generally. They are all full size, and all have a good "pitch" to roof to turn rain. They are all made in a durable and substantial manner. Tents made to order will not be sent C. O. D. In ordering give Catalogue number, length and wi weight of canvas and price.

All of our Tents have full center height, full height of wall.

Weight without poles, 7x7, 30 lbs.; 9½x12, 40 to 50 lbs.; 14x16, 66 to 76 lbs. Ridge poles w 22 oz. to the foot. Upright poles, 14 oz. to the foot. Pins ¼ to ½ lb. each.

We do not recommend purchasing eight ounce Tents as they are not waterproof.

Poles and pins included in prices.

WEIGHT OF TENTS

The weight of all tents as given on this page is figured on 8 oz. duck. 10 oz. duck will weigh quarter more and 12 oz. duck one-half more than 8 oz.

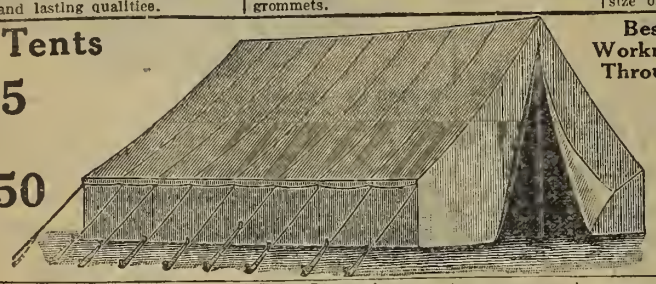
Best Sisal Rope

We use only the best grade Sisal rope, which has a long fiber stock, and adds extra strength and lasting qualities.

Galvanized Grommets

Heavy grommets are sewed into all tents at points of greatest strain. This method is far superior to the regular flat brass grommets.

Large Flap



All our tents are made with full flap at the door openings, which gives ample protection from wind and rain. Guy ropes are furnished wherever necessary, according to size of tent.

Tent Flies

A tent fly makes an extra movable or double roof to a tent, and afford greater protection from sun and rain, and can be made to serve as an awn either in front or in rear of tent. The above prices do not include flies. ular flies for any size tent will be furnished without poles at one-half the pr of the tent.

Peerless grade finest quality Wall Tent

The construction of this Tent makes it desirable for those who want something superior

Far ahead of the old style wood fastener **$6.00 to $34.90**

Our Peerless brand of Wall Tents are the best that we can make. They are all made with the patent key and guy-rope fastener, as illustrated, which makes a stronger tent, because the grommet holes in the eaves of the tent (which were always a weakness) are wholly done away with. The tent is roped all around the eaves and all around the bottom, thereby adding the strength of the rope to that of the canvas. The keys for tightening the guy ropes which formerly were of wood and were continually breaking, are wholly done away with, as the guy rope fasteners are made of galvanized malleable iron.

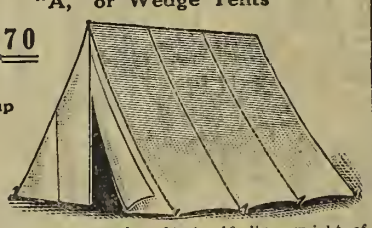
Rope Ridge Wedge Tent



This is an ideal tent for campers, surveyors, prospectors, etc. No poles required. You can stretch this tent up between two trees, or two forked sticks or in any other manner that will fasten the two end ropes so as to hold the ridge taut. The rope ridge takes the place of the ridge pole. **This tent has many advantages over the tent with poles,** as it can be easily carried from one place to another, the heavy poles being unnecessary. **The rope furnished with this tent is sewed in the ridge** and ends at each end of the tent, in a spliced loop, making it easy for the user to attach additional ropes as may be required. The following prices do not include the rope for fastening to trees, etc. Shipping weights, 16 to 45 lbs. each.

Camp Cooker

Folding Camp Stove and Broiler

60C9949—Just the thing for hunting, fishing, camping, canoeing and automobile parties. The surface grate, when open, is 14x20 in., sufficient for four cooking utensils. Made of wrought iron. Put up in a cloth bag. Weight, 5 lbs., and can be carried in a suit case or lunch basket. Shipping weight, about 5½ lbs. Price, each.....$1.45

Baker Ideal Fishing Torch

Just the thing for fishing, camping, etc. Burns gasoline or naphtha. Simple in construction. As the oil flows into burner it is converted into gas, which forms a brilliant flame which will not blow out even in a high wind. The flow of oil is controlled by a valve, which allows the light to be regulated. One gallon of oil will burn about 3½ hours under ordinary conditions. On account of its great brilliance, the torch is very suitable to use when spearing or gig-fishing. 5-qt. tank is made of galvanized sheet steel; iron piping. Size of burner, 3½ in. Shipping weight, about 6 lbs.

60C9890—Price, each $2.10

Liquid Water-Proofing

For Tents, Covers, Etc.

60C9905—A preparation that does just what its name implies — water-proofs any fabric to which it is applied. It does not stiffen the goods to which it is applied, as paraffine does in cold weather, but leaves the fabric in a firm yet pliable condition at all seasons. Do not apply when canvas is damp or wet, however. One gallon will cover from 100 to 150 square feet. Price, per quart can. Shipping weight, 2½ lbs..25c
Price, per gallon can. Shipping weight, about 8 lbs. 80c

Still-Hunter Duck Boat

The hunting boat illustrated above, is a favorite with sportsmen wherever used. In this model we combine light draught, great stability, easy lines, and large carrying capacity. One may stand in them and shoot with perfect safety. Having but little free board it is not easily affected by wind. Easily handled with oars, paddle or pole.

This boat is as well adapted for fishing as for hunting, its great stability making it an excellent boat to cast from.

Specifications—Hunting Boat

Boat has flat bottom and clinker sides. Bottom, white pine; width, 20 in.; 5/16 in. thickness, the ribs being spaced every 4 inches, making a bottom that is practically indestructible. Boat can be used among roots or snags without the least thought of consequences.

Sides planked with 5/16 cedar. Ribs and stem of elm. Combing and deck beams, ash. Deck of cedar covered with canvas. Two removable seats. One pair of ash oars. One pair of oar locks. One long paddle. Entire boat finished dead grass color with three coats excellent lead paint.

Finest American Razors

Our Famous Lakeside Brand

America is today producing razors equal in every respect to the finest foreign makes. Our Lakeside Razors include the choicest patterns and finest grinding of the best American shops. "Made in America" means dependable and satisfactory quality, especially when you buy a M. W. & Co. selected razor. Our line embraces a wide range of designs and prices, but all our Lakeside razors are alike in one respect: Every one means extra value for your money. Just try a Lakeside razor—you'll find it a decidedly worthwhile purchase.

$2.25

Lakeside Hygienic

Rust-Proof, Germ-Proof, Sanitary.

We consider the Lakeside Hygienic Razor to be the most perfectly sanitary razor on the market. The handle is lined with fine felt, saturated with an antiseptic oil (Parmoline). The oil keeps the blades keen and sharp. The danger of blood poisoning from infection through a cut is almost entirely avoided. Requires very little stropping and practically no honing. It will stay sharp longer than other razors because the blade is free from the rust and impurities that dull many other razors. Forged from the finest Sheffield steel. Width, ⅝ inch. **Hollow ground,** hollow point. Finely finished throughout. Packed complete with nickel plated oiler, filled with Parmoline.

46C8725—Each **$2.25**

Shipping weight, 5 ounces.

$1.47

U. S. Army Razor

Concaved, for a stiff, wiry beard.

An exact duplicate of a Razor made for the U. S. Army. Each razor made for the army has to pass the most rigid inspection before being accepted by the authorities. More razors of this pattern probably have been sold to the U. S. Government than any other. It was selected for its fine shaving edge and sturdy durability. A thoroughly good shaving tool. They are made from the best quality steel obtainable, perfectly tempered, honed and edged ready for immediate use. The blade, while ⅝ hollow ground, has a good stiff edge and will shave the toughest beard with comfort and satisfaction. Width of blade, ¾ inch. Has file tang to prevent slipping when in use. Plain black rubber handle. The whole value of this razor is put into the blade. **Shipping weight, 3 ounces.**

46C8727—Each **$1.47**

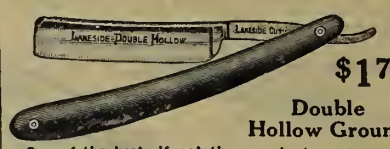
$2.40

Pearl Tang

Lakeside Razor, with beautiful, imitation of smoked pearl handle. Fine pearl covered tang. Blade is **full hollow ground. Hair set, ready for shaving.** Width of blade, ¾ inch. Full Crocus polish. Ground from the very best quality steel. The grinding of this blade is similar to 46C8738, but a little finer and thinner. If you ahave every day or every second day this razor will give splendid service. It is not suitable, for an extremely heavy beard. A handsome razor, carefully finished in every way. You would expect to pay $3.50 at retail for an article of similar quality and appearance.

46C8729—Each **$2.40**

Shipping weight, 3 ounces.



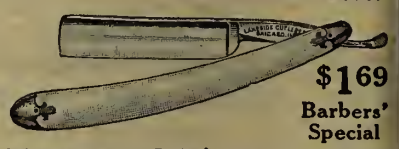
$1.88

Best Swedish Steel

This is a Razor that combines novelty and beauty of appearance with the highest shaving utility. The handle is a semi-transparent composition resembling golden mottled tortoise shell. **Handsome gold plated tang.** Quite different from anything in the ordinary run of razors. **The feature is not the fancy handle but the splendid quality** blade which is ⅝ inch, full hollow ground. Made of the best Swedish steel, full Crocus polished, and hair tested. Every one is ready for immediate use. Both in appearance and shaving qualities, this is one of the most desirable razors we have ever sold. Priced at a definite saving.

46C8731—Our price **$1.88**

Shipping weight, 3 ounces.



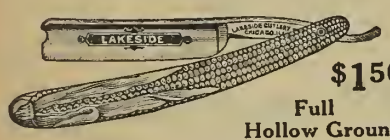
$1.75

Double Hollow Ground

One of the best, if not the very best, razor made in the United States. It is an American idea to double hollow-grind the blade, the object being to combine the delicate, keen-cutting edge of the finest English and German razors with an extra stiff blade. The result is an extremely keen, highly tempered blade that cannot be excelled for shaving the most tender face. At the same time, it is rigid enough to shave the heaviest beard. Full Crocus polished. Mirror finish. Has ⅝-inch blade, ground from finest Swedish steel. Square point. Tang is corrugated to give good grip. Hard black rubber handle.

46C8734—Price **$1.75**

Shipping weight, 3 ounces.



$1.69

Barbers' Special

Lakeside Special Barber's Razor. This razor has a very thin, **full hollow ground,** ⅝-inch needle point blade. Ground from the finest razor steel. Highly tempered and hollow ground, for the use of barbers or persons who understand how to strop a fine razor. It would be hard to find a better or smoother-edged shaving tool than this. The handle is White Ivory finish, with polished German silver convex bolsters. We unhesitatingly recommend this as one of the best values in our line, both for appearance and quality of blade. Will give life-long service. Retails for $2.00 or more.

46C8736—Price **$1.69**

Shipping weight, 3 ounces.

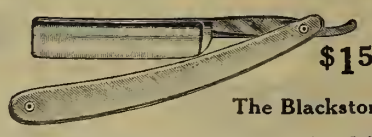
$1.50

Full Hollow Ground

Lakeside Razor. Ivorine handle, in exact imitation of a ripe ear of corn. The finish of the handle is remarkably natural. This razor, both in appearance and shaving qualities, is about the best value we have in stock. The blade is ⅝-inch, **full hollow ground,** making it cut easily and smoothly. Crocus polished. Made from the very best quality of razor steel. **We know that this razor will shave any kind of beard with satisfaction.**

46C8738—Each **$1.50**

Shipping weight, 3 ounces.



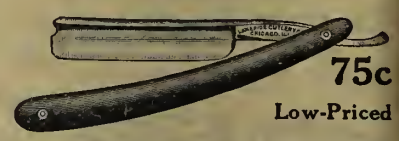
$1.60

Black and White

A new Lakeside. A high-grade, full hollow ground razor of finest finish. Extra short, polished, etched blade; width, ⅝ inch; length, 2⅝ inches. Ground from the best Swedish steel—a razor steel famous for the keen, durable edge it will take. The grinding and honing are done by the most skillful workmen. Every blade will shave perfectly and hold its edge satisfactorily. Handles are of black and white celluloid, in a unique effect. A value hard to excel in grinding, tempering and general finish.

46C8740—Price **$1.60**

Shipping weight, 3 ounces.



$1.50

The Blackstone

A beautifully finished, luxurious shaving, Lakeside razor. Made in one of America's best shops. Width of blade, ⅝ inch, **medium hollow ground,** thin enough to provide a keen edge, yet heavy enough to shave a very stiff beard. Plain polished. Made from the finest Swedish razor steel. Ground, finished and honed, by the most skilled workmen. White Ivory finish handle. Gun metal finish, file tang giving a firm finger grip. Comes to you ready to use—a clean-shaving, handsome razor, priced at a good saving.

46C8742—Price **$1.50**

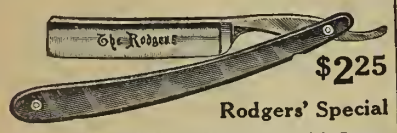
Shipping weight, 3 ounces.

75c

Low-Priced

This is a good, reliable, American-made razor. Extra heavy blade, suitable for a tough beard. Plain and sensible, with no frills, but full of real quality. No fancy handle or etching. All of the value has been put into the blade. Plain polished, ⅞-inch blade, made of the finest steel and ground, honed and edged by expert workmen. Every razor is hair tested before it leaves the shop. Will shave any beard, comfortably. Plain black rubber handle.

46C8745—Price **75c**



Shipping weight, 3 ounces.

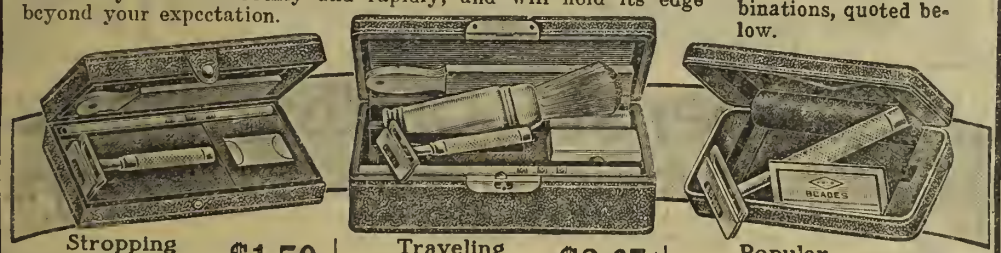
Shaves Any Beard

Edson Safety Razor



For smoother, quicker, more comfortable shaves — no matter how tough or heavy your beard—use the Edson. It's a marvel of simplicity and efficiency. Gives a smooth shave the first time you use it. No $5.00 safety or expensive old style razor can excel the Edson. One trial will convince you that it is the best shaving instrument you have ever tried.

The blade is automatically held at the correct shaving angle. You can't shave wrong with an Edson. Holder is of simple, two-piece construction. A mere twist of the handle grips or releases the blade. Has a smooth, safe bar guard, that extends the full length of the blade, but does not obstruct the corners. You use the entire width of the blade. The generous size, knurled handle affords good grip and perfect balance. The whole razor is triple silver plated. Can't rust.

The business end of a razor is the blade. Edson blades are a little better, we believe, than any others. They are made from selected, laboratory-tested steel. Each blade is separately tempered, honed, stropped and hair tested by hand. Each blade will shave any beard smoothly and rapidly, and will hold its edge beyond your expectation.

The large picture above shows the actual size of the Edson Safety Razor. We furnish the Edson, complete with blades, in three handy combinations, quoted below.

Stropping Outfit $1.50

Edson Safety Razor and Stropping Outfit. Consists of razor, ten blades, triple silver-plated stropping handle and leather faced strop, made especially for Edson blades. Makes your blades last longer. Complete in a waterproof, Texol-covered case.

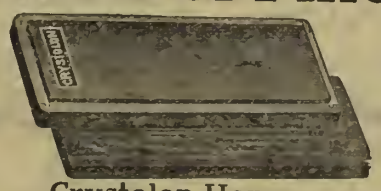
pping weight, 10 ounces.

Amalgamite Razor Hone 65c

Size, 2x5¼ Inches.



The Amalgamite Combination Razor Hone. One of tho best made. Can be used with oil, water or lather and will not fill up. The gray side cuts very fast but smoothly. The brown side cuts slowly, and finishes an edge to perfection. Always use gray side first. With this hone it is easy to keep a razor in good condition.
46C8825—
Each **65c**
Shipping weight, 9 ounces.

The Cotl Barbers' Hone 35c

Size, 2x4½ Inches.

This is especially made for barbers, but can be used also by the man who shaves himself. It is a high-grade composition hone in a very convenient size. Can be used with water, oil or lather. Gives a perfect edge to the razor. Cuts fast and being an unusually hard composition, it will not glaze. We are asking a very low price.
46C8826—
Each **35c**
Shipping weight, 6 ounces.

Crystolon Hone

Size, 6½x2½ inches Price **98c**

This is a fine, big, fast-cutting, composition razor hone. Very smooth and uniform texture. It's equally efficient for hard or soft steels and we recommend it for any razor. Leaves a fine, smooth, regular edge that assures comfortable shaves. For barbers' or private use. Each hone packed in a neat, polished, hard-wood case. Usually retails for $1.25.
46C8827—Our Price **98c**
Shipping weight, 1 pound.

Our Low Price Hone 25c

Size, 2x5½ Inches.

This hone can be successfully used wet or dry. Gives a keen, lasting edge to the razor. Do not mistake this for a cheap hone. It is a good quality and far better than the hones usually sold at this price. Cuts fast, does not fill quickly and will not give a wire edge.
46C8835—
Each **25c**
Shipping weight, 8 ounces.

Cushion-Strop Hone 90c

Size, 2x5½ Inches.

The Cushion-Strop Razor Hone is especially intended for private use. It is a combination hone and strop. No water, oil or lather needed. Hones and finishes the razor dry. Sharpening side a special composition. Finishing side is finest shell horse-hide, mounted on a felt pad. Put up in a soft leather case. Here is everything needed to keep a razor in first-class order.
46C8829—Each **90c**
Shipping weight, 8 ounces.

Sapphire Razor Hone 75c

Size, 2x5¼ Inches.

This is a first quality, dry hone, although it can be used successfully with oil or water. It is absolutely uniform in grit, giving it unsurpassed cutting qualities. Will not fill. This is a hone to be used with fine razors. Its quality is entirely dependable. Gives the velvet edge that assures clean shaving. A big value at our low price.

Razor Strops

Quick Service Strop
All Broken-in

Our best strop and our biggest valuo. It comes to you perfectly broken in and ready for immediate use. Puts a keen, smooth edge on your razor at the first trial, and it gives a lifetime of satisfactory service. It is the finest razor strop we ever saw, regardless of price. The sharpening strop is made from selected horsehide. Has plenty of "draw" and is unexcelled for quick sharpening. The finishing strop is extra soft and heavy shell horsehide. Gives a velvet edge. The strop is regulation Barbers' size—length, 26 inches; width, 2½ inches. Has strong, handy, gilt clutch swivel. Opens wide enough to pass over large hook or door knob. Grips strongly when closed.

46C8884—Quick Service Strop. Each.....$1.65

Shipping weight, 11 ounces.

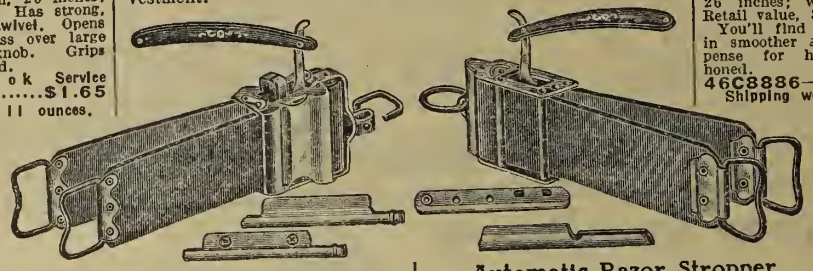
Our Lakeside Brand

A good razor deserves a good strop—a Lakeside strop. We offer a wide choice of price and style, but our strops are all alike in one respect. They'll sharpen your razor and keep it sharp. Lakeside strops are all broken-in, ready for instant use. Absolutely free from emery or any other of the harsh, injurious substances, often used to make strops sharpen faster.

Automatic Stroppers

They mean more shaves from every blade if you use a safety razor—cleaner shaves and no expense for honing, if you use a regular style razor. Easy to run and built to last. Try one—you'll find it a mighty profitable investment.

Sure-Sharpener Strop



You need never have a dull razor. This strop puts a keen, smooth edge on any razor no matter how dull. It has three efficient sharpening surfaces, one of them especially treated to take the place of a hone. Keeps new razors in fine shape. Puts new life into old razors. A positive and sure-sharpener. Leaves the razor an unusually smooth edge—a velvet edge that means clean, comfortable shaves. It's a double swing strop, combination barber's canvas and genuine horsehide. Comes broken-in, ready for use. Strongly sewed, nickel-plated hook. Full size, length, 26 inches; width, 2¼ inches. Retail value, $1.50 to $1.75.

You'll find it a real economy in smoother shaves and no expense for having your razor honed.

46C8886—Each $1.29

Shipping weight, 7 ounces.

Perfect Stropping Machine

$1.25

Strops quickly all standard safety razor blades, and any width or make of old style razor, to a keen, smooth edge. Only Stropper which strops any kind of razor equally well. Construction is light, strong, and eimple. Metal parts, full nickel-plated. Strop is corrugated in scroll form, producing the barber's stroke from heel to point of razor. Made of black, oiled leather, broken in, ready for use, and has the right shrasive surface to give a keen edgo. You cannot cut the strop in withdrawing razor. Extra holder for safety blades included with each outfit. Width of Strop, 3 inchos. Length, 18 inches.

46C8990—Each $1.25

Shipping weight, 10 ounces.

Automatic Razor Stropper

84c

Especially designed to sharpen regular style razors, hut equally successful with any standard safety razor blade. Runs easily and is simply constructed. No wheels or complicated mechanism to get out of order. Metal parts are full nickel-plated. A hoon to those who prefer the old style razors but have difficulty in stropping them to give the hlade an edge with a smooth, velvety cut. Two extra holders are included to hold safety razor blades. Equal to similar machines advertised at $2.00 to $3.00. Gives long eervice and splendid satisfaction. Width of strop, 3¼ inches. Length, 18½ inches.

Here You Will Find the Cigar That You Like

Cyro Cigars represent the most satisfactory combination of tobaccos. They are the equal of many of the 2 for a quarter Brands. We selected Cyro cigars for our highest grade cigars after careful comparison of many high-grade cigars from representative manufacturers of quality cigars. The best endorsement of Cyro cigars is their enormous, nation-wide sale.

Cyro Cigars are hand made of clear, carefully selected, Havana grown long filler with the best Connecticut binder and a specially selected shade grown wrapper. A combination which means a rich, mild blend, a pleasing and satisfying smoke. Each box is wrapped in wax paper which makes it practically air tight and keeps the cigars nice and moist until the box is opened.

Get a box of Cyros and give them a trial. You'll find them the best quality cigars you ever bought for the price.

Shipping weights: per box of 25 cigars, 1 pound; per box of 50 cigars, 1¾ pounds.

Edela

The Imported Cigar Without the Duty

100 Cigars for $2.75

54C5605

50 Cigars for $1.49

54C5604

Ship. wt., 1¼ lbs.

This is the samo cigar which is having such an enormous sale everywhere for 5c each. Made in Manila entirely of tobacco grown under the warm, tropical sun of the Philippine Islands. It is brought into the United States free of import duty which explains why we can sell an imported tobacco cigar at such a surprisingly low price.

Edela cigars are 4¾ inches long, made in the special Londres shape. Put up in boxes of 50 or 100 cigars. For workmanship and quality they cannot bo duplicated in any other country at the price.

54C5607

25 Cigars for $1.25
54C5608

Our Quality cigar is the best cigar value we have. While we sell it for 5c, it's so much better than the regular nickel cigar that there's no comparison. It's a big, real man-size cigar exceptionally well made of fine mild tobaccos. Made in the Imperial Perfecto shape, 4¾ inches long. The filler is a mild blend of good domestic and Cuban grown Havana tobacco. The wrapper is a fine shade grown Connecticut tobacco. Packed in a perfectly plain, dovetailed, pure cedar box. Every bit of expense goes towards making this the best cigar we can possibly get for the money.

Owners and Garage Men:

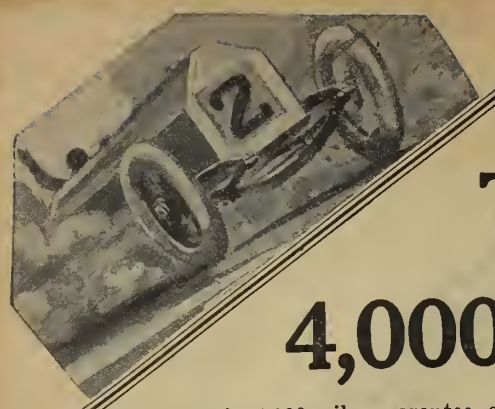
Automobile Supply Catalogue Free

116 Pages—packed full of Automobile Whys and Hows—an Auto Supply Book with a punch

More than a catalogue—it would be better called a **Text Book** for auto owners, bristling with live, up-to-the-minute facts and figures which bear directly upon **your** individual problems.

If you want to know the number of auto licenses issued in the United States—if you'd like to understand tire construction, tire troubles and repairs—if you are being held up by excessive repair and appliance charges—in a word, if you wish to be master of that four-wheeled machine of yours—get this book now—**NOW.**

It is **FREE.** **Ask** for it.



A good example: this Riverside Tire, 30x3 size, for Ford Cars. Road Grip—Non-Skid $8.75

Guaranteed for 5000 Miles

Riverside Tires go farther, last longer, and cost less than any other tire on the market at the priee. Thëy are well balaneed—the non-skid rubber tread has just enough resilieney to absorb road shoeks which tend to disintegrate the fabric, and still have the toughness to give long wear. They are oil and gasoline proof. A dozen other features—enormous sales, buying power, advaneed methods of manufacture—make possible the high enduranee qualities whieh enable us to tack on the 5,000 mile guarantee for Ford Cars and 4,000 miles for other makes.

The money you save on Riversides will buy a spare tire to put on your running board.

We Guarantee

Tires Riverside Tires

Trade Mark

4,000 Miles—Ford Size 5,000 Miles

This 4,000-mile guarantee goes on every Riverside Tire you buy; and if you're a user of Ford sizes, we make it 5,000 miles. How's that for a tire proposition? And we haven't even mentioned prices yet.

How Much Do Your Tires Cost Per Mile?

Let's figure it out. Take for instance a Ford size, 30x3. We will sell you a Riverside of this size for $8.30 and guarantee it for 5,000 miles. That makes your expense for this tire but mighty little over one-seventh of a cent a mile.

Every Riverside has a big mileage guarantee—either 4,000 or 5,000 miles, depending on size. Every Riverside costs you less than a so-called Standard tire of the same size costs the dealer. That's why Riversides cost you less per mile.

Features of Construction

Riverside Tires are made by the wrapped-tread, one-cure process, the acknowledged best method of tire construction. This method insures a mor uniform quality throughout as each operation can be watched step by ste while the tire is being built. The way Riversides stand up under variou road conditions is ample proof that they're "put together" right. Only th very strongest, toughest fabric goes into the "carcass," or body of the tire. The fabric layers are annealed to each other and to the breaker strip with Pure Upper River Para Rubber. The breaker strip is in turn solidly annealed to the heavy, tough thick tread. The outside wall, especially the side wall, is extra thick and strong, especially down the side of the tire, where there is so often a temptation to skimp a trifle.

Read These Prices

In ordering tires, always be sure to give the right article number, as each individual number denotes size and style of tire.

Riverside Tubes

Read How They are Made

Next to a first class casing, the Inner Tube is the most important part of your tire equipment. We did not overlook this point in making the Riverside Inner Tubes. Made from the highest grade rubber obtained from the Para Rubber Tree. They always come to you fresh and snappy. Thin sheets of rubber are vulcanized together producing a tube which is almost impossible to split. This construction also does away with the possibility of small leaks in the finished product.

Originally all Inner Tubes were made of gray rubber, but today the red Inner tubes are acknowledged to be the best. Either will give you the full service you can reasonably expect at the price you pay, but the red Tubes are preferable and we recommend them. Our low prices give you red tube equipment for as little or less than you have been paying for the gray in other standard makes.

Champion Tire Covers

The Champion Tire Covers are practically water and dust proof, and are made of a good grade black enameled drill. They fit the casing perfectly, and fasten by means of snap buttons and spring. Adjusted easily, and can be put on in less time than the majority of other tire covers. In offering you this Champion Tire Cover at this extremely low price, we do not hesitate to say that it will fit the casing perfectly, and will give good wear and satisfactory service. Shipping weight, 2 lbs. NOTE—Specify size when ordering and whether for plain tread or nonskid tires.

61C8425—Champion Tire Cover. Price, each.....$0.98
61C8978—Champion Tire Cover. For demountable rims. Price, each.....$1.05

Riverside Reliners

Inner Shoe Tire Lining

They help to eliminate tire trouble. Made of specially selected tire fabric. Several layers of fabric are vulcanized together over a mould. They will fit the inside of the casing snugly. Will not creep or chafe, when put on according to instructions. The Reliner is self-vulcanizing, and will always adhere firmly to the casing. We list below the most popular sizes, but if you do not find your size listed, advise us, and we will be glad to give you quotations.

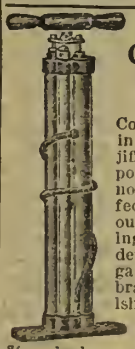
61C4922—Gallon 3.55

Worko Removes Carbon in Two Minutes



In applying, simply remove the spark plug from all the cylinders, insert two Worko Tablets into each cylinder, replace the plugs, start the motor, run it slowly for a moment, get in your car and ride. Worko is harmless, except to the carbon. No acid or chemical to pit or injure your engine lu the slightest. Does not interfere with the lubrieation. Carbonized cylinders consume more oil and gasoline than clean cylinders. Worko leaves your cylinders and pistons as clean as they were when new. Once thoroughly cleaned, one treatment in every 350 to 500 miles will keep them clean. Its work doesn't end with the cylinders and pistons—it cleans the valves, the spark plugs, the exhaust passages. Small box contains 24; large box, 72 tablets.

61C4938—Small size, Shipping weight, 7 oz..... ..... $0.65

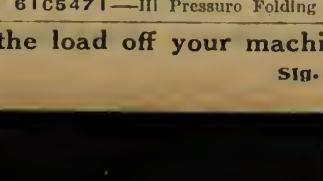
61C4939—Large size, shipping weight, 16 oz... ..... $1.35

Triple Action Compound Tire Pump

This triple cylinder Compound Tire Pump will inflate your tires in a jiffy. One of the most powerful hand pumps now on the market. Perfectly made, and thoroughly tested before leaving the factory. Cylinders are made of heavy gauge, seamless drawn brass tubing, highly polished and rust-proof. Diameters of cylinders, 1 ¾, 1 ¼ and ⅞ inches; length, 18 inches. Length of pump, over all, 22 inches. Base is a heavy casting, enameled. If you want a big, powerful, quick-acting hand pump, select this one. Can be furnished with a tire gauge if desired. Shipping weight, 7 ½ pounds.

61C8711—Triple Action Pump, without Gauge. Each.....$2.95

61C8712—Triple Action Pump, with Gauge. Each.....$3.50



Inner Shoes

Made of several plies of high-grade fabric, moulded to form and securely vulcanized. The double flap laps over both heads, preventing creeping or bulging. Will protect a weak spot or a blowout in casing. No cement needed, as flaps hold them in place.

Number	Each	Size	Ship. Wt.

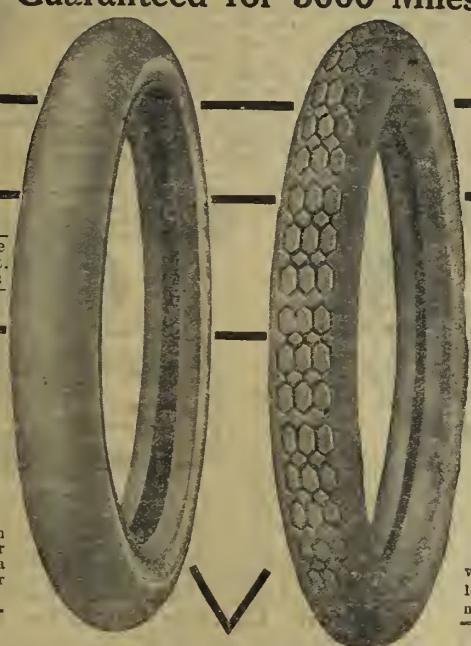
Big Values in Ford Specialties

The following pages show accessories designed especially for Ford cars. Before selecting these articles we have given them a thorough investigation as to their qualities and usefulness. Many of the articles are intended to take the place of regular parts which have become lost or damaged.

Others are for increasing the pleasure and comfort of the riders. All parts are economical and afford a big saving. When ordering, kindly give year and model of your car, as it will help us to serve you better.



Special Tube Vulcanizer

Model M—This outfit is especially adapted for repairing Ford size, Cycle-car, and motorcycle inner tubes. A handy, substantial outfit. Will give a thoroughly vulcanized patch that will not leak. Light and compact, requires no cement or acid—merely repair gum, which is furnished with each outfit. It is very economical in fuel consumption, taking about one ounce of gasoline to each job. Packed in substantial box, including roll of gum, gasoline measuring cup, sand paper, pair of scissors, and complete instructions for repairiug of tubes. Shipping weight, 2 pounds.

61C8945—Special Vulcanizer. Model M. Price, each.....$1.10

All Riverside Ford-Size Tires are Guaranteed for 5000 Miles

Plain Tread

Regular Clincher Style	Price	Size	Average Ship. Wt. Pounds
61C3002	$8.30	30x3	10
61C3006	10.80	30x3½	14

Riverside Tires are made of the very finest fabric, constructed throughout of extra long, fine staple cotton. Each layer completely joins with the rest, making a perfect, compact and almost impenetrable basis for the breaker strip. This breaker strip is imbedded in a layer of Para rubber that extends completely down the sides of the casing, with a special thick covering on the tread itself. Over this breaker strip, we build the tread itself. Extra heavy on the road surface of the tire, and clear down the side, giving the Riverside a side wall construction that is stronger than most any other tire made.

1916 Non-Skid

Regular Clincher Style	Price	Size	Average Ship. Wt. Pounds
61C3055	$8.75	30x3	11¼
61C3059	11.35	30x3½	16

And it's a wonder—gives you anti-skid protection in four ways. It catches from any angle.

When you equip your car with Riverside Road-Grip Tires you will find that you are getting from two to four miles more from the same power. Think that point over again. You can't do it with a studded tread tire; neither can it be done with a vacuum tread tire, because it requires so much power to pull the vacuum type tire off the road that it lessens the driving power of your car more than you might think.

We guarantee Riverside Ford-size Tires to run 5,000 miles under all reasonable conditions. (Many of our customers are getting more than 5,000 miles from our tires.) If a Riverside Ford-size Tire should fail to give you at least 5,000 miles of service, we will allow you the remaining mileage toward the purchase of a new tire. This guarantee does not cover carelessness, accident, neglect, stone bruises, or conditions which have no bearing on first quality in material and workmanship.

NOTICE—Owing to the unsettled price of crude rubber, prices of Riverside Casings and Tubes are subject to change without notice.

Tire Savers

This Ford model Tire Saver is one of the latest on the market. It has been thoroughly tried out, and we believe it to be one of the lightest, yet strongest and simplest to operate of any tire saver. All ready set to the proper height of the wheel on which they are to be used, they lift the wheel with one operation, and no further adjustment. Every Ford owner should have a set, as they will greatly prolong the life of tires. Made of pressed steel, and will last a long time. Shipping weight, per set of four, 13 pounds.

61C7545—Tire Savers. Per set of four.... .....$1.40

Adjustable Wheel Puller

Indispensable for removing Ford wheels, which, because of a tapered axle, frequently become firmly fixed or set in place. No physical exertion required to disengage them if this Puller is used. New Black and White Universal Riverside Inner Tube

For Either Front or Rear Wheels

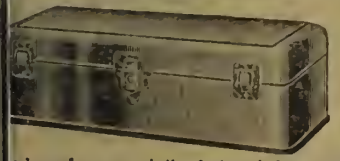
New in color and new in construction. Fits either the front, 30x3, or rear, 30x3½ tire. This makes for economy, as it is necessary to carry only one size for emergencies. Made of extra fine quality, new, live, black rubber stock, laminated, with an extra layer of black rubber, in addition to a white rubber strip running completely around the tube on the rim side. These two extra layers make the tube thicker at this point, reinforces at the rim and next to the bead of the tire. This extra thickness also tends to prevent rim pinches which are so common with the ordinary tube. Next to a first-class casing, the inner tube is the most important part of your tire equipment. Be fortified by using the Universal Black and White Riverside Tube.

61C3100—Shipping weight, 2 pounds.....$2.15

Wheel and Demountable Rim Outfit

Equip your Ford with demountable rims. It brings it up-to-date and greatly adds to the convenience when changing tires. To make a tire change on the road it is necessary to remove only three lugs, loosen two and slip off the rim. You can then put on your spare tire and rim. Takes about five minutes' time. We furnish this wheel outfit with five demountable rims, four wood wheels, rim wrench and bolts for attaching. Finished in either black or natural wood. Shipping weight, about 150 pounds.

16IC4910—Wheel Outfit, black finish.
Price $16.75
16IC4911—Wheel Outfit, natural finish.
Price 16.75



Cushion Pedal Pad

Prevents feet from slipping off pedals. Made of rubber with metal bands for attaching. Moderate pressure on pedal forms an air cushion which reduces vibration. Quickly and easily attached to pedal. Ship. wt., 1½ lbs. per set of three.

61C5200—Pedal Pads. Price, per set of three 38c

Tool Box

e boxes are especially designed for use on ars. They are made in right proportions to the opening of the fore door. They are y constructed of heavy gauge steel, beanenameled, baked on. The 18-inch box is with Yale lock and lift, while the 22-inch s two trunk catches and Yale lock, finished ck. Cover fits snugly, protecting contents dust when on the road, and water when the car. Shipping weight, 12 pounds.

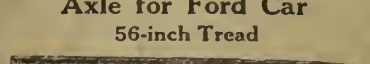
7539—Tool Box, 18x8x7¼ in. $1.30
7540—Tool Box, 22x9x7¼ in. 1.35

Steering Gear Anti-Rattling Ball Socket

For use on Steering Gear Connecting Rods, where it takes the place of steel cap. Spring behind pivot takes up the wear, and eliminates all rattle from this source. When once attached no further adjustment is necessary. Made of steel, enameled black. Shipping weight, 8 ounces.

61C7533—Non-Rattling Ball Socket. Each..22c

Radius Rod Anti-Rattling Ball Socket



This device has been on the market for some time, and is known to most drivers of Ford Cars. It is especially designed to eliminate the annoying rattle caused by the wear of cap on the end of the radius rod. It is easily adjusted and attached in a few moments. Made of steel, enameled black. Shipping weight, 12 ounces.

61C7535—Anti-Rattling Ball Socket. Each....30c

Axle for Ford Car

56-inch Tread

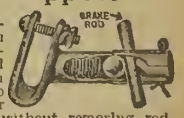
Duplicate of Ford part 2505D. Made of high carbon steel, tapered, threaded and slotted for keys, exact size and fits all machines. Ready for use.

61C5524—Shipping weight, 8 pounds.....$1.45

Steering Gear Boots

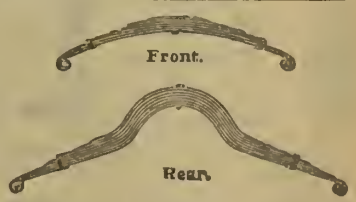
These boots are a great necessity on every Ford car. They make it possible to pack the joints of the steering rods with grease which does away with the wear, thereby helping to stop the rattle and making it easy to steer. They are made of high grade waterproof leather, and will fit all models of Ford cars. Set consists of three boots, as illustrated. At the low price that we are offering these, no Ford car should be without a set. Shipping weight, 8 ounces.

61C8873—Steering Gear Boots. Price.....58c



Lined Brake Shoes

To replace the plain metal brakes regularly supplied with the Ford car. Lined with superior quality asbestos brake lining. Easily installed. Simply remove present internal cam brakes and replace with these. Ship. wt., per pair, about 3 lbs.



61C5199 — Lined Band Brakes.
Price, per pair.....70c

Brake Rod Support

Takes the place of the present Pressed Steel Support on Ford T Cars. Made of malleable iron. The hardened steel ball is held in tension against the brake rod. The ball turns, and does not wear the rod. Can be attached without removing rod. Shipping weight, 18 ounces.

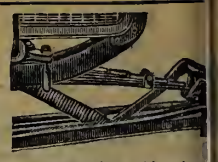
Ford Front or Rear Springs, for models N, S, R, or T. Our springs are made of special alloy steel of highest quality, and are superior to the ordinary kind usually offered. The tension and flexibility are perfect. Our springs combine not only quality and workmanship, but fit perfectly as well. State model of car.

16IC5757—Front Spring. Shipping weight, 24 lbs. Price, each.....$2.25
16IC5758—Rear Springs. Shipping weight, 36 lbs. Price, each.....$8.25

SPECIALS for Fords

Every Ford Car Should Have a Starter

$4.75 For This $10.00 Challenge Starter



There is no special equipment for Ford cars that can take the place in convenience and pleasure of this engine starter. Its great convenience is readily appreciated in muddy, sloppy weather when the engine stalls or stops and in starting the engine when comfortably seated in the car. Simply remain in your seat, adjust the speed lever and pull the starting handle which turns the engine over and starts the motor.

In case of back firing, no danger will result to car or operator. This starter automatically disconnects when the motor back fires, a feature not to be overlooked, as a great many accidents occur on account of back firing when the motor is cranked the old way.

The Challenge Starter is a perfect example of simplicity in mechanical construction. Easily attached by simply boring a hole through the wood dash. The cable which connects the handle with the starter mechanism works through this hole. Nothing is shown outside the hood except starter handle. Built to stand the very hardest usage. Constructed of high-grade steel stock; machined and hardened by best process known. Cable is of sufficient size to give you the best wear and to last as long as the other parts. We have given this starter the most severe tests and have found it to be mechanically perfect. It will do everything claimed for it and we heartily recommend it to you. Usual price, $10.00.

16IC5444—Shipping weight, 10 lbs. Each.....**$4.75**

Genuine H. & D. Shock Absorbers

The H & D Absorber attached to the front.

The H & D Absorber attached to the rear.

Here is a Shock Absorber that has made a hit everywhere it has been used. It is the find of the season. Moreover, we offer it to you at a price that seems almost impossible. Ford owners everywhere are intensely interested in this simple but perfect little shock absorber; are trying it out and giving it their hearty indorsement. They can't say enough for it after having ridden in a car equipped with it. It responds instantly to the slightest jar and checks the hardest jolt. Consider what such a shock eliminator means to the mechanism of your car. Then consider the price. And the simplicity. No complicated parts. Nothing to get out of order. Special care has been taken to make all parts that receive any strain, extra strong. The best part of it is that we guarantee each set against breakage for the life of your car. Quickly attached. No holes to bore and everything furnished complete. Made of malleable iron. The illustration shows the absorber as attached front and rear. Set consists of 4, two for front and two for the rear. Shipping weight, per set, 20 lbs.

16IC4879—For Touring model, per set.....**$3.95**
16IC4880—For Roadster model, per set..... **3.95**

Regulator for Magneto Lamp

Allows multiple wire instead of the present objectionable series circuit. Each light is operated independently. If one light goes out, the others are not affected. Head, side and tail lights may be connected. Steps down voltage generated and increases the amperage. You can also use the 6-volt lamps in multiple instead of the two 9-volt lamps in series. An excellent feature is the low voltage top dimming lights for city use. Full instructions included. Fifteen minutes to install. Ship. weight, 2½ lbs.

6IC7961—Regulation double throw switch. Price **$1.68**

Riverside Master Vibrator

A strictly reliable coil for Ford cars. Best materials used throughout. Hardwood case, varnished and polished; brass fasteners. Has kick switch and cut out plug. Eliminates the trouble and annoyance usually experienced in keeping vibrators for Ford cars adjusted. The contact screws on all of the coils are simply screwed down, the adjustement is done by the vibrator on the last coil only, thus giving one single adjustment for all the cylinders, a hotter spark, cleaner plug, more engine power and makes starting easier. As good as any other vibrator on the market, regardless of price or name. Quickly attached. Complete simple instructions included. Shipping weight, 3 lbs.

6IC8015—Each **$5.60**

Cuno Timer

This is recognized as a high-grade, accurate timer and is especially adapted for use on Ford cars. It is very compact. Diameter, 2½ inches. Quite accessible and very easily adjusted. Ship. weight, 8 oz.

6IC5154—For 1913, 14, 15 and 16 Ford cars **95c**

Milwaukee Timer.

Oil Cups for Ford Cars

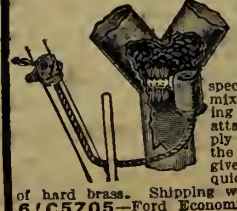
These cups are made of brass, fitted with ⅛-inch standard pipe thread. The sleeve-like cover fits tightly, so that they may be used in a horizontal position as well as vertically, without spilling oil. Diameter of cup, 9/16 inch. Ship. wt., 3 oz.

6IC5734—Oil Cup. Each. **5c**

Mixolock for Ford Cars

Regulates air intake automatically — saves gasoline — reduces carbon—primes motor—locks the motor. Injects hot air into the manifold, at right angles to flow of gasoline vapor. Shuts off all air when the motor is cold, in starting and when laboring. When motor is hot and running with a light load a large amount of hot air is admitted. Valve is operated by the vacuum in the engine cylinder which varies with the load. Does not stall like so many similar devices. Motor is cleaned by squirting kerosene into the end of the copper tube, while the engine is running. To prime the motor, remove the cap and squirt gasoline direct into the manifold. When the cap is removed no one can start the engine. Quickly installed. Directions included. Shipping weight, 2 lbs.

6IC5137—Made of malleable iron and polished brass with copper tubing. Each **$1.45**



Standard Muffler Cut-Out

This outfit comes complete with a high grade cut-out valve of the proper size, a lock pedal, wire cable, and pulley. Can be attached quickly by cutting a V-shaped hole in the under side of the exhaust pipe, then clamping over the top and under part of the exhaust pipe. Not necessary to remove the exhaust pipe or cut any threads. This outfit is time tried and tested and will give perfect satisfaction. Entire outfit is put up in a neat cardboard box. Weight, 2¼ pounds, packed ready for shipment.

6IC5717—Standard Cut-Out Set, complete. Price **42c**

Gasoline Saver

Running Board Supports

This brace is designed to prevent running boards from sagging under the weight of persons entering and leaving car, and of tool boxes, lighting tanks, etc., carried on running board.

It braces and supports the running board step brackets, thus eliminating the rattle due to wear at end of truss rods.

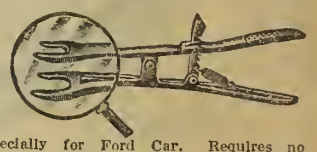
Made of steel bar, equipped with all necessary clips, lock-washers, etc., for quick and easy application. Shipping weight, 3½ pounds.

61C4917—Running Board Supports.
Per pair **60c**

Brake Band Lining

Every Ford Car is equipped with a transmission brake, made in three parts. Each part is lined with a strip of brake lining. Being located near the magneto, the lining must not contain brass wire, and practically no cotton. This lining contains no wire. It is impervious to the action of oil, grease, water, dirt, gasoline, or heat, and causing it to have unusual grit, power and durability. Comes put up in box containing three pieces of brake lining cut to fit, and enough copper rivets for attaching. Shipping weight, 24 ounces.

61C5715—Transmission Brake Lining.
Price **45c**



Ford Valve Adjusters

Made to take up the wear and lost motion between the ends of valve stems and push rods. They will silence the click and noise caused by these parts meeting, and have a tendency to increase the power of motor by opening the valves to their full capacity. A set consists of 8 bands and 40 hardened discs, all made of finest steel. Will take any degree of temper, will stand great wear and can be bent without showing a fraction.

61C7546—Shipping weight, 4 ounces.....**14c**

Valve Lifter

Made especially for Ford Car. Requires no holders while pin is removed. Serves double purpose as spring compressor. Made of malleable iron.

61C4550—Shipping weight, 1 pound....**25c**

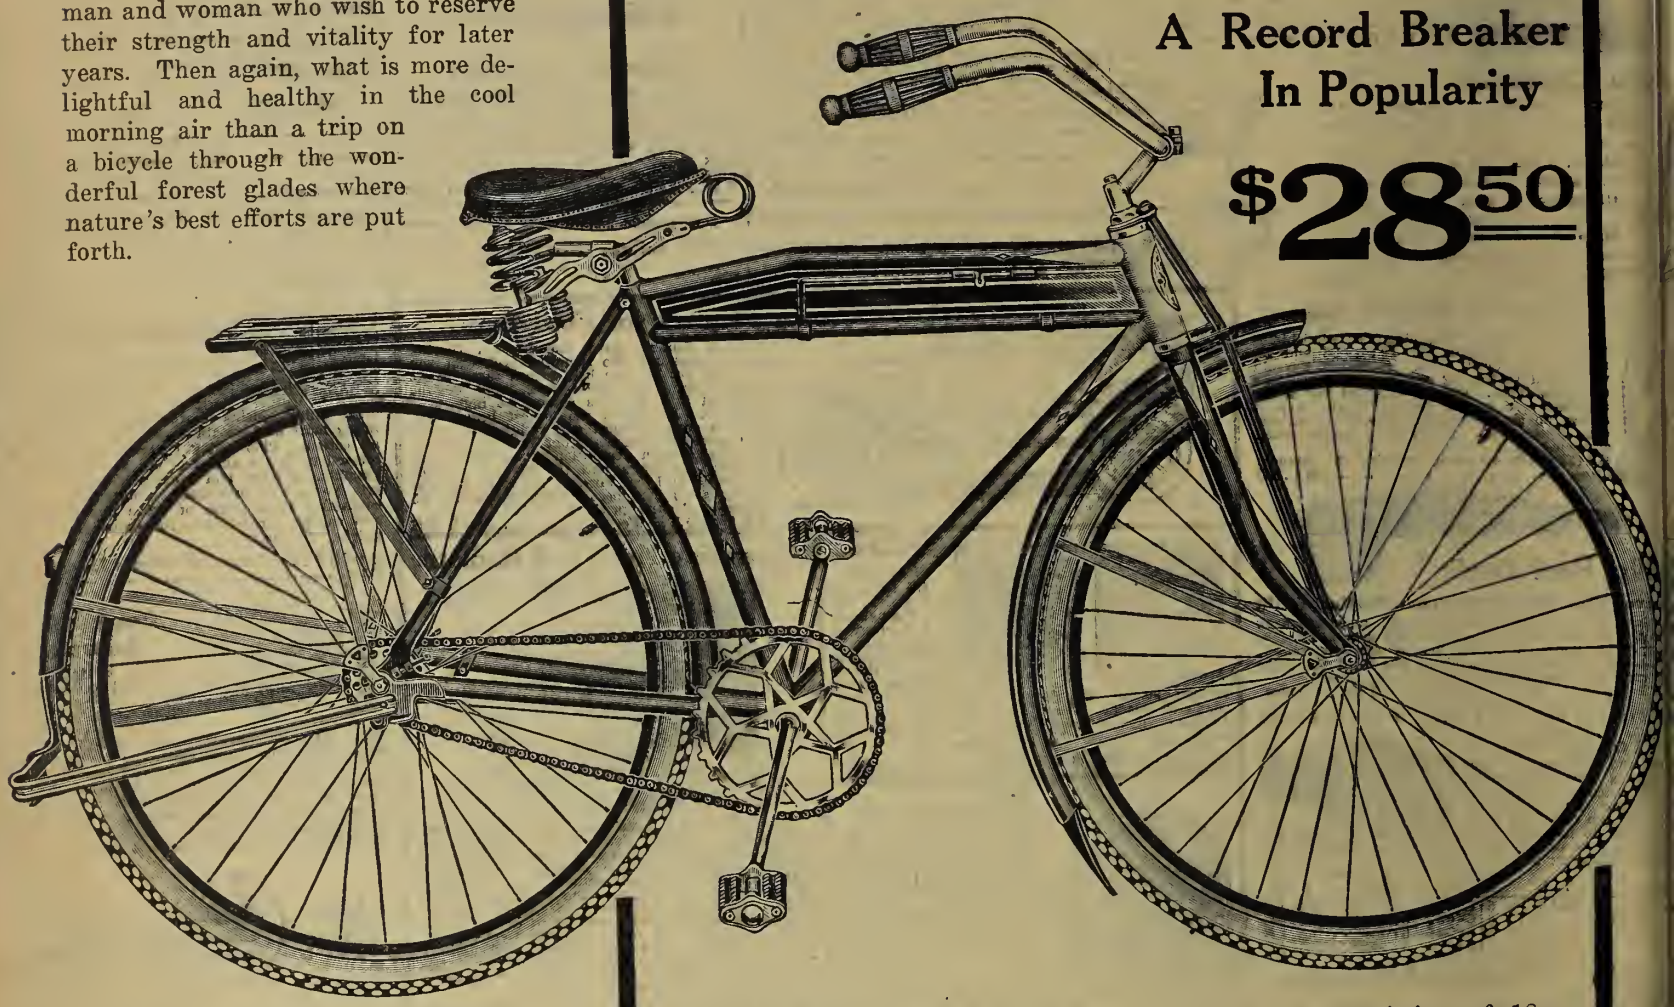
Bicycles That Are of Genuine Merit

No other form of open air exercise has done so much toward making healthy, aggressive men and women as cycling. It affords them a mild, pleasant exercise, fresh air, and at a very small cost.

These are essential to the healthy man and woman who wish to reserve their strength and vitality for later years. Then again, what is more delightful and healthy in the cool morning air than a trip on a bicycle through the wonderful forest glades where nature's best efforts are put forth.



The cool exhilarating air gives the rider a new lease on life and relieves the monotony of the day's or week's work.

To appreciate nature best, one must see it, and until you have invested in a good bicycle, you will miss what thousands of others enjoy.

Our Famous De Luxe Motobike

A Record Breaker In Popularity

$28.50

Why Our Bicycles Lead

For fifteen years we have constructed high-grade bicycles only with our motto of perfect satisfaction. Year after year we have added new improvements in construction, material, and equipment and we are continually on the watch for something new. Some improvement for the convenience and comfort of the rider.

From our lowest to our highest priced bicycles no effort or expense has been spared to make them perfect and yet sell them at a reasonable cost. When you order a bicycle from us you can feel assured that every part on it is just what we say it is and that you are receiving the fullest value possible for your money.

Enjoying the confidence of thousands of riders, whose ranks are being swelled from year to year, we feel it is our duty to supply them with bicycles better than the ordinary at the lowest cost possible. It is a wonderful tribute to our bicycle men to hear the customer say, "Your bicycles are all you say they are and all we can ask for."

The Bicycle shown above is our famous De Luxe Motobike. Its perfect construction makes it the most wonderful achievement in the modern world of bicycle manufacturing today. Each part has been thoroughly and scientifically tested.

Every ounce of skilled bicycle knowledge has been expended to make this model the best and most durable in construction, material, and for the convenience and comfort of the rider. No expense has been spared to make this leader, a bicycle without a peer.

From year to year we have added improvements called to our attention by manufacturers both in United States and in European countries, and the result is that the Motobike stands in a class by itself.

The frame, consisting of 18 gauge seamless tubing, has been reinforced throughout, making it perfect.

The motorcycle fork used on this model assures you of less vibration and eliminates all dangers of strains or breakage, a serious trouble with bicycles years ago.

The equipment used on it including the grips, pedals, extra wide handle-bars, mud guards, and triple coil motorcycle saddle makes it a perfect reproduction of its big brother the motorcycle.

The color of the frame and rims is Lustrous Indian Red with gold ornamental head and forks. All nickel parts are highly polished. Shipping weight, about 60 pounds.

Hawthorne De Luxe

Quality First

Hawthorne De Luxe

$20.95

MANY pleasant days are in store for the purchaser of our Hawthorne De Luxe Model. Simple in design, yet containing every feature necessary for comfort and convenience. It has appealed to those who do not care for the flashy type bicycle, but are particular as to grade, easy running qualities and sturdy build. From year to year we have added those improvements called to our attention by bicycle manufacturers, both in the United States and in European countries, and the result is that the De Luxe Model, as we now sell it, is regarded as one of the best values for the money obtainable. It is the bike most of the boys ride, chosen because of its smooth running and anti-vibration features. It is a purchase you will not regret. It is all you ask for and all we recommend it to be. The specifications below show its construction in detail.

De Luxe Roadster Model **$20.95**
De Luxe Coaster Model **23.95**

Specifications

Frame is constructed of cold rolled seamless, 18 ge steel tubing, fishmouth reinforcements brazed all joints. Sizes, 20-22 or 24 inches.

Wheels are 28 inch with 36 spokes, front and rear.

Hubs are spindle type, turned from the solid bar, parts scientifically hardened at the bearing points. ely nickel plated. Fitted with ball retainers con- ing quarter-inch balls. The bearing construction uch as to make this bicycle one of the easiest run- g and speediest now on the market.

Fork is the famous three-crown arch truss, key- ne construction. Heavy ribs extend the entire out- e length of the forks, to offset all jolts and side ins.

Hanger, one-piece, finely balanced steel. High nickel sh. Will not bend or break.

Sprocket is pressed from cold rolled boiler plate steel. Neat design. Nickel finish.

Chain is the famous E-Z roller, imported. A really frictionless chain.

Pedals are ball bearing. Rubber, anti-slip.

Saddle, triple coil spring, with patent adjustable clamp. Leather top.

Handle-Bars have forward extension stem, and are adjustable to many different positions. Grips are the rubber, jolt-absorbing type.

Guards are extra long, light weight, anti-rattle, held in place by flat braces. Front guard has splasher.

Stand is of late improved design, strongly built, and held in position by spring steel clip when not in use.

Tires are our genuine Majestic, heavy studded, anti-skid, puncture-resisting type.

Tool Kit includes leather bag, with complete tool outfit.

Color is battleship gray. Royal blue head. Superior quality, enamel velvet finish, highly polished. Rims enameled, and striped to match.

Coaster-Brake. (On coaster-brake model.) Our sturdy, simple-acting Majestic. A brake simple in design, and one that will not clog and stick. Or the famous Sturmey-Archer three-speed Hub and Brake.

Women's Hawthorne Model

$16.75

The same high quality of material, workmanship and finish goes into our Wome Hawthorne Model Bicycle, that is put in the model for men. All the important details found in its construction. Special attention has been given to the comfort and convenienc of the rider. The frame is properly pitched to insure easy riding and give a natural, co fortable position, when seated on the saddle. The woman that desires recreation linked w out-door exercise and wants to pay only $16.75 for a bicycle will find her money well pended on this specific model. Note the following descriptions of the various parts:

Special Features—To insure against the rider's skirt becoming entangled in the chain strong, wide chain-guard has been placed over the front and rear sprockets, extending o the entire length of the chain, both top and bottom. This guard is firmly braced and clamp and will not rattle or come loose. A special wide mud guard, with numerous cord p tectors, keeps dirt and mud off the rider's skirts, and prevents the clothing from becom entangled in the spokes.

Specifications and Equipment

Frame Construction—With the exception of the shape, which is drop style, the frame is identical with those used on our high grade men's models. Fishmouth reinforcement is employed in strengthening all joints. Sturdy, 18-gauge seamless tubing, with joint reinforcements, thoroughly brazed by the dip method, assure great strength.

Forks—The new design ribbed forks, with heavy ribs extending the entire outside length, give extraordinary resistance to shocks. The fork crown is triple truss reinforced, highly nickeled.

Wheels—Size, 28-inch selected maple rims. Double swaged piano wire spokes. Equipped with genuine Majestic puncture-resisting tires.

Hanger—One-piece correctly balanced. Will not break or bend.

Sprocket—Neat design, pressed boiler plate steel. Our famous E-Z roller, imported English chain is used.

Saddle—Padded leather, eas riding coil spring.

Handle Bars—Adjustable, fin ly nickeled, with genuine cowhid sewed leather grips.

Equipment—Leather tool ba and full set of tools.

Guards—Light, strong met chain guard and mud guard ov rear wheel, prevent damage garments, either from flying m or getting caught on sprocket wheel.

Finish—In finish and desi this Hawthorne Women's Model superb. Several coats of Roy Blue enamel are baked on t frame, giving it a lustrous, po ished finish, which is beautiful striped. Rims and guards are c ameled and striped to match. exposed metal parts, such handle bars, sprocket hanger, fo crown, and hubs are highly nic eled. We can honestly recom mend this bicycle, and know th your selection of this model will fully justified by the service a satisfaction it will give you.

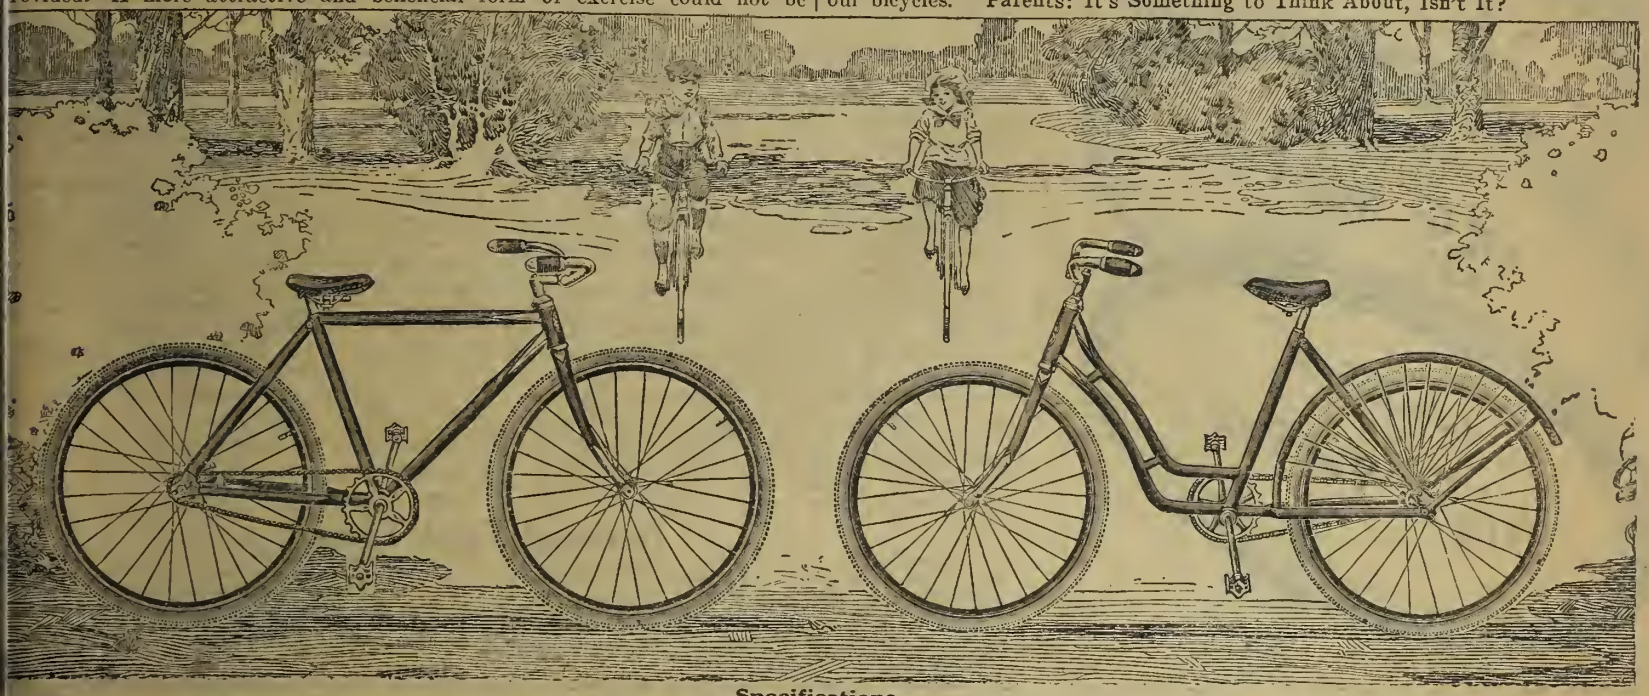
uvenile Bicycles Bring Health and Happiness to Youngsters

Parents!



You, parents of growing children, have you ever realized what a real benefit bicycle would be to your boy or girl?

The development of the child is all important and upon you, as the parent, alls the duty of caring for your child, so that when he or she reaches the ge of maturity, they will be equipped physically to face the problems that ill come up in after life.

To lay the foundation of health, in youth, mild forms of exercise should be rovided. A more attractive and beneficial form of exercise could not be indulged in than that of bicycle riding and, what is more, it appeals very strongly to the little ones.

It develops the limbs and muscles in a gradual, natural manner. As it is an out-door exercise, the development of the lungs keep pace with the development of the muscles. You can't help but notice the healthy glow of the chubby cheeks, and the lively interest the kiddies take in things.

A little body, weak because of improper care, is liable to contract disease. And a doctor bill resulting would amount to more than the cost of one of our bicycles. Parents: It's Something to Think About, Isn't It?

Make Your Bicycle Safe and Easy to Ride

A Speed for Each Road

Sturmey-Archer 3-Speed Coaster Brake

With the Sturmey-Archer Three Speed Hub and Coaster ake, bicyclists are now able to secure the fullest adntage and enjoyment from cycling. With this hub one able to secure the proper or easiest riding gear under y condition, simply by moving the adjusting lever located the top frame bar either forward or backward. We rnish these hubs in the most popular gear ratios, namely, L low gear, 81 medium gear, and 106 high gear. Just nk what it means to have at your finger tips these three pular gears. The low gear for sandy, muddy, or hilly ling, the medium gear on the average road, and the high ar on extremely smooth, level roads, or boulevards. When ing down hill you can coast with this hub just the same you would with any coaster brake. The Sturmey-Archer ib is not a new device. It has been used on English ke bicycles for several years, and has given entire satisction under all conditions. It is made only of the very st materials. It is light, durable, reliable. If you want increase your bicycling pleasure you should get one of ese hubs. It will be used as regular equipment on several 2b-grade bicycles this season. We will furnish this hub any of our bicycles at an additional cost of $3.00 over d above the price we now quote on our regular Coaster ake Models. Can be put on any bicycle, same as any ar hub or coaster brake. We can furnish these hubs illed for 28, 32, or 36 spokes, and with 9 tooth rocket, width, 3/16 inch, pitch, 1 inch; or 18 tooth rocket, width, ⅛ inch, pitch, ½ inch. **Be sure to ecify number of spokes and size of sprocket when ordering.**

Stand is 14 inches wide, thus assuring safety from the wheel falling over when Carrier is loaded. Stand folds back and catches on an automatic clip when riding. This combination carrier can be put on or taken off in five minutes. Black enamel finish. Shipping weight, 10 pounds.

61C618—Price, each $1.45

Rest While You Ride

Majestic Coaster Brake

The Majestic is as fine a brake as can be found. No levers or attachments of any kind to think about. Pedal forward when you go ahead, and back-pedal when you want to stop. When you want to rest, simply stop pedaling, and the bicycle goes forward under its own momentum. On steep down-grades it prevents the bicycle from going down at break-neck speed. It saves one-third of the pedaling on a trip of any length. Only six working parts. The bicycle can be stopped at the will of the rider, either gradually or suddenly brought to a standstill. In an emergency it can be stopped almost instantly. We furnish these hubs drilled for 28, 32 or 36 spokes, with 7, 8, 9, 10 or 11 tooth sprockets for either 3/16 or ¼ in. chain. We also furnish 14, 16, 18, 20 or 22 tooth sprockets for ½ inch pitch roller chain. Roller chains with 1 inch pitch take sprockets with 7, 8, 9, 10 or 11 teeth. Be sure to specify number of spokes and size of sprocket. Unless otherwise instructed we will furnish a hub for 36 spokes, with a 9-tooth sprocket, for a 1 inch pitch chain. For a ½ inch pitch roller chain we will furnish an 18-tooth sprocket unless otherwise instructed.

If You Are Interested in Low-Priced Motorcycle and Bicycle Supplies, Send for Our Complete Detailed Bicycle Catalogue.

It's the Care Taken in the Making—That's Why These Are Good Tir

Majestic Tires

Every bicycle owner appreciates the advantage of a tire which makes riding comfortable, prevents slipping, gives you good long service, and you especially appreciate it if it can be bought at reasonable price. It is for this reason we are sure you will appreciate and like the Majestic, because it has the qualities and ranks as one of the best all around single tube, cement rim tires used at the present time. The inner chamber is treated with a compound, which automatically closes a puncture caused by a sharp pointed object which the armored fabric has been unable to resist.

By purchasing a pair of Majestic tires you will such a great difference between them and the ordi tire, in the way of construction, non-skid, and punc resisting tendency, that you will not hesitate to buy again. Shipping weight, 6 pounds per pair.

61C555—Juvenile, 24-inch wheel..... 3

Riverside Tires

In consideration of the high-grade rubber and compositions used in this tire, its cost is actually small in comparison to the others. Its tread is exactly twice as thick as the above tire and its strength and durability three times as big.

The rider may use this tire three or four years by constant use, and yet feel he has a good tire under him. By paying the difference in price you have a tire that is the finest, heaviest constructed, and best non-skid tire on the market today.

It is built only of high-grade materials. The new Riverside tread design is of the sharp edge variety. The special sharp-edged Diamond shaped tread is practically the best anti-skid design that has been offered to the bicycle rider. The tread thickness is much heavier than that usually found in bicycle tire construction. This extra thick sharp tread design, with the extra fine grade of rubber contained, will in itself assure long mileage. As a further protection to this tread we have used an extra heavy automobile weight fabric of a loose weave. The re for this is that these tires are built up l upon layer, until the cover is applied and with a valve attached is placed in a mould a tremendous pressure is brought to bear from inner chamber. This pressure assisted by flowing condition of the extra high-grade rubber stock in the curing heat forces the ferent layers of pure gum to unite through loose mesh of the fabric. This method of cu has the effect of riveting the finished tire gether with thousands of small rivets which been cured to stand any strain that might be on them by the bicycle rider.

They are made in the single tube type which are cemented on a regular crescent ri

Furnished in three colors. Size, 28x½. S ping weight, 6 pounds.

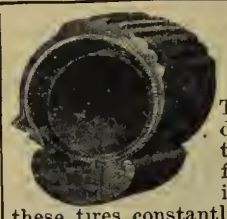
National Cord Tyres

This tire is light in weight and very resilient. It is very strong, being made of a series of hard twisted cords, which run on the bias at an angle of 45 degrees, to the tire itself. There are two layers of these cords, one layer crossing the other. This has the effect of crossing the grain and strengthens every point on the tire to double the amount of tensile strength of each layer of cords. The rubber tread stock in the National Cord Tyre is especially compounded to resist wear and at the same ti very resilient, which greatly increases the speed poss ties. Bicycle tires of similar construction are univer used by most all bicycle race riders in this country. for cement type rims in one size only, 28x1 ½ Shipping weight, 4 pounds.

61C587—Per pair .....$

Runabout Tires



These are regular medium weight, road tires and will give good satisfaction for the money. They are well made of good quality, selected rubber compound and frictioned cotton tire fabric. They are single tube tires, for the cement type rim.

We strongly urge you to purchase our guaranteed Majestic Tire, our Riverside or the National Cord Tyre. If, however, you desire a lower price tire we recommend these for they will give you good service for the price we ask. Furnished in two sizes, 28x1½ or 28x1⅝.

Shipping weight, per pair, 4½ pounds.

61C586—Runabout tires. Size, 28x1⅝. Per pair.. 2.85

Genuine G. & J. Double Clinch Tires

The genuine G. & J. Double Clinch Tires were the first and original double clinch tires to be placed on the market. They are so well and favorably known that they need little introduction. Quality alone has kept these tires constantly before the public for a number of years, and therefore, they rightly deserve to retain the high reputation they have attained.

Shipping weight, 5 ¼ pounds.

Cushion Pneumatic Tires

These tires are a combination of the modern pneumatic and the old style cushion tire. They are particularly in demand in parts of the country where thorns, cactus, and extremely hard, flinty roads must be freque traveled. These tires, while slightly heavier the ordinary bicycle tire are resilient and running.

The construction is of the very best, the terials of finest selection. The alternate la of rubber and fabric are extra heavy, and, to the thick side walls and heavy resisting t are as nearly puncture proof as a tire ca made without being solid rubber. These tir your bicycle are a good insurance against ordi tire troubles. Furnished in two sizes Shipping weight, 8½ pounds per pair.

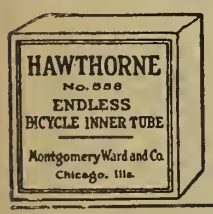
61C576—Size, 28x1⅝. Per pair.....

Hawthorne Combination Clincher Tires



Hawthorne combination clincher casings are made of fine quality selected bicycle tire fabric and scientific compound rubber mixtures. First, several layers of selected fabric, that have been specially frictioned with high grade rubber gums, are put together layer upon layer. Then the specially wear resisting, large button, non-skid, type rubber tread is added and the whole tire cured under mould pressure, in live steam. This assures a perfect size tire, that is equally proportioned and one that will give service, satisfaction and safety. The side walls are of proper thickness to give resiliency and resist heat friction, caused by constant riding. The heavy nobby stud takes up all road wear and tends to prevent skidding. Hawthorne Combination clincher tires will fit any G. & J. type, wood rim. Any metal lined clincher, or any all steel clincher rim; therefore, if your bicycle is fitted with either style of the above rims you should by all means, use Hawthorne Combination Clincher Tires. Made only for 28x1½ or 28x1⅝ size rims.

Shipping weight, per pair, 6 pounds.

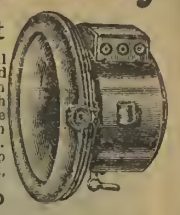
Non-Skid Motorcycle Tires



Motorcycle tires require the same care in making as automobile tires. The service they are called upon to render is just as trying. The road friction, together with the weight of the machine and rider, make conditions almost alike.

Therefore, in order to get the best service from a motorcycle, it is highly essential that great care be exercised in the purchase of tires. They are one of the main items of expense on a motorcycle. The factory making our tires is one of national repute in the rubber industry. The foundations on which these tires are built are of the best selected fabric, securely put together. Over this the rubber tread is molded so that the entire structure is one single, solid unit, insuring the best of service under all conditions. These tires are heavily studded, which insures their non-skid qualities. Shipping weight, per casing, about 8 ½ to 10 lbs. Weight of tubes, each, 1 ½ to 1 ¾ lbs.

We save you 20 to 30% on this camera

You should have a camera to record the memorable and pleasant events of your life, at your home, on your travels or vacation trips. Preserve the memory of events that you will want to look back to in after years. If only recorded on your memory, these events before long become hazy and blurred. When recorded by a good camera, they are for all time indelibly fixed in their actual exactness and the pictures you will make ever renew the pleasures of old memories.

Seneca Folding Scout Camera

Uses All Standard Makes of Roll Film Cartridges

If you want a good camera, one that will take good pictures under all ordinary conditions, at a moderate price, you will be interested in this Seneca Folding Scout camera. It is light and compact, made of the best materials and finished to look almost as well as the higher priced cameras. It is simple in operation but sure in its results.

The lenses are of good quality and are carefully selected. The Meniscus Achromatic Lens is a single lens and will make clear, sharp pictures. Its use for snapshot work is limited to days when the sun is shining brightly; pictures at other times must be made by time exposure. With the double, Rapid Rectilinear lens, better pictures can be made over a greater range of light conditions. Snapshots are possible on days when the sun is hardly strong enough to cast a shadow. The sharpness and clearness of its pictures are sufficient to allow good enlargements of almost any desired size.

These cameras make fine pictures of buildings, landscapes, groups, portraits, snapshots, etc.

Specifications

Finish—Black throughout with nickeled trimmings.
Body—Wood frame, with metal back and bed.
Covering—Waterproof, seal grain leatherette.
Bellows—Black leather. Gossamer lined.

Vest Pocket Seneca Camera

Uses All Standard Makes of Roll Film Cartridges

Put one of these little cameras in your pocket or purse. It is so small and light that you won't be bothered by it at all, yet you will have it ready whenever you want it for any unexpected picture or for a portrait or scene. One movement of the front and the camera is in position to take a picture. With the 1⅝x2½ size, no focusing is necessary at any time. With the 2¼x3¼ size the camera opens at universal focus and in addition may be focused on objects 10 feet or 100 feet away.

The pictures produced are really wonderful and the operation is so simple that even a beginner can get the best of results, without previous experience. From the Meniscus Achromatic to the Anastigmat Lens, at a speed of F:4.5 the lenses are carefully corrected to make sharp clear pictures. The excellence of the more expensive lenses lies in their ability to make snapshots under unfavorable light conditions. They meet the most exacting requirements of microscopic definition, absolute flatness of field and extreme speed. Pictures made with these lenses can be enlarged many times, without appreciable loss of detail.

Finish—Black throughout with nickeled trimmings.
Body—Wood frame, with aluminum back and bed.
Covering—Genuine leather, real grained.
Bellows—Black leather, gossamer lined.
View finders—Two, brilliant. Accurately locates the subject.
Focus Scale—1⅝x2½ size, is universal focus; 2¼x3¼ size, opens to universal focus and can be focused to 10, 25 or 100 feet.
Capacity—1⅝x2½ size, 8 exposures; 2¼x3¼ size, 6 exposures.
Shutter—Seneca Trio. Fitted with iris diaphragm. Automatic for time, bulb or instantaneous exposures of 1/100, 1/50 and 1/25th second, except on 2¼x3¼ F: 4.5 equipment, which has Optimo Shutter, having time bulb and instantaneous exposures, from 1/300 to 1 second.
Lens—All lenses are of the best quality and carefully tested. We offer a broad assortment.
Dimensions—1⅝x2½ picture size, 1⅛x2½x4⅞ inches; 2¼x3¼ picture size, 1¼x3¼x6½ inches.
Shipping Weights—1⅝x2½ size, 8 ounces; 2¼x3¼ size, 14 ounces.

Rexo Roll Film Camera

Uses Any Standard Make of Roll Film Cartridge

Rexo Cameras are the result of close study and practical experience in expert camera building. We believe in appearance, design and construction they are the best cameras on the market today. With proper handling they will produce the very best pictures. Every new, practical feature that will aid the user in producing pictures of the highest quality has been incorporated in their construction.

Special Features on Rexo Cameras

The V-shaped lens standard combined with the wide bed track insures absolute rigidity of the lens and perfect parallelism between the lens and film. This is a very essential requirement as even a slight tilting of the lens standard will seriously affect the excellence of the picture, regardless of how good the optical equipment is. Many other makes of cameras are not satisfactory in this respect.

New Concealed Spool-Holding Device. A desirable feature as the old spool centers which are often difficult to operate, are eliminated. Loading can be done quicker, the film winds straight and true and there are no projections to mar the beauty of the camera.

Rack and Pinion, making focusing easy, certain and quick.

Sure Locking Back. Cannot come off through jar or accident. Easy to put on or take off, no danger of spoiling the film. **Masked Finder,** shows only the actual view which will be included in the picture. Instantly adjustable for either horizontal or vertical pictures. **Reinforced Aluminum Construction** insures light weight without sacrifice of strength or durability. **Dry Plate Attachment** can be supplied at an extra cost. Adapts camera to use dry plates or film packs.

Lenses—High-grade Rapid Rectilinear Speed F:8 (U. S. 4); fine quality Anastigmat Speed F:7.7; and Wollensak F:6.3 Anastigmat. All lenses very carefully tested.

Shutters—Ilex Marvel. Speeds of 1/100, 1/50, 1/25, second in addition to time and bulb exposures. General. Speeds of 1/100, 1/50, 1/25, 1/10, 1/5 second and time and bulb exposures. **Universal** same as General with additional speeds of 1/50, 1/2 and 1 second. Acme high speed shutter. Haa speeds of 1/300, 1/200, 1/100, 1/50, 1/25, 1/5, 1/2 and 1 second in addition to time and bulb exposures.

Specifications

Finish—Black throughout, with nickeled trimmings.

Body—Wood frame, with metal back and bed.

Covering—Fine quality genuine leather. Handsomely finished. Seal grained.

Bellows—Black leather. Gossamer lined.

View Finder—New and original in design. Brilliant. Reversible. Accurately shows the picture, exactly as it will be projected on the film.

Focusing Scale—Mounted on bed of camera.

Front Standard—Made of cast aluminum, black enamel finish. Rising and falling. Horizontal movement allowing front to be shifted from side to side.

Capacity—Twelve exposures, daylight loading roll film.

Tripod Sockets—Two. Adapt camera for use on tripod, in making either horizontal or vertical pictures.

Improved Film Holding Device—Very easy to load and unload.

Camera Can be Adapted—To use either dry plates or film packs, with the aid of special Plate Back as listed below.

Ingento Junior Roll Film Camera

Uses Any Standard Make of Roll Film Cartridge

If you want the best obtainable, reliable, priced camera, one having all the essential pict producing features, you can find it in this designed and carefully made Ingento camera.

Can be adapted to use dry plates or film p by use of attachment listed below.

It is constructed to open vertically, the preferred by a large number of users; the ends fully rounded, giving a most pleasing appeara and adding to the ease with which the ca can be slipped into the pocket. Equally suit for making pictures of landscapes, groups or h portraits. The body of the camera is constru almost entirely of reinforced aluminum, black ameled; the wearing parts are of brass, nic plated and polished. The body is covered the finest quality of keratol, extra strong durable.

An especial feature of this camera is the cealed spool-holding device, which eliminates necessity of spool centers for holding the film As a result the camera can be loaded in half time required to load other roll film cameras, the film winds smoothly and surely, always fectly centered.

Another important feature is the sure-loc back, which cannot come off through jar or a dent. The inside of the back has a film-al ing plate, which holds the entire length of exposed film in the exact focal plane, absolu without curl or buckle, which insures an ev sharp picture always.

The 2¼x3¼ size differs from the others slig in that only one bed brace is required.

Details

Size Camera—(2¼x3¼ ture) 7¼x3⅝x1⅞ inc (2½x4¼ picture) 8¼x3 1¾ inches; (3¼x4¼ ture) 8¾x4½x1¾ inc (3¼x5½ picture) 9½x 1¾ inches. Weights— 3¼ size, about 22 ou 2½x4¼ size, about 24 ounces; 3¼x4¼ about 28 ounces; 3¼x5½ size, about ounces. Capacity—12 exposures, without loading. Finish—Black throughout, metal parts nickel plated. Body—Str compact and light. Covered with finest q ity seal grain keratol. Finders—Each ca is equipped with a brilliant, reversible fin

The finder is so constructed that the lens and mirror are readily accessible for cleaning. The finders the three largest sizes are hooded. The 2½x3¼ size is not. Tripod Sockets—Two. For vertical and horizontal pictures. Bellows—Genuine black leather, gossamer lined. Lens—The Ingento Juniors supplied fitted with either a specially tested universal focus achromatic meniscus lens, or a double r rectilinear, speed U. S. 8. All lenses are specially selected and rigidly tested for accurate focus insuring clear, sharp pictures every time. Shutter—The shutter is a special Ilex-model, with a handsa aluminum facing, which adds greatly to the beauty of the camera. The No. 1A (2½x4¼), No. 3 (3 4¼), and No. 3A (3¼x5½) shutters provide time, bulb, and three instantaneous speeds, 1/25, 1/50 1/100 of a second; while the No. 1 (2¼x3¼) shutter works at 1/25 and 1/50 of a second, as well as and bulb. In our opinion there are no cameras on the market at equal prices with such high grads and shutter equipment. Shipping weight, 4 to 5 pounds.

Seneca No. 31 Camera

ses Dry Plates and Film Packs with an Adapter

This is an Ideal Camera for general all-round use. Equally suitable for the beginner, the amateur, or the commercial photographer. Its equipment permits making a great variety of pictures—such as landscapes, portraits, groups, moving objects, and buildings. Its compactness makes it very easy to carry around. It is equipped with a ground glass focusing screen, and a rack and pinion, so that each picture can be sharply and exactly focused before exposure is made. Has an accurate view finder, and a focusing scale, so that the picture can be made without the necessity of focusing it on the ground glass if desired.

Dry plates are advantageous for making pictures around the home or in commercial work, as a single exposure may be developed whenever desired without waiting for any others, as is necessary when using roll film.

Details of Equipment

s—Rapid Rectilinear. Speed F:8 (U. S. 4).
utter—Regno Safety, with wire release. Has time, bulb and automatic exposure of 1/100, 1/50, 1/25, 1/10 and 1 second.
ck and Pinion for exact focusing. Bellows—Long, black leather. Gossamer lined.
mera Box—Ebony finished. Covered with walrus grain, genuine leather. Rounded, dovetailed cor-
. Front—Solid mahogany, ebony finish. Rising and falling.
mera Bed—Aluminum. Leather covered. Reinforced.
ew Finder—Brilliant, reversible, metal bound and hooded.
ipod Sockets—Two, adapting Camera for use on tripod in making either horizontal or vertical pic-
s. Back—Spring actuated, removable. Fitted with ground glass panel for focusing.
eusing Scale—Attached to bed of Camera, so that subjects can be focused without using ground
s screen.

Seneca No. 8 Camera

Long Focus-Revolving Back. Uses Dry Plates or Film Packs, with the aid of a Film Pack Adapter.

is Camera is designed especially to meet the requirements of the advanced amateur, commercial and man, and scientific worker. It is, however, simply and easily operated, making it also an ideal camera the beginner who wants to take up every branch of photography.
is Camera is specially designed to be used on a tripod, using the ground glass in the back for ing. However, it can be used as a hand camera, as each one is fitted with a focusing scale and ant view finder. It is one of the best folding cameras made for all-round work, such as the making ews, groups, portraits, pictures of buildings, snap shots, etc., and its extra long bellows adapt it for al uses, such as enlarging, copying, and the making of telephoto pictures. The revolving back permits making of either horizontal or vertical pictures, without removing the camera from the tripod. The g back makes it possible to take pictures of high buildings, etc., without distorting the lines of the re. The bed may also be dropped down for making wide angle pictures. This camera is very com- comparatively light in weight, and strongly made.

Specifications and Equipment

mera Box—Ebony finish. Cornera dovetailed. Covored with walrus grain leather.

Wollensak Lenses

These Lenses Shipped from Factory at Rochester, N. Y.

Velostigmat Series 1-Speed F : 6.3

A fully corrected, triple convertible, anastigmat lens, well suited to all-round work. Rapid enough for all ordinary work excepting extreme speed photography. The combinations are corrected for use alone, making really three lenses in one, and adapting lens to any special work requiring a long focue lens. Shipping weights, 1 to 5 pounds.

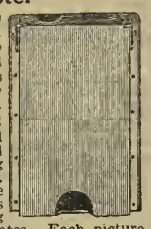
Let us enlarge your portraits. We do it right; charge you little

Improved Double Plate Holder



With Patented Light Trap and Wooden Bar for Holding Plate. Made to fit all Rogers, Black Beauty, Seneca, Premo, Century and Conley Plate Cameras.

The patented Light Trap makes it impossible to fog plate when inserting slide. Wooden bar holds plates securely in position making it easy to load the holder. These holders are fitted with specially lacquered black pressboard slides that will not electrify, collect dust, crack or split. One side of slide handle is marked, making it easy to indicate which plate has been exposed. One plate holder is included with every Plate Camera, and we advise the purchase of five additional ones, as six holders will just hold the contents of one box of dry plates.

When ordering Plate Holders or Film Pack Adapters, to fit a camera you already have, be sure to observe the outside dimensions of the plate holders in the camera and specify article number to correspond. When ordering holders or adapters to fit a camera you are selecting, specify that they are to fit the camera ordered.

Film Pack Adapter

This is a device having the general size and appearance of a plate holder, and enables you to use film packs with any standard size plate using camera. It is so constructed that the pack may be loaded into it in open daylight. It has a capacity of 12 exposures without reloading, and any exposed film may be removed at any time without disturbing the remaining unexposed films. The adapter is inserted in the back of the camera, the same as a plate holder, exposures being made the same as with glass plates. Each picture can be focused, if desired. These adapters will fit any Rogers, Black Beauty, Premo, Seneca, Conley or Century Plate Cameras. Ship. weight, 2 to 5 ounces each.

Article Number	Price Each	For Camera Size, Inches	Outside Dimensions

Automatic Plate Developing Tank

Get a larger percentage of good negatives. Dispense with a great deal of unnecessary, tedious work. Negatives developed in these tanks have a uniform, high quality, impossibla to obtain by the tray method. Plates that are over or under-exposed come out better than if developed in a ray. Any number of plates, rom ono to twelve, can be developed at one time. The developer can be compounded so as to completely develop the negatives in from 6 to 40 minutes, as desired. The best results are secured with 20-minute developing pow- . Tha process is so simple that most anyone no previous experience can use these tanks out trouble. With them the beginner can often e as finely developed negatives as those made a professional photographer. Tanks are made brass, heavily nickel-plated, both outside and de. These tanks can also be used for fixing washing tho negatives, if desired. Weights, lb. to 4 lbs. (See Developer Page for Tank eloping Powders.) Full directions with each t.

62C7752—Lead Acetate. 1-ounce bottle 8c; 16-ounce carton.....37c
62C7756—Mercury Bichloride (Corrosive Sublimate) 1-ounce bottle 20c; 16-ounce.....$2.62
62C7760—Potassium Bichromate. 1-ounce bottle 12c; 16-ounce bottle.....$1.20
62C7764—Potassium Bromide crystals. 1-ounce bottle 48c; 16-ounce bottle.....$6.70
62C7768—Potassium Carbonate. Per lb. 2.00
62C7772—Potassium Ferrocyanide (yellow prussiate). Per ounce.....22c
62C7776—Potassium Ferricyanido (red prussiate). Per ounce.....55c
62C7780—Potassium Iodide. Per ounce..45c
62C7784—Potassium Permanganate. Ounce.....24c

Sodium Carbonate

A Photographically Pure Anhydrous Carbonate

62C7545—Per pound bottle.....19c
62C7547—Per 5 pound package.....86c

Sodium Sulphite

A Photographically Pure Anhydrous Sulphite

62C7650—Per pound bottle.....24c
62C7552—Per 5-pound package.....$1.05
62C7788—Sodium Bi-Sulphite (Acid Sulphite) 1-ounce bottle 6c; 16-ounce bottle.....24c

Soline

62C7342—Soline is a solution for sensitizing cloth, any kind of paper, post cards or visiting cards, etc. The color of the print is a pleasing reddish brown, which is permanent without any treatment beyond a few minutes' washing in clear water, followed by a thorough washing in hot soap suds; but it can be toned in gold or in platinum, or in platinum single toner to a wide variety of beautiful and unchanging tones. Shipping weight, 10 oz.

Price, per 2-ounce bottle (regular size).....35c

Intensifier

62C7344—Intensifier. Dissolves readily in water, and its solution is a vigorous intensifier, for weak or thin negatives. Adds to the density of the negative and increases the contrast. One tube will intensify four or five dozen 4x5 in. plates. Weight, 1 ounce. Per tube.....13c

Reducing Powders

62C7346—Negatives, which from over-development or other causes, are too dense, can be quickly reduced to the proper density by use of this preparation. They are simply dissolved in water and a little hypo added just before the solution is used. Shipping weight, 3 ounces.

Price, per package.....16c

Roll Film

Roll Film, for Picture Size, 1⅝x2½ Inches. Fits Vest Pocket Kodak, V. P. Seneca, Ansco V. P.

62C8810 — Eastman Vulcan Film, 8 exp. Roll.....18c
62C8911—Aneco Film, 8 exp. Roll.....17c

Roll Film, for Picture Size, 2¼x2¼ Inches. Fits No. 1 Brownie; No. 1 Buster Brown.

62C8812 — Eastman Vulcan Film, 6 exp. Roll.....13c
62C8913—Ansco Film, 6 exp. Roll.....12c

Roll Film, for Picture Size, 2¼x3¼ Inches.

Spool size, 2 9/16 inches long, 1 in. diameter. Buster Brown; No. 2 Scout; No. 2 Cub, No. 2 Ingentos Junior, No. 1 Seneca Junior, No. 2 Rexeotte.

62C8814 — Eastman Vulcan Film, 6 exp. Roll.....18c
62C8915—Ansco Film, 6 exp. Roll.....17c

Roll Film, for Picture Size, 2¼x3¼.

Spool size, 2 9/16 in. long, 1¼ in. diameter. Fits No. 1 F. P. K.; No. 1 R, F. Seneca; Panoram Kodak.

62C8816 — Eastman Vulcan Film, 6 exp. Roll.....18c
62C8917—Ansco Film, 6 exp. Roll.....17c

Roll Film for Picture Size 2½x4¼.

Spool size, 2⅞ in. long, 1¼ in. diameter. Fits all 2½x4¼ (2A) Cameras.

62C8818 — Eastman Vulcan Film, 6 exp. Roll.....23c
62C8819 — Eastman Vulcan Film, 12 exp. Roll.....45c

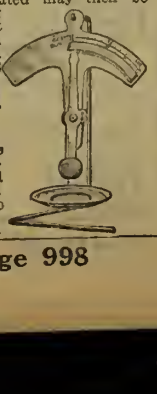
Film Packs

The Daylight Loading Film Pack consists of twelve sheets of sensitized film, laid together in one package in such a way that it can be loaded direct into one of our regular film-pack cameras, or into any of our plate cameras, by using a film-pack adaptor. Weight, 4 to 10 oz.

62C8960—Size, 2¼x3¼. Price.....36c
62C8962—Size, 2½x4¼. Price.....45c
62C8964—Size, 3¼x4¼. Price.....63c
62C8966—Size, 3 x5½. Fits all old model 3¼ x5½ plate and film pack cameras. Price.....68c
62C8968—3¼x5½. Fits all new model 3¼x5½ plate and film pack cameras. Price.....72c
62C8970—4x5. Price.....$0.81
62C8972—5x7. Price.....1.44

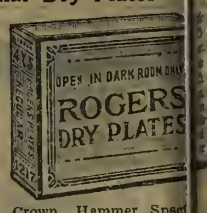


Anti-Friction Soda

62C7350—A combination of sodium carbonate and sodium sulphite with certain secret ingredients. It prevents friction marks on prints when used instead of the ordinary sulphites and carbonates. Developers made with this soda produce good, clear, clean prints from paper too old to produce good prints with ordinary developers. Shipping weight, 1¼ lbs. Full instructions for preparing developers with this soda are enclosed with each package. Price, per pound.....33c

62C7352—Blue Print Powders. When the contents of this tube are dissolved in the stated quantity of water, it makes a blue print sensitizing solution which may be applied to any kind of cloth, paper or card, and the materials so coated may then be printed in an ordinary printing frame, the same as Blue Print Paper. Blue prints made with this powder may be toned to sepia or chocolate color. Weight, 2 oz. Price, per tube.....10c

Photographic Scale



62C7381—An accurate scale for weighing chemicals. Capacity, four ounces. Scale calibrated into drams and fractional ounces. Satisfactory for most photographic purposes. Price.....66c

Rogers' Dry Plates

You can depend on them at all times, as they are absolutely uniform in speed and quality. The emulsion is rich in silver, and is coated on ported glass, free from blisters, scratches, or ot imperfections. Negatives made on Rogers plat are perfect printers. Equally suited to citl printing out paper, or developing papers. W an exposure anywhere near correct, the negat will be found to have graduations and brillian that cannot be excelled by any other brand plates.

Rogers' Regular Dry Plates

These plates are designed to meet the requirements for general all-around photography, including the making of landscapes, general instantaneous work, portraits, architectural subjects, groups, etc. They are extremely rapid; Watkins Speed, 250, having about the same speed of such plates as Seed's No. 27, Cramer Crown, Hammer Speed Extra Fast, Stanley and Standard Extra.

Price List

62C8632	8 x10	96 oz.	1.

Non-Halation Plates Double-Coated

In this brand of plates are combined both N Halation and Orthochromatic qualities. The n halation qualities permit their use in making exp ures directly against the light, add greatly to brilliancy in photographing white draperies, sta ary, and all exposures where the high lights c trast strongly with deep shadows. The orthoch matic qualities give true color values in landsca and portraits. That is, the various colors are sho in their true relation to each other although, course, not in actual colors. Speed, Watkins 180.

Professional Photographers' Scal

62C7375—One of the most accurate and fectly constructed Photographer's Scales on the ket. It is finely adjusted and is sensitive to a grain. The beam is fitted with adjustment sc and indicator for accurate adjustment and q weighing. Each scale is supplied with a full of 14 brass and aluminum weights, from ½ grai two ounces. Weight, 2 lbs. Price.....$2.

Our $50.00 Special Buggy is described on page 998

Photographic Papers—Photographic Developers

On this page you will find listed the foremost Independent brands of developing papers. Here again you have an opportunity of effecting a large saving. The profits that each of a number of distributing agents must realize in order to profitably handle this class of goods, are diverted to your own pocket through our system of direct purchase from the maker, and direct shipment to you. This saving ranges from 20 to 35 per cent, and is worth your consideration whether you buy in large or small quantities.

Any of the papers listed below are capable of making the finest of pictures, and are equally suited to amateur or professional negatives. The developing papers can be printed by subdued daylight, or by artificial light of any kind, such as electric, gas or kerosene light, etc. Developing paper is by far the easiest and quickest to handle. The prints are absolutely permanent, and of a uniform brilliance and quality, seldom equalled by other printing mediums. While the process of manipulating this paper is similar to that of the plate or film process, no darkroom is required. It produces fine black and white prints that can be re-developed to beautiful sepia tones with our sepia tablet developer.

Developing paper is supplied in three grades of contrast—Normal—Hard—Soft. Developing papers of any make possess but little flexibility of contrast or softness in any grade. To get the best prints from your negatives it is essential that you use the grade paper best suited to the negatives. As negatives are bound to vary in contrast and density it is advisable that you have on hand some of each grade of paper.

The Grade To Select

Normal Grade—For printing from negatives of just the right density and contrast—those that are neither too thin, too dense, nor having too much contrast, we recommend Normal Paper. If your negative is just right, and shows neither under nor over timing, either in exposure or developing, Normal Paper will make the most satisfactory prints.

Contrast Paper—For printing from thin or weak negatives—those that are lacking in detail because of under exposure or under development, use Contrast Paper. This grade is especially intended to make up for the qualities lacking in the negative, and for such negatives is unexcelled, as it produces sharp, clean, snappy prints.

Soft Paper—For printing from contrasty negatives, under-exposed negatives, which have been forced in development, or to get soft effects from normal negatives, use Soft Paper. This grade is capable of producing wide graduations, between high lights and shadows. Cloud effects and landscape negatives made with ray filters usually require this paper. It is especially adapted to making soft prints from portraits.

Surfaces

The selection of a suitable surface is a matter of personal taste entirely. Generally speaking, the **Glossy surface**, which is smooth and highly polished, is used in making record pictures or where a snappy picture with minute detail is wanted. The **Argo Velours, Cyko Studio, and Rexo Semi-Matte** are all about the same surface, having a Semi-Glossy, finely grained Matte finish of a soft, velvety texture, neither Glossy nor Matte, but just between. This is the most popular surface and is used extensively on all classes of photographs. **The Argo Matte, Rexo Matte and Cyko Semi-Matte** have about the same dead Matte surface, without gloss or sheen. This surface is used mostly for portraiture, and for producing artistic pictures with very fine tone graduations.

Rexo Developing Paper

Rexo is a new, rapid, developing paper that meets the critical demands of the present day. It permits of great latitude in exposure, and produces rich, soft pictures in which the lights and shadows blend harmoniously through the full range of tone graduations from white to black.

Regular Rexo

Professional Rexo

This paper meets every requirement of the present day professional photographer. It has a slow printing emulsion, being only one-sixth as fast as Regular Rexo. Professional Rexo will produce prints from portrait negatives, preserving detail and transparency even in the deepest shadows, prints having a long scale of tone graduations that blend harmoniously throughout the entire range of tones. Professional Rexo has great latitude both in exposure and development. Always uniform in speed and quality. Its texture and tone qualify it as a paper to be used on the highest grade work.

Enlarging Rexo

Enlarging Rexo is an extremely rapid developing paper. It is 35 times faster than Regular Rexo, and is perfectly adapted to enlarging from all classes of negatives, whether weak, normal or dense. It is far superior to the ordinary bromide paper, commonly used for enlarging, as it produces prints of superb quality, tone and graduation, such as are obtained on the regular grades of Rexo. It has great latitude, in both exposure and development, and produces prints rich in tone, with a full range of graduations from black to white. Can be easily toned to sepia by our sepia re-developer.

Printing-Out Papers

Prints in Sunlight Only

With this paper the entire process of printing, toning, fixing and washing may be conducted in daylight, no dark room being required. Prints may be toned in an ordinary gold toning solution, or in a combined gold toning bath. Any desired shade, from a rich sepia to a deep purple, is obtainable, or it can be toned in a platinum solution, giving blue black and white tones. The emulsion is rich in silver and is coated on the best imported paper stock. Every sheet of this paper will be found perfect, as all are carefully sorted and thoroughly examined before being packed.

Cyko Developing Paper

Cyko is one of the leading developing papers of the world. It is universally recognized as being capable of producing the best of results from all classes of negatives. The transparency and richness of its blacks, its power of bringing out details, and its simplicity of manipulation are the main features that account for its wonderful popularity.

When ordering specify our article number for grade and surface wanted.

Excelsior Blue Print Paper

Making prints on blue print paper is the simplest process for producing a photographic print. It is not necessary to have any knowledge of photography to be able to use this paper, and no chemicals of any kind are required. The paper is printed in sunlight, the same as gelatin printing-out paper, and then washed in clear water, which completes the process. Artistic prints of brilliant blue and white are easily made in this way. Paper used is the best imported paper stock, and the prints possess a brilliancy and clearness in our opinion not equaled by any other blue print paper. The paper is packed in air tight cans, two dozen sheets to a can. Shipping weight, 2 to 8 oz.

Rogers Developers

For All Developing Papers

Prices on Developers are Subject to Change

Rogers Paper Developers are suitable for developing prints on Rexo, Argo, Cyko and all other developing papers. Put up in paraffin-lined, hermetically sealed tubes, six tubes to a box, each tube containing sufficient chemicals to make 5-oz. liquid developer. They are simple and easy to use, it only being necessary to dissolve the contents in 5 oz. of water, and the developer is ready for use. These developers are scientifically compounded in a careful manner, from the purest chemicals. The chemicals while in the tubes will keep indefinitely. Weight, 5 oz. per box of six tubes.

Anti-Friction Developer

62C7805—Anti-Friction Developer. Hydro-Metol formula. Produces prints with fine olive black tones, free from dark lines or irregular markings, known as friction or abrasion marks, which often appear on glossy or semi-glossy papers, when other developers are used. Per box of six tubes, making 30 oz. developer. Price..23c

Hydro-Metol Developer

62C7807—Hydro-Metol Developer. This is one of the best and most popular developers made. Produces prints with warm, black tones. Prepared after formula recommended by most paper manufacturers. Price, per box of six tubes.....23c

Amidol Developer

62C7809—Amidol Developer. Produces beautiful blue black tones. This is one of the finest paper developers, and is extensively used by high-class professional finishers.
Per box of six tubes.....23c

Edinol N. A. Developer

(Non-Abrasion)

62C7811—Edinol N. A. Developer. Produces soft, brilliant prints, with warm, olive black tones. Prevents friction marks on glossy paper. Also makes clear prints possible on old paper, which would produce fogged prints with ordinary developer.
Per box of six tubes.....20c

Tank Developers For Plates or Films

62C7840—Tank Developer, Twenty Minute Formula. Put up for use in automatic plate or film tanks, any size. Carefully compounded after the standard pyro formula. Produces best possible results in either plate or film tanks. Each package contains six powders, each making 36 oz. of twenty-minute developer. Weight, 3 oz. Price, per package.....17c

Argo Developing Paper

Argo is a developing paper of the best quality. It is easy to handle, uniform at all times, and produces beautiful prints with a wealth of detail and richness of tone. It is the original no trouble paper, and gives most satisfactory and pleasing results. This is the same paper that we formerly listed as **Perfects and Regers Chlorids.**

When ordering specify our article number of grade, weight and surface wanted.

Tablet Developers

Prices on Developers are Subject to Change

For Plates, Films and Papers

The separate ingredients of these developers are compressed into two sets of tablets. The developer in this form, is very simple, and easy to handle. Mix as little or as much as you require. Each set makes a few ounces of developer. To mix a large batch simply take more tablets. Developers in this form are very economical. You can make a fresh, active solution each time, and better negatives and better prints result. Shipping weight, 10 oz.

62C7850—M. Q. (Metol-quinol, Hydro-metol) Tablet Developer. Package makes 48 oz. solution for paper; 72 oz. for plates or film; or 192 oz. for tank development. Per package.....25c
62C7852—Pyro Tablet Developer. Makes 48 to 96 oz. solution, for plates or films for tray. Can be diluted for tank development. Per package 22c

Rogers Developers

For Dry Plates or Films

Rogers Plate Developers are suitable for developing all makes of plates and films. They produce brilliant, clear negatives, full of detail. They are carefully compounded from the purest chemicals. Put up in paraffin-lined, hermetically sealed tubes, which are very simple and convenient to use. The chemicals in the tubes will keep indefinitely. Each box contains six tubes. Weight, per package of six tubes, 5 oz.

M. Q. Developer, Contrast Formula

For Plates or Films

62C7820—M. Q. (Hydro-Metol) Developer. Contrast Formula. Produces brilliant, snappy negatives, with considerable contrast. Recommended for use where negatives of this kind are required and where prints are to be made from printing-out paper. Per box of six tubes, making 60 oz. solution. Price.....23c

M. Q. Developer, Soft Formula For Plates or Films

62C7822—M. Q. (Hydro-Metol) Developer. Soft Formula. Produces soft negatives, full of detail. Especially recommended where prints are to be made on developing papers. Per box of six tubes, making 60 oz. solution. Price.....23c

Eiko-Hydro Developer For Plates or Films

62C7824—Eiko-Hydro Developer is a popular developer for all-around work. Produces bright, snappy negatives, which print well on either developing or P. O. paper. Per box of six tubes, making 60 oz. solution. Price .....ce....23c

Hydrochinon Developer

For Plates, Films or Lantern Slides

62C7826—Hydrochinon Developer. Produces brilliant, contrasty negatives, free from stains. Develops image very slowly. Especially recommended for over exposures, and for developing lantern slide plates. Per box of six tubes, making 60 oz. solution. Price...23c

Pyro-Metol Developer For Plates or Films

62C7828—Pyro-Metol Developer. Is a good combination of two excellent developers. Preferred by many workers, because it combines the good qualities of both agents, yet works speedily and without fog. Per box of six tubes, making 60 oz. solution. Price.....23c

Ortol Developer For Plates or Films

62C7830—Ortol Developer. This is a quick and powerful acting developer, producing negatives closely resembling those made by pyro. The graduations are excellent, with ample density. Per box of six tubes, making 30 oz. solution. Price.....20c

Frame Number 1

A new design, aquara cornered frame that presents a neat appearanca. Finished in circassian walnut or all gilt. State which is wanted. Circassian walnut sent unless otherwise ordered. 11x14 frama has moulding about 2 inches wide, 16x20 and 20x24 about 3 inches wide.

Frame Num. 2

Has a rich-looking finish, made possibla by the use of puro gold leaf. Frama can also be supplied in ebony finish, with twenty ornaments finished in pure gold leaf. 14x20 inch size has moulding about 3 inches wide. 11x14 inch siza has moulding about 2 inches wide. These frames supplied with tha very popular convex glass.

A good portrait of some member of your family or one of your relations is one of the most treasured and pleasant furnishings of the home. We are prepared to supply the very highest grade portraits of a quality and artistic execution rarely obtainable through the regular channels. You can send us your photos feeling certain that they will be returned to you in as perfect condition as received and that the enlarged portrait will be all that you have reason to expect. Send your portrait orders to a house that you know well, a house that has established itself as one of the most reliable merchandising institutions in the world.

We guarantee all portraits to be a faithful and accurate reproduction. The features and likeness will be an artistic portrayal of the original. When we deliver the finished picture you are to be the judge. We feel sure you will be satisfied with the result. If you are not, you may return the portrait to us and we will change it to suit your tastes, or refund your money if you desire.

Our prices are as low as is consistent with high quality goods. We guarantee to save you money and we guarantee to please you.

In sending in your photo, if it is too large to fit in an ordering envelope, send it in a separate package and mark for the "Portrait Department." Write your name plainly on the package and also on the back of the picture.

Frame Num. 3

A Tasty Plain Frame

A finished imitation of the popular cross grained Circassian Walnut. Has a narrow gilt lina on the inner edge, and a black concava ebony finish outer edge. Especially good for black and white portraits. 14x20 size, 3 inches wida; 11x14 size is 2 inches wide. Thesa frames supplied with the very popular convex glass.

Frame Number 4

This is an especially fine doubla frame, handsoma enough any home or art gallary. Prof finished in pura gold leaf. E rate ornaments ara a beautiful artistic design. When fitted wi portrait this frame presents a rich and attractive appearanca.

What We Can Do

All our portraits are hand made by skilled artists, men who have had many years' experience in this work. Each portrait receives individual attention.

We can produce a portrait from any picture in which the features are distinguishable. Always send as good a picture as possible, as the better the original copy is the better the finished portrait will be. A portrait can be made from a picture having only one person on it, or one or more persons can be taken from a group picture.

We can show as much or little of the head and body as is desired, no matter if the original picture is not as you want the portrait to be. When making the portrait, we can make almost any change desired, such as removing a hat from a person's head, changing the hair, making alterations in clothing, altering features, etc.

Where changes are ordered and we have followed instructions in making the changes, portraits cannot be returned for credit. While we are confident of our ability to make changes in a satisfactory manner, we recommend that changes be avoided if possible and when ordering give full and careful instructions on any changes to be made.

How to Order

When sending us your order state size and kind of portrait desired. When one or more persons are to be taken from a group, make an "X" lightly with pencil over the head of those to be made. Be sure to state whether portrait is to be black and white crayon, sepia (rich brown) or water color ("pastel"). When water colors are ordered, state color of eyes, hair, complexion, clothing and give any special instructions necessary. If possible, enclose a small sample of hair. Order as few changes as possible, such as taking off hats, rearranging hair, etc., as the more changes there are the harder it is to get a good likeness.

The Frame.

We quote portraits without frames and quote the frames separately. As all portraits are made by hand and the work is of a delicate nature, we recommend that you order a frame with the portrait. You will surely want a frame for the portrait, and we offer you a pleasing selection of frames at prices that are a big saving over those usually asked. In addition, we carefully fit the portrait to the frame ordered and make the picture to harmonize with the frame. Requires 7 to 10 days to finish orders.

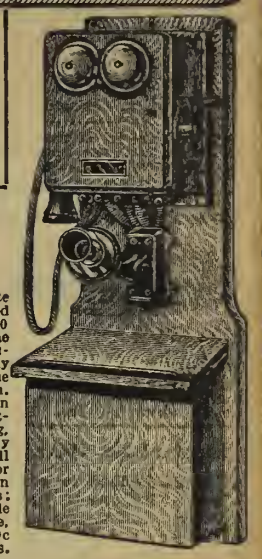
TELEPHONES AND TELEPHONE MATERIALS

Our telephones are, without question, the equal of any telephones made. We know that their quality is unsurpassed and, in many distinctive features, unequaled. You are fully protected as regards their quality and serviceability by our guarantee. Wa take the risk. Our prices are right; they are the lowest at which telephones of quality can be sold. You cannot buy better phones—there are none better. Our telephones will give you the best of service and will continue to do so. They are made right and will stay right. When you buy from us you secure a telephone which you can depend on; one that has been carefully planned in every detail by expert, practical telephone men. Our telephone has proven to be of the best, and is Guaranteed.



Our Guarantee

Wa guarantee that every telephone sold will be as illustrated and described in our Catalogue; will arrive in good condition; will serve its intended purpose, and will be satisfactory to you.

You may always exchange for other articles or have your money back, including, in either case, the transportation charges which you have paid.

If any part of the telephone you purchase from us provee defective, we will replace or repair it without charge. This guarantee applies to the complete instrument and all of its parts.

It is our desire to make trading with us so easy, so profitable, and so satisfactory, that you will be pleased not only with the goods received, but also with our service and our entire method of dealing.

Compact Model Bridging Telephone

The Guaranteed Telephone

For use on any bridging or private line of any length. Gives equally good service over lines of 100 feet or 1,000 miles length. Oak cabinet, finely varnished and polished. Will last a lifetime without attention or repairs other than renewing of batteries every year or so. Rings strong, talks plain, receives distinctly. Easily installed in a very few minutes. Full directions sent with each phone. For plete description see Construction Details below. Length, 26 es; width, 9 inches. Note that our prices include condensers alled in the telephone. This is a very desirable feature for which usually pay 40c to 50c extra. Shipping weight, 45 to 50 lbs.

mpact Cabinet Telephone, Including Two Dry Batteries. Prices:

163C1053	12.30	72.30	6-Bar	2000 ohm
163C1055	12.50	73.50	6-Bar	2500 ohm

he Generator of our telephona in our opinion is the most effit made. It ie constructed on strictly scientific lines and retains power permanently without deterioration. Each bar of the genor is made up of three distinct magnets so that every 5-bar genor has 15 magnets, and every 6-bar generator has 18 magnets. method of construction is superior to the solid bar construc-, as the generator is enabled to supply more power and retain efficiency longer. While this way of making the magneta is more ensive than any other, tbe superior results obtained justify the ier cost. The double sprocket gear of the generator is made of pieces of cold-rolled, stamped steel, which are united. The teeth ach side are offset against each other, on the principle used in hes wringer cogs, so there is no lost motion, no noise, and the t possible wear. The armature is laminated and wound with silk lated wire. The automatic cut-in is of approved design, and has iridio platinum points. The entire generator is self-contained mounted in the box in such manner that it may be removed antly.

he 5-bar generator is standerd, with power more than enough for line of standard construction. It is fully tbe equal of any other ar generator made. For all ordinary lines it will give perfect sfaction. The 6-bar generator is in a class by itself. In our ion there is no other that approaches it. It will ring through y joints and past eavesdropping subscribers. It is especially recended for long, heavily-loaded lines, and will ring strongly where y other generators could not penetrate.

he Ringer Movement in our telephone is of the most improved n. It will ring loudly and clearly, and ite construction is so uned and the parts so balanced that continued use will never de- its efficiency. On account of the special construction of our er, it will ring clearly on a very weak current, wbich will hardly le the ringer of some telephones.

The Transmitter is of the long distance, solid back type and will give the best of service under any conditions. It will transmit the lowest articulate sounds distinctly over the longest lines, and through the highest resistance. It is built like a watch, and every part receives the utmost care in every process of production. The diaphragm is of frosted metal and will not break, as do the carbon diaphragms in the cheaper transmitters. The bridge and front are extra heavy, to prevent vibration. The carbon cup is of the most scientific design, so constructed that the carbon granules cannot become packed. This transmitter, if not tampered with, will last indefinitely, and requires no attention nor repairs.

Tha Receiver is bipolar and equipped with laminated magnets, a distinctive feature which no other make possesses. This construction insures an absolutely permanent receiver, which can be relied upon at all times. The shell is extra heavy, the binding posts are concealed inside the case, the cord is heavy and will wear well. The whole receiver can be easily and quickly taken apart and again assembled if necessary.

Tha Receiver Hook has heavy German silver springs and pure platinum contacts. It is carefully insulated, so that all danger of an accidental shock is eliminated. The bearings are frictionlese and absolutely permanent. All connections are carefully soldered. Tbe superior construction of our switch eliminates all trouble from this eource and insures positive quick contacts.

Tha Lightning Arrester, with which we equip our telephones, is most up-to-date in every respect. When properly connected it positively protects the telephone against lightning. It is enclosed in a metal casing, which prevents any accidental injury to it. So strong is our faith in this arrester that we agree to replace any parts of tbe telephone damaged by lightning, provided telephone has been properly installed.

Condensers—We equip all of our telephones with condensers, without additional charge. If all telephones on the line are equipped with condensers, and the party you wish to call has his receiver on the hook, you can easily call him, no matter how many other receivers are off the hook. In this way, condensers greatly improve the service on any line.

Information Concerning Telephones.

Bridging Telephones are recommended for any kind of telephone service (private exchange, or party line), and are specially designed for use on either long distance or short party lines. Outside of cities and large towns telephone service is usually secured by bridging telephone party lines, and the use of Bridging Telephones far exceeds the use of all other types and kinde in rural service.

If a line is already in operation in your neighborhood, and you wish to go in on it, no matter if the instruments already in use are not of our make you can use our telephones on that line. Our phones work equally well in connection with instruments of other makes and no one can legally bar them off any line.

Important Point to Remember.

When constructing a bridging party line or when installing an instrument on a line already in operation: All of tbe telephones on any one line must have Ringer Movements wound to the same Resistance. Our Bridging Telephones are made with ringer movements of either 1000 ohms, 1600 ohms, 2000 ohms, or 2500 ohms, resistance. Therefore **before ordering** your telephone, find out the resistance of those already installed on the line and order yours with ringer movement of the same resistance.

Battery Telephones

The most useful and inexpensive telephones yet devised. Good use can be found for a set of these phones in many homes, and in office, store or shop. They save many steps and much time. A press of the button instantly calls the person you want to speak to. Will give satisfactory service at any distance not over 500 feet. Made entirely of metal. A pair of telephones, four batteries and a connecting wire, comprise a complete system. A wiring diagram is supplied with each set. Anyone can quickly and easily install them. See this following pages for prices on batteries and not included in price below.

C1165—Battery Telephones (two telephones) bout batteries. Without wires. Shipping wt. s. Per pair.....$3.50

Intercommunicating Telephones

telephona designed for use in factories, schools, antile establishments, apartment houses, farms, made to stand hard continuous usage. When erly installed will give service equal to any of telephone. Has regular long distance transers and receiver. Any number from three to en telephones can be installed in different places wired together. By simply pressing a button, any ion may call any other station without ringing bells of the other stations. Where time and d are valued, there telephones will save the of their installation many times over. Works sfactorily any distance up to 2,500 feet. A plete system is comprised of the desired number elephones, a set of batteries, connecting wire and etarding coil. Complete instructions for installon sent with each outfit. Anyone can install them. ping weight of each telephone, 7 pounds. Frame e of Japanned steel with nickeled trimmings.

ese are real high-grade telephones, carefully gned and well made. There are lower priced communicative phones on the market, but they not satisfactory.

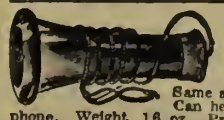
C1070—Intercommunicating telephone. h.....$9.75

C1072—Retarding Coil. Shipping weight, 6 es. Each.....55c

Private Line Telephones

A high-grade, compact Series Telephone, having a powerful series generator. For use on private lines of any length up to five miles. It frequently happens that a private telephone line is a much needed convenience. For instance, a merchant may want a private line to his residence; a physician may want such service from his office to the drug store; a farmer might wish to have a private line with his neighbor. For all of these purposes, and many other similar uses, these are ideal telephones. Easy to install and cost practically nothing to maintain. All parts are neatly mounted on compact cabinet, except the batteries, which can be placed in any convenient, out of the way place. Copper or iron wire or even fence wire can be used for the line wires. Can be wired for one (ground) or two (metallic) wire systems. As many as four phones can be used satisfactorily on one line. Shipping weight, 60 lbs. per pair.

163C1160—Per pair (two telephones), including four dry batteries.....$9.80



Long Distance Battery Telephones

We offer these high-grade long distance battery telephones to meet the requirement for a phone of a better quality than our 63C1165 phones. These phones are of an extra high quality construction and have transmitters and receivers of a quality that enables them to be used over distances as high as 2,500 feet. The conversations will be transmitted sharply and distinctly. The bells ring clear and loud. A pair of telephones, four or more batteries and a connecting wire comprise a complete system. Wiring diagram sent with each set. Anyone can quickly and easily install them. Case made of heavy Japanned metal. Shipping weight, 8 pounds per pair. Batteries and wire not included.

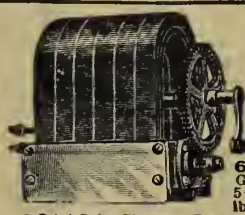
63C1080—Price, per pair (two telephones).....$5.40

Telephone Receiver

63C1140 — Standard Model Bipolar Telephone Receiver. Same as used on all our phones. Can he nsed on any make telephone. Weight, 16 oz. Price.....90c

Receiver Cord

63C1142—Receiver Cord. 36 inches long. Sama as used on our telephones. Ship. wt., 1 oz. Each.....16c



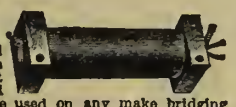
Transmitter Parts

63C1150—Black Composition Transmitter Mouthpiece. Shipping weight, each, 2 oz. Price, each.....10c

63C1152—Carbon Diaphragm. For old model transmitter. Shipping weight, 4 oz. Each....15c

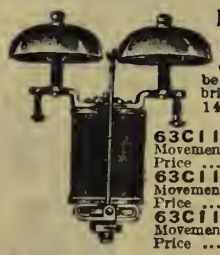
63C1154—Carbon Granules. Shipping weight, 2 oz. Per charge.....10c

Generators



In our opinion the strongest Generator made. Same as used on our telephones described above. Can be used in telephones of any make.

63C1102—Five-bar Generator. Size, 6x5¾x3¾. Weight, 10 lbs. Price....$3.90



63C1104—Six-bar Generator. Size, 6½x5¾x3¾. Weight, 12 lbs. Price.....$4.65

Induction Coil

63C1110 Improved Model. In our opinion the most efficient made. Used on all our telephones. Can be used on any make bridging telephone. Weight, 7 oz. Price.....35c

Ringer Movement

Same as used on our telephones. Ring stronger on less current. Can be used on any make of bridging telephone. Weight, 14 oz.

Prices Without Bells

63C1115—Series Ringer Movement, 80 ohm resistance. Price.....90c

63C1117 — Bridging Ringer Movement, 1000 ohm resistance. Price.....$1.45

63C1119 — Bridging Ringer Movement, 1600 ohm resistance. Price.....$1.85

63C1121—Bridging Ringer Movement, 2000 ohm resistance. Price.....$2.20

63C1123—Bridging Ringer Movement, 2500 ohm resistance. Price.....$2.60

63C1125—Telephone Bells or Gongs. For use on Ringer movements of telephone. Weight, 5 oz. Per pair.....19c

Transmitters

63C1134

63C1180 Long Distance Solid Back Transmitter without arm. Transmits the lowest articulate sounds over long distances. Can be used on any make telephones. Weight, 18 oz. Price.....$1.25

63C1132—Transmitter. Mounted on pony arm, as used on compact cabinet phones. Shipping weight, 28 oz. Each.....$1.75

63C1134—Transmitter. Mounted on pony arm, with induction coil in base, as used on long cabinet phones. Shipping weight, 45 oz. Each....$2.15

Extension Bells

These bells may be connected by wires with any telephone. Can be placed at any point away from phone, in another part of the house, or in some nearby building. When the telephone bell rings, the extension bell will likewise ring. The call will be heard wherever the extension bell is located; whether it is in some distant part of the house or in another building. The extension bell must have exactly the same ohm resistance as the ringer movement on telephones with which it is connected. Weight, 3½ lbs.

	Price
63C1170—80 ohm. Extension Bell..	$1.45
63C1172—1000 ohm. Extension Bell..	2.25
63C1174—1600 ohm. Extension Bell..	2.65
63C1176—2000 ohm. Extension Bell..	2.85
63C1178—2500 ohm. Extension Bell..	3.05

Telephone Wire

Best Grade B. B. Galvanized Iron Telephone Wire. Put up in half-mile coils, all in one piece, without splice or joint. Has extra heavy zinc covering, protecting wire from corrosion. No. 10 wire weighs about 260 lbs. to mile. No. 12, about 170 lbs. No. 14, about 96 lbs. We do not break the standard half-mile coils. Prices on this wire are subject to market change.

163C1201—No. 10 B. B. Galvanized Iron Wire. Per half mile coil, about 130 lbs....$8.75

163C1203—No. 12 B. B. Galvanized Iron Wire. Per half mile coil, about 85 lbs.....$5.95

163C1205—No. 14 B. B. Galvanized Iron Wire. Per half mile coil, about 48 lbs.....$3.60

Sold only in full half-mile coils.

Ground Rod

163C1210—Iron Ground Rod; length, 6 ft. Heavily galvanized. A ground rod is necessary with every telephone to insure a perfect ground contact. Shipping weight, 4 lbs. Price, each.....24c

Twisted Pair Copper Wire

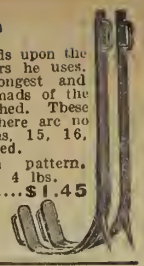
63C1215—Twisted Pair Telephone Wire. Covered with saturated braid. For connecting phone to line wire, etc. Will withstand weather and dampness. Price, per 100 ft. (weight, 2 lbs.).....76c

Office Wire

Prices subject to change.

63C1220—Office Wire; for inside wiring of telephones, door bells, etc.; one wire, double braided and saturated in paraffin; size No. 18, about 125 ft. to pound. Price, per lb. coil.....48c

63C1222—Duplex Office Wire; two wires each, insulated and then braided together and paraffined; about 65 ft. to pound. Price, per lb. coil....49c

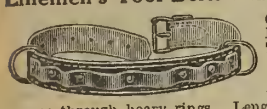


Linemen's Splicing Clamp

63C1230—Best grade forged tool steel Clamp, with rounded handles. For splicing telephone wires. Very strong handles. Will not spring out of shape. Length 10¾ inch. Weight, 18 oz. Each....98c

An Electric Toaster adds 100% pleasure to a breakfast. See prices

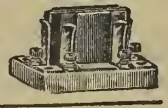
Linemen's Climbers



The safety of the lineman depends upon the quality and temper of the climbers he uses. These climbers are of the strongest and safest on the market. They are made of the best tempered steel. Finely finished. These climbers will give satisfaction. There are no better of this kind made. Lengths, 15, 16, 17 or 18 inches. State size wanted.

63C1235—Climbers. Eastern pattern. Without straps. Shipping weight, 4 lbs. Per pair, price.....**$1.45**

63C1240—Set of four climber straps and two knee pads. Shipping weight, 1½ lbs. Price **95c**



Linemen's Tool Belts and Safety Straps

63C1245—Lineman's Safety Tool Belt. Made of extra heavy harness leather. Six tool loops. Belt passes through heavy rings. Length, 40 in. Width, 2¼ in., with 2-inch roller buckle; ship. weight, about 2 lbs. Price.....**$1.70**

63C1250—Safety Strap. Made of extra heavy harness leather. Adjustable length. Heavy snap on each end. Length, 6 ft.; width, 1¾ in.; ship. weight, about 1¾ lbs. Price.....**$1.75**

Standard No. 400 Lightning Arrester

63C1263—Used to protect telephone instruments from lightning. Suitable for either one or two wire lines. Ship. wt., 1 lb. Price, each..**21c**

Lightning Arrester

63C1255—Single Pole Lightning Arrester, or line protector for grounded or single wire lines. Western Union pattern. Porcelain base. Length, 4⅞ in. Ship. wt., 4 oz. Price, without fuse **17c**

63C1257—Double Pole Arrester, for metallic or two wire lines. Length, 4⅜ in. Ship. weight, 8 oz. Price, without fuse.....**21c**

63C1260—Fuses for the above arresters. Shipping weight, per doz., 2 oz. Price, per doz..**10c**

Pony Glass Insulators

Pony Glass Insulators. For telephone and telegraph lines. Height, 3⅝ inches; diameter, 2⅜ inches. Packed 400 in a bbl. Ship. weight, per bbl., about 300 lbs.

163C1265 — Price, per bbl. **$7.50**

63C1267 — Price, each **2c**

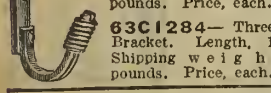
Oak Brackets

Oak Brackets. For holding glass insulators. Painted and dipped. Can be fastened to side of pole or house. Length, 10 inches; ship. wt., per sack, 50 lbs.

163C1275 Price, per sack of 100 .....**95c**

63C1277—Less quantities, each **1c**

Galvanized Brackets



Galvanized Iron Brackets, easy to install, substantial in construction and galvanized to meet weather conditions. For telephone or house lighting wires. Hold pony glass insulators.

63C1280—Single Point Bracket. Length, 4⅛ in. Shipping weight, 12 ounces. Price, each..**9c**

63C1282 — Two-Point Bracket. Length, 12¾ in. Shipping weight, 1½ pounds. Price, each..**21c**

63C1284— Three-Point Bracket. Length, 17 in. Shipping weight, 2¼ pounds. Price, each..**32c**

Sharp Nose Side Cutter Plier

A high grade Hardened Steel Plier. Used a great deal on all electrical work. Handy around any work shop. Ship. weight, 6 oz.

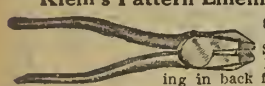
63C5802—5½-inch Sharp Nose Plier. Price, each **58c**

63C5804—7-inch Sharp Nose Plier. Price, each **75c**

Diagonal Jaw Plier

Best Hardened Tool Steel Diagonal Jaw Side-cutting Nipper. This tool will do perfectly the work for which it is intended. Length, 5 in. Ship. weight, 4 oz.

63C5808—Diagonal Jaw Pliers. Price, each **70c**



Side Cutting Pliers

Sidecutting Pliers. Forged from best quality steel. A good tool for linemen and electricians. Ship. wt., 4 to 10 oz.

63C5810—5-inch Plier. Price, each.....**38c**
63C5812—6-inch Plier. Price, each.....**54c**
63C5814—7-inch Plier. Price, each.....**64c**

Klein's Pattern Linemen's Pliers

63C5818—Klein's Pattern. Side cutting Pliers. Have large opening in back for cutting insulated wire. Drop forged from highest quality of steel. Finely finished. Carefully tempered. Length, 8⅜ in. Shipping weight, 16 oz. A $1.25 value. Our price **78c**

Solder

Prices on solder subject to market change.

63C5830—Rosin Core Wire Solder. Requires no flux. Indispensable for soldering electrical connections and extensively used on telephone work. Price, per lb. **52c**

63C5832—Plain Wire Solder. Very handy for all electrical soldering. Price, per lb. **39c**

Soldering Paste

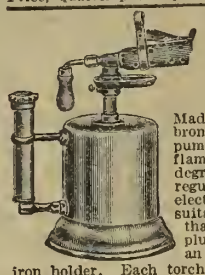
A Fine Flux, in a convenient form. Helps make a stronger and neater joint than possible with any other flux.

63C5836—Price, per 2 oz. can..... **9c**
63C5838—Price, per lb. can.....**47c**

Soldering Salts

63C5840—A non-corrosive Salt which is dissolved in water. Makes a perfect flux. Replaces acids and will not injure hands. Shipping weight, ¾ pound. Price, per half-lb. bottle.....**22c**

Insulating Tape and Splicing Compound



For wrapping wires where insulation has been scraped off. In making joints on electric wires, joints must first be soldered, then wrapped with rubber splicing compound over which friction tape must be wrapped.

63C5848—Black Friction Tape, ¾ in. wide. A high grade tape. Price, half-pound package..**15c**

63C5856—White Friction Tape, ¾ in. wide. Extra fine quality. Used on electrical work of various kinds. Also extensively used by stone masons and cornhuskers to protect fingers while working. Price, half-pound package.....**30c**

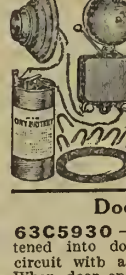
63C5854—Rubber Splicing Compound, ¾ in. wide. One of the best rubber splicing compounds on the market and is equal to many splicing compounds sold at double the price. Price, quarter-pound package.....**18c**

Gasoline Blow Torch

One of the finest and most popular Blow Torches on the market. Made of polished brass. Special bronze burner. Improved air pump. Produces a solid blue flame, generating about 1,500 degrees (Fahrenheit). Easily regulated. A fine torch for electricians and linemen. Also suitble for paint burning, thawing out pipes, and for plumbers, tinners, etc. Has an adjustable, removable solder iron holder. Each torch tested and is perfect. On accouut of fluctuation in brass market price is subject to chsnge. We will always give you the lowest possible price.

63C5864—Blow Torch. Capacity, 1 pt. Ship. Weight, 3 lbs. Each.....**$2.65**

63C5866—Blow Torch. Capacity, 1 qt. Ship. weight, 4 lbs. Each.....**$3.10**



Baby Gasoline Torch

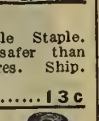
For Difficult Work in a Tight Corner. The Smallest Practical Torch Made. Lights with a match. Perfect and powerful. Burns without air pressure. A simple automatic tool, with no movable parts, valves or pump to get out of order or to be replaced. Tank is only 2⅝ inches high and 1 13/16 inches in diameter. It requires no pumping and is always ready for use. Simply hold a lighted match to the burner; it lights quickly. Will burn steadily for two hours on one filling of gasoline. Ship. wt., 5 oz.

63C5860— Baby Gasoline Torch. Price, each.....**98c**

Electric Door Bell Sets

63C5915—Complete electric door bell outfit. Consists of 1 good grade electric Bell; 1 Dry Battery; 1 wood push-button; 50 feet Insulsted wire; 1 package staples. All well made, reliable goods. Ship. wt., about 3 lbs. Per set.....**74c**

Door Spring



63C5930 — Door Spring. Fastened into door frame and put in circuit with a dry battery and bell. When door opens, spring makes contact and bell rings. Ship. wt., 1 oz. Price, each **13c**

Insulated Staples

63C5932 — Insulated Saddle Staple. Height, ¾ in. Better and safer than plain staples for fastening wires. Ship. weight, 3 oz. Price, per package of 100.....**13c**

Push Buttons

63C5935—Nicely finished wood push button with porcelain centers. Weight, 1 oz. Price, each.....**7c**

63C5937—Fine quality stamped metal push button. Oxidized copper finish. Very neat. Ship. wt., 1 oz. Price, each **12c**

Electric Bell

Best grade electric signal bell. A reliable, easy ringing bell. Can be operated on one cell battery. Has Japanned iron box and frame. Nickel plated gong. Not easy to get out of adjustment. Well constructed throughout. Ship. wt., about 9 oz.

63C5945—2½ in. gong. Price, each **24c**

63C5947—3 in. gong. Price, each **27c**

Iron Box Buzzer

63C5952—A high-grade Buzzer, makes a comparatively low buzzing sound. Used where the loud ringing of a bell is not desirable. Ship. wt., 6 oz. Price, each **23c**

Special Wet Battery

Long life battery. Will give good service on door bells, telephones, etc. Easily recharged. Battery consists of square glass jar with round carbon, pencil zinc and one charge of electro salts. Shipping wt., 5 lbs.

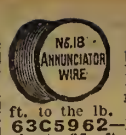
63C5970—Special wet battery. Price, each **33c**

63C5972—Extra zinc. Wt., 3 oz. Price, each.....**8c**

63C5974—Extra Carbon. Wt., 1½ lbs. Price, each **16c**

63C5976—Extra Glass Jars. Shipping wt., 3 lbs. Price **10c**

63C5978—Electro-Salts. Ship. wt., 6 oz. Price, per charge.....**3c**



Bell Ringing Transformer

Produces three secondary voltages, 6, 8 or 14 volts. For use on alternating current 100 to 120 volts, 60 cycles. Replaces dry batteries on door bells and signal systems. Attached to the regular power current. Transforms current down so that it is suitable for operating door bells, buzzers, annunciators, etc. Once installed it requires no further attention. Uses so little current it will not register on meter. Shipping weight, 2 pounds. Size, 1¾x2¾x4¼.

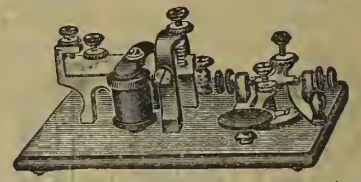
63C5921—Bell Ringing Transformer. Each.....**$1.07**

Insulated Bell Wire

Insulated Wire. For wiring door bell systems, annunciators, miniature lights, etc. Prices subject to change.

63C5960—Single Conductor Annunciator Wire. Size 18, about 150 ft. to the lb. Price, per pound.....**48c**

63C5962—Double Conductor Wire. Size 18, about 65 ft. to the pound. More easily and quickly installed than single wire. Price, per pound **49c**



Van Expansion Bolt

For fastening insulators, pipe straps, moulding, boxes, brackets, sheet metal work, hinges, machinery, etc.; to plaster tile, marble slabs, concrete, stone, etc. To install, drill a hole in material of size to take the expansion unit. Then insert unit, place material in position, run bolt through material to unit and tighten. Material will then be securely fastened. Units are listed without bolts. See index for bolts. To find proper length of bolt or screw add length of unit to thickness of material you intend to use. Ship. wt., ¼ to 1½ oz. each.

Article Number	Price, each Unit, Only	Length Unit, in.	Size Drill to use	For Use With	Size Bolt or Screw Diam.	Threads
63C5868	2c	⅝	5/16	mach. screws	5/32	32
63C5870	2c	⅞	3/8	mach. screws	3/16	24

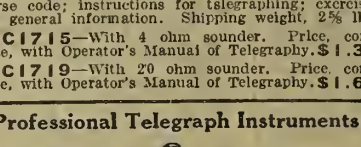
63C5880	12c	2½	7/8	mach. bolts	5/8	11

Amateur Telegraph Instruments



A good instrument for the beginner to practice on. Consists of a full-sized key and sounder, mounted on a polished oak base. Key—Has a strong steel lever, with composition key knob; circuit breaker, with an insulated handle; contacts of non-sticking platina. Sounder—Has lacquered brass lever and sounding post; cast frame; improved thumb screw adjustments. Gives good resonant sounds. Price includes an up-todate Operator's Manual containing Morse code; instructions for telegraphing; exercises and general information. Shipping weight, 2⅝ lbs.

63C1715—With 4 ohm sounder. Price, complete, with Operator's Manual of Telegraphy.**$1.35**

63C1719—With 20 ohm sounder. Price, complete, with Operator's Manual of Telegraphy.**$1.65**

Professional Telegraph Instruments

A high grade telegraph set, considered by us to be the best in design, construction and finish, upon the market. The sounder and key are exactly the same as those adopted as standard by the commercial telegraph and railroad companies throughout the country, and are mounted on polished mahogany base. The sounder is unequaled for quick action, loudness and distinction of tone. The frame of the sounder is polished brass, with aluminum lever and hard rubber-covered magnets. The key has a polished brass frame with steel lover, hard rubber knob and circuit breaker. Shipping weight, 3 lbs.

63C1730—5 ohm combination set. Price **$2.45**

63C1732—20 ohm combination set. Price **2.65**

Professional Sounders and Keys

Soundera same as used on our professional combination set, and adopted as standard by railroad and telegraph companies. Shipping wt., 24 oz.

63C1735 — 5 ohm Sounder. Price, each **$1.55**

63C1737—20 ohm Sounder. Price, each **1.70**

Steel Lever Keys

Steel lever keys same quality as used on our professional set. Shipping wt., 14 oz.

63C1739—Leg Key with legs to go through table or desk. Price, each...**$1.05**

63C1741 — Legless Key, to screw to top of table or desk. Price, each **95c**

Pony Relay

A relay working in conjunction with each instrument will improve the efficiency of any telegraph system of any length, when several instruments are connected on the same line. Requires less current to operate and is more sensitive than any sounder of like resistance. Can also be used on burglar alarm systems. Finely finished. Made of high-grade materials. Shipping weight, 2¼ lbs. Resistance, 20 ohms.

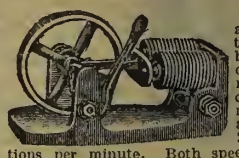
63C1745—Pony Relay. Price, each....**$1.80**

Audible Alphabet Transmitter

This equipment provides an easy and quick means of learning the art of receiving. It is wired in circuit with a sounder, the perforated ribbons being fed between an electrical spring contact, so that letters and words are perfectly sounded. By furnishing a number of records, each with a different arrangement of letters, punctuations, numerals and words, a course of instruction is provided which is unexcelled in proficiency. Ship. wt., 12 oz.

63C1748—Complete, with four ribbons. Price **$1.05**

Battery Motor

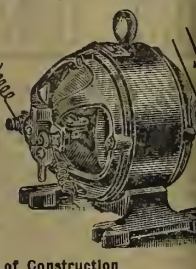


A very powerful little battery motor, modeled after the modern large size motors. It is compact, efficient and carefully made. Requires but little current. Will run on one, two or three cells of battery. The machine is series wound, will operate on a step-down transformer. Has a three-section armature. It is just the thing for operating mechanical toys, for experimental and laboratory work. Finely finished in black enamel. M in two sizes.

63C1610—No. 1 Battery motor. Height, in. Has ½ in. grooved pulley. Shipping weight lbs. Price, each .....**$1.**

63C1612—No. 2 Battery motor. Height, 4 Has ⅝ in. grooved pulley. Shipping weight, 5 Price, each .....**$1.**

Electric Engine



A very attractive amusing electric mo that will keep most boy interested. quite powerful and run mechanical t countershafts, etc W run in either direct at a speed varying fr 200 to 2,000 revo tions per minute. Both speed and reverse can instantly changed by moving the controlling le while the engine is in motion. Will run on single dry battery, but more can be used if desire

63C1620—Small Size Electric Engine. Leng 4 in. Width, 1¾ in. Diam., fly-wheel, 2 Ship. wt., 1 lb. Price, each **48**

63C1622—Large Size Electric Engine. Leng 5⅜ in. Width, 2½ in. Diam., fly-wheel, 2⅝ Ship. wt., 2 lbs. Price, each **8**

63C1624—Extra brushes for either of above gines. Shipping wt., 1 oz. Price, each.....

Knapp Types SS Dynamo Motor

May be used either as a Dynamo or Motor. With this machine you can electroplate, charge small storage batteries (not automobile storage batteries), light lamps, run motors, trains of cars, induction coils; in fact, its uses are almost unlimited. This Dynamo is a miniature duplicate of machines in actual commercial operation.

Points of Construction

Field—Cast solid, with coils form-wound, connected in multiple. Oil Cups—Two. Armature—Diameter, 1¾ in. Drum type. Six slots, laminated. Brushes—Adjustable, with set screw. Rocker Arm—For turning the brushes to the lines of commutation. Pulley—Diameter, 1 Pulley grooved for 3/16 in. round belt. Finish Black enamel. Approximate Output at 3,000 revolutions, open circuit, 8 volts. Safe maximum load 6 volts, 4 amperes. Will light three four-candle power Tungsten lamps. Used as a dynamo, it may be operated by hand power described below, by means of a 3/16 in. round belt, it may be connected to a gas engine, sewing machine, or other mechanical device. As a power motor, runs well on two three or four dry cells. Height, 5 in. Shipping wt., 7½ lbs.

63C1665 — Knapp Type SS. Dynamo-Motor. Price, each .....**$3.**

Hand Power Gear Machine

63C1667—Hand Power Gear Machine. operating Type SS or similar Dynamo-Motors. Highly geared. Will drive dynamo at high speed with little effort. Shipping weight, 7 lbs. Price, each .....**$2.**

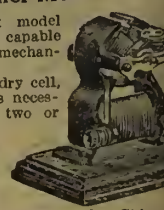
Step-Down Transformers

These transformers are designed to operate on alternating current of 100 to 130 volts, 60 to cycles. They are so constructed that they will reduce this high voltage current to lower voltages ranging from 2½ up to as high as 27½ volts the largest. While these low voltage currents are still alternating they will operate nearly all classes of direct current apparatus, such as induction coils, bells, buzzers, low voltage lamps, series wound motors, electric trains, etc. A number of different currents having different voltages can be drawn at the same time from any of these transformers.

Efficient in design and construction. Attachment is made to any lamp socket.

Special Transformer

63C1695 — Special transformer, 40 watt capacity. Produces from to 27½ volts, in 2½ steps. An efficient small neat and compact device that will operate trains of motors. Retail price $2.75. Shipping weight 4½ lbs. Price....**$1.**



Transformer

63C1696—Transformer Capacity, 60 watts. six different voltages ranging from 3 to 19 v Shipping wt., 10 lbs. Price, each .....**$3.**

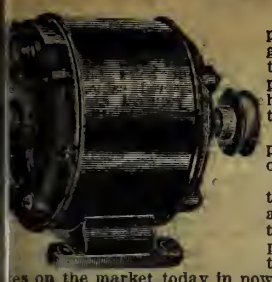
63C1698—Transformer Capacity, 120 watts. ten different voltages, ranging from 3 to 26 v Ship. wt., 13 lbs. Price .....**$4.**

Hummer Motor

This is the smallest model we have, but a very capable one for running small mechanical devices.

Can be run with one dry cell, but when more power is necessary to be developed, two or three should be used.

Mounted on polished base and finely finished. Will operate on step down transformer. 2,000 revolutions per minute. Series wound. Ship. weight 18 ounces.



63C1600—Hummer Motor. Price, each....**8**

63C1602—Four Blade Fan for Hummer Motor. Shipping weight, 3 ounces.....

63C1604—Extra Brushes. Shipping weight ounces. Price, per pair.....

Can you run an engine? Books that tell how on page 568

Fractional Horse Power Motors

These motors meet the requirements of all users of small power units. For mechanics, printers, storekeepers, dentists, garages, running washing machines, pumps, grinders, and for the many other applications of electrical power. They are compact, neat, clean, efficient, smooth and quiet running, and have a very low temperature rise. Wherever there is a wheel to turn they will be found economical and money savers.

Strong base with four holes permit them to be easily set in place. All connections easily made on two binding posts on outside of motor.

These motors are designed for either continuous or intermittent service. They are of the very best design and construction and of the highest efficiency. Have extremely good starting torque and large overload capacity. Comparative tests have proven them to be equal to any small power motor in all things that are essential, and superior to most of the well known es on the market today in power, efficiency, smooth and cool running, and overload capacity. y will give satisfactory service even under the most severe conditions. They represent the most lful engineering in both electrical and mechanical construction, and at our prices they are by the best motor values ever generally offered.

hese motors can be attached to any lamp socket by means of the attaching cord and plug id below.

Specifications

rame——Cast Iron, finished in dull black mel.

tator——Built up of high grade steel punch-, riveted together and carefully ground to uniform air gap and correct alignment. windings are impregnated with a compound hat they are practically waterproof.

otor is built up of very thin Norway iron chings which are electro-welded together opper bars. There are no windings on the rnating current machines and no solder on rotor. The rotor or armature of the direct ent machines are carefully wound and imnated. The commutators are large and fully made.

haft——Hardened high grade steel, ground polished, perfectly aligned and perfect fit.

earings——Special phosphor bronze of the e durable kind. Extra large to insure a life.

ubrication——Bottom feed oil cup with oiler. Perfect lubrication all the time.

peration——Will start under full load, have arting torque of better than 150% of full l torque.

Efficiency——Motors are tested under 50% overload and will carry 100% overload momentarily without injury to motor.

We could, if we choose, rate our 1/20 H. P. motors at about 1/10 H. P., our 1/12 H. P. at 1/8 H. P., our 1/8 H. P. at 1/6 H. P., or 1/6 H. P. at 1/4 H. P., and would in a measure be justified in doing so. We prefer, however, to rate our motors on a safe, conservative basis so that they will carry their rated load continuously even under adverse conditions.

Shipping weight is 3 pounds more than the actual weight.

Pulley——Supplied with pulley 2 in. diameter, ½ in. wide, grooved to take ⅜ in. round belt. Other size pulleys supplied at low prices.

Dimensions and Weight

Size Motor Hnrse Pnwer	Width Over All Inches	Width Body Inches	Diam. Inches	Height Inches	Actual Weight
1/20	6⅝	3⅝	6⅛	6 5/16	12 lbs.
1/12	7⅞	4⅞	6⅛	6 5/16	16 lbs.
1/8	7⅞	4⅞	6⅛	6 5/16	18 lbs.
1/6	8⅝	5 5/16	6⅛	6 5/16	19 lbs.
1/4	8⅝	5 5/16	6⅛	6 5/16	22 lbs.

Price List of Fractional Horse Power Motors

he alternating current machines are of the induction type. The direct current machines are he brush type. All motors are self-starting, and have an approximate speed of 1710 P. M. where operated at normal voltage. Prices include motors, base and standard 2-inch ved pulley. Note that we do not overrate our motors and they will deliver their full rated acity on a continuous load. They allow for a liberal starting pull and overload capacity.

Induction Motors
105 to 115 Volt 60 Cycle Alternating Current

Size	Article Number	Price, Each
H. P.	163C6020	$1.20

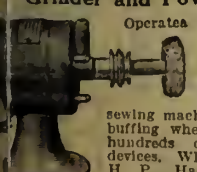
63C6154—Fifteen foot connecting cord with attaching plug, for use with any of above motors. Shipping weight, 3 pounds. Price.....85c

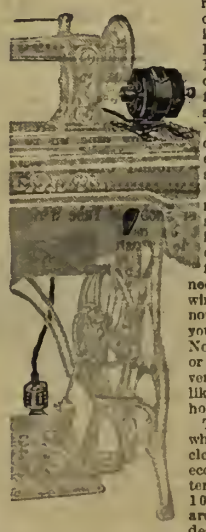
Power Electric Buffer and Grinder



Operates on either direct or alternating current 105 to 120 volts. Develops 1/12 H. P. Speed about 8,000 R. P. M. A strong brush type motor that can be applied to a great variety of uses by dentists, opticians, etc. Height, 5 in. Length over all in. Supplied with double pulley, 1¼ in., 1 ¾ in. diam., 2½ in. emery wheel and buffing wheel. Fitted with 8 foot cord and ing plug. Shipping weight, 12 lbs. Equipped heostat giving different speeds.
C6075—Price, complete.....$13.50

Buffer and Grinder Motor

ates on olt current either or al ng. Has at one f shaft to take wheel. To other shaft is fastened and emery Will produce 1/16 H. P. Pulra 1 in. and 1¼ in. in diameter. Height, Length over all, 8 in. Supplied with buffing emery wheel, oil can, wax for buffer, 3 foot ing cord and plug. Shipping weight, 4¼ lbs.
3079—Price, complete.....$5.65

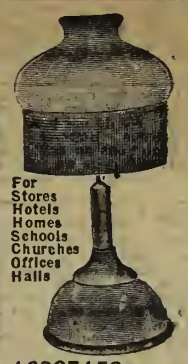


Grinder and Power Motor

Operates on electric current of 110 to 130 volts, either direct or alternating. Has sufficient power to operate window displays, sign flashers, sewing machines, eight inch fans, buffing wheels, small lathes and hundreds of other mechanical devices. Will develop about 1/16 H. P. Has two pulleys, 1 in. and 1¼ in. Supplied with buff wheel, emery wheel, oil can and or buffing wheel. Fitted with a 3 foot cord attaching plug. Height, 5 in. Length over all. Shipping weight of motor, 4½ lbs.
3057—Price, complete.....$5.20

Seamstress Electric Sewing Machine Motor

Preserve Your Health and Make Sewing a Pleasure With this Little Motor



If you have electric current in your home you can do your sewing by electricity with our Seamstress Electric Sewing Machine Motor. Just press lightly on the treadle with your foot. An automatic switch starts and stops the motor. You can regulate the speed of your machine from a stitch at a time to 800 stitches a minute.

Easy to attach. Fits any make or model standard sewing machine. Just set it on the machine. Anyone can put it in place in a few seconds. No tools necessary. Can be removed whenever you wish. You do not change, mar, or alter your machine in any way. No danger to either yourself or children. Uses any convenient electric socket just like any other electric household appliance.

The motor can only be used where your home is wired for electric current. Cannot be economically operated by batteries. Motor is fitted with a 10-foot cord and plug, which are attached to any incandescent lamp socket. Uses no more current than any ordinary lamp. Runs on either direct or alternating current 105 to 120 volts. Shipping weight, 12 lbs. Retail value, $13.50 to $15.00.

63C6052—Seamstress Electric Sewing Machine Motor. Price, each.....$8.15

For Stores Hotels Homes Schools Churches Offices Halls

163C7152—Complete ...$6.95
Frosted crystal glass shade with beaded fringe.

Portable Safety Gasoline Table Lamps

Produces a Brilliant, Soft Light of 300 Candle Power

Perfectly safe and reliable. Explosion impossible—sanitary. Will burn upside down or in any position. Gasoline cannot escape. Eliminates the dangers of the common kerosene wick lamp.

Brighter than city gas or electricity. Gives more and better light than a dozen oil lamps and only costs 1c a night. Has no greasy wick to trim or dirty chimney to clean every day. One filling will last a week and you won't need to clean it for a year.

It gives a very bright white light easy on the eyes. Many old people do not need glasses when using this lamp. We believe it is the best all around light for the country home that we have ever seen.

Gives a very bright white light of 300 candlepower (as much as five center draft oil lamps). Perfectly safe. Costs only 1c for three hours' use. Capacity, 2 qts.; burns 25 hours on one filling. Quickly filled and lighted. A very clean lamp, no dirt, smoke or smell. Uses any standard shade. Height, 20 in. Finished in polished nickel. Cool fibre handle. Two mantle burner. Complete with air pump, 2 mantles, lighter, wrench, hanger and extra filter. Shipping weight, 10 lbs. Uses 63C7055 mantles.

Economical Beautiful Portable Brilliant Simple Sure Safe

163C7150—Complete ...$6.45
Ribbed opal glass shade, diameter, 10 inches.

Gas and Gasoline Mantles

The quality of a mantle can only be determined by its length of service and the candle power light it gives on a given amount of gas. No one can tell by looking at a mantle what its quality is. Therefore it is better to purchase your mantles from a house that assures you satisfaction. In addition, our prices represent a big saving to you. These mantles are made specially for us by a manufacturer whose name is synonymous with gas mantles.

63C7030—High grade triple quality cap mantle. Retails as high as 30c each.
Price, per half dozen.....94c

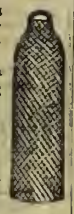
63C7035—Fine grade double quality cap mantle. Retails as high as 25c each.
Price, per half dozen.....73c

63C7040—Good grade good quality cap mantle. A regular 15c retail value.
Price, per half dozen.....53c

63C7045—Our Leader cap mantle. A 15c retail value. Price, per half dozen.....42c
Shipping weight of above, per half dozen in cartons, about 1 pound.

Inverted Mantles on Magnesia Rings

63C7060—Our best grade inverted mantle. Triple quality. Retails as high as 30c each.
Price, per half dozen.....93c



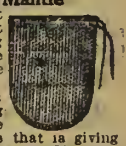
63C7065—Fine grade, inverted mantle. Double quality. Retails for 25c. Price, per half dozen..72c

63C7070—Good grade, inverted mantle. Good quality. Retails for 15c each.
Price, per half dozen.....53c

63C7075—Our leader inverted mantle. A 15c retail value. Price, per half dozen.....42c

63C7078—Soft, self shaping inverted mantle. Extra heavy. Shapes itself perfectly after being put on lamp and burned. Regularly sold for about 25c. Price, per half dozen.....84c
Shipping weight of above, per half dozen in cartons, about ½ pound.

Gasoline Pressure System Mantle



63C7080 — Gasoline pressure system mantle. Length, 4½ inches with wire support. Shipping weight, per half dozen, 1 pound. Price, per half dozen.....94c

63C7081 — Gasoline pressure system mantle. Length, 4½ inches with magnesia center rod. Shipping weight, per half dozen, 1 pound.
Price, per half dozen.....94c

Gasoline Gravity Loop Mantles

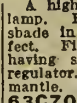
63C7082—Price, per half dozen...67c
Gasoline Gravity Loop Mantle with wire support. For use on gravity pressure gasoline gas, hanging or table lamps. Length, 3½ inches. Shipping weight, per half dozen packed in carton, 8 ounces.

Soft Inverted Rag Gasoline Mantle

63C7050 — Regular size soft mantle. Can be crumpled without injury. Shapes perfectly, after being tied onto ring and burned. For use on gasoline systems or single mantle lamps and lanterns.
Price, per half dozen.....47c

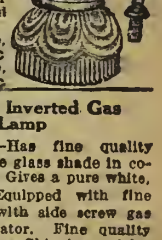
63C7055—Junior size. Soft Rag Mantle. For use on gasoline portable table lamps and lanterns. A mantle that is giving satisfactory service to thousands of users. Shipping weight of above, per half dozen, 1 ounce.
Price, per half dozen.....39c

Higrade Inverted Gas Light



63C7020—A high grade inverted gas light. Screws onto any gas jet. Fine quality burner equipped with side screw gas and air regulator. Has half frosted, round, open bottom globe. High grade mantle. Shipping wt., 4 lbs. Price, complete.....39c

Home Gas Arc Lamp



63C7002—Produces double the candle power, yet consumes no more gas than the ordinary inverted light. Burner is brass, in brush (satin) finish. Fitted with gooseneck, bypass, pilot light, gas and air regulator, magnesia mantle support and best quality inverted mantle. Opalescent glass shade. Shipping weight, 5 lbs.
Price, complete.....$1.15

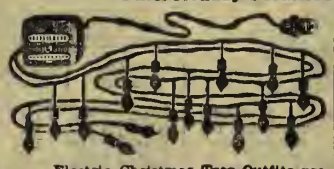
Junior Mantle Light

63C7004 — Can be screwed inside of any upright gas shade in place of regular jet, converting it into a mantle lamp. Three times as much light, one-fourth the gas. Brass gas regulator, mica chimney; good mantle. Ship. wt., 1 lb. Each, complete..21c

Our Special Inverted Gas Lamp

A highly efficient inverted gas lamp. Has a handsome glass shade in drapery and prism effect. Fitted with brass burner having side screw gas and air regulator. Fine quality inverted mantle. Shipping wt., 4 lbs.
63C7007 — Price, complete, with frosted crystal shade..64c
63C7005 — Price, complete, with frosted crystal shade..68c

Colonial Inverted Gas Lamp



63C7001—Has fine quality alabaster white glass shade in colonial design. Gives a pure white, soft light. Equipped with fine brass burner with side screw gas and air regulator. Fine quality inverted mantle. Shipping weight, 4 lbs. Price, complete.....68c

Electric Lighting Outfits

For Christmas Trees and Other Holiday Occasions

Electric Christmas Tree Outfits present a very fine appearance. The lamps are clean and absolutely safe, having a great advantage over candles in this respect. Easily and quickly put upon the tree. Will burn in any position. Very attractive for parties throughout the year, lawn fetes in summer, Halloween, Thanksgiving and numerous other occasions. All outfits have assorted red, blue, green and clear lamps of about 2 candle power. Long attaching cord and plug or clips for attaching to light socket or battery, as required.

For Use on Power Current, 105 to 120 Volts
Attach to any lighting socket.

63C1670 — 8-light outfit. Ship. wt., 2 lbs. Price..$1.95
63C1672 — 16-light outfit. Ship. wt., 3½ lbs. Price $3.85
63C1674 — 24-light outfit. Ship. wt., 5 lbs. Price..$5.75
63C1676 — 32-light outfit. Ship. wt., 6½ lbs. Price $7.50
63C1678—Extra 14 V., 2 C. P. lamps, colored. Ship. wt., 4 oz. Price, each.....16c
63C1680—Extra clear lamp. Ship. wt., 4 oz. Each....15c

For Use on Storage Battery, Current 30 to 32 Volts
Attaches to any lighting socket.

63C1682 — 8-light outfit. Ship. wt., 2 lbs. Price..$2.10
63C1684 — 16-light outfit. Ship. wt., 3½ lbs. Price $4.20
63C1686—Extra 4 V., 2 C. P. Tungsten lamps, colored. Price, each.....18c
63C1688—Extra clear lamps. Price, each.....17c
63C1690 — Battery outfit, complete with 8 lights and 3 dry batteries. Ship. wt., 8 lbs. Price, per outfit.....$2.85

Electric Fans

Well designed and carefully made of the best materials. All bearings are of liberal proportions, producing a smooth even running motor of highest efficiency. Body finished in black enamel. Fan and guard made of polished brass. Each fan supplied with 6 foot cord and attaching plug.

163C6065—Desk Type Universal Electric Fan. Runs on either direct or alternating current, of 100 to 115 volts. Four blade fan 8 inches diameter. Has three speeds. Shipping weight, 15 lbs. Price, each.....$7.50

163C6067—Universal Electric Fan. Same as above, but oscillates. Price, each.....$11.00

163C6069—Three speed Induction Type, 12 in. Electric Fan. Runs on 110 to 115 volt alternating current. Note that this is an induction, not brush type, fan. Runs smoothly with very little noise, which a brush type motor will not do for long. Shipping weight, 40 lbs. Price, each....$13.25

163C6071—Three speed, Induction Type, 12 in. Oscillating Electric Fan. Shipping weight, 42 lbs. Price, each $16.50

Eight-Inch Universal Fan

A well made fan that will operate on either direct or alternating current, of 100 to 115 volts. Four blade fan, diameter, 8 inches. Cast iron body and base, height, 11 inches. Motor is of the same quality as the higher priced fans, giving a much stronger breeze than most fans of this size. Finished in black enamel and presents a very pleasing appearance. Complete with 6-ft. cord and attaching plug. Shipping weight, 12 pounds.
163C6033—Price $4.98

Six-Inch Universal Fan

A small, well made fan, suitable for use in a bedroom or other small room where a moderate breeze is wanted. Four blade fan, diameter, about 6 inches. Height, 8 inches. Black finish with polished nickel plated blades. Adjustable for use either as a desk or wall fan. Operates on either direct or alternating current of 105 to 115 volt. Complete with 8-ft. cord and attaching plug. Shipping weight, 3½ lbs.
63C6074—Price $4.35

Tungsten Lamps

Drawn Wire Type

These lamps are the highest scientific development in the art of lamp making. They are marketed under various manufacturers' trade names, such as Mazda, U. S., Laco, etc. The lamps we supply are equal in efficiency, brilliancy and length of life to any lamps on the market, and we will replace any lamps that are defective. Produce three times as much light as the old type carbon lamps on the same amount of current.

Use An Electric Flashlight—Safe, Clean and Reliable

The Batteries

h which we equip our flashlights are the very best obtainable. y are the result of years of scientific research and will give ut three times the service of any other type of battery. It known under various trade names, such as Tungsten, lio, Mars-Bright, etc. Equal to any. It gives re service than the average, and more dura-. We guarantee the burning life of se batteries and will replace any tery that does not give satis-tory service.

Bull Dog size, 1 ½ x 6 ½ inches. This is the most popular and most practical size of the handsome nickel case flashlights. The case is of brass, finely nickel plated and polished. The design is perfect, the materials heavy and strong, and the finish as elegant as the silver plating on jewelry. This light fits the hand snugly and is convenient to carry in the pocket. Cannot short circuit when brought in contact with metal. Has a switch for flash or continuous light. Useful to automobilists, watchmen, oilmen. Very handy for general use. Shipping weight, 19 ounces. Fitted with 63C2205 two-cell Veri-Best battery and 63C2306 2.9 volt Mazda Tungsten Lamp.

63C2050—Nickel Light complete. Each..... **98c**

Our Flashlights are Ever Ready, Handy and Safe

These lights are fire and fool proof. May be placed in the hands of a child; may be brought in direct contact with the highest explosives without danger. There is nothing to explode; no smoke and no odor. No matter how hard it blows or storms out of doors, they will continue to give a clear, strong light. By merely pressing the button they instantly give light, which can be turned off immediately or be kept burning as long as the battery lasts.

Bull Dog size, 1 ½ x 6 ½ inches. Handy size and one of the most practical. Case is of finest quality polished vulcanized black fiber. Fittings are of heavy brass, heavily nickel plated and fit the case snugly. Cannot short circuit on contact with metal, a new special feature of value. Extensively used by watchmen, inspectors, firemen, etc. Dependable and ever ready. Throws steady stream of light that will penetrate the darkness a great distance. Absolutely safe, no danger of fire even around gasoline or explosives. Switch for flash or continuous light. Shipping weight, 18 ounces. Fitted with 63C2205 Veri-Best guaranteed two-cell battery and 63C2306 2.9-volt Mazda Tungsten lamp.

A Good Light Means Safety First

Electric bicycle lights are the most satisfactory yet devised. By just pushing the switch you get a brilliant, even, white light, that won't jolt out or blow out, even in the strongest wind. The lamp is always cool and can be quickly adjusted to throw a light in any direction. Our electric bicycle outfits are strong and well made. They are designed to stand the jars and bumps of country riding. Finely finished and will add to the appearance of your bicycle.

You should have one of these electric lighting outfits to make night riding safe and pleasant.

Single Cell Electric Bicycle Light

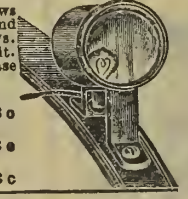
Lamp fastens onto handle bars. Battery container fastens onto frame. Makes a handy light-weight outfit. Lamp body is japanned finish with nickel plated rim. Container is japanned metal and has convenient switch for turning light on and off. Shipping weight, 3 pounds.

Prices do not include batteries.

63C2192—With 1½ volt lamp. Takes any regular 2½x6 inch battery. Each **90c**

63C2193—With 3 volt lamp. Takes our wonderful Nitrogen battery. Gives a very brilliant light. Each..... **94c**

Double Cell Electric Bicycle Light

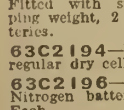


Gives a more brilliant light than the single cell outfit. Lamp fastens onto handle bar. Battery container, holds two dry cells and fastens onto frame. Container is japanned metal. Shipping weight, 4 pounds. Prices do not include batteries.

63C2194 — With Japanned finish lamp and 3 volt bulb. Uses two regular 2½x6 inch cells. Each..... **$1.05**

63C2195—With Japanned finish lamp and 6 volt bulb. Uses two of our wonderful Nitrogen batteries. Each..... **$1.09**

63C2191—With full Nickel Plated lamp and 3 volt bulb. Uses two regular 2½x6 inch cells. Each..... **$1.25**



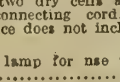
Fits your mud guard. Easily attached. Shows a red light which will protect you from rear end collisions and also complies with rear light laws. Is attached to a regular bicycle headlight outfit. Shipping weight, 6 ounces. No battery or case included.

63C2180—Price, with 1½ volt lamp. Each **48c**

63C2181—Price, with 3 volt lamp. Each **48c**

63C2182—Price, with 6 volt lamp. Each **48c**

Porcelain Sockets

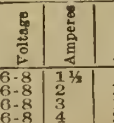


Can be screwed to any wood support. Weight, 1 oz.

63C2750 — Miniature base porcelain sockets. Each **4c**

63C2752 — Candelabra base porcelain sockets. Each **6c**

Brass Lamp Sockets



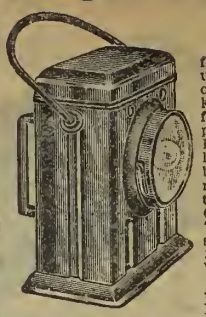
Can be screwed upon any ⅛ in. standard, or can be hung by a flexible cord. Weight, 1½ oz.

63C2754— Miniature base. Each **23c**

63C2756 — Candelabra base. Each **24c**

63C2758 — Two-point Ediswan base. Each **26c**

Pendant Porcelain Socket



Has wire leads. Can be used for drop-light or out-of-doors. Weight, 1 oz.

63C2762 — Miniature base. Each **9c**

63C2764 — Candelabra base. Each **10c**

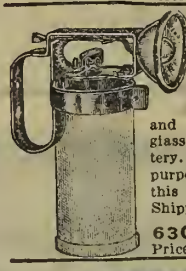
Delta Two-Cell Electric Hand Lantern

This electric lantern is designed and built for continuous hard usage. For the many uses around the farm, for use on boats, in oil houses, in powder mills, on vehicles of all kinds, and hundreds of other uses this is the finest light ever devised. Gives a bright, penetrating light at a very low upkeep cost. It will not cause explosions, and is absolutely safe under any conditions. Will not blow out or shake out and is dependable and reliable. Hang it up on the wall—it lights the whole room. Uses standard size dry cells. Case is of heavy drawn japanned steel. Size, 7½x5½x2¾ in. Flanged base prevents upsetting. Triple silver-plated reflector; width, 3¼ inches. Switch to turn light on and off. Weight, about 1½ lbs., without batteries.

63C2026—Lantern with 3-volt bulb for use with two regular No. 6 dry cells. Price, without batteries..... **$1.28**

63C2028—Lantern with 6-volt bulb and fitted with two long life nitrogen batteries, gives a very brilliant light. Shipping weight, 8 lbs. Price **$2.15**

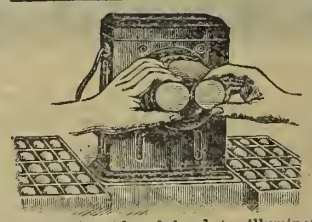
One-Cell Spot-Light Electric Lantern



Throws a brilliant shaft of light 250 to 300 feet. Just the thing for farmers, automobilists, watchmen, and inspectors. Sportsmen use it to spot game at night, deliverymen to spot house numbers. Fine to light up the road at night. Absolutely reliable. Can't blow out. Perfectly safe in hayloft, around gasoline or powder. Strongly made in the best possible manner. Handsomely finished in black enamel. Size, about 3x7½ in. Uses any standard No. 6 battery. Weight, 12 oz., without battery.

63C2034—Lantern fitted with 1½ volt bulb for use with any standard No. 6 battery. Price, without battery..... **68c**

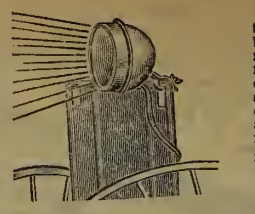
63C2036—Lantern fitted with 3-volt bulb and Nitrogen battery. Shipping weight, 5 lbs. Price **$1.13**



Delta Battery Attachment

A very practical and inexpensive device, of strong, substantial construction. Gives an excellent light with an even, bright field. Finely finished. Has switch to turn light on and off. Has large polished reflector protected by glass lens. Attaches to any standard No. 6 battery. Batteries that are too weak for any other purpose will give many hours of useful light with this device. Fitted with 1½-volt Tungsten lamp. Shipping weight, 1 lb.

63C2037—Battery attachment. Price, without battery..... **34c**



Electric Egg Tester

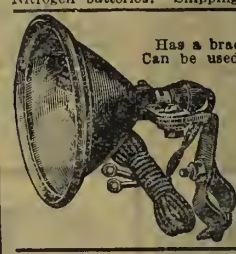
The best device for testing eggs. Solves the egg testing problem. A powerful light penetrates the thickest shells. No danger of fire, no oil, grease, dirt or smell. Tests any time and anywhere. Operates on ordinary dry batteries which will last a long time and can be cheaply renewed. Two eggs can be tested at a time, permitting great speed. Small windows are cut in side of hood to illuminate cases of eggs. The testing hood is detachable, and when detached you have our regular Delta two-cell lantern, as described above.

63C2039—Electric Egg Tester. Complete with 3-volt lamp for use with two regular No. 6 batteries. Shipping weight, 2 lbs. Price, without batteries..... **$1.48**

Electric Buggy Outfit

Every buggy should have an electric Lighting Outfit. They throw a brilliant light ahead to light the road and at the same time a red light in back, which eliminates danger from rear end collisions. They are easily attached to any buggy and can be adjusted to throw a light in any desired angle. Inexpensive to maintain, no botber to keep them clean and with a press of the switch you have a light that won't jolt out or blow out in the strongest wind or rain. Our outfits meet the requirements of the various state laws. Fitted with our wonderful Nitrogen batteries, these outfits throw an amazing amount of light. The batteries produce about twice the volume of light of the ordinary dry cells and have about twice the length of life.

Triangle Electric Buggy Light



A complete outfit with metal container for batteries. Throws light ahead for 200 feet or more. Fitted with rear red lens. Fasten lamp to bow or dash, put batteries in container under seat, a press of switch gives you light. Container and lamp finely japanned. Will not rust. Will give long satisfactory service. Can be used on either right or left side.

63C2098—Complete with 3 volt lamp for 2 regular 2½x6 inch dry cells. Batteries not included. Shipping weight, 4 pounds. Price ..... **$**

63C2099—Complete with 6 volt lamp and two of our wonderful Nitrogen batteries. Shipping weight, 10 pounds. Price ..... **$**

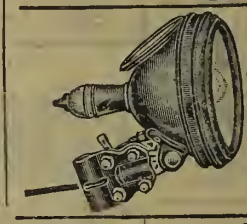
Victor Buggy Light

Has a bracket to fit on dash, seat arm or top. Can be used on either right or left side. Lamp finely finished with rear red lens and inch flared front.

63C2096—Outfit with 3 volt lamp for use with 2 regular 2½x6 inch cells. Shipping weight, 4 pounds. Price, without batteries..... **$**

63C2095—Outfit with 6 volt lamp and two of our wonderful Nitrogen batteries. Shipping weight, 10 pounds. Price ..... **$**

De Luxe Buggy Light



A handsome lamp. Mounted on bracket for either right or left side. Fits dash, seat or bows. Reflector is silver plated and polished. Red lens in front complies with law. Fitted with connecting cord and switch.

63C2103—Outfit with 3 volt lamp and take two regular 2½x6 inch dry cells. Shipping weight, 4 pounds. Price, without batteries..... **$**

63C2102—Outfit with 6 volt lamp and two of our wonderful Nitrogen batteries. Shipping weight, 10 pounds. Price ..... **$**

De Luxe Spot Light

A high-grade Spot Light. Has enamel door and body. All parts enameled. Three inch rear sight mirror reflects objects in back in the daytime. Silver reflector. Can be adjusted to throw a brilliant light in any direction. Equipped with switch, six-foot cable with terminals, 6 volt, 15 C. P. Bulb. Can be clamped to automobile windshield or deck of motor boat. Shipping weight about 5 pounds.

63C2184—Complete Price ..... **$**

Extension Light

63C8381—A strongly made extension light for use in garages, factories, barns, etc. Has protecting guard and wooden handle. Key socket, 110 volt 16 C. P. carbon lamp, 12 feet of extension cord and attaching plug. Shipping weight, 2 pounds. Price **$1.15**

Electric Lantern

Useful in mines, factories, farms, garages, in the household, etc. Convenient in size and shape. Absolutely safe. Can be carried around, hung up or set down anywhere. Can be set in hay or other inflammable material without danger. Gives a bright light. The hardest rain or wind cannot affect it. No matches needed. Just turn the switch and you have a light. Substantially constructed. Tinned finish. No smelly oil, no smoky chimneys. Height, 9 inches. Base, diameter, 5 inches. Shipping weight, 5 pounds.

63C2146—Complete with battery..... **$2.05**

63C2251—Extra Batteries. Each..... **.30**

De Luxe Motor Boat and Canoe Search Light

Fine quality, high-grade and finely finished. Can be adjusted to throw a brilliant searchlight in any direction. Has four inch face with highly polished searchlight reflector. Has green and red, port and starboard signal lights. Polished nickel finish. Fitted with 3½ feet connecting cord. On and off switch plug. Swivel bracket and deck base. Six volt lamp unless otherwise specified. Can be wired to storage battery or dry cells. Shipping weight, 5 pounds.

63C2190—Complete Price **$3.75**

Presto Canoe Light

Has red and green port and starboard lights. Bracket can be screwed onto seat or railing. Can be wired to storage battery or dry cells. Good results are obtained when two dry cells are used. Fitted with switch and connecting cord. Shipping weight, 2 pounds. Price does not include batteries.

63C2194—With 3 volt lamp for use with two regular dry cells. Each..... **$1.35**

63C2196—With 6 volt lamps for use with two Nitrogen batteries, or 6 volt storage battery. Each..... **$1.35**

Drawn Wire Tungsten Automobile and Battery Lamps

Standard Quality Drawn Wire Tungsten Lamps. Highest efficiency. Long Life. We save you about 25 per cent of the regular retail price. The Regular Type Lamps have an efficiency of about one watt per candle power. The Nitrogen Filled Lamps, an efficiency of about .67 watt per C. P. On the same current they give 50 per cent more light than the regular type. Be careful to select your lamps having C. P., Voltage and Base to suit your needs. Illustrations show Ediswan type bases. The One-Point Ediswan base lamps are used on one wire lighting system. Two-point on two wire systems. The Candelabra and Miniature base lamps have screw bases, the Candelabra 15/32 in. diam.; the Miniature ⅜ in. diam. All lamps formerly made in 6, 7 and 8 volts are now replaced by the 6-8 volt lamps; 12, 14 and 16 volt lamps by the 12-16 volt lamps. Shipping wt., 2 to 6 oz.

Jenks Electric Lantern

Will light and stay lit in all kinds of weather any time and any place. No dirt, no grease, no soot. Perfectly safe around highest explosives. Throws a light all around. Strongly made. Polished nickel finish. Lights when handle is raised and remains lighted as long as handle is up. Lowering handle on one side puts it out. Lowering it on the other side allows it to remain lighted. Gives a brilliant light, much brighter than a kerosene lantern. You can tip this lantern over in hay or other inflammables. Height, 9½ in. Diameter of base, 5 inches. Shipping weight.

63C2140—Complete with battery. Price. **$**

63C2251—Extra batteries. Each.....

Watchman's Electric Lantern

A light you can depend on. Absolutely safe. Unaffected by wind or rain. A reliable light for watchmen, signal men, conductors, etc. A fine light for hunting, fishing and camping trips. Throws a strong, steady light a long distance. Cannot explode, can be turned on or off on instantly. Made of brass, highly nickel-plated and polished. Shipping weight, 4 lbs.

63C2142—Complete with battery. Price ..... **$**

63C2253—Extra batteries. Each .....

Electric Candle Light

A candle light, beautiful and simple in design, handy in size, finely finished in polished nickel. Can be lighted instantly by switch. Burns with a steady, brilliant white light that is unaffected by drafts. No dripping grease and no odor. Can be carried from room to room without being blown out, or set down among inflammable materials without danger of fire. Just the thing for sick room or children. Very ornamental and practical. Shipping weight, 1 pound. Uses 6 battery; 63C2303 lamp.

63C2144—Complete price..... **$**

Boudoir Electric Candle Lamp

An elegant beautiful candle lamp. Made of heavy cast metal, handsomely embossed and chased in Adam design. Heavily plated with 24 karat gold, with bigh lights burnished. This is a very ornamental and practical lamp. Very desirable for boudoir and bedrooms. Sells for about $3.00. Shipping weight, 1½ pounds. Uses 63C2202 lamp or 63C2303 lamp. Makes a fine wedding or Christmas gift.

63C2147—Complete. Price ..... **$**

Ford Owners—be sure and see our Ford Detachable Bodies

lectric — Ignition — and Lighting Equipment

re has been a sharp increase in the price of Zell batteries during the past year, owing to act that raw material is at present considershort of the regular supply. We have, therebeen obliged to raise our prices slightly. How- we offer you a substantial saving on this s our prices are still comparatively low, and tock always fresh. On account of the unstable ions our prices on batteries are subject to e. If the prices decline you will receive the t. If they advance we will be forced to adour prices proportionately.

Eveready Dry Battery

A battery combining high amperage and voltage with long life, extraordinary recuperation and absolute uniformity. Excellent for ignition work, operating small motors, or for lighting low voltage miniature lamps.

63C2501—Style J. Batteries measure 2½x6 in. Ship. wt., each, 3 lbs. Test, 22 to 25 amperes. Each ....**31c** Per dozen....**$3.60**

63C2503—Style K. 3x7 in. Ship. weight, each, 5 lbs. Test, 27 to 30 es. Each.....**50c** Per dozen.....**$5.70**

2505—Style L. 3½x8 in. Ship. wt., each, Test, 30 to 35 amperes. Per cell....**70c** ozen **$8.10**

Red Seal Dry Battery

battery designed especially for gas soline ignition on stationary en- or motor boats; also gives the best rvica on telephones and signaling s, experimental apparatus, etc.

2509—Style A. 2½x6 in. wt., each, 3 lbs. Amperage test, 25.

per cell..**31c** Per doz.**$3.60**

2511—Style B. 3x7 in. Ship. ach, 5 lbs. Amperage test, 25 to Each .....**$0.50** ozen **5.70**

Columbia Ignitor Dry Battery

For gas or gasoline engine ignition. Develops a strong, heavy current. Very satisfactory for operating small motors, bells, annunciators, etc. Suitable for use wherever a dry battery is needed.

63C2514 — 2½x6-inch, Columbia Ignitor Dry Battery. Averege initial amperage, 22 to 25 amperes. Ship. wt., each, 3 lbs. Each.....**$0.32** Price, per dozen..... **3.60**

-Po Water-proof Battery

terproof easing. Protects the hatabsolutely against moisture and . This feature will save many hetwhich would otherwise be shortted. The ideal battery for gas e used in the open, motor boats utomobiles, where batteries are to become wet. The cell itself th grade in every respect. Has a initial amperage, heavy discharge, nusually long life.

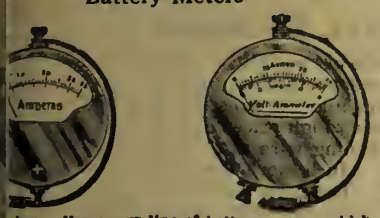
2519—Style B. Battery, 2½x6. Test, 24 to 27 amperes. Ship. wt., each, 3 Price, each.....**31c** Per dozen.....**$3.60**

2521—Style E Battery, 3¾x8 in. Test, 30 mperes. Ship. weight, each, 7 lbs. each. .....**70c** Per dozen.....**$8.10**

Special Dry Battery

Our special Dry Battery is suitable for uee on telephones, door bells, emall motors, medical batteries, signaling systems, etc. Owing to its high internal resistance it has unusual lasting qualities. Tests, 13 to 15 amperage. Ship. weight, each, 3 lbs. Size, 2½x6 in.

63C2524—Each .....**$0.26** Per dozen **3.00**

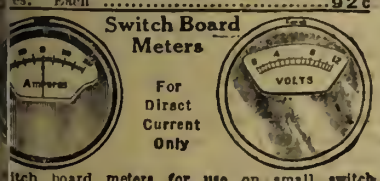


Nitrogen Battery

wonderful new battery that is ed by the manufacturers to do as work as four ordinary batteries. 3 volts, 10 to 15 amperes. While ags test is not high, battery will s work. Is equivalent to 4 ordibatteries wired in 2 series, 2 in. ple. For electric hand lamps, s, lighting systems, etc. Not recnded for ignition work. When in hand lamps, a 2.9 volt bulb is ced. Ship. wt. each, 2 lbs.

2529—Each....**45c** Per dozen....**$5.05**

Battery Meters



here offer a new line of battery meters, which elieve are without question the most accurate durable battery meters made. They will last nitely and the volt readings will be within 1/10 ccurate, ampere readings within 1 ampere ac-. We know of no other small meters that can ach them for accuracy and reliability. Ship. 4 oz. Diameter, 2⅝ in. Case is of brass, pisted. Long, flexible cord to connect to y.

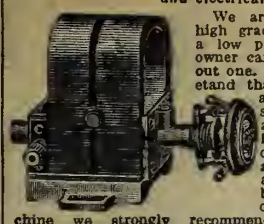
2540—Ammeter for testing dry batteries. 0 to 35 amperes. Each.....**63c**

2544—Voltmeter for testing storage batReads 0 to 8 volts. Each.....**74c**

2548 — Volt-ammeter. Tests both storage dry batteries. Reads 0 to 8 volts, 0 to 30 es. Each **92c**

Switch Board Meters

For Direct Current Only



itch board meters for use on small switch s, as on automobiles, farm lighting plants, etc. urable and accurate. Large easily-read figures oases, nickel plated, diameter, 2½ in. Ship t. 5 oz. Brass posts ¾ in. long project from so that metar can be fastened to dash or on a board.

2554—Ammetor scaled 0 in. center. Shows e or diecharge up to 20 amperes. **$1.65**

2556—Voltmeter scaled 0 to 12 volts. **$1.65**

Eveready Ignition Magneto
Make and Break or Jump Spark

One of the best magnetos made, both mechanically and electrically

We are offering this very high grade Magneto at such a low price that no engine owner can afford to be without one. It is constructed to stand the most rigid service and, with ordinary use, should last as long as any engine made. Requires no attention or repairs, other than an occasional oiling and renewal of brushes every year or so. It is a machine we strongly recommend. Thousands of them are in use and giving excellent service. Under another name many engine makers are selling this same machine, but usually at almost double our prices. Most engines can be started with this magneto without the aid of batteries. There are some engines, however, for which batteries are required for starting. After engine is started, Magneto will supply ample current to ignite any engine, even the largest, when properly installed. It is Ever Ready, when you want it. Magneto can be driven by friction of the pulley against the fly wheel, or by belt from pulley, as desired. Can be applied on any engine. Must be run at a speed of about 2,500 R. P. M. Diameter of friction pulley, 2½ in.; belt pulley, 2½ in. Both styles have an automatic governor, which prevents Magneto from running faster than necessary. Net weight, 9 lbs. Shipping weight, 11 lbs. With this Magneto the same coil now on your engine can be used, but be sure to order the correct magneto for your coil.

Price List Ever Ready Make and Break Magneto

163C2575—With friction drive pulley, without spark coil. Each **$6.40**

163C2577—With friction drive pulley, having make and break coil mounted in arch. Each **$7.35**

63C2708—5-point Switch. Price.....15c

Soot-proof Spark Plug

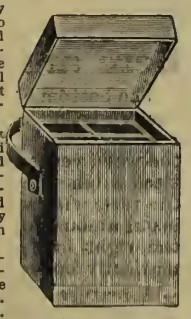
A high-grade, soot-proof Spark Plug. So constructed that the enclosed end is self cleaned at every pulse of the engine, making it impossible to short circuit or foul from soot. Specially designed for use with magneto, but equally effective when used with storage battery or dry cells. Strong and well made.

63C2720—Spark Plug. Standard ½-in. pipe thread. Porcelain core. Each **40c**

63C2724—Spark Plug. Standard ½-in. pipe thread. Mica core. Each.....**45c**

Shipping weight of plugs, 5 oz.; of cores, 3 oz. each.

The Ajax Spark Plug



A high-grade plug in a popular model. Scientifically made. Will stand the hardest usage. The positive poles are fitted with non-corroeive meteor points that will not disintegrate with heat. Shipping weighte about 5 ounces.

63C2730—Spark Plug. ½-in. pipe thread, porcelain core. Price.....**25c**

63C2734—Spark Plug. ½-in. pipe thread. Mica core. Each.....**35c**

Water-proof Battery Box

Saves its cost in a very short time by prolonging the life of the cells. Each cell is placed in a separate waterproof compartment, where it is perfectly insulated, and protected from moisture, short circuits, and broken connections.

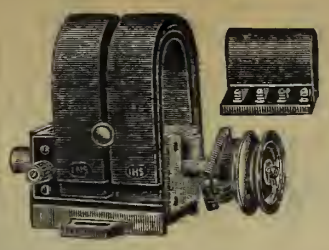
Box is made from trunk fibre, thoroughly saturated with wax; stronger than wood and lasts longer. Cell compartments are accurely cemented inside the box and thoroughly insuleted by means of a one-half inch layer of wax.

All sizes fitted with easy-connecting spring clip binding poste. Carrying straps are of strong linen tape. Shipping weight, about 4 lbs.

Boxes hold regular 2½x6 inch cells.

63C2710—To hold 4 cells. Each.....**$0.75**
63C2711—To hold 5 cells. Each..... **.95**
63C2712—To hold 6 cells. Each..... **.97**
63C2714—To hold 8 cells. Each..... **1.15**
63C2716—To hold 12 cells. Each..... **1.35**

Dry Storage Battery



A storage battery containing no plates or free liquid. Though the first cost is higher than those of the regular dry cell battery, in the long run it is far more economical. When discharged can be recharged about 300 times, the same as a regular storage battery. Each new charge increases the efficiency. Especially valuable for heavy duty work and can be used to replace the old carbon zinc type batteries for any purpose. As an instance of what it will do. On an ordinary hand lantern it is good for forty hours' continuous burning on one charge and can then be recharged and used over again. This can be repeated 300 times.

When used on a hand lantern a 2-volt lamp must be used.

The average voltage diechargo is 2 volts. Has an output of ½ ampere for 40 hours or 1 ampere for 18 hours, or 2 amperes for 8 hours, or 3 amperes for 5 hours. Ship. wt., 3½ pounds. Size of cell, 2½x6 inches.

63C2539—Price, each **$2.05**

Eveready Storage Battery Charger—
Lighting Generator

Can be installed on automobiles, motor boats, tractors, stationary engines.

We are here offering one of the most satisfactory, reasonably priced machines yet devised for producing current to light automobile or motor boats. Simply belt to your engine, and wire it to a storage battery of sufficient capacity, to which you wire your lights. You will then always have ample current for lighting your car, and for ignition, if you desire. This generator can also be attached to a farm, gas, or gasoline engine; to charge a storage battery from which current can be drawn, or to light a few lamps at night. In installing these generators on automobiles it is usually necessary to have a bracket made to hold the generator in position. This bracket can be cheaply made by your local blacksmith. Besides the bracket, a pulley to fasten onto the engine is usually required. The pulley listed below will be found adaptable to most cars. To secure the most positive drive we recommend the V pulley charger, together with the special V Battery listed. For Ford cars we can supply a complete equipment for installing, as listed below.

Specifications

Capacity—Generates 7 volts and 5 amperes, at 2,500 R. P. M.; 10 volts and 8 amperes at 2,700 R. P. M., against battery resistance. Width, 5 in. Height, 6 in. Length over all, 8 in. Net weight, 12 lbs. Shipping weight, 16 lbs. Bearings, Phosphor bronze, with dirt-proof oil cups. Automatic pulley governor prevents machine from running too fast. Cast Metal Base, with slotted ears, to allow liberal adjustment of position. Automatic Electric Cutout, controls current so that there is no danger of the battery discharging when generator is stationary or running at slow speed. Cutout is positive and depends entirely upon voltage for its action. Pulley, choice of pulleys. On automobiles, if possible, belt to fan shaft, using ⅜-in. round belt or our special V-shaped belt.

Price List

163C2590 — Battery Charger. With 2¼-in. pulley to take ⅝-in. round or ½-in. V-shaped belt. Price **$15.00**

163C2592 — Battery Charger. With 2¼-in. pulley, to take 1-in. flat belt. Price....**$15.00**

163C2594 — Battery Charger. With 2¼-in. friction drive pulley. Price.....**$15.00**

Price List Accessories

63C2601—Special ½-inch V belting for use with above. Water and oil proof. Weight, per foot, about 1 ounce. Price, per foot.....**28c**

63C2603—Special 6-inch pulley, to take ½-inch V belting. Weight, 1¾ pounde. Each.....**90c**

63C2604—Special 8-inch pulley to take ½-inch V belting. Weight, about 2½ pounds. Each **$1.15**

163C2605—Complete outfit, including bracket, pulleys, belting and bolts required to install generator on a Ford car. Shipping weight, 16 pounds. Price **$3.45**

163C2606—Complete outfit, including bracket, pulley, belting and bolts required to install generator in a model 79 Overland Car. Shipping weight, 16 pounde. Price.....**$3.00**

Storage Battery

A High Grade Battery

For sparking, lighting or starting purposes

Storage batteries are largely used for ignition, operating motors, lighting lamps, etc. These batteries are fully charged when shipped and when exhausted can be recharged by any direct current, or the charge can be maintained by connecting up with our storage battery charger. A storage battery charger and one of these storage batteries when installed on a stationary engine, automobile or motorboat, provide an ideal source of current for lighting lamps and for ignition purposes. Especially on the farm is this a desirable combination, as with the larger size battery enough current can be stored to light several 12 or 15 candle power lamps for a number of hours.

These batteries are mechanically and electrically perfect. The plates are made of the best materials. The jars are of vulcanized hard rubber. Rubber cover is carefully fitted so that there is no spilling or slopping of acid. Jars are enclosed in a strong wooden box and sealed in place.

Price List

63C2531—Six Volt 40 ampere hour capacity. Length, 7½ inches; width, 6½ inches; height, 8⅛ inches. Shipping weight, about 30 pounds. Each **$6.75**

63C2533—Six Volt 60 ampere hour capacity. Length, 9 inches; width, 7 inches; height, 8¾ inches. Shipping weight, about 40 pounds. Each **$9.85**

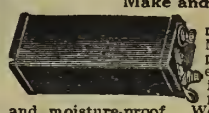
63C2535—Six Volt 80 ampere hour capacity. Length, 10½ inches; width, 7 inches; height, 8¾ inches. Shipping weight, 50 pounds. Each **$14.25**

63C2537—Six Volt 120 ampere hour capacity. Length, 12½ inches; width, 7¼ inches; height, 9 inches. Shipping weight, about 60 pounds. Each **$18.75**

Dimensions and shipping weights may vary slightly.

Jump Spark Coils

For Single or Double Cylinder Engines of any Horsepower



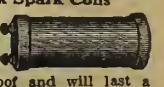
A coil of superior construction, and most improved model. Economical in battery consumption and positive in action. Construction of vibrator is such that it cannot be adjusted so as to stop engine from working, nor can it be adjusted to take too much current. The range of current consumption is from 2/10 to ¾ of an ampere. No tools necessary when adjusting. Coil windings, condenser and vibrator are perfectly balanced, therefore entirely eliminate sparking at the contact points. All energy le generated in the spark plug, where it belongs. Genuine Tungsten rivets are used for contact points. Coil windings will last indefinitely. Case is made of oak, highly finished, and small enough to fit into any ordinary battery box.

63C2625 — Single Cylinder coil. Ship. wt., about 3½ lbs. Price **$2.75**

63C2627—Double Cylinder coil. Ship. wt., about 6½ lbs. Price **$5.50**

63C2629—Extra Tungsten Rivets for vibrator contact points. Shipping weight, 2 oz. Each **38c**

Make and Break Coil



Steel Case Coil. The most efficient coil made. May be installed in wet places and exposed to the elements without affecting its efficiency. Coils are practically indestructible and moisture-proof. Work with loweet poesible current consumption. Ship. wt., 2½ lbs. Size over all, 2⅞x2½x6½ in.

63C2635—Make and Break Coil, without ewitch. Price **57c**

63C2637—Make and Break Coil, with switch for making and breaking circuit. Price.....**63c**

Tubular Make and Break Spark Coils

This coil is encased in an oxidized copper plated steel case, length 6¼ in., diameter 2½ in., the same size as a standard dry battery. It is absolutely water and moisture proof and will last a lifetime. It will produce a good, heavy spark, and is very economical in battery consumption. Suitable for use on gas engines of any size, or for electric, gas ignition. Ship. wt., 2¾ lbs.

63C2640—Tubular Make and Break Spark Coil **97c**

Cable Terminals

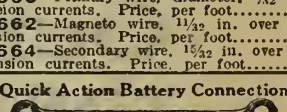
Well made, of heavy, stiff copper. Insure quick, solid connections. Ship. wt., doz., 1 oz.

63C2650 — For 5/32 in. Cable. Price per dozen.....**8c**

63C2652—For 11/32 in. Cable. Price per dozen **11c**

63C2654—For 15/32 in. Cable. Price per dozen **15c**

Ignition Cable

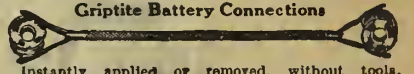


A very flexible cable, especially designed for wiring gas engines, launches, automobiles, etc. Is absolutely oil and water proof. The cable is built of fine copper strands covered with layers of rubber, over which are coverings of oil proof and waterproof braid. Ship. wt., per foot, 1 to 2 oz.

63C2660—Primary wire, diameter, 5/32 in., for low tension currents. Price, per foot.....**3c**

63C2662—Magneto wire, 11/32 in. over all, for low tension currents. Price, per foot.....**6c**

63C2664—Secondary wire, 15/32 in. over all, for high tension currents. Price, per foot.....**8c**



Quick Action Battery Connections

Made of one piece of soft copper, perfectly insulated. Attaching ends are ribbed, insuring a firm contact. Attachment to battery is quick and easy. Ship. wt., 1 oz. per package.

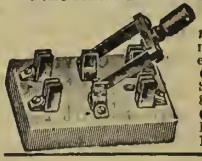
63C2670—Per package of ten.....**9c**

Griptite Battery Connections

Instantly applied or removed, without tools. Perfect contact always. Cable supported and unbreakable.

63C2672—Per package of ten. Ship. wt., 2 oz. Price **30c**

Battery Switches



Strongly made switches. Metal base not easily broken. Brass contacts and switch blade. Handle is insulated. Ship. wt., 2 oz.

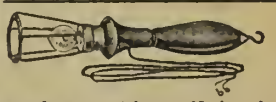
63C2680—Single Throw Switch. Each....**12c**

63C2682—Double Throw Switch. Each..**18c**

Fine Knife Switches With Porcelain Base

These switches are well made. Metal faces are nicely finished. Handles ebonized. Porcelain bases.

63C2687—Double pole. Single throw. Ship. wt., 8 oz. Price.....**24c**



63C2689—Double pole. Double throw. Ship. wt., 12 oz. Price.....**33c**

Quick Action Double Launch Switch

For two sets of batteries, or battery and magneto. The throw from one contact to the other is almost instantaneous, so as not to cause missfire. The lever is held at the neutral point by its own spring. Ship. wt., 3 oz.

63C2694—Price **31c**

Trouble Lamps

63C2674—Trouble light with wooden handle and wire guard to protect lamp. Hook to hang up light. Furnished with 8-foot cord, 6 volt, 4 C. P. Tungsten lamp, connects to battery with copper terminals. Ship. wt., 10 oz. Each.....**60c**

63C2676—Trouble lamps for motor boat, automobile, etc. Water and oil proof. Metal handle glass globe and wire to protect lamp. Stands or hangs up. Furnished with 6 volt, 4 C. P. lamp. 8 feet heavy cord and two point Ediswan connecting plug. Ship. wt., 2 lbs. Each.....**$1.35**

Our Queen Kitchen Cabinet

$23.95 with Metal Table Top — with full sliding curtain front, extension top — $27.95 with Porcelain Table Top

266C9115
Shipped from Factory in Northern Indiana

266C9117
Shipped from Factory in Northern Indiana

A high-grade Cabinet, with the latest improvements of widely advertised cabinets, but at a much lower price. You save the difference by purchasing here.

266C9115—Polished metal table top.....$23.95
266C9117—Real Porcelain table top..... 27.95
Shipped from factory in Northern Indiana.

Height over all, 70 inches. Size of table top, when closed, 40x27 in.; when extended, 40x37 in. Capacity of elevated flour bin, about 40 lbs. Capacity of glass sugar container, about 10 lbs. Shipping weight, about 230 pounds.

We send free with each cabinet, one tea jar, one coffee jar, and five spice jars, all of crystal glass with metal screw tops. Other articles displayed are not included.

This modern kitchen cabinet is built of selected **Genuine Oak,** in a pleasing golden finish. Its construction is high-grade in every detail. In fact, it is the product of a factory making a widely advertised line of cabinets which are known from the Atlantic to the Pacific. We are not allowed to sell this cabinet under that advertised name at this reduced price, but you will receive just as much value and satisfaction from your purchase as though you paid the regular retail selling price, which is a great deal more. The entire interior of the top is finished in washable white enamel, and the trimmings are all heavily nickel-plated. Special easy rolling casters allow it to be readily moved from place to place in the kitchen to facilitate cleaning.

Here are a Few Exclusive Features

The bottom of the kettle cupboard is made of specially treated rust resisting metal, and slides in a groove, so that it may be readily removed for cleaning. It is sanitary and far superior to the wood veneered bottoms, still sold on many high priced advertised cabinets. Notice also the sanitary sliding wire shelf, and the rack with which the door is equipped. Much more than the usual amount of drawer space is provided. The deep drawer on the right is metal, with a ventilated sliding lid which automatically opens or closes as the drawer is operated.

A feature of the top section which women will appreciate is the sliding curtains, built of oak strips like the curtain of a roll top desk. These curtains push back out of sight and allow instant access to the lower part of the top without moving anything which may be on the table surface. The sugar jar has an improved agitator, which keeps the sugar soft so that it will always feed through the dispenser bottom.

Get It with the Real Porcelain Top

Housewives all over America have shown their appreciation of our new Porcelain tops for kitchen cabinets by ordering them faster than the factory could produce them. These tops look and feel like a white dish and may be kept clean just as easily. They are made of real porcelain, fused on heavy sheet steel and are as durable as your bath tub. They are absolutely sanitary, because they are impervious to moisture and are not stained by fruit juices, vinegar, or anything else ordinarily used in the kitchen.

The table top of this kitchen cabinet is so built that it may be extended 10 inches, which not only gives a larger working surface, but makes it possible for you to sit while doing a great deal of your work, with plenty of knee space. Underneath the table top is a removable hardwood cutting board.

Twenty-Seven Years of "Know-How" Find Expression in Every Piece of Furniture We Sell

When the manager of our Furniture Department came to us twenty-seven years ago he had ideas all his own. Some people in the furniture business did not consider them practical then—but **he** believed in them. He went at the problem of furniture in a new way—**and worked it out.**

"We'll conduct a Furniture Department that's different," he told us. "Good furniture need not necessarily mean high prices. I'll build furniture with character. It will be beautiful, but it will serve human needs, too. I'll find the best manufacturers in the country and have them work out Furniture that will be as handsome and as modern as can be seen in the most fashionable houses. The only difference will be that it will cost our customers a whole lot less."

And this has been done.

We offer you **service** Furniture. The wood used in every piece has been **selected**—not merely picked from a pile of lumber. It is thoroughly seasoned. No moisture is left in it to warp or crack. The joints are cut carefully and true; they are not only glued with the best glue possible, but they're doweled and perfectly fitted. Every design provides for reinforcement. The upholstering is done by experts—the filling does not get out of place. There are no holes or hollows in it.

Descriptions and illustrations are exact. When we say a piece has been hand rubbed or hand polished, then the work has actually been done by hand. If it's veneered, we say so. This applies to every quality.

And we offer you fashionable furniture at the same time. Our experts study designs as carefully as those of the most expensive furniture establishments. Our manufacturers develop these designs while the styles are still new.

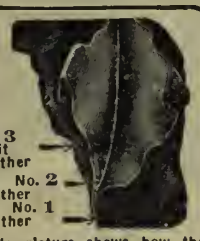
Your Furniture selections here will combine good taste with economy. You will discover a decided addition in comfort as well as smartness in your home with every piece. And your furniture will cost you surprisingly little.

Look over every page—it will pay you.

Information That Will Aid You

In Making a Selection of Leathers and Upholsteries

No. 1 Genuine Leather used on our couches, davenports, or other pieces of furniture, is selected from stock of the best quality. Our No. 1 Leather will not peel or check. It will give satisfaction in every way and we will make good on any piece which fails, by any chance, to meet the requirements of No. 1 Genuine Leather.



No. 2 Leather. This is not so soft and pliable. It has an artificial grain, is susceptible to heat and cold, and is very likely to crack and lose its finish. This No. 2 grade is used by most dealers, and called genuine leather. We can furnish it if desired, but we advise you to pay a little more and get the best to be had.

No. 3 Split Leather. This is called split leather. It is soft and spongy, artificially grained, and cracks or peels very easily. It is almost worthless as an upholstering covering. We do not use it.

Spanish Leather is Genuine Leather, finished in a pleasing, mottled brown shade, which harmonizes especially well with Fumed finish. The term Spanish refers to the coloring only.

Imperial Leather and Chase Leather are the most perfect imitations of real leather. They look like leather, and with ordinary use will wear a long time, while the price is much less than for Genuine Leather, as may be seen by the quotations which follow. The back is of very heavy duck, with a heavy composition coating made in close imitation of Genuine Leather. We recommend Imperial and Chase Leather as being very satisfactory coverings.

Crushed Plush. The rare beauty and wearing quality of Crushed Plush is too generally known to need comment. We use only the best quality, carefully made from superfine material, handsomely crushed. The rich luster of this covering is enriched by the scintillating effect given by the crushing process, which causes the nap to lie in different directions. This covering can be furnished in red, green or brown, in solid colors only.

This picture shows how the various grades of leather are obtained from a hide. The part marked No. 1 is the outside of the hide, and has a natural grain, and soft, pliable surface. It is the best leather, and the kind we quote as Genuine No. 1 Leather. The part marked No. 2 is often sold by unscrupulous dealers as No. 1. It has an artificial grain, and will not wear as long as the best. No. 3 is "split" Leather, practically valueless for upholstering purposes. We do not use it. It takes from 10 to 15 days to complete orders for upholstered furniture, after order is received.

Samples

of any leather, upholstery fabric, or wood finish mailed on request to interested purchasers.

Mohair Car Plush. A very durable, satisfactory covering that will give long service under constant usage. It is one of the most serviceable of all fabric coverings, and will look well until entirely worn out. It has a deep nap or pile, and is soft and luxurious. Can be furnished in standard colors, such as red, green and brown.

Tapestry. This is a closely woven fabric, of great wearing merit. Its color is determined by the predominating background. It is furnished in all the popular shades. Handsome floral designs of varying and contrasting colors are woven into the background, and give it a pleasing and harmonious appearence.

Fancy Figured Velour. This fabric has a surface very similar to plush, but with a shorter nap. It is furnished in floral patterns, and can be had in almost any color (green, red, and brown). The figure varies, but in most cases the goods contain four or five colors, giving it a striking appearance.

Brocaded Velour. This febric is woven plain, and for decorative effect depends on the embossed figure. These figures vary greatly, but are usually in the form of blocks or squares. This covering is very durable, and makes up beautifully on a couch, davenport, or other large pieces of furniture. (Green, red and brown.)

Brocaded Verona Plush. This covering differs from the Velour in that the fancy floral designs are worked into a black background. The long nap of the goods produces the brocaded effect. Experience proves this to be one of the most durable medium grade coverings ever used.

Plain Silk Plush. Plain silk plush is a very popular upholstering for odd pieces, such as chairs, rockers, divans, and looks well on three-piece parlor suites. It is especially attractive for loose-cushion suites. The nap of the cloth is made in the finest silk yarns, woven closely, and has a rich velvety sheen. The yarns are dyed before weaving, thus making the colors absolutely fast. We can furnish this in the dull green, dark green, red or brown.

A Timely Word Regarding Veneers

Veneering is a modern, up-to-date process, used to display to better advantage the handsome grain of various woods. Use of the most expensive furniture is veneered. For instance, the exquisite Grand Rapids made Louis XV Bedroom Suite, which took the grand prize at the World's Fair at St. Louis, and retails over $2,200 is veneered. Veneering is not an imitation finish of any kind. A thin layer of the Genuine Wood, whether Quarter Oak, Mahogany, Circassian Walnut, Bird's-Eye Maple, is so cut as to best show the natural, beautiful grain of the wood. It is carefully overlaid, on well-seasoned basic wood. Veneered surfaces may be finished the same as the solid wood, and the piece is less liable to warp, as the grain of the two pieces of wood is crossed at right angles. Our veneered furniture will give perfect satisfaction, and we cheerfully and promptly replace any piece which fails to come up to the requirements. Many times the prices quoted in this Furniture Section could have been built for less money of solid pieces of some inferior wood; but owing our policy of always securing the best for our customers, we have gone to the expense of having them veneered from choice cabinet woods of selected figure.

An Explanation of the Various Finishes Used on Furniture

Golden Oak Finish is the standard and accepted color for most oak furniture now being manufactured. It is rich in appearance, showing most beautifully the grain of the wood. Will give as good service as any finish that can be used. All Oak Furniture not otherwise specified will be shipped in the Golden Oak Finish.

Fumed Oak Finish has come into prominence the last few seasons. It has a dull, brown color, with a waxed surface. No varnish is used in this finish; hence does not easily show mars or scratches. Living rooms furnished complete in this finish are very artistic. It is also used exclusively for dens and libraries.

Mahogany, Walnut and Bird's Eye Maple. Our furniture, when supplied in these fancy woods, is finished in accepted standard colors as adopted by all recognized furniture manufacturers.

Foreign Orders

Nearly every foreign order that we ship contains one or more articles of furniture. We are sometimes perplexed in filling these orders satisfactorily, because our foreign friends frequently order from old Catalogues, styles that are no longer made by the manufacturers. To avoid delay, we therefore ask that, when placing orders for furniture, you instruct us to substitute the latest pattern, in case we are unable to furnish the article ordered. You may depend upon us to look out for your interests, and to give you equal or better value in every case.

We suggest, in this connection, that you bear in mind the foreign freight and boxing charges, as explained in the introductory matter inserted in all Foreign Catalogues. We cannot furnish our furniture in the white, or send it completely taken apart. We also suggest that the boxing and freight on the better grades of goods will usually amount to very little, if any, more than on the lower priced furniture. We recommend the better grades of furniture as most suitable for export to hot countries.

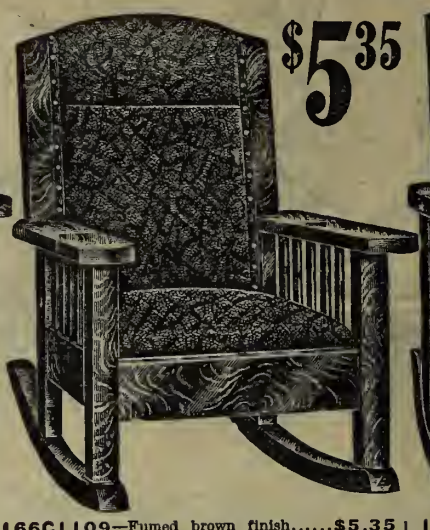
Genuine Oak Mission Furniture at Less Than Many Dealers Pay

Mission furniture is in greater demand today than any other type, because it combines strength and serviceability with plain artistic design and comfort. It derives its name from original pieces in the old Spanish Missions of Southern California. All our Mission furniture is made by one large factory to our special order. We keep this factory working day and night for a large part of the year. Such tremendous output means rock bottom prices, and you get the benefit.

Fumed Oak Finish This beautiful finish, which is a dark, rich, warm brown color, has gained great favor with lovers of artistic things. It contains no varnish; has a dull, lustrous, wax-like surface that does not readily show scratches and will not become blurred by changes in temperature. Is very practical, and durable as well as attractive.

We want to impress upon you that the artificial leather coverings which we uso on this Mission furniture can be dependsd on for service as well as looks.—and they look so nearly like rsal leather it requires a closs examination to detect the difference. We could use cheaper coverings but prefer to pay a little more and give you something that will give the service you have a right to expect of it. This has been our policy for nearly half a century.



$3.98

166C1101—Genuine Oak, fumed finish, $3.98
Size of seat, 20x20 in. Height of back from seat, 25½ in. Shipping weight, about 65 pounds. When you consider that this solid, substantial rocker is built of seasoned Genuine Oak, and has a comfortable spring seat, you must admit that our price means a considerable saving. This finish is the popular rich brown Fumed shade. Upholstered in durable Artificial Spanish Leather, both seat and back. This rocker is equal in durability and appearance to those costing $5.50 elsewhere.

$4.88

$5.22

166C1135—Fumed brown finish.....$5.22
Size of top, 36x24 in. Size of desk surface, 18¾x13½ in. Shipping weight, about 98 lbs. Convenient desk-table. Made of select Genuine Oak in the rich Fumed finish. Drawer has hinged lid, fitted with safety ink well and one pen groove. May be used as desk without disturbing anything on table top. Swinging rack for magazines on each end and handy shelf at bottom. Drawer trimmed with square Mission knobs. A practical, well-made table that is very inexpensive.

$6.30

166C1137—Fumed brown finish.....$6.30
Size of top, 36x24 in. Size of desk lid, 13½x18¾ in. Shipping weight, about 92 pounds. Another handy desk-table. Writing materials may be kept in the drawer, under the hinged desk lid, which is fitted with pen groove and safety ink well. Double book shelves on each end of table and shelf below in center. Serves purpose of table, desk and bookcase, at much less than usual cost of table alone. A most desirable table for the home. Built of Genuine Oak.

$6.25

166C1139—Fumed brown finish.....$6.25
Size of top, 36x24 in. Shipping weight, about 59 pounds. A distinctive Mission table. Has heavy legs which are mortised into top at each corner. Made of Genuine Oak in the Fumed finish. Large drawer with wood knob. Each end has handy shelf for books, magazines, etc. Is well made and substantial and will prove a most satisfactory purchase. Your saving in price, if you purchase here, is self-evident.

$8.90

166C1140—Genuine Oak, Fumed Finish.....$8.90
Size of top, 42x26 inches. Corner posts, 2¼ inches square. Shipping weight, about 100 pounds. We are enthusiastic about this table. It is one of the biggest values in a really desirable table we have ever seen. The distinctive Mission design, with mortised corner posts—the careful workmanship—and the pleasing Fumed brown finish, will all delight those familiar with good furniture. Built of seasoned Genuine Oak. Each end has two shelves for books. Handy drawer. Order this table on our recommendation that it will please you in every detail.

$9.25

166C1143—With wood top, as pictured, $ 9.25
166C1141—With Artificial Spanish Leather top..... 10.75
Size of top, 48x30 in. Legs, 2¼ in. square. Shipping weight, about 95 pounds. Hundreds of our customers have bought this table and have been pleased with it, because it is attractive to look at, is built for service, and costs but little, quality considered. Made of Genuine Oak, rich Fumed brown finish. The double bookshelves on each end add much to its usefulness and appearance. Drawer trimmed with square Artcraft knobs. A very desirable table for any home.

$14.25

66C1149—Fumed brown finish.....$14.25
Size of top, 48x30 in. Shipping weight, about 95 pounds. An unusual value in an extra massive Mission table. Made of choice Genuine Oak, top veneered with flaky Quartered Oak. Edges of top, 1¾ in. thick. Legs, 3½ in. square. Large drawer, trimmed with Artcraft knobs. Fitted with gliding casters. About $18 or $20 would be considered reasonable for a table of this size and quality in most retail stores.

This Well-Made Mission Suite at Almost Wholesale

$12.98 For All Three Pieces — You Save About 1/3

166C1201

$4.35 Arm Chair
166C1203

Size of seat, 19½x19 inches. Height of back from seat, 24 inches. Front posts, 1¾ inches square. Arms of flaky Quartered Oak; width, 3½ inches. Legs fitted with gliding casters. Shipping weight, about 55 pounds.

Six highly tempered spiral springs, supported on sanitary crimped steel truss bars, make the seat extremely comfortable. The back is set at just the right angle to be very restful. Upholstered in extra heavy grade of mottled brown Artificial Spanish leather, which looks and wears almost like real leather.

Genuine Oak in Fumed Brown Finish

We are very enthusiastic about the exceptional value we are able to offer you in this massive Mission suite. It is a quality article throughout, carefully built of select, well-seasoned wood, and finely finished. The upholstering material is worthy of special attention. It so closely resembles genuine Spanish leather that you probably will not be able to tell the difference by merely looking at it. Because it is so heavy it will give long and satisfactory service. You must not compare it with ordinary artificial leather, for it is far superior and more durable. We are confident that every one of these suites that we sell will bring orders for several more from friends, for in all our years of merchandising we have never seen a better furniture value.

$4.38 Arm Rocker
166C1207

Size of seat, 19½x19 inches. Height of back from seat, 24 inches. Front posts, 1¾ inches square. Arms, flaky Quartered Oak; width, 3½ inches. Shipping weight, about 55 pounds.

When you sit in this rocker you will declare it to be one of the most comfortable of any in your home. Six highly tempered spiral springs in seat, supported on crimped steel foundation. Extra heavy and durable mottled brown Artificial Spanish leather upholstering on both back and seat. You would do well to find so good a rocker elsewhere for $6.00.

$4.45 This Library Table is Wonder Value $4.45
166C1205 **166C1205**

Size of top, 34x23 inches. Height of top from floor, 30 inches. Corner posts, 1¾ inches square. Legs fitted with gliding casters. Shipping weight, about 85 pounds.

Distinctive Mission design, exceptional quality, and very low price, are combined in this table. The book racks on each end will hold a considerable number of books or magazines, and will be found very convenient. The table is well made and finished throughout, and is strong and solid. The quality is superior to those usually sold elsewhere for even a third more. Dish and books not included.

$5.49 For These Three Pieces

166C1209

Each piece of this attractive Mission library or living room suite is made from choice Quartered Oak, in the popular rich brown fumed finish. They are well proportioned and comfortable. Upholstered in durable artificial black leather. There is no doubt about the big saving you make by purchasing here, as this suite would cost you considerably more elsewhere.

We would quit business if we could not sell most men and women a second bill of goods

This is our only way of proving the correctness of our prices and methods. No good business can be lasting and enduring unless it can hold its customers. We have lost something more than money if we do not make you feel after each purchase that you want to come back again. We want you to have a friendly feeling for us and for our house; to continue to deal with us, and tell your friends about us. Many of our customers have been with us since we started business forty-three years ago, and their children are following in their footsteps.

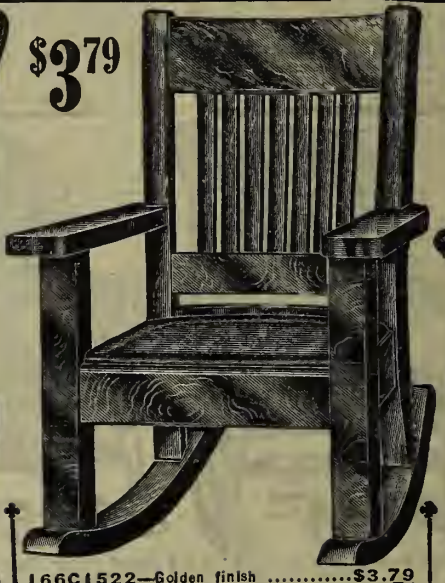
Size of seat, 21¾x18½ in. Height of back from seat, 26¾ in. Shipping weight, about 28 lbs.

Mission design comfort rocker. Large and massive. Solidly built of hardwood in the durable fumed brown or pleasing Golden finish. For a rocker of this type we advise the fumed finish. Broad arms and shaped back with deep panels. Saddle wood seat. Well made, and will last for years. Plain and easy to keep clean. About the most that can possibly be produced for the money. We recommend it.



166C1510—Our price only.....$3.43
Size of seat, 20½x19 in. Height of back from seat, 27¾ in. Shipping weight, about 24 pounds.

This extra high, wide panel back of this rocker is so shaped that it fits the body in a most restful way. Built of Genuine Oak with veneered, Quartered Oak back, and saddle-shaped, hardwood seat. All nicely finished Golden color. High roll arms. Very comfortable, strong and sturdy. You would pay $5.00 in many retail stores for rockers no better.

166C1517—Golden Oak $3.76
166C1519—Mahogany finish..... 3.76
Size of seat, 19x17¾ in. Height of back from seat, 28 in. Shipping weight, about 20 pounds.

Extra high back rocker, with artistically embossed top panel. Comfortable veneer roll seat, and roll arms. It is built of choice Genuine Oak in the Golden finish, or of select birchwood, in Mahogany finish. Doubly braced base, with fancy turned legs and stretchers. Thousands have proven by purchasing that this rocker is extra value.

166C1522—Golden finish $3.79
166C1524—Fumed finish 3.79
Size of seat, 19½x18½ in. Height of back from seat, 20¾ in. Shipping weight, about 22 pounds.

For strength, durability and attractiveness, you will note it is hard to equal this rocker elsewhere without paying considerably more. It has full box seat frame, rigidly block braced with removable slip seat of wood. One piece front and back posts. Broad arms. Shaped back with seven flat spindles. Built of choice Genuine Oak, in two finishes. This is a new rocker which we strongly recommend.

166C1525—Golden Oak $3.98
166C1527—Mahogany finish 3.98
Size of seat, 18¾x17 in. Height of back from seat, 29½ in. Shipping weight, about 22 lbs.

A most desirable rocker. Built of Genuine Oak, with seat and shaped panel back made of Quartered Oak veneer. Finely finished Golden color. Or you may have it made of birchwood, in rich Mahogany finish. It is a rocker of extreme comfort, and the back is high enough to rest the head. Doubly braced base and shaped arms with five turned spindles under each. Its purchase is an investment in satisfaction.

166C1530—Our price only.....$4.62
Size of seat, 19½x18 in. Height of back from seat, 27 in. Shipping weight, about 21 pounds.

A large, heavy, high-grade rocker of pleasing appearance, with veneer roll seat and shaped back of flaky Quartered Oak. Frame is of straight grain Oak. All Golden finish. Well braced throughout. Shaped arms. Very attractive, comfortable, and well made. At our price it is surely exceptional value and worthy of careful consideration.

166C1534—Our price only.....$4.96
Size of seat, 19x17¾ in. Height of back from seat, 29 in. Shipping weight, about 22 pounds.

The rich Golden finish of this rocker brings out to advantage the flaky natural figure of the Quartered Oak veneer used in the roll seat and shaped back. Roll arms, with five turned spindles under each. Base doubly braced, and has turned posts and stretchers. This is a rocker that will please the most particular customer, for the quality is first-class.

166C1539—Our price only.....$4.95
Size of seat, 19x17¾ in. Height of back from seat, 24 in. Shipping weight, about 22 pounds.

This rocker will make a strong appeal to those who prefer plain furniture, as its chief ornamentation is the flaky natural grain of the Quartered Oak in the double roll seat and back. Rich Golden finish. High shaped arms. It is so balanced on its rockers that you can take a lot of comfort in it. Seat and back are improved veneer construction. Extra strong and serviceable.

166C1544—Our price only.....$7.95
Size of seat, 22x19 in. Height of back from seat, 27 in. Shipping weight about 26 pounds.

This big comfort rocker is made with a solid frame of Genuine Oak, in Golden finish. The back is plenty high enough to rest the head, and has seven flat upright spindles shaped to fit the form. Roll arms. Genuine Leather seat, color black. Made of extra heavy stock throughout, with seat frame carefully block braced and glued. If you could see it you would call it a $10.00 value.

$2.58

166C1554
Our price only.....$2.58
Size of seat, 21x19 in. Height of back from seat, 28 in. Shipping weight, about 22 lbs. Here is a new design that is a dandy. Notice how prettily the two back panels are embossed. The broad saddle shaped seat and bent arms insure comfort. Made of seasoned hardwood, in the rich Golden Oak finish. Fancy turned posts, spindles and stretchers. Very strong and durable. A rocker that will look extremely well in your home, and give you years of satisfactory service. We secured a low price on them by contracting for a large quantity, and give you the benefit.

$2.79

166C1558—Price $2.79
Size of seat, 21x19 inches. Height of back from seat, 26 inches. Shipping weight, about 21 pounds. Built of choice hardwood. Finished in a faithful imitation of figured **Quartered Golden Oak.** Shaped arms with very attractive back with shaped panels and turned spindles. Saddle shape wood seat. Strongly braced base. We have already sold many thousands of these rockers and they have given universal satisfaction. Equal quality would probably cost about $3.75.

Fibre-Reed is Ideal for Home, Porch, or Cottage!

Our Price Only **$6.75**

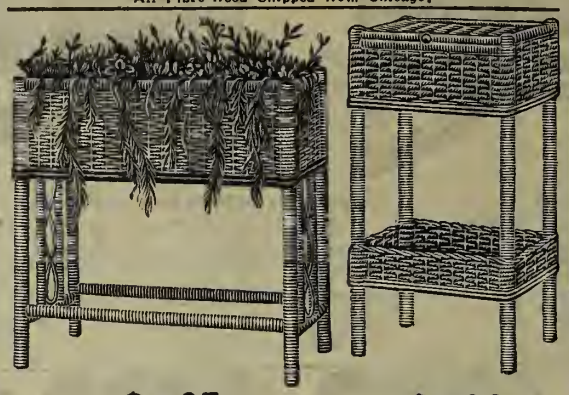
166C1676—Brown Fibre-Reed, with cushions.....**$6.75**

Size of seat, 19x17 inches. Height of back from seat, 26 inches. Shipping weight, about 24 pounds.

A wonderfully comfortable **Fibre-Reed** rocker, with back and yielding **spring seat** upholstered in durable tapestry of beautiful design and colorings. You must sit in this rocker to realize how very restful it is. Our picture gives but a faint idea of its attractive appearance. Large woven roll forms front posts and arms, and extends around back. Strong hardwood frame, wrapped with fibre.

We consider this rocker the biggest value for the money we have ever seen. It will give perfectly satisfactory service and is so very comfortable that it will soon be the favorite of every member of the family. You are sure to like it.

What is Fibre-Reed?



Fibre-Reed Furniture is made of tough, light, almost indestructible Manila fibre, which is fashioned by hand into distinctive, graceful designs. It is remarkably strong, yet flexible enough to be very comfortable.

The finish is a warm brown color, which harmonizes well with rugs, draperies, and almost any shade or finish of other furniture. This brown color is permanent, and will not fade. The soft colorings of the pretty Cretonne cushions form a pleasing contrast with the finish.

By the use of a specially improved varnish, Fibre-Reed is made so that it will not splinter, and is not easily scratched or marred. It is not affected by heat or moisture, and you may wash it without injury when it is dirty.

It is adapted for use in the living room, den, library, or any room in the house, and is especially suitable for porch, cottage, club rooms, or sun parlor.

All Fibre-Reed Shipped from Chicago.

$4.65

166C1679—Brown finish....**$4.65**

Height over all, 28½ inches. Length, 28 inches. Width, 11 inches. Shipping weight, about 19 pounds.

Attractive, useful plant stand made of brown **Fibre-Reed.** Price includes metal receptacle for earth, but not plants shown. Frame is select hardwood, with fibre wrappings. Growing plants add much to the home and are really an aid to good health. With this inexpensive stand you can keep them without trouble.

$2.98

166C1683
Brown **Fibre-Reed,** only, **$2.98**

Height, 30 inches. Size of top, 15½x10½ inches. Shipping weight, about 17 pounds.

Sewing Stand. Has basket top, with lifting cover. Lower shelf also forms basket. Strong and serviceable. A handy article that will be much used in any home. Makes an ideal gift.

A rocker that will surprise you with its exceptional comfort. The more you use it, the better you will like it

$5.43

Without Cushions

The Finish of these pieces is carefully applied, and is a rich brown shado. We recommend this brown as most suitablo for either home, porch, or cottago. It is very durablo.

The Cushions are covered with cretonne and filled with clean, new, **Genuine Cotton.** Especially desirablo patterns, which harmonize artistically with the finish you select, are used. These cushions add so much, both to the appearanco and comfort, that you should by all means, order them in this way.

The Prices we offer you are exceptionally low, and are only made possiblo by the large quantity we sell. You would pay considerably more for equal quality at most stores.

Keep Cool on Porch or Lawn—Special Low Prices

This Rocker Only → $3.23

$5.98 For this Table

Rocker $3.23

166C9402

Seat, 21½x17 in. Height of back from seat, 25 in. Ship. wt., about 17 lbs.

Brown **Fibre-Reed.** Has wide, comfortable arms. Roomy seat, with roll front. Strongly braced frame of hardwood.

This furniture is equally suitable for use as home or porch furnishings. The couch is made of reed, over a stout hardwood frame. Tho other pieces are tough, almost indestructible, **Fibre Reed**, a hard twisted rope like fibre, which is woven like reed. All are finished in a pleasing brown color. The finish used is **moisture resisting**, and is not easily scratched or marred. These pieces will give long service because they are so strongly built. You will find them an economical purchase at our price.

All pieces of this group shipped promptly from stock at Chicago.

Table 166C9404 $5.98

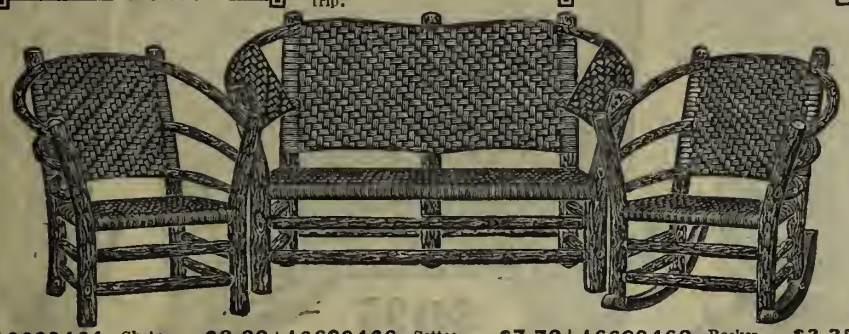
You've Always Wanted Old Hickory—Get it This Year

66C9458—Rocker as shown.....**$2.35**
66C9460—Chair to match..... **1.75**

Size of seat, 17x16 in. Height of back from seat, 24 in. Shipping weight, about 24 lbs.

Made of rustic **Old Hickory** wood. Bent one piece front and back posts and flaring arms. Seat woven of Hickory splints. Back has seven spindles. Base strongly braced. You will find it difficult to buy a chair that will give you more service and satisfaction for the amount expended than this one.



These pieces are built of hickory, one of the strongest of the native American woods. Bottoms and backs are plaited by hand, of the inner-growth of hickory bark, which is stripped from the tree. This part of the hickory bark has far greater strength than any other seating material and for this reason you may expect almost life-time service.

66C9462 **33c**
Price only .....
Size, about 13x13½ inches. Shipping weight, about 1 pound.

Made of artificial leather on one side and carpet remnants on the other side. Strongly sewed so that it will not rip. Just the thing to take with you on an automobile, canoe or pleasure trip.

Genuine **Old Hickory** offered on this page is the most durable, economical furniture of its kind manufactured. The rustic finish and design makes it very attractive and the chairs and rockers are so proportioned that they are extremely comfortable. It will stand all sorts of weather without injury. It is equally suitable for porch, lawn or cottage. We sell the genuine **Old Hickory** at much less than retailers' price.

166C9464—Chair **$2.80**

Shipped from factory in Indiana.

166C9545—Without canopy top.....**$4.45**
166C9553—With canopy top..... **5.55**
Height over all, 96 inches. Occupies space, 99x60 inches. Width of seat, 35 inches. Shipping weight, about 117 lbs.

This improved lawn swing is made of strong hardwood with full bolt construction. Painted Red. The special features of construction are clearly pointed out in the above picture. It is without doubt one of the strongest, most completely braced lawn swings on the market and with ordinary care will last for years. The seats being 35 inches wide are unusually roomy. It packs in a flat package for winter storage or shipping, occupying very small space. Is quickly set up by any one in a very short time. A very desirable lawn swing. You save a considerable amount when you buy it from us.

266C9575—Without canopy **$7.50**
266C9577—With canopy as shown..... **9.50**
Shipped from factory in Indiana.

Height over all with canopy, 84 in. Occupies space, 78x47 in. Size of seats, 34x14 inches. Shipping weight, about 132 pounds.

Four passenger gliding swing. As this swing rocks on a base of its own, you are not dependent upon the ground being perfectly level for easy operation. It rocks with a pleasant gliding motion and is operated by pressing the feet on the center platform. The canopy is heavy durable awning, with scalloped edges. A very popular, desirable swing. Frame nicely painted in red; seats, natural varnish finish. It is preferred by many to the suspension type because there is less danger of injury through carelessness. Can be folded to pack in small space.

Steel Swing

$8.90

266C9579—Without canopy **$8.90**
266C9581—With canopy as shown..... **9.98**
Shipped from factory in Pennsylvania.

Height over all, 114 inches. Occupies space, 96x68 inches. Seats, 30 inches wide. Shipping weight, about 140 pounds.

We consider this one of the strongest and best steel swings made. The supporting frame is heavy angle steel, rigidly braced. The seats are attached to steel uprights which are suspended from braces at the top of the standards. Will never stick or bind and swings very easily. Durable finish in dark green color. Seats are shaped to fit the body and are made of wood slats, natural varnish finish, fastened to steel frame. Heavy awning striped canopy with scalloped edges. This swing is far superior to others of similar design which are sold elsewhere for more money.

Genuine Golden Oak

$5.98

166C2099

Shipped promptly from stock at Chicago.

Size of seat, 19x19 inches. Height of back from seat, 26 inches. Shipping weight, about 45 pounds.

Our picture does not do this rocker justice. It is large and roomy, with comfortable **spring seat**, and especially attractive upholstered back. Frame is figured **Genuine Quartered Oak**, in rich Golden finish. Mottled brown artificial Spanish Leather upholstering, of dependable quality. It is above the average in attractive design, comfort and durability, yet costs but little. You will appreciate its desirability even more than the money you save on its purchase.

Genuine HEMCO, Comfort Reclining Chairs, With Full LEG Rests

Famous HEMCO Chair

with full leg rest $15.25

266C2101—Artificial Spanish Leather **$15.25**
266C2103—Genuine Spanish Leather **21.25**
Shippsd from factory in Western New York.
Seat, 21x20 inches. Height, of back from seat, 27 inches. Shipping weight, about 85 lbs.

The sturdy frame is made of well seasoned **Genuine Oak**, with broad arms, and front posts of flaky **Quartsred Oak**, finished in the rich, warm, brown, Fumed shade that is now so popular. This finish has a dull, satiny surface, and, as it is made entirely without varniah, it is not easily scratched or marred. It would be difficult to find any chair more restful than this speciai **Hemco**. The roomy seat is upholstered over highly tempered spirai springs, and the comfortable back reclines to any desired position by merely leaning back against it. There are no ratchets to bother with, no buttons to push—**simply isan back and rest.** The action is positive and cannot get out of order. A small wheel underneath the chair at the back, permits instant adjustment for persons of varying weight, Notice the new leg rest, which supports not only the feet, but every portion of the legs. A strong disappearing frame hoids it in place when in use, and pushes back out of sight when not in use. Good casters.

Back may be rigidly held in any desired position by improved lock.

You and Others Will Admire this Suite

when you can carefully examine it. It is built right. Careful comparison will convince you that equal quality cannot be had elsewhere within several dollars of our price.

In selecting a parlor suite you naturally want something that will lend an air of elegance to the room in which it is placed, and be substantial enough to be serviceable. This suite fills these requirements, and costs but little.

The frames are solidly built of seasoned birchwood, glued and block braced, and carefully finished in a perfect imitation of Mahogany. Ornamented with elaborate carvings. The upholstering is done in a manner that insures the longest possible service from any covering you select. The seats are large and comfortable, and have yielding springs. Surely a very desirable suite of its type, at a money saving price.

This Suite is Top Notch Value

It is attractive in appearance and dependably built. The pieces are a full size and correctly proportioned. Any covering you select will give service in proportion to the price you pay, but the Genuine Leather costs less in the end.

The frames of this attractive Suite are made of seasoned birchwood, with seats securely block braced and glued. Highly finished in rich Mahogany color.

Almost every material which enters into the make up of this suite costs much more now than six months ago, yet our price to you is considerably below usual retail value. This big saving is made possible by our lucky contract with a manufacturer who had a large stock of materials on hand, which he purchased before the advance.

We recommend either the artificial or Genuine Spanish leather as the most satisfactory and economical covering to buy.

Mention Finish Wanted

It takes but a moment to make the change from table to bed.

As a bed, the Ta-Bed is more than ordinarily comfortable.

This is the original Ta-Bed—We offer it at a big saving

This **Table-bed** is the most perfect concealed bed made. It has been erfected only a short time, but the sales have been increased by :aps and bounds since its introduction. The best retail stores are elling it, but, as is usual with new things, we are the first catalogue house to offer it to our customers. As a library table it is very attractive. Large and solidly built, with commodious shelf for books and magazines. It conceals a roomy bed that will comfortably accommodate two people.

Details of Construction and Operation

The construction of the **Table-Bed** is simple and sanitary throughout. The bedding is ventilated ıring the day, and does not gather dust or dirt. An important feature of the **Table-Bed** is that bolds, in addition to springs, mattress and pillow, sufficient bedding for the coldest weather. The d is made up before it is closed, and when opened is in good order, and does not require re-making. ıe springs furnished with the bed are comfortable and sanitary, made of galvanized rust resisting re, secured to a steel frame with 48 oil tempered helical springs. The mattress which is also cluded, is made of fluffy **cotton felt**, covered with a durable ticking in a pretty, fancy art pattern. ou will find it as comfortable as any mattress you ever slept on.

An attractive Table—A comfortable Bed

The conveniences which a **Table-Bed** affords are many. For a person who has but one room, it is ideal, for that room can be made up as a living room, and none but the occupant need know that it is also used as a bedroom.

It is equally desirable for the well-furnished home, as it provides for the unexpected guest a bed which is comfortable, convenient, and which needs no apologies.

Please bear in mind that our low price includes the **Table-Bed** complete with mattress and springs, ready to sleep on. All you need to supply is the bedding.

So no matter where you purchase it, you will find the **Table-Bed** a desirable, convenient article, at your service 24 hours a day. But when you buy your **Table-Bed** from us, you pay less for what you get.

Entertaining friends; The TA-BED is perfect as a Table

Writing a few letters; The TA-BED makes an extra large Table

Now it is bed time; The TA-BED is quickly changed to Bed

And we will have a good rest; The TA-BED is really comfortable

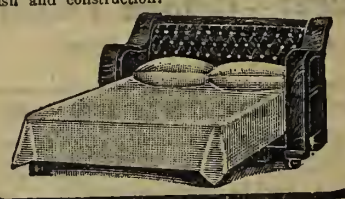
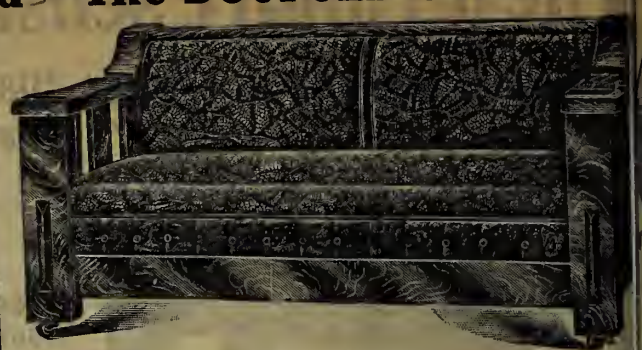
Takes Little Space but Gives Full Length Bed—The DUOFOLD Sofa Bed



$20.95



Length over all, 60 in. Size of ecat, 52x24 in. Opens into double bed, 72x48 in., as explained at right. Shipping weight, about 235 pounds.

Constructed in e first-class manner, of choice **Genuine Golden Oak**, richly finished. Also made of seasoned Birchwood, and finished Mahogany, if desired. Has full eet of highly tempered steei springs in seat, securely fastened and cross tied, to withstand hard service. Seat springs supported on heavy crimped steel wire foundation, which is fastened to frame by helical springs, making seat extra comfortable. Angle of back just right to be very restful. Plenty of room for mattress and some bedding when folded.

How It Operates

The Duofold Sofa Bed or Divanette, takes only about 5 ft. of wall epace, yet it can be instantly traneformed into a comfortable bed, 72x48 in. You do not sleep on the upholstering, but on a separate mattress, which is supported by a resilient, sanitary, fabric spring, of the latest improved type. This spring is attached to etrong angle eteel frame by highly tempered helical springs at both ends. It is simple end practical. Nothing to get out of order. Plenty of room for bedding inside when cloeed. One easy pull on strap at back of ecat exposes folded bed; one more pull unfolds it into full length bed. Small picture shows how it looks when a bed. You will find Duofolds e revelation in fine finish and construction.

Length over all, 62 in. Size of seat, 52x23 in. Opens into double bed, 72x48 in., as explained at left. Shipping weight, about 250 pounds.

$22.85

Exceptionally massivo Miesion frame, of distinctive design., Made of **Genuine Oak**, Golden finish. Can eiso be had in Fumed brown finish at same price. Back upholstered in the new, stylish pillow effect. Full set of springs in seat and back. Seat springs set on heavy crimped wire foundation, which is fastened to frame by helical springs, giving doublo resiliency. Particularly handsome for library or living room, and because it takes so little space, can be used even in emall apartments. Our price saves you considerable money.

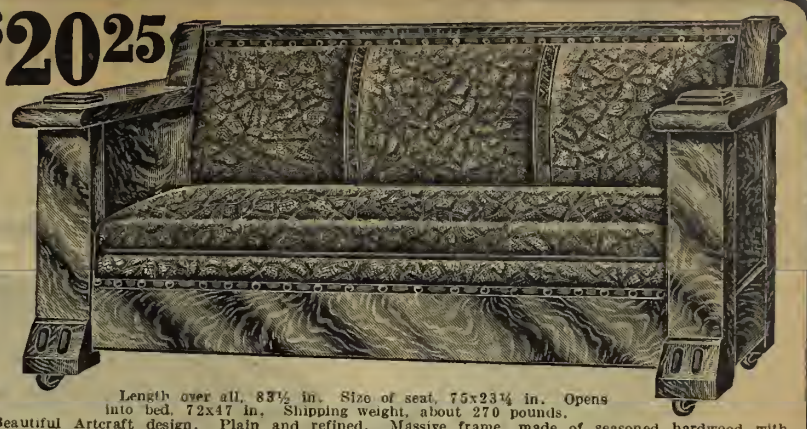
Full eot of tempered cone eprings in seat and back. Plain upholstering does not catch dust. Front of seat nicely plaited. Roomy wardrobe under seat.

he Famous Unifold Davenport Bed



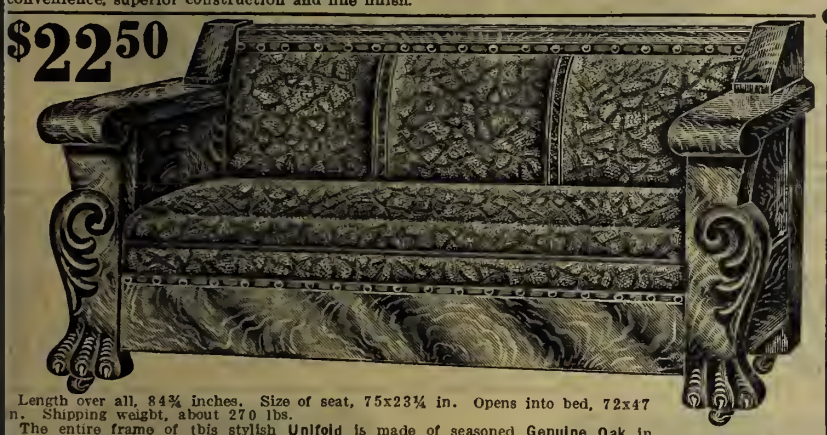
Opening of the Unifold 1st operation

The Unifold as a comfortable bed

One of the most convenient, practical, and serviceable pieces of furniture you could possibly own.

As a Davsnport, it is psrfect. Has yielding spring seat, and being 76 inches between the arms, may be used as a lounging couch, if you wish. As a Bed, it leaves nothing to be desired. Regular sanitary fabric bed spring is attached at each end by oil tempered helical coils, to strong angle steel frame. You do not sleep on the upholstering, but on a removable mattress. Size of bed, when open, 72x47 inches. One easy pull on the strap at the back of the seat makes the instant change from Davenport to Bed. The patented steel bed frame unfolds easily and quietly. Plenty of room for mattress and bedding to fold in when closed. When in use as a Davenport, nothing indicates the presence of the Bed concealed within. Not necessary to pull Davenport from the wall to change to bed. These small illustrations show the operation; but you must have one in your home to fully appreciate the convenience, superior construction and fine finish.

$20.25



Length over all, 83½ in. Size of seat, 75x23¼ in. Opens into bed, 72x47 in. Shipping weight, about 270 pounds.

Duofold Living Room Suites Priced Low

These up-to-date living room suites consisting of chair and rocker with bed davenport to match, are very desirable for comfortable, well furnished homes and have become very popular within the last year and a half. They do away with the frequent objection that the davenport does not match the rest of the furniture in the room, and make possible at small cost a room with matched furnishing as is found in the homes of the wealthy.

The Duofold (short length) davenport shown with the suites on this page have the added advantage of occupying a small amount of space, though they furnish a comfortable double bed. This feature makes them particularly adapted to rooms where space is limited.

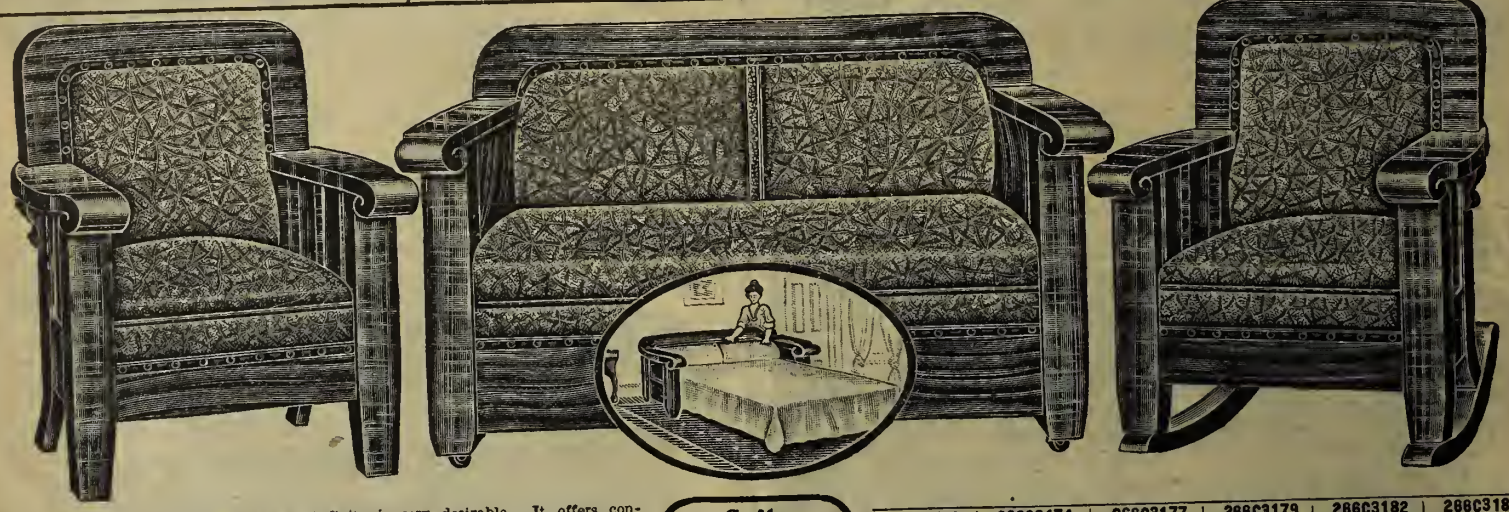
About the mattress—the prices quoted for davenports are without mattress. To insure a perfect fit you should order the mattress for your davenport at the same time, using the article number as quoted under the regular table of prices of the davenport which you select.

→ Suites on this page have Duofold (short) Davenports ←

Owners of modern homes will appreciate the convenience and comfort afforded by this Suite. By day it is a stylish, attractive three-piece living room suite. At night, the davenport can be quickly converted into a big, comfortable double bed, with separate spring and mattress. Made of select **Genuine Oak**, in either Golden or Fumed brown finish. Comparison of our prices will convince you of the saving we offer.

Arm Chair and Rocker

Size of seat, 20x20½ in. Height of backs from seats, 20 in. Seats have plenty of spiral steel springs to make them comfortable. Massive, well made pieces that you will admire.



The Duofold Short Length Davenport

Length over all, 60½ in. Size of seat, 52x23¾ in. Height of back from seat, 18½ in. Opens into double bed, 72x48 in. as shown in small picture. Seat has 18 tempered spiral springs set on sanitary steel foundation, which is fastened to frame by helical springs on ends. Takes but little space; comfortable.

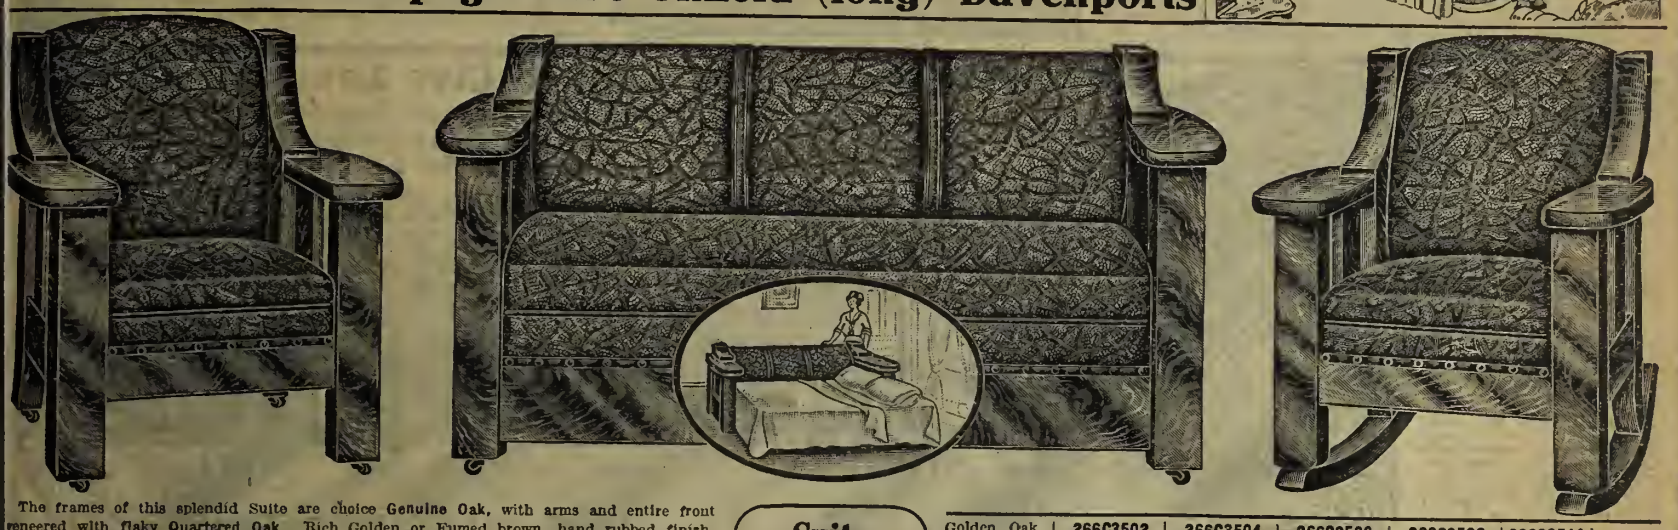
Unifold Davenport Suites are comfortable

With one of these attractive Davenport Suites in your home you need never fear the arrival of an unexpected guest, for you know that you have ready, at a moment's notice, a comfortable double bed with sanitary steel frame spring and separate mattress—a bed that needs no apologies. No one who enjoys these comfortable living room suites by day need know that there is concealed in the davenport a double bed unless you wish them to, as there is nothing in the appearance of the furniture to tell them.



The designs are plain and massive, easy to keep clean, and will always be in good taste. The workmanship is dependable in every respect. The finish is the product of experienced workmen.

The Unifold (long) Davenports supplied with suites shown on this page are long enough to use as a lounge without being opened into a bed when desired.

About the mattress—the prices quoted for davenports are without mattress. To insure a perfect fit you should order the mattress for your davenport at the same time, using the article number as quoted under the regular table of prices of the davenport which you select.

→ Suites on this page have Unifold (long) Davenports

The frames of this splendid Suite are choice **Genuine Oak**, with arms and entire front veneered with flaky **Quartered Oak**. Rich Golden or Fumed brown, hand rubbed finish. Massive and high grade. Makes your living room correctly and comfortably furnished, and gives convenience of extra double bed besides. If you are particular about quality, this Suite will please you highly. Costs less money than you would pay elsewhere.

The Superior Construction Makes Our Couches Supreme in Comfort and Durability

All of our Couches, except 266C2813 and 266C2818-20-22, are made with an improved all steel, indestructible spring conetruction, as shown in this illustration. The highly tempered epiral coils are supported on steel truss bars, and interlocked to prevent working looee. The tops are woven together with flexible wire running crosswise and lengthwise, making it impossible for any spring to ever get out of position. Over this resilient, sensitive, epring foundation, heavy duck canvas is securely fasteued. Above this canvas is placed high-grade upholstering fibers, and a Genuine Cotton felt top layer. Over all is tightly etretched the upholstering material, with which tbe couch is to be covered. This is firmly stitched, or tufted into place. The springs in the heads of the couches are set on slats and hand tied, as it is impoeeible to fit the steel construction to the shape of the bead. When tufted top couches are ordered in plush coverings, they will be square tufted.

The illustration on the right shows how the various grades of leather are obtained from the hide. **No. 1** is the best leather, and has a natural grain. It ie soft and pliahle and very durable. Although its first cost is more, it will be far more economical in the end. **No. 2** has an artificial grain, and is not eo soft and pliable as No. 1. It is used by many as Genuine No. 1 leatber. We can furnish it, if desired, but strongly advise that you get the No. 1 grade. **No. 3** ie known as "split leather." It is soft and epongy, cracks or peels easily, and is practically worthless as an upholstering covering. **We do not use it on our goods.**

$9.35 — Conscientiously Built to Give Long Service

Imparts a cozy, homelike atmosphere to any room, and provides a comfortable lounging place. Fully the equal of any Couch selling at $12.00 and upwards in retail stores. You are sure to like it.

Extreme length, 75 in. Extreme width, 27 in. Shipping weight, about 105 pounds.

This fine Couch and tbe low price we have put on it are the result of a determined effort to present to our customers in tbis catalogue the very biggest value that could be produced. It bas a strong, hardwood frame, veneered with flaky, **Genuine Quartered Oak**, and richly finished Golden color. It bas the sanitary, full steel construction described above, with 24 springs in body and 4 springs in head. Claw feet. Good casters. Yielding spring edge. Heavy canvas etretcbed over springs, before upholstering is put on. It is a reliably made, durable Couch of exceptional comfort. You can depend on it for service—it is very attractive—and at our low price it is unequalled value.

Has Full Spring Edge

$12.00

Length over all, 75 in. Extreme width, 27 in. Shipping weight, about 110 pounds.

When you see this couch, you will be as enthusiastic over its artistic design, fine finish and exceptional comfort as we are. There are 24 long spiral springs in the body, supported on steel trusses, and extra springs in the head. **Full spring edge.** It has the improved, all-steel, sanitary spring construction, described in detail at the top of preceding page. The deep diamond tufting and these 28 highly tempered springs give it a firm, yet yielding surface, that is very comfortable, whether you wish to sit or recline on the couch. The frame is flaky **Quartered Oak** (veneer), all nicely finished Golden. The massive feet have easy rolling casters.

Unique Mission design

$12.65

Length over all, 74 in. Extreme width, 27 in. Shipping weight, about 100 pounds.

A distinctive, unique Mission couch. The massive, strong frame is seasoned hardwood, carefully veneered with flaky **Quartered Oak.** It is finished in the rich, warm Fumed brown shade so well liked. This finish is particularly appropriate for this type of furniture. Has the all-steel spring construction, with spring edge, described fully at the top of preceding page. There are 24 long coil springs in body of couch, and 6 more in head, making 30 springs in all. Beautiful plain top, upholstered in your choice of three good coverings. To prevent all possibility of the filling ever getting out of place, this couch is double stuffed and double stitched. The tasty decorations are of wood, finished same as the frame of the couch, and are very pleasing. This is an exclusive design which you will not find in stores. The retailer's price would probably be at least a third more than ours.

This is a quality first couch

$13.35

Length over all, 76 in. Extreme width, 30 in. Shipping weight, about 100 lbs.

When you receive this high grade couch in your home and have a chance to examine it carefully, we are confident you will agree that equal quality would cost at least a third more at retail. It is extra large and massive. The substantial frame is well braced and glued at all corners where the strain comes. Frame is carefully veneered with exquisitely figured **Genuine Quartered Oak** and finished in rich Golden shade. Made with the improved steel tied spring construction described in detail at the top of the preceding page. Has 28 springs in body and 6 in head. Is especially graceful in design and has heavy feet. Easy rolling casters. Yielding spring edge. Heavy duck canvas over springs. Extra fine flax fibre and **Cotton Felt** filling. Your choice of five good coverings.

Will give lasting satisfaction

$12.98

Length over all, 76 in. Extreme width, 27 in. Shipping weight, about 110 pounds.

Here is a well made, new couch, designed especially to list in this catalogue. Has a very massive frame, substantially braced and glued, of **Quartered Oak** (veneer) of choice, flaky figure. Highly finished in pleasing Golden color. Has the improved steel spring construction, fully described at top of preceding page. Is neatly diamond tufted and ruffled. Double prong steel tufting buttons are used. These can never pull out. Body of couch has 24 oil tempered springs, and head 4 more, making 28 springs in all. Spring edge. Heavy duck canvas over springs and fine fibre and **Felted Cotton** filling. We recommend this without hesitation as a couch that will give perfect satisfaction. Our picture gives but a faint idea of its real beauty. It must be seen to be fully appreciated.

Extra large and massive

$14.65

Length over all, 78 in. Extreme width, 30 in. Shipping weight, about 115 pounds.

This couch is extra large and massive, as you will see by the measurements. The strong frame is solidly blocked and braced at all corners. Made of choice, flaky **Quartered Oak** (veneer) and richly finished Golden—the most popular color. Ornamented with handsome carvings. Large claw feet have easy rolling casters. Has 28 long spiral springs in body, set on steel trusses, and with flexible steel seat tops, as fully described at top of page preceding this. Has 9 extra springs in head, making 37 springs in all. Yielding spring edge. The deep diamond tufting is securely fastened by double prong, steel clinch tufting buttons that can never come loose. This couch is built as well as years of experience and improvement can teach us to make it. We are confident you will consider it an exceptional value when you have it in your home.

Hard to beat for comfort

$17.55

Length over all, 78 in. Extreme width, 30 in. Shipping weight, about 115 pounds.

An innovation in high grade couch design. This sumptuous Turkish couch is a masterpiece. Luxuriously comfortable. Extra large. Has 28 highly tempered steel springs in the body and 9 extra springs in the head, 37 in all. The spring work has very flexible steel tied top and spring edge, as fully explained at top of preceding page. Deep diamond tufting. Wide plaited ruffle at bottom and pretty rosette on each side of head. Made of choice, flaky **Quartered Oak** (veneer) and finished rich Golden color. Fine flax fibre and **Felted Cotton** filling. A couch with which the most critical purchaser can find no fault. Our low price is far below ordinary retail value.

Important! About the Upholstering

All pieces on this page can be furnished in upholstering as follows: Plush coverings in green, red or brown. Genuine leather, either grade, in black, green, red or brown. Artificial leather in black or brown Spanish.

We recommend our No. 1 Genuine Leather because it looks better and wears better than any other upholstering material. Our No. 2 Leather is a better quality than is usually sold for this grade, but of course it cannot be expected to give the same amount of service as the No. 1, which is the best to be had, and the least expensive in the long run for you to buy.

$11.45

266C3702

All pieces on this page are made this way

Foundation frames made of seasoned hardwood, strongly blocked and braced where the most strain comes. Highly tempered, very resilient spiral coil springs are used. Simple, positive mechanism permits you to instantly adjust either end to any one of seven different positions. Can always be depended on. Very comfortable. These adjustable davenports are shipped with legs and back detached, to save you freight, and to insure safe delivery. Easily and quickly set up by anyone. Our prices save you money.

Gives advantages of two practical pieces of furniture in one article.

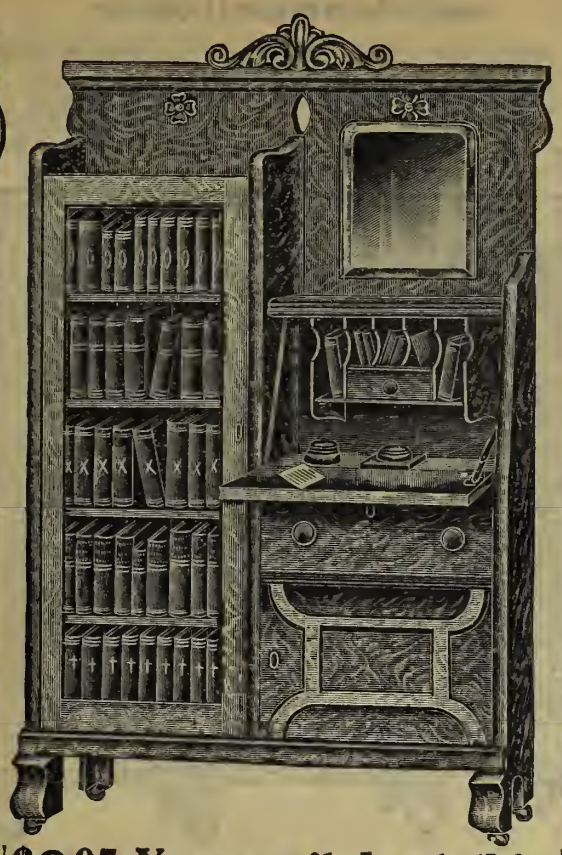
Convenient, practical Bookcase-Desks priced low



$8.65 Genuine Golden Oak Solidly built

166C3902 With plain glass door. Our price only.....$8.65
166C3904 With Queen Anne Art glass door. Our price only..... 9.65

Shipped promptly from stock at Chicago.

Height over all, 71 inches. Extreme width, 38 inches. Width of bookcase inside, 16⅝ inches. French bevel plate mirror, 12x12 inches. Shipping weight, about 160 pounds.

This well made Combination Bookcase-Desk is built of **Genuine Oak**, richly finished a pleasing Golden color. The upper back drawer front, door to compartment, and adjustable shelves are built-up veneer construction to prevent warping. The desk lid is veneered with choice figured **Quartered Oak**, and is supported when open by strong folding metal fastener. Please note that underneath desk is a roomy drawer, not usually found in desks at this price. Ornamented with artistic carvings. The claw feet have easy rolling casters. This is an exceptional value which could hardly be equalled at retail under $12.50.

$9.95 You can't beat this for big value

166C3906 Genuine Golden Oak. Our price only.....$9.95
166C3908 Genuine Oak, Fumed finish. Our price only..... 9.95

Shipped promptly from stock at Chicago.

Height over all, 67½ inches. Extreme width, 38 inches. Width of bookcase inside, 16⅝ inches. French bevel plate mirror, 14x10 inches. Shipping weight, about 160 pounds.

A design that is new and decidedly different from the ordinary. Has just enough refined ornamentation to add to its attractiveness, yet will please the most conservative taste. Built of select, well seasoned **Genuine Oak**, in the much liked Golden finish. Desk is very handily arranged, and there are three roomy drawers below. Shelves to bookcase are adjustable for books of various size, an important feature. Up to date both in convenience and appearance. Has good locks, wood knobs, and casters. Fine quality mirror. Clear glass in door. The low price at which we sell this desirable combination bookcase-desk offers an opportunity for a worth while saving on a well made article. We are confidsnt you will be as well pleased as if you paid the usual retail price of about $15.00.

$12.90 Artistic design Exceptional value

166C3911 With plain glass in doors. Price.....$12.90
166C3913 With Queen Anne Art Glass in doors. Price..... 13.90

Shipped promptly from stock at Chicago.

Height over all, 69 in. Extreme width, 37¾ in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 170 pounds.

This plain, refined design is our latest creation in a combination Bookcase-Desk. It is built of kiln dried **Genuine Oak**, and highly finished in the pleasing Golden color. Although it costs more to do so, we build the entire top back and fronts to the three drawers, also the adjustable shelves, of built-up veneer stock. This makes warping impossible. Desk lid is veneered with flaky **Quartered Oak**, and ornamented with artistic Craftstyle carving. Drawers have wood knobs. The drawers, bookcase, and the desk have good locks. Easy rolling casters. This is a massive, well made article of very attractive design, and low price that will appeal strongly to you.

These big values make your money buy more

Are You Saving Money?

Every man owes it to himself and his family to save. One of the ways to save money and a good one at that, is to trade with Montgomery Ward & Co. There is an old and very true saying—"Save the pennies and the dollars will take care of themselves." If you save a few cents on every purchase, it soon mounts up into dollars. Those dollars in turn make others. So, once you have started the ball rolling, your savings will multiply fast. Right now, today is the time to start. Our catalogue is just full of opportunities to save.

$12.35 Every Inch of Space Utilized

166C3951 Genuine Oak, Golden finish $12.35
166C3953 Genuine Oak, Fumed brown finish 12.35

Shipped Promptly from Stock at Chicago.

Height over all, 57½ in. Extreme width, 37¾ in. Bookcase, width inside, 17 in. French Bevel Plate Mirror, 14x6 in. Shipping weight, about 165 pounds.

Made of choice Genuine Oak, with entire front of flaky Quartered Oak, desk lid, drawer front, and door to lower cupboard being veneered so they cannot warp. Extra thick top. Colonial feet, with good casters. All compartments have locks, with heavily brass plated fittings. A feature of this bookcase is the handy cupboard at top, with mirror door, which uses, to good advantage, space ordinarily wasted. The plain, refined design is one that will delight discriminating, particular people. The workmanship and finish are worthy of a much more expensive article. It looks especially nice in the rich Fumed brown finish.

$18.38 Extra Large and Roomy Pleasing Mission Design

You save your health and carpet by using a Vacuum Cleaner or Sweeper

Offers many conveniences

166C4130—Golden Oak $7.90

Shipped promptly from stock at Chicago.

$7.90

Height over all, 57½ in. Extreme width, 28 in. Shipping weight, about 100 pounds.

Much convenience in small space really describes this fine desk. Built of **Genuine Oak**, in rich Golden finish. The desk interior is handily arrenged, and just below desk is a big drawer. Above is a closed compartment, with two glass doors which have ornamental wood fret work. Two shelves provide room for quite a lot of books. You would pay considerably more elsewhere for a desk equally as desirable.

266C4148

Shipped from factory near Chicago.

We consider this an exceptional Sectional Bookcase value. Only after months of negotiating with the manufacturers were we able to secure these Sectionals at the low price we paid. Made of choice **Genuine Golden Oak**, or in Mahogany finish, in the standerd sizes. Outside width, 34 inches. Have removable doors of clear glass, which can be taken off for washing without disturbing books. Shipped set up, ready to place in your home, and so carefully packed that we guarantee it to reach you in perfect condition. An ideal Sectional Bookcase at a very low price. Made specially for us. If sold in retail stores, would probably bring at least one-half more than we ask. Desirable for the well furnished home. Because of their low price, especially suitable for doctors', dentists' and lawyers' offices, and for displaying sample goods in tailor shops. Shipping weight of stack, as pictured, about 100 pounds. Average shipping weight, per section, 20 pounds.

Yale lock furnished on any section door of any case, for 50c extra.

Desirable and inexpensive

166C4151—Golden Oak..$10.65

Shipped promptly from stock at Chicago.

$10.65

Height over all, 64 in. Extreme width, 30 in. French bevel mirror, 14x6 in. Shipping weight, about 120 pounds.

Our picture of this desk doesn't look as good as the desk itself. The excellent finish is one thing the picture does not show. It is built of **Genuine Oak**, finished in Golden color, with drop lid of desk, and front of drawer, of flaky figured **Quartered Oak**. Book compartments at both top and bottom closed by snug fitting glass doors. Top doors have wood fret work. Order this desk on our recommendation that it is exceptional value—even better than you expect.

Abundance of room

Height, over all, 30 in. Size of top tray, 26¼x17¾ in. Size of lower tray, 24¾x15 in. Diameter of large wheels, 10 in., fitted with ⅜ in. rubber tires. Shipping weight, about 55 pounds.

These Serving wagons are no longer regarded as a novelty, but are recognized as a practical, atep-saving convenience. This one has a strong steel frame, and the trays are made of flaky **Quartered Oak**, finished either Golden or Fumed shade, or of seasoned hardwood, finished Mahogany. The wood parts have a **Waterproof Finish**, which is a very important feature in an article of this kind. The metal parts ars finished to harmonize with the wood.

Another exclusive feature of this Serving Wagon is that it can be quickly folded to occupy small space, and set out of the way when not in use. Unless you have used a Serving Wagon you have no idea of the thousands of steps it will save you. An entire meal can be carried to the table on it, and the dishes can all be taken to the kitchen at one trip when the meal is done. Makes an ideal present. Usual retail value, $8.50.

$7.95

Stylish and Inexpensive

166C4297—Pleasing brown finish.....**$7.95**

Height, over all, 28 in. Length, over all, 36 in. Size of top tray, 21x14 in. Size of lower shelf, 24x16 in. Size of each end shelf, 17x6 in. Diameter of large wheels, 14 in., with rubber tires ⅝ in. thick. Shipping weight, about 55 pounds.

Strong, practical Serving Wagon, built of select reeds. Top tray is removable, and has glass bottom with pretty cretonne, which looks like rare tapestry under the glass. More than the usual amount of room is provided, as there are two end shelves in addition to the others. Fine for serving refreshments on the porch or at afternoon luncheons. It runs easily and silently on its rubber-tired wheels. Get one for your home and you will not be willing to get along without it after a little while. Its use will save countless trips each day from dining room to kitchen, and back again. Asids from the practical step-saving convenience of a Serving Wagon, they are considered quite the thing in the best homes, but until now the prices have been higher than those of ordinary means cared to pay. At these low prices every woman will want one of them.

Height, 33½ in. Size of top. 19½x17½ in. Ship. wt., about 78 lbs.

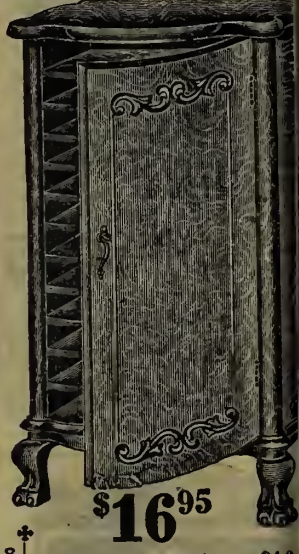
$8.98

166C4315—With wood racks to hold 96 records **$8.98**
166C4318—With individual felt lined compartments for holding 52 records.....**$9.98**
Height, 30 in. Size of top, 25x20 in. Shipping weight, about 50 pounds.



Very pleasing in appearance and high grade in construction. Made of five-ply built up stock, which will not warp, with outer layer of **Genuine Quartered Oak** in Golden finish, or of **Genuine Mahogany.** Our finishes match the standard machines. The French legs are made of one piece, top to bottom, and are therefore very strong. Front of Cabinet drops down like desk leaf, and is held by strong brass supports. May be used to lay records on when desired. Door has good lock. The wood rack interior holds four records to each compartment, but the felt lined interior has an individual place for each record, and is far more desirable, as it protects the records from injury, and makes them more readily accessible. The top of this Cabinet is large enough for any make of machine.

GENUINE BRASS Beds that will not tarnish

Prices do not include bedding, bolster rolls, or spreads displayed on beds.

$11.95

66C5052—Polished finish **$11.95**
66C5055—Satin finish **12.15**

Bedding displayed on beds is of course not included.

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. width.
Diameter of main posts, 2 inches.
Upright filling tubes, ⅝ inch.
Horizontal cross tubes, ¾ inch.
Height of head, 58 inches.
Height of foot, 37 inches.
Shipping weight, about 135 pounds.

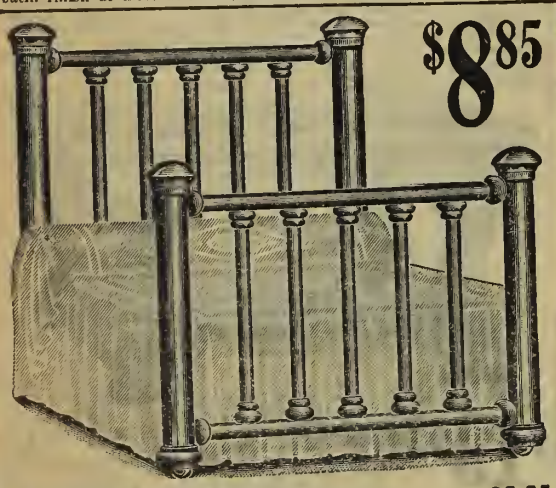
Notice carefully the artistically shaped brass trimmings which surmount the corner posts of this bed, and which are exactly reproduced in the full size illustration at the right. Nothing but the highest grade steel reinforced brass tubing is used, and it is turned into the finished product by skilled brass bed builders. The natural lustre of the brass is preserved and prevented from tarnishing by high-grade colorless lacquer. The upright filling and cross tubes are fitted with large ball-shaped connections, which add materially to the attractive appearance of the bed. We feel sure that no one can make lower prices on a similar bed—high quality, durable construction, and fine finish being taken into consideration. We recommend the satin finish as most desirable, and it is the finish we sell the most of.

Satin Finish

Satin finish is the best liked. It has a beautiful dull, yet lustrous sheen, similar to brushed brass. It is very rich in appearance. A colorless, hard baked lacquer keeps it from tarnishing. By all means, order the Satin finish, as it is most desirable.

Polished Finish

The appearance of polished finish is clearly indicated by its name. The brass is buffed to a shining, mirror-like surface, and this high polish is preserved by hard baked, colorless lacquer.



Actual Size of all 2-inch posts

All beds this page have 2-inch posts

Bolster or Day Roll

We can furnish Day Rolls (Bolsters) for any iron, wood or brass bed, with opening for pillows, at $1.89 each. Article No. 166C5253, fully described and illustrated on the first iron bed page.

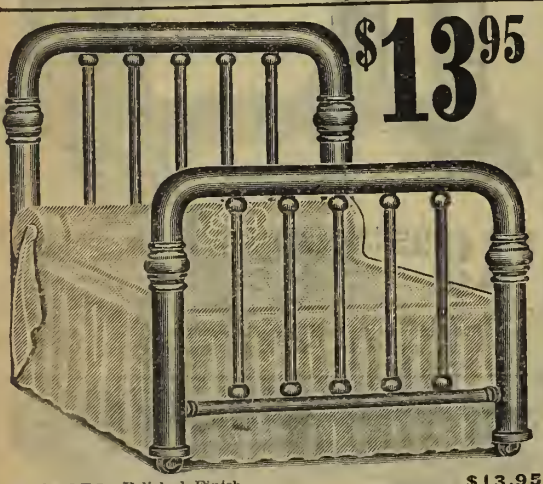
Ship. weight, about 135 lbs.

Spring cannot be sold alone. The spring is very sanitary, with a rust resisting Diamond Link Fabric attached to frame at both ends with sensitive helical springs. Underslung side rails keep edges of spring from striking when you sit on the edge of bed. Fitted with easy rolling casters. The market price of brass has increased very rapidly during the past few months, but our fortunate contract enables us to supply this bed complete with spring at about the price you would pay elsewhere for the bed alone.

$13.6

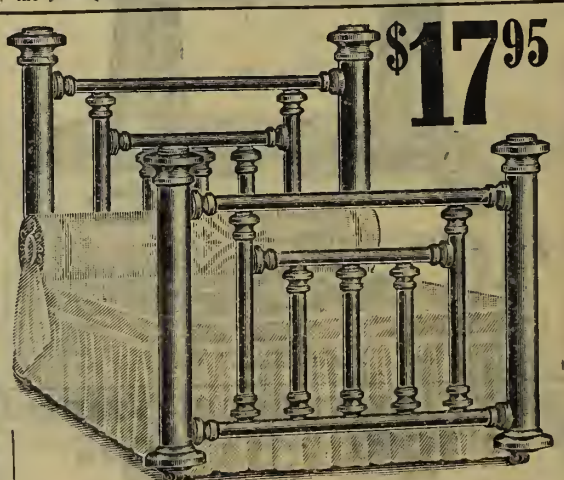


66C5073—Polished Finish ..... **$13.**
66C5075—Dull Satin Finish..... **13.**

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. width.
Diameter of main posts, 2 inches.
Upright filling tubes, ⅝ inch.
Top cross rods, ¾ inch.
Height of head, 59 inches.
Height of foot, 38 inches.
Shipping weight, about pounds.

A bed that is very popular in well furnished homes. The co posts are capped with large acorn shape trimmings. The cross t and upright tubes are joined with large brass turnings. Actual of the corner posts of this bed is shown by the large sketch at top of this page. Very attractive and artistic, and certainly unu value at the price we quote, when you consider the present cost of brass. We strongly recommend the dull satin finish the most desirable. Fitted with easy rolling casters.

$13.95



66C5078—Polished Finish **$13.95**
66C5082—Dull Satin Finish..... **14.25**

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. width.
Diameter of main posts, 2 inches.
Upright filling tubes, ⅝ inch.
Bottom cross tubes, ⅝ inch.
Height of head, 57 inches.
Height of foot, 37 inches.
Shipping weight, about 135 pounds.

The big two inch continuous main posts of this bed have large fancy brass turnings which add much to their massive appearance. The upright filling tubes also have artistic ball shaped connections at each end. Has large wheel metal casters. Similar beds no better than this often retail for $17.50 even under usual market conditions, and with the present high price of brass and steel products, the dealer not protected by a contract as we are, would probably have to get even more than this.

$17.95

66C5085—Polished Finish **$17.95**
66C5087—Dull Satin Finish..... **18.20**

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. width.
Diameter of main posts, 2 inches.
Upright filling tubes, 1 inch.
Cross rods, 1 inch.
Height of head, 60 inches.
Height of foot, 39 inches.
Shipping weight, about 150 pounds.

The longer you have this bed, the better you will like it. It is very massive in appearance. The corner posts are capped with artistically shaped trimmings of the exclusive design which is shown full size in the illustration on the top of page. Notice the unusual large number of fancy brass turnings which connect the filling tubes to each other. Fitted with easy rolling casters. It is a bed which will please you perfectly. At the saving in price, it is worth considering.

$18.9

66C5088—Polished Finish **$18**

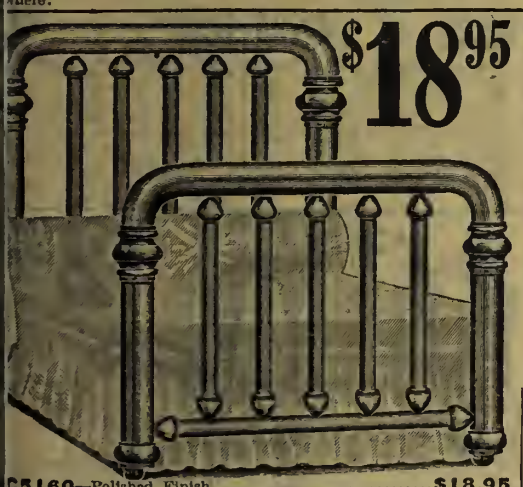
p cross tubes, 1 inch.
Height of head, 58 inches.
Height of foot, 37 inches.
Shipping weight, about 145 pounds.

ok at this bed and try to imagine how very attractive it would look ding in your own bedroom, with your own dainty bed linen on it. big corner posts are full two inches in dismeter, the same size he one shown in the large sketch on the preceding page. There are en big upright filling tubes in each end—twenty-two in all. Fitted steel wheel ball bearing casters. The **Genuine Brass** tubing in this all our other brass beds, is reinforced with a steel core, making ery strong. In desirability and big value this is a bed hard to equal where.

Non-tarnishable Finish



The finish of our brass beds is kept from tarnishing by a hard baked, colorless lacquer, which entirely covers the surface of the brass and protects it from air and moisture. It is easy to keep a brass bed clean and like new. All that is necessary is to wipe them occasionally with a soft cloth which has been slightly moistened with sweet oil, after which they should be wiped dry with a clean, soft cloth. Brass beds should **never** be scoured with any abrasive material, as this will remove the lacquer and allow the action of the air to tarnish the brass.

66C5156—Bed and Spring, Polished Finish..... $15.75
66C5158—Bed and Spring, Dull Satin Finish..... 15.95

Made in 3½ or 4½ ft. width.

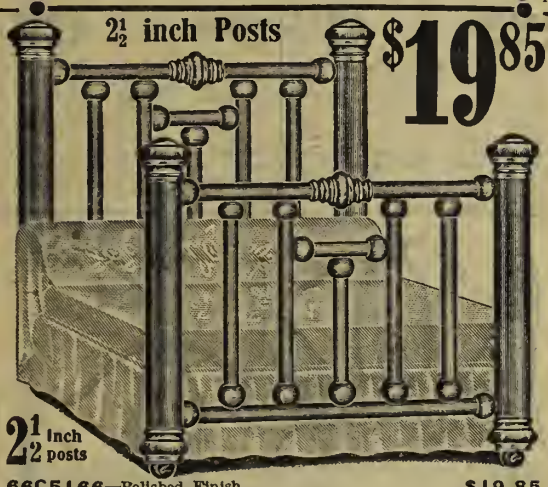
Upright filling tubes, ⅝ inch.
Bottom cross tubes, ⅝ inch.
Height of head, 57 inches.
Height of foot, 37 inches.
Shipping weight, about 165 pounds.

Spring cannot be sold alone.

When you purchase this fine bed and spring from us, you get both for little more, if any, than you would pay elsewhere for a bed of equal quality without the spring. There is a reason why we can give it to you for so much less, and still make money. This reason is that we contracted for the brass beds for this catalogue before the big advance in brass. You benefit if you purchase now. Side rails of spring are also side rails of bed, and are underslung in shape, so spring will not strike when you sit on edge. Rust resisting spring fabric. Very comfortable.

$18.95



C5160—Polished Finish $18.95
C5162—Dull Satin Finish..... 19.25

ade in 3 ft., 3½ ft., 4 ft., ½ ft. width.

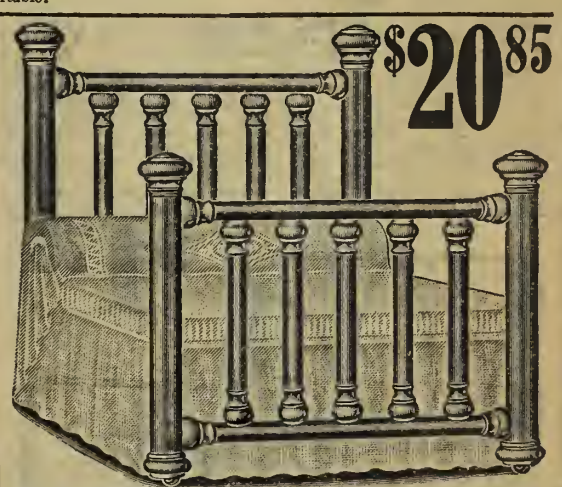
plain, sensible bed, of the popular continuous posts style, for money. Solidly built throughout, of steel reinforced **Genuine** tubing. A distinctive feature is the large acorn shaped trimgs which are used to fasten the various parts to each other. main posts have fancy brass turnings at the beginning of the and at the bottom. Large wheel, easy rolling casters. Probthe reason this bed has been one of our best sellers is because s desirability.

2½ inch Posts



$19.85

66C5166—Polished Finish $19.85
66C5168—Dull Satin Finish..... 19.95

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. width.
Diameter of main posts, 2½ inches.
Upright filling tubes, 1 inch.
Cross tubes, 1 inch.
Height of head, 58 inches.
Height of foot, 37 inches.
Shipping weight, about 155 pounds.

This superb bed has big 2½-inch main posts, which is a full half inch larger than the large sketch shown at the top of the preceding page. All of the filling tubes are also extra large, giving the bed a very massive appearance. It is a bed that will prove a creditable addition to any well furnished home, and will incite the admiration of all who see it. Easy rolling casters that allow a woman to readily move it about. At the present high price of brass, our price on this bed means saving about $5.00.

$20.85

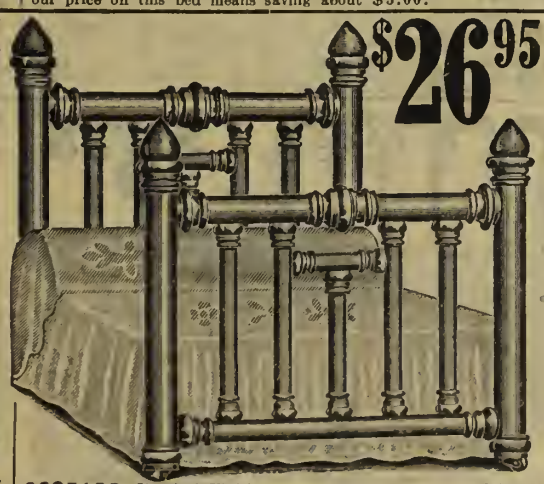
66C5172—Polished Finish $20.85
66C5174—Dull Satin finish..... 20.95

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. width.
Diameter of main posts, 2 inches.
Upright filling tubes, 1½ inches.
Cross tubes, 1½ inches.
Height of head, 58 inches.
Height of foot, 37 inches.
Shipping weight, about 165 pounds.

A very rich looking, extra massive bed. The filling tubes are almost as large as the main posts. Built along straight lines, and is universally popular. It is difficult to show by pictures the difference in quality, but when you have this bed in your home and can examine it carefully, you will realize it is much superior to those ordinarily sold at about this price. In fact, many dealers would have to pay the factory as much as we ask you, if they bought at present market prices of brass. Has good casters.

3 inch Posts

$22.95



5178—Polished Finish $22.95
5180—Dull Satin Finish..... 23.25

de in 3 ft., 3½ ft., 4 ft., ft. width.

Upright filling tubes, 1½ inches.
Top cross tubes, 2 inches.
Height of bead, 60 inches.
Height of foot, 40 inches.
Shipping weight, about 160 pounds.

This bed is adapted from the **Colonial** four-poster style so much in demand for up-to-date bedrooms. It is distinctly different from any other bed we show, and will certainly lend a tone of refinement to any room in which it is placed. Tall brass ornaments cap the corner posts, and harmonize artistically with the other trimmings used. Please note the extra large size of the filling tubes. Good casters. Bigger value than this bed is indeed hard to find. It is built with the thought of quality foremost.

$29.95

66C5187—Polished Finish $29.95
66C5189—Dull Satin Finish..... 29.95

Made in 3½ ft., 4 ft., or 4½ ft. width.
Main posts, 2 inches square.
Upright filling tubes, ¾ inch square.
Top cross tubes, 1½ inches square.
Height of head, 55 inches.
Height of foot, 39 inches.
Shipping weight, about 135 pounds.

A modern design. This type of bed has lately become very popular and is sold by exclusive city shops in normal times for fully a third more than we ask, and with the present high market on brass, the ordinary dealer, not protected as we are by a favorable contract, must get even more than this. Plain and easy to keep clean, and will harmonize with any style of furniture. Has easy rolling casters. You will find the workmanship and finish all that could be desired—it is, in fact, a bed for particular people.

Wise builders buy our Sheathing Papers and keep out the cold

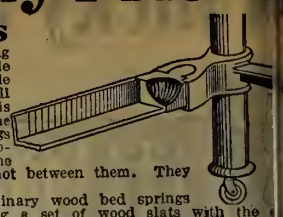
Sanitary, Washable Metal Beds, at Economy Prices

About Enamel Finishes

In producing our enamel finishes, several coats of high-grade enamel are used. Each coat is baked about 3½ hours in an oven heated to 150 degrees. This gives a hard, washable surface which is not affected by soap or water. It is not to be compared with the paint finishes sold by some unscrupulous concerns as enamel. Any bed on this or the following pages can be had in white or any plain color at the same price. We always send white when no color is mentioned, and recommend white as most desirable. **Bedding displayed is not included.**

What is Vernis Martin?

Vernis Martin is the most durable finish applied to metal beds. In appearance it closely resembles Genuine Brass. It is washable and does not easily mar or chip. Under ordinary conditions of usage, this finish will give almost indefinite service. **It will never tarnish or turn color.** After being applied, it is baked hard in superheated ovens. You will never regret the purchase of a bed finished in the Genuine Vernis Martin, as ours are. Only beds so quoted can be supplied in this finish.



$1.89

166C5253

Bolster Roll

166C5253—Light and strong. Round wood ends, padded on outside. Body made of fibre board, reinforced with wood strip and coppered rods. Covered outside with good quality sateen, in white, pink, or blue. Inside covered with cambric to match. Holds two pillows, but no pillows are included at this price. Used in up-to-date homes to make beds look more attractive. Supplied for beds 3 ft., 3½ ft., 4 ft. or 4½ ft. width. **Be sure to mention color and size wanted.**

About Side Rails

After considerable experimenting we have perfected a type of side rail that is practically trouble proof. As shown in the small picture opposite, this side rail is made with the flat side of the rail down. When used with springs made for metal beds, the projections on the springs rest on the top edge of the bed rails, and not between them. They are perfectly solid in this way.

If you wish, you can use ordinary wood bed springs with our beds, by simply placing a set of wood slats with the resting on the inside flanges of the bed rails.

Our beds are made of drawn steel tubing and rods, which are ri joined together by smoothly finished castings. Every bed is fitted easy rolling casters. We sell practically the entire output of an mense factory, which explains the very low prices.

Be sure to look for casters before throwing away packing

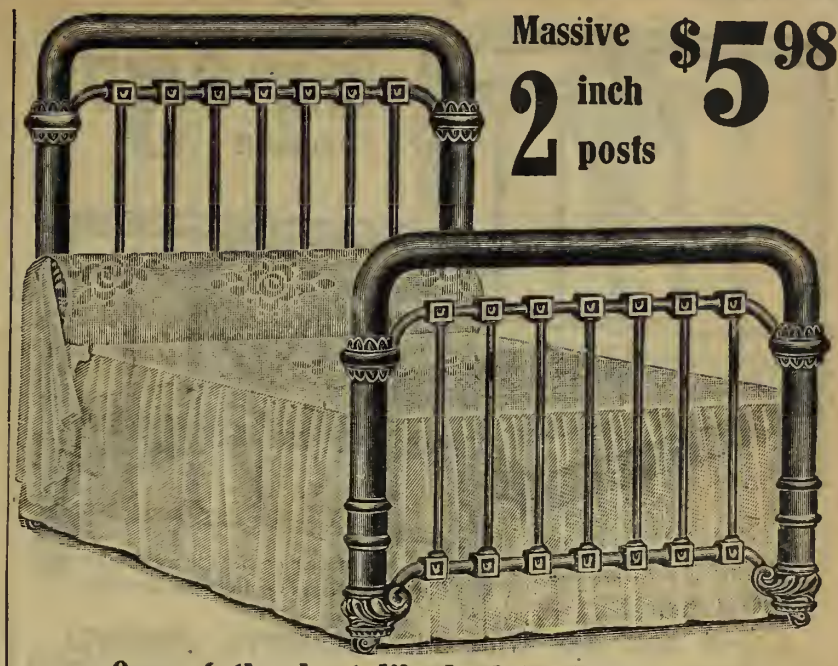
This is a well known, much liked design that you will find thousands of homes. The corner posts on our bed are heavier, ever, than those usually used by others on beds of this type. plain and substantial, will go well with almost any kind of fu ture, and represents the utmost in value for the price you pay.

No imitation is good. Get a genuine seamless linoleum rug

These beds have a washable finish that is durable



Strong and Heavy **$4.30**

Exceptional value in an elaborate bed

C5359—Enamel finish. Be sure to mention size wanted.....$4.30
C5361—Vernis Martin (looks like brass). Mention size wanted..... 4.90

Made in 3½ ft. and 4½ ft. widths.
Diameter of main posts, 1⅛ inch.
Upright filling rods, 5/16 inch thick.
Top cross rods, ⅞ inch thick.
Bottom cross rods, ¾ inch thick.
Height of head, 60 inches.
Height of foot, 41 inches.
Shipping weight, about 120 pounds.

This bed will appeal strongly to those who like fancy designs. Both head and foot are made with panel effect, with a group of five rods joined by large, smoothly finished castings of artistic shape. Large numbers of our customers have indicated their liking for this bed by purchasing, and it has given universal satisfaction. The money saving you make by buying here is considerable, but your satisfaction with the bed is more important. This particular design looks especially nice in the Vernis Martin finish.

Massive 2 inch posts **$5.98**

One of the best liked plain beds made

66C5363—Enamel finish. Be sure to mention size wanted.....$5.98
66C5365—Vernis Martin (looks like brass). Mention size wanted..... 6.25

Made in 3½ ft., 4 ft., or 4½ ft. widths.
Diameter of main posts, 2 inches.
Upright filling rods, 5/16 inch thick.
Cross rods, ⅜ inch thick.
Height of head, 59 inches.
Height of foot, 39 inches.
Shipping weight, about 130 pounds.

This **Colonial** bed is extra heavy and massive. It is much heavier and higher than similar appearing beds sold elsewhere for more money. The finish is thoroughly baked and hardened, and can be cleaned by soap and water without injury. It is a plain, sensible design that will always be in good taste, and it looks well with almost any kind of furniture. Our favorable contract on this bed, which we made before all steel products had so increased in cost, makes possible a selling price which is actually less than many dealers must now pay at the factory.

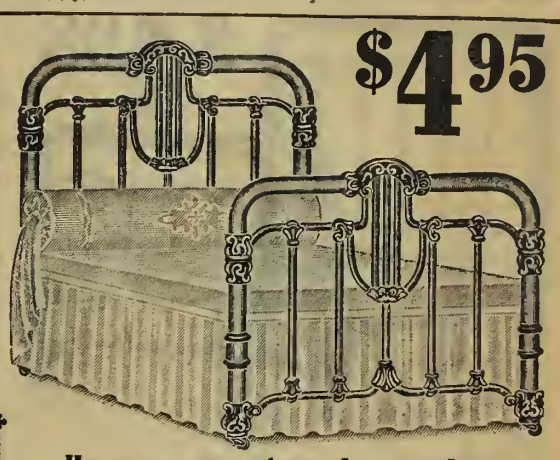
$3.95

Has brass knobs and top rods

C5371—Enamel finish. Mention size desired.....$3.95
C5373—Vernis Martin (looks like brass). State size 4.20

Made in 3 ft., 3½ ft., 4 ft., ⅛ ft. widths.
Diameter of main posts, 1⅛
Upright filling rods, 5/16 inch.
Genuine Brass top rods, diameter, ½ inch.
Height of head, 60 inches
Height of foot, 37½ inches.
Shipping weight, about 69 pounds.

This bed and foot of this bed have a **Genuine Brass** Top rail, which is strengthened in the center by a turned brass husk. All four corner posts are capped with big brass knobs. This brass trimming adds a tone of refinement to the bed. The brass is protected from tarnishing by a colorless lacquer. Those familiar with bed values will recognize this as one which retail stores all over the country sell at $5.50 to $6.25 for. The difference is **your saving.**



$3.95

Neat, artistic new design

66C5381—Enamel finish. Mention size wanted.....$3.95

Height of head, 57 inches.
Height of foot, 43 inches.
Shipping weight, about 90 pounds.

The upright filling rods in this bed are joined to the top rods with extra large castings of attractive design. The corner posts are also decorated with large cast caps. It is very strong and substantial. Side rails fit securely into castings on corner posts. Easy rolling casters are supplied. We sell most of these beds in the Vernis Martin finish, because it looks so nice when finished this way, but either finish you select is durable, and may be washed without injury. Retail value a third more.

$4.95

Has proven extremely popular

66C5387—Enamel finish. Mention size desired.....$4.95
66C5389—Vernis Martin (looks like brass). State size 5.45

Made in 3½ ft., 4 ft., or 4½ ft. widths.
Diameter of main posts, ⅞ inch.
Upright filling rods, 5/16 and ¼ inch thick.
Three ⅜ inch **square** rods in center panel of head and foot.
Cross rods, 5/16 inch thick.
Height of head, 56 inches.
Height of foot, 39 inches.
Shipping wt., about 100 lbs.

A novel and pleasing feature of this bed is the group of three **square** rods used in the panel at head and foot. Aside from its pleasing appearance, it is well made and finished—solidly built to give long service. Much heavier stock is used than is usually put into beds at this price. It is fitted with easy rolling casters which allow a woman to readily move it about, even when it is made up with a heavy mattress. You can make no mistake by deciding on this bed, which has already been the choice of so many particular people.

$4.55

Has massive 2-inch posts

C5408—Enamel finish. Mention size wanted.....$4.55

Shipping weight, about 110 pounds.

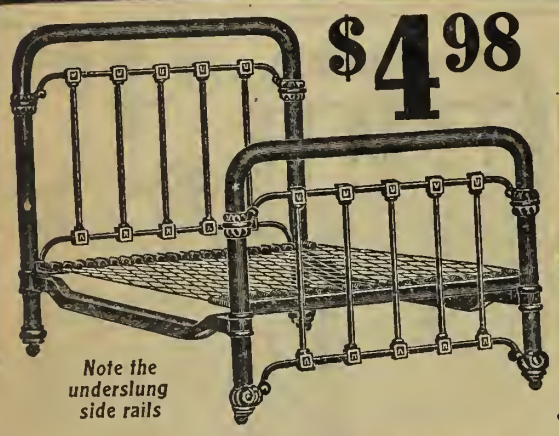
A very attractive bed that has already been the choice of hundreds of particular people. The heavy ornamental castings add greatly to its strength. Hard baked, washable finish.

The Spring is fitted with the celebrated Diamond link fabric, which evenly distributes the weight to the tempered helical springs by which it is connected at each end to the frame. The underslung side ralls are a real advantage, as they prevent the spring fabric striking when you sit on the edge of the bed. The side rails of the spring are also the side rails of the bed, making it complete in three pieces—head, foot, and epring. Spring cannot be sold alone. Reasonable value at retail, $7.50.

Bed and Spring Complete $6.76

Improved understung side rail prevents spring top from striking when you sit on edge of bed

Hard to beat for attractiveness and big valu



66C5426—White Enamel. Bed and spring complete.....$6.

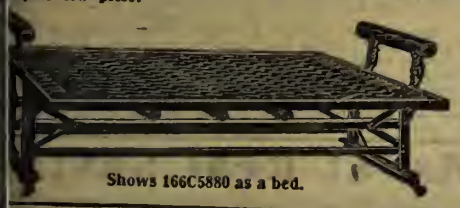
C5886—Ruffled Elastic Cotton Mat- Pad 3.25

C5889—Elastic Cotton Mattress Pad, no ruffle..... $3.10



of seat as Davenport or Couch, 71½x21¼ inches. Size d, 71½x49¼ inches. Shipping weight of Davenport, about unds; of mattress, about 18 pounds.

combination Davenport Couch can quickly be converted into or double bed. The frame is made of 1¼-inch angle steel, braced, and finished in gold bronze.

spring fabric is the improved **Wishbone** weave, made of rustng wire, and attached to frame at each end with tempered, springs. The center is reinforced underneath by nine spiral s, which add greatly to the comfort, and prevent sagging.

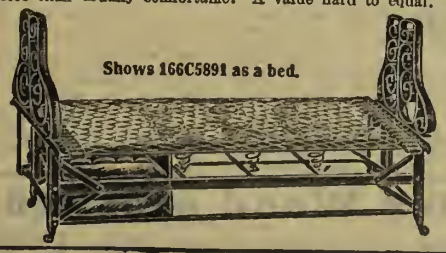
arms are made of hardwood, in **Mahogany** finish. Back may pped to same position as front wing, to make a spring-edge Has easy rolling, steel wheel casters.

Elastic Cotton filled mattress pad is covered with fancy We advise that you select the ruffled pad, as it looks much You will find this article comfortable, strong, and durable; w of no better value anywhere. By good value we mean high plus low price.

Shows 166C5880 as a bed.

166C5891—Davenport alone, with clothes holder $8.40

166C5893—Davenport alone, no clothes holder 8.00 $8.40



166C5896—Ruffled Elastic Cotton Mattress Pad 3.25

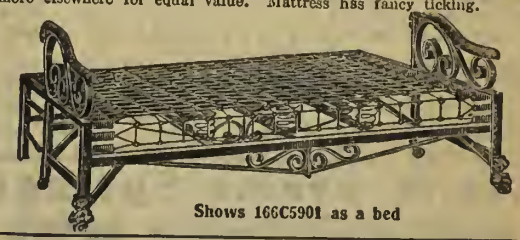
166C5898—Cotton Mattress Pad, no ruffle..... $3.10

Length over all, 74 inches. Size of seat, as Davenport, 72½x24 inches. Size as bed, 72½x49 inches. Shipping weight of Davenport, about 80 pounds; of mattress, about 18 pounds. **Mention finish.**

This sanitary steel Davenport Bed, when transformed into a bed, has head and foot entirely across each end, as shown below. This is a very desirable feature.

The frame is heavy 1¼-inch angle steel, finished either gold bronze or dull black. **Mention which you want**, when ordering, or we send gold bronze. Good casters. Has improved **Wishbone** spring fabric, attached to frame at each end with sensitive, helical springs. Nine spiral springs underneath support center of bed. Mattress pad is covered with fancy ticking. The davenport, with clothes holder, provides a convenient place for bedding during the day. More than usually comfortable. A value hard to equal.

Shows 166C5891 as a bed.



166C5901—Steel Davenport Bed alone $10.95

166C5903—Ruffled Elastic Cotton Mattress Pad 3.25 $10.95

166C5905—Cotton Mattress Pad, no ruffle 3.10

Length over all, 74 inches. Size of seat, as Davenport, 72x27 inches. Size as bed, 72x48 inches. Shipping weight of Davenport, about 85 pounds; of mattress, 18 pounds.

Has heavy scroll arms, made of **Genuine Brass** tubing, supported by gilded steel scrolls. Frame is heavy angle steel, with ornamental scrolls at top of back and in front. Cast Iron heads form feet. Easy rolling casters. Spring is **National** link fabric, attached to each end by helical coil springs. Center supported underneath by 12 spiral springs. Frame finished in oxidized finish. **Be sure to mention which you want**, or we will send the oxidized. A very important feature is the full spring-edge and back when in use as Davenport; it is also very comfortable as a bed. It will stand the test of constant usage, presents a very attractive appearance, and costs little when you consider its durability. You would pay much more elsewhere for equal value. Mattress has fancy ticking.

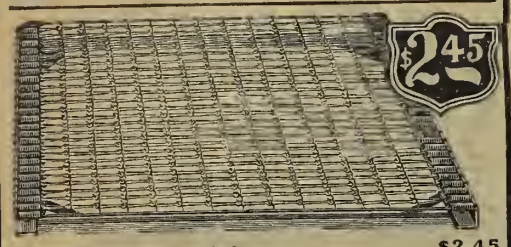
This is an ideal cot for camp or home use, because it combines strength with lightness and durability. When opened makes bed 2 ft. 3 in. wide and 6 ft. 6 in. long. Has three sets of supporting legs of strong hardwood, reinforced with pressed steel fittings. Covered with heavy duck canvas. Pillow head is not filled but can be stuffed with moss or grass. Folds, without any separation of parts, into small bundle, 39 inches long by 4x5 inches thick.

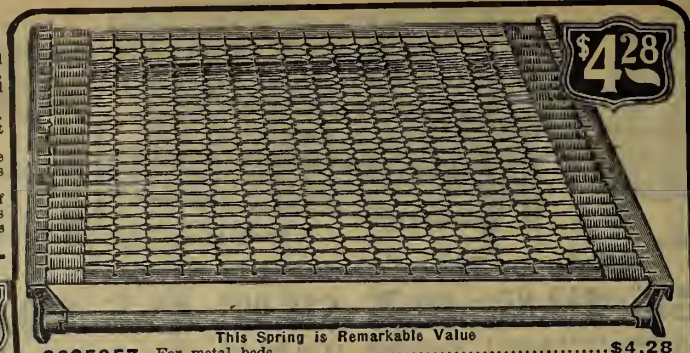
Sanitary, Comfortable, Steel Frame Springs for Metal Wood Be



Important!

Any spring on this or the following page can be supplied to fit beds in the four standard widths, viz.: 4½ ft., 4 ft., 3½ ft., or 3 ft., unless stated otherwise in individual descriptions.

4½-ft. springs are carried in stock and shipped promptly. Other sizes are made to order and require delay of about 5 days.

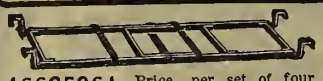


In ordering springs for metal beds, give us the extreme outside width in inches, from rail to rail. In ordering springs for wood beds, give us the length of the bed slats in inches.

Standard beds, of whatever width, are 76 inches long. If your bed is standard in length, you need not mention this dimension. For special length beds, give inside measurements from head to foot in inches.

66C5951—For metal beds $2.45
66C5953—For wood beds 2.45
Furnished to fit beds 4½ ft., 4 ft., 3½ ft., or 3 ft. wide.
Shipping weight, about 40 pounds.

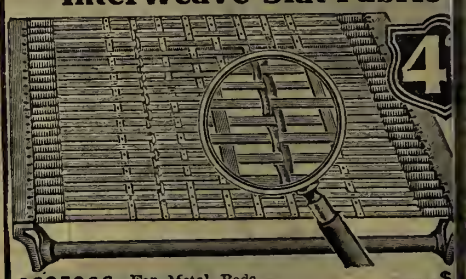
Strong angle steel frame, reinforced at corners, and finished in black Japan. Spring fabric is patented straight link style, made of rust resisting wire, and fastened to frame at each end by sensitive helical springs. This spring has strength, comfort, and equal distribution of weight. Durable and perfectly sanitary. Usual retail value about $4.00.



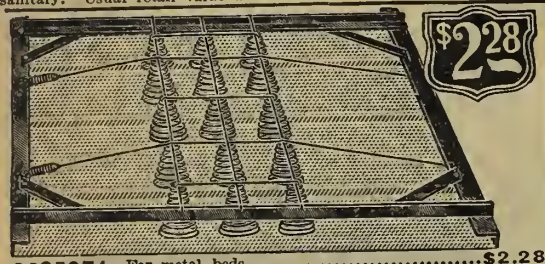
This Spring is Remarkable Value

66C5957—For metal beds $4.28
66C5959—For wood beds 4.28
Furnished to fit beds 4½ ft., 4 ft., 3½ ft., or 3 ft. wide. Shipping weight, about 50 pounds.

Pipe sides of frame are heavy steel tubing, diameter 1½ inches, firmly attached to heavy angle steel ends by stout, improved malleable corner castings. These castings raise the spring fabric six inches above the side rails of bed. Frame is very rigid and strong, and is finished in gold bronze. The patented straight link fabric of rust resisting wire is secured to the frame by many oil tempered helical springs at each end. The sides of the fabric are attached to flat steel bands, reinforcing the edge, where the most strain comes. This spring is adapted for persons of different weights and will be found very comfortable as well as sanitary and durable. Springs no better often retail for $7.00.



Adjustable metal slats, for supporting wood bed springs in metal beds. Can be adjusted to fit any metal bed. Well made and strong. Shipping weight, about 30 pounds.



166C5961—Price, per set of four slats..... $1.73

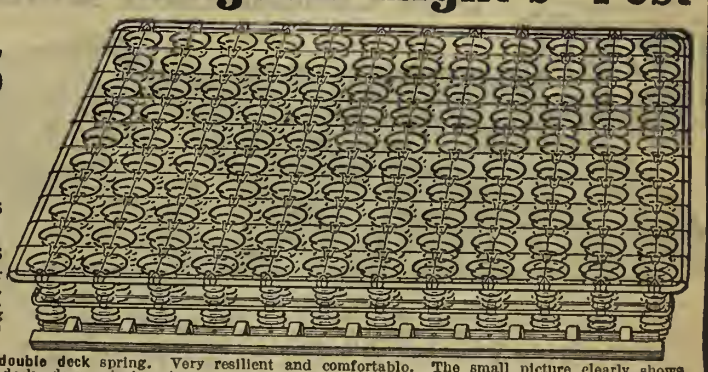
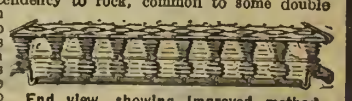
pplied for 4½ ft., 4 3½ ft. or wide. ding weight, 55 lbs.



spring is made with a strong steel truss bar foundation, on which the tempered spiral coils are in position. The tops of the springs are interlaced and locked together with flexible wires ng lengthwise and crosswise. Full size has 120 spirals; other sizes in proportion. The method of ding the coils makes a durable, comfortable spring bed. Black enamel finish. Designed for use etal beds without slats. For wood beds, our adjustable metal slats, or ordinary wood slats are The springs, being very sensitive and tempered, support the mattress in much the same way a pillow supports the head, conforming to the shape and weight of the body. Each coil is so hinged it responds quickly to weight placed upon it, yet is fastened so the weight is also distributed to coils.

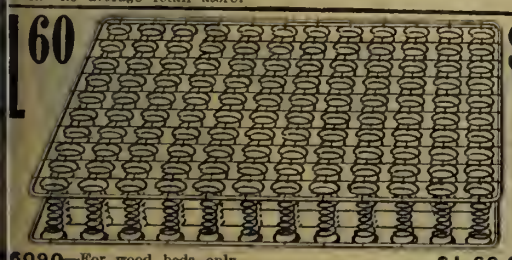
durability of a bed spring depends much upon the way in which it is made. The coils will never out of place on this spring because they are locked securely in position by interlacing lengthwise crosswise wires. The extra heavy solid wire edge gives extra firmness where it is most needed. the top of the spring level and in shape. A quality for which you would have to pay $5.50 or 0 in the average retail store.



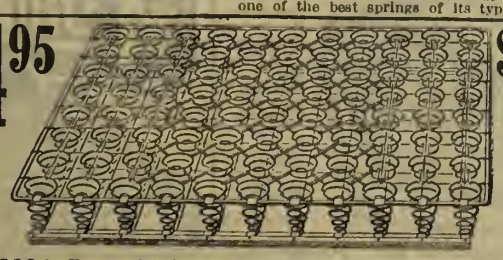
$6.75

66C6070—
For metal beds
..... **$6.75**
66C6072—
For wood beds
..... **$6.75**

Supplied for beds 4½ ft., 4 ft., or 3½ ft. wide. Shipping weight, about 60 pounds.



A high-grade **double deck** spring. Very resilient and comfortable. The small picture clearly shows how the double deck, deep spiral springs are set, one above the other. The coils in the bottom tier are securely locked in position in notches in the steel foundation bars. An important improvement is the manner in which the coils on the edge of the spriug are set. Being shorter than the others, firmness is given to the edge, where most needed, and the tendency to rock, common to some double deck springs, is overcome. The tops of the coils are tied in both directions with hinged, flexible wires. A heavy cable wire surrounds the entire edge. Perfectly noiseless. Rustless black Japan finish. When furnished for wood beds, both sides are made alike, without the steel foundation bars, thus making a reversible spring, which rests on slats. No slats are needed with the metal bed spring as the over-hanging side bars hook over the side rails of the bed. We consider this one of the best springs of its type that money can buy.



End view, showing improved method of setting spirals.

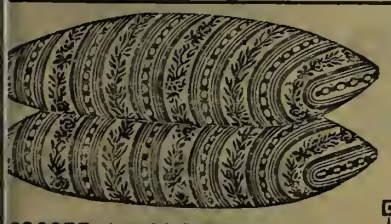
Our Pillows are now packed in Sanitary, Dirt-proof Cartons

In order that our pillows may reach you in the same clean, sanitary condition in which they leave the factory, we have arranged to pack them in heavy fibre-board cartons, which are sealed to keep out all dust and dirt. All of our pillows shown below, with the exception of 166C6077, are now packed in these cartons. Because of our very large sales on pillows, which are increasing year by year, we are able to buy at rock bottom prices, and offer you better pillows for less money than you can buy elsewhere, in addition to this advantage of improved packing.



Our feathers, both in bulk and those in the pillows, are absolutely all new feathers—feathers which have never been used before. They are clean, sweet, pure, odorless and dustless. The ticking we use is the best in floral art designs. In purity, buoyancy and durability imperial pillows have no equal.

Feathers, when plucked from the fowl contain more or less impurities. The fibres are full of dirt, dust and sand. The hollow of the quill is filled with living animal matter, and a certain amount of oil. Unless these substances are removed and the feathers sterilized, they develop germs, giving off an unhealthy odor. Two pounds of feathers cured and prepared by our process make a fuller, fluffier and more comfortable pillow than the eame amount of feathers prepared by other methods. Yet these good pillows are priced very low.

Box Springs

strong frames of our box springs are mada of thoroughly sea- hardwood. At the cornere ona atrip overleps the others, forming nforcement of great value in resisting unusual etrain, or a fall cornere.

springs used are resilient, sensitive, cone shaped and tem- steel. They are securely stepled to bottom boards, which in turn n a strip attached to the heavy sides. Each spring is then tied h other in several directions, with high-grade Italian hemp twine, ng that they will always remain in proper position. Strong, yet e, rattan adge fastened to each spring. On top of the spring ation thus secured, is spread new hurlap, and over this a layer d wool. Lastly, a thick layer of genuine Cotton Felt. The wood prevents the springs working up into the top layer.

r Top Box Springs are mada in the same substantial way, except above the burlap is spread sanitary Southern Moss instead of wool, and above this, the layer of hair. Box Springs for Metal are made with overlapping edges, which rest on the rails, and s no slats. Measurements for box springs for metal beds are the same as the outside measure from rail to rail. Box Springs ood Beds are made with straight sides, and set inside of rails, on the slats. Measurements for box springs for wood bede be the inside measure between the rails, and we will allow ch all around for space to tuck the bedding. Box springs should be usad without mattresses, but a full weight mattress is not ary.

Hair Mattresses

A noteworthy feature of our Hair Mattresses is that except in number 6795, 97, and 99 they contain 100% curled hair, and do not contain any tampico, or other vegetable fibre, which is so often used. The ticking le also a much better grade than you will find on mattresses selling elsewhere at similar, and even higher prices. The difference in the price of hair mattresses comes principally in the grade of the hair, the longest hair being the best. The small illustration above shows how our hair is curled. It is tightly twisted into a rope, and allowed to remain for months, until it is needed to make up the mattress. The ropes are then untwisted, and the hair thoroughly picked loose, making a permanently springy, elastic filling. We guarantee the weight, quality and cleanliness of every hair mattress we sell. Any Hair Mattress Made with Imperial Roll Edge for $1.00 in addition to price quoted.

Specialty Full weight, 40 lbs. Standard quality A. C. A., stripe ticking. Our lowest priced hair mattress. While you will find the better mattresses which we quote, the most price we ask. It is filled with mixed curled hair, a medium short grade.

TRADE MARK Wardway Cotton Felt Mattresses

This label on a mattress insures you against disappointment—it is a trade mark of quality.

Sleep is one of the prime necessities of life, and if we would live long we must be sure that our sleep be restful, healthful and invigorating. This and the other mattresses on this page are sanitary, non-absorbent, and comfortable. They will not lump up. The filling is 100 per cent pure felted cotton, and we guarantee it to comply with the pure bedding laws of all states. Aside from the exceptional comfort you gain, from a Nobility Mattress, it is really one of the best mattresses you can buy. The first cost is but little more than the cheaper grades sold elsewhere, but you receive several times the service.

$7.95 Nobility Felt Mattress

The Invincible $9.35

We invite the closest comparison of quality and workmanship on this Invincible Mattress. We know that nothing but selected quality materials are used in making it. After you have slept on it awhile you will know that there is a big difference in mattresses, in favor of the Invincible.

It is built of clean, new, sanitary, natural white cotton, which is felted into many springy, uniform layers. The ticking is of a superior quality striped design. Imperial Roll Edges and round corners add much both to appearance and durability as they help to keep the mattress in shape. Closely stitched sides. Handles for lifting. You will like the Invincible so much that after you have slept on it six months, you would rather have the mattress than the money you spent for it.

The Astorbi $11.25

Sleeping on the Astorbilt mattress means refreshing rest. Soft and yielding, it supports every of the body like a big pillow. And it will remain soft and comfortable, even after long service will not mat nor lump up. It can't. By use of improved machinery, the tough, springy fibers o cotton are fleeced and felted into layers. As all the fibers are interlaced with each other, and sheets of cotton compressed to uniform thickness, the mattress cannot spread or pull apart.

Pure and sanitary white cotton is used for this mattress. It is covered with an exceptionally du striped ticking. Made with full Imperial Roll Edge and round corners. Evenly biscuit tufted securely tied. You will find, as thousands of others have, that the Astorbilt is every bit as luxur attractive, and durable as mattresses which are widely advertised elsewhere for $15.00. You the difference in price, that's all.

You will really rest

If you sleep on either the Snowdrift or Monarch. Sanitary, comfortable, attractive. Desirable for the best homes

Snowdrift

$11.95

50 Pounds

13 Fluffy Layers

Equal quality sold in retail stores as high as $18.00

This Snowdrift Mattress is luxuriously soft and downy

What it is made of

White cotton, fleeced, felted and drawn into fluffy, downy layers, is used for the filling of the Snowdrift. These buoyant layers are evenly laid one above the other, then the whole pile of springy, layer cotton, several times higher than the thickness of the finished mattress, is compressed and encased in the ticking. We have given the matter of ticking special attention, and have selected for the Snowdrift one of the finest ticks we could secure. It is extra heavy and durable, of an unusually close weave, and is made in a pleasing French Art design, with gray color predominating. In making up the tick, it is sewed on special mattress machines in a manner that prevents ripping. The box style edges of this mattress are full 5 inches wide, making the mattress extra thick. As mentioned above, the snowdrift is 5 pounds heavier than the standard weight mattress.

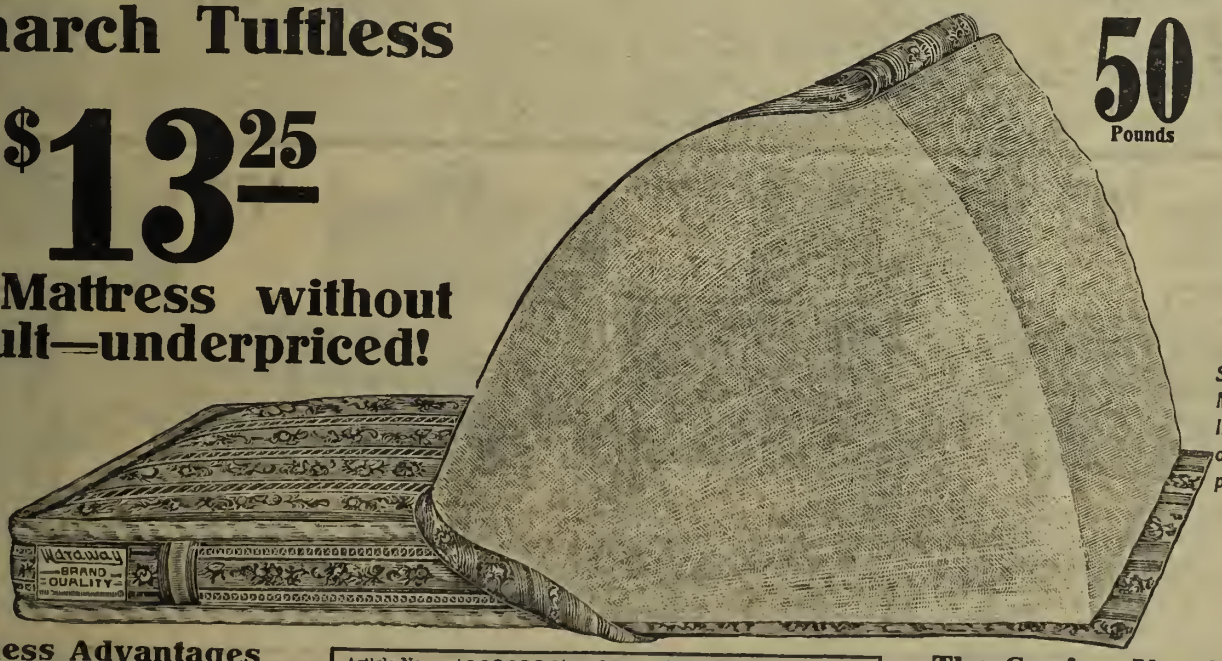
Any size Mattress made in two parts, divided crosswise, for 35c extra

When you purchase the Snowdrift, you are buying real comfort for that large portion of your life which you spend in bed. It is healthful to sleep on, sanitary, non-absorbent, and extremely comfortable. It never requires remaking, but a sun bath once in a while will give it added life and buoyancy. No cotton felt mattress can be made with greater care or of better materials than the Snowdrift, so why pay anybody more than we ask for it? You are practicing real economy when you buy a Snowdrift, for it will give several times the service of the cheaper grades and be more comfortable and attractive in appearance all the time you have it. It is the most comfortable, durable mattress that years of experience have taught us how to make.



How it is made

One of the important features which insures that the Snowdrift will give long service, is the extra layers put into the center of the mattress. With some mattresses, the center flattens soon after the mattress is used. In building the Snowdrift the center is made thicker than the edges, so that after use it will make a level, comfortable bed. This one feature alone is worth a great deal. None but the most experienced mattress makers work on the Snowdrift. It is evenly and deeply tufted, and the tufts securely tied so they will always remain in place. The **Imperial Roll Edge**, which keeps the mattress in shape, is made by hand sewing a part of the fibrous cotton into a roll around both edges. **The Round Corners** greatly improve the appearance and durability of the mattress, and make it easier to make up the bed. **Handles** on both sides are a great convenience when lifting the mattress.

Monarch Tuftless

$13.25

The Mattress without a fault—underpriced!

50 Pounds **Extra Full Weight**

Sleeping on a MONARCH is like sleeping on a big, soft pillow.

Tuftless Advantages

The exceptional comfort of this **Monarch** tuftless mattress will never be realized until you have slept on one. There are no ridges or lumps to make you uncomfortable.

One big fluffy bat of pure white long fibre **Genuine Cotton** is used to make this mattress. It is blown into a big box, the entire length and width of the mattress and several feet deep. None but the best long staple cotton can be used for this kind of a mattress.

The fibers, thousands upon thousands of them, are all interlaced one with the other. The big billowy pile is then compressed to the thickness of the mattress and encased in the tick. The **Imperial Roll Edge** is then made by hand, sewing a roll of the cotton into the corners of the tick on top and bottom, all the way around. This effectually prevents the big bat from ever sliding or slipping out of place and keeps the mattress in shape. Fancy Art ticking of choice quality of pretty floral design is used for the **Monarch**. Handles on side make it easy to lift about.

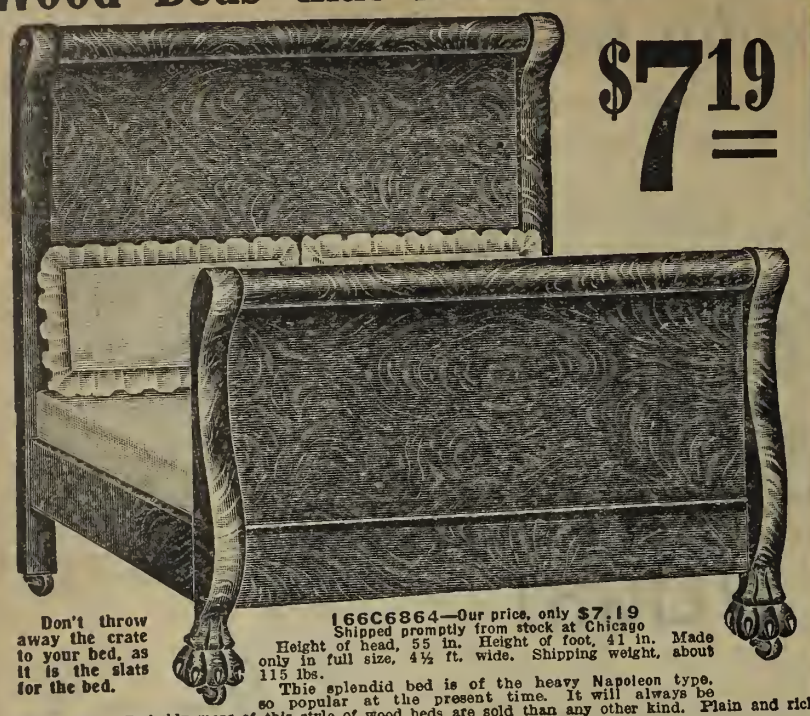
This mattress is not made in two parts

The big, fluffy pile of cotton that makes one Monarch Mattress

The Saving You Make



We wish to impress upon you when you buy the **Monarch**, you are receiving one of the most durable, comfortable mattresses that it is possible to produce. Tuftless mattresses, no more desirable in any respect, have been widely advertised at almost double our price. This big difference is due to the fact that we sell immense quantities and contract with the factory at a very low price.

Then the big expense of retail selling and magazine advertising, which add nothing to the value of the mattress, are eliminated altogether, making it possible for you to buy at this big saving.

50 Pounds

Another important feature of the **Monarch** is extra full weight. Practically all mattresses weigh 40 to 45 pounds in full size. The **Monarch** weighs **50 pounds**. This additional weight means extra service you will get and added comfort all the time you are using the mattress. When you sleep on the **Monarch** you will be rested through and through, and arise refreshed. Because of its durability it is really one of the most economical mattresses you can buy.

Wood Beds that have more than low price to recommend them

$7.19

Don't throw away the crate to your bed, as it is the slats for the bed.

166C6864—Our price, only **$7.19**

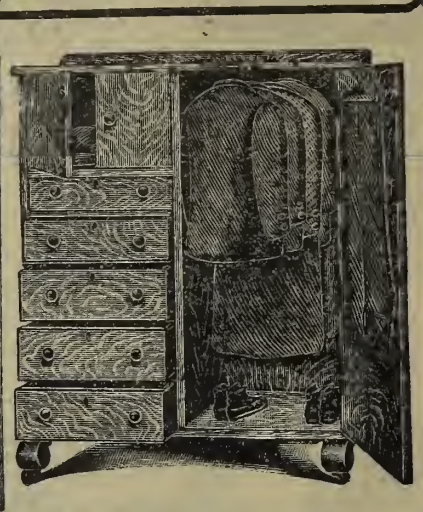
Bachelor Wardrobes and Combination Chiffonier Wardrobes

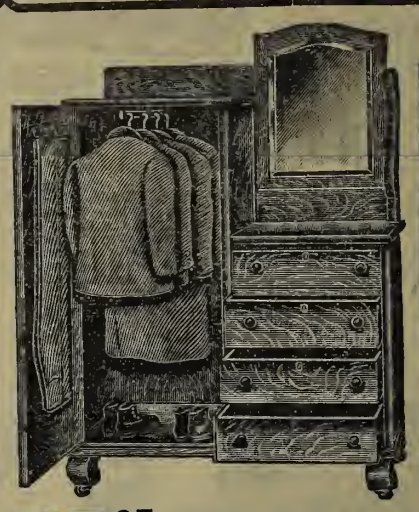
$14.75 Two values that combine high quality and low price $15.85

166C6951—Our price only..**$14.75**
Shipped promptly from stock at Chicago.
Height over all, 62 in. Extreme width, 45 in. Shipping weight, about 150 pounds. An ideal piece of furniture. It combines conveniences of desk, chiffonier and wardrobe in one compact article, which takes but little room and costs far less than the three articles would if purchased separately. Substantially built of seasoned hardwood and finished in a perfect imitation of Golden Quartered Oak.

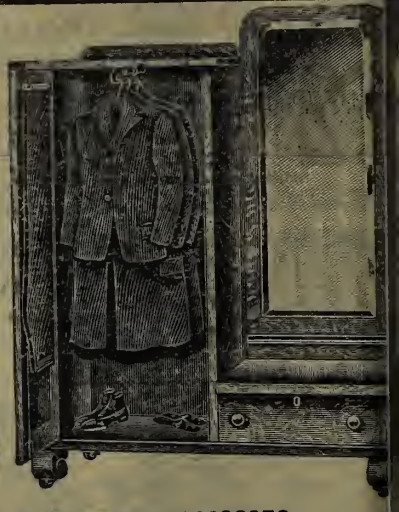
The wardrobe compartment is fitted with sliding extension bar and five coat hangers. Garments may be hung full length, and, by pulling out the sliding bar, any garment may be removed without disturbing any other. The door is fitted with an improved trouser hanger. At the left is compartment for hats, etc. Underneath is desk, with conveniently arranged interior. Three drawers, with good locks and wood knobs. Easy rolling casters.



This is an extra large, well made piece of furniture that you may depend on for long service. Your price saving is considerable, but it amounts to little compared with your real satisfaction with the article.



166C6955—Our price only..**$15.85**
Shipped promptly from stock at Chicago.
Height over all, 66 in. Extreme width, 46 in. Bevel mirror, 24x14 in. Shipping weight, about 215 pounds. This very attractive Chiffonier-Wardrobe is plain in design and easy to keep clean. It is carefully built of seasoned hardwood and has the popular Golden Quartered Oak finish. Only kiln dried stock is used. The construction is first class, so that you may depend on it for long service.



The wardrobe compartment is equipped with sliding extension bar and three coat hangers. This extension bar allows the removal of any garment without disturbing any other. Additional coat hangers may be used if desired. On the door is an improved trousers hanger, which will keep the garments shaped for wearing. Four roomy drawers give abundant storage space. Has good locks and wood knobs. Easy rolling casters are provided.

A most desirable piece of furniture for any bedroom. It gives the practical uses of dresser and wardrobe in the space of one. Equal value would cost you about a third more at retail.

$13.75

166C6959—Our price only....**$13.75**
Shipped promptly from stock at Chicago.
Height, over all, 62 in. Extreme width, 45 in. Shipping weight, about 140 pounds. A wardrobe-chiffonier with more than the usual amount of drawer room. Built of seasoned hardwood and highly finished in the flaky imitation Golden Quartered Oak. This finish is so nearly like the genuine that an ordinary observer will not detect the difference. Wardrobe has sliding extension rod, with three coat hangers, and there is new style trousers hanger on door. Compartment for hats, etc. Panel door. Trimmed with wood knobs, good locks, and easy rolling casters. This is a remarkably well made, convenient economical article.

166C7380
Shipped Promptly from Stock at Chicago

This may be rightly termed good furniture, for it is substantially built, of choice material, and nicely finished. It is indeed much better than our low price might lead you to expect.

This big value bedroom suite is built of seasoned **Genuine Oak**, and richly finished in the **Golden color.** The drawers fit perfectly, slide emoothly, and have dovetailed corners. All pieces have easy rolling casters.

The design will please the most conservative taste, for it has only enough artistic carvings to enhance its pleasing appearance.

The quality of construction and finish is such, that we recommend this suite to our particular friends, whom we wish to keep for steady customers. We are confident that it will pleass perfectly.

This price quoted above is for all three pieces, bed, dresser, and commode. This price is the result of our large sales, and our economical, one small profit plan of merchandising. It is very much less than you would pay elsewhere for equal quality.

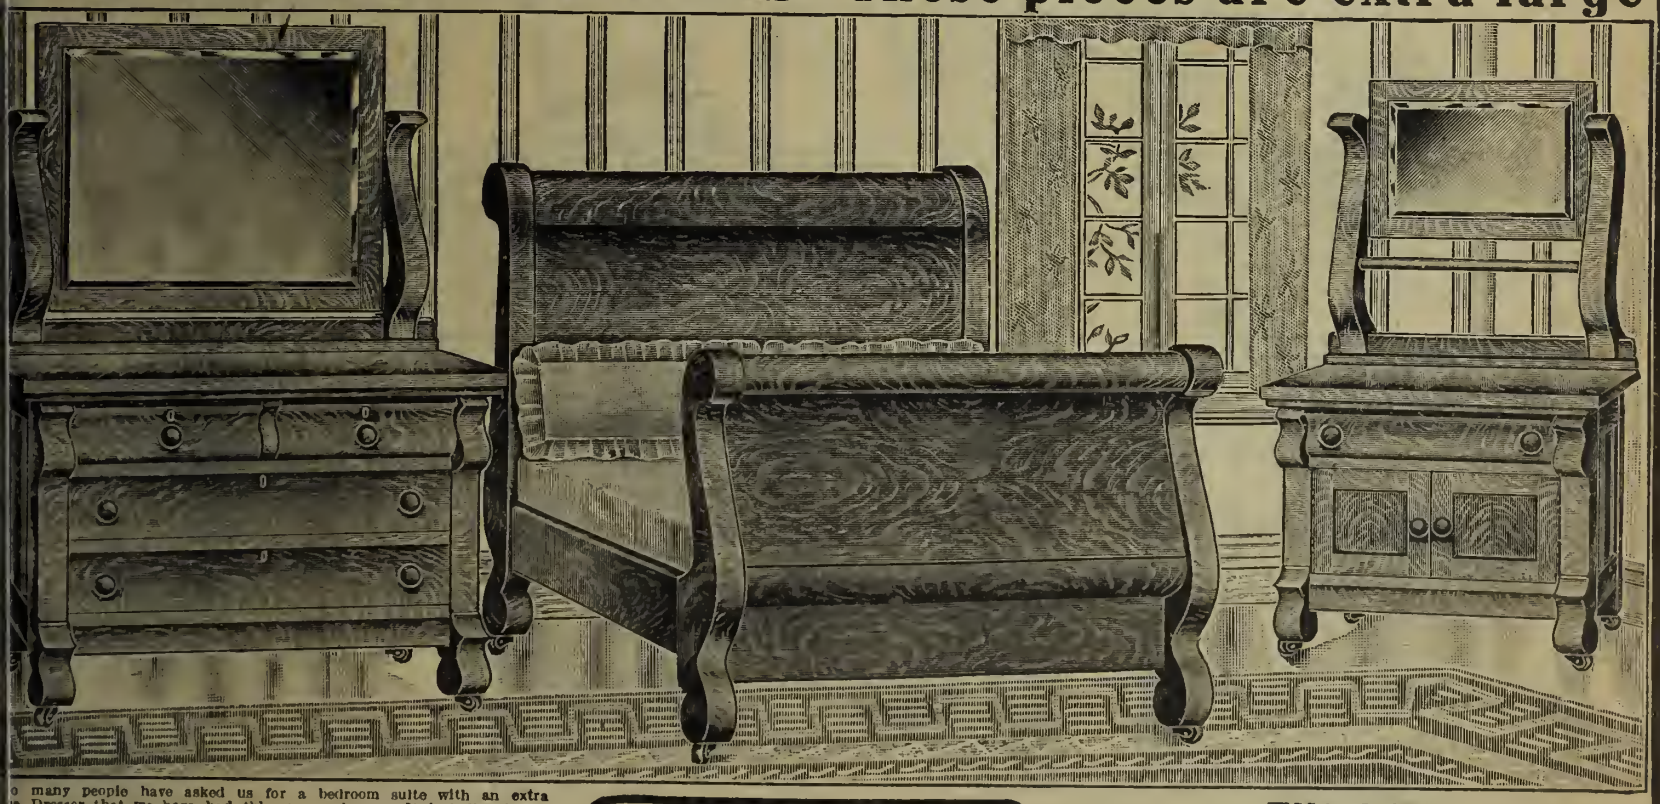
166C7431	Commode alone	5.25

Shipped promptly from stock at Chicago.



THE DRESSER

Size of top, 40x20 in. Has large 30x24-inch mirror, supported between graceful scroll shaped standards. It is pure Colonial design, with heavy plank style top. Has two large and two smaller drawers, all with locks and wood knobs. Probably no typo of Dresser is in greater favor with more people than this one. Shipping weight of dresser, about 120 lbs.

THE COMMODE

Has 30x16-inch top. One large drawer and two smaller ones. Also large compartment with door. Towel bar, supported by scroll standards. Your friends will admire this Suite in your bedroom, and compliment you on your good taste in selecting it. Shipping weight of Commode, about 70 lbs.

Note the measurements—These pieces are extra large

o many people have asked us for a bedroom suite with an extra e Dresser that we have had this one made up. It is built of sea-d hardwood, finished in a true imitation of figured Quartered Golden . This finish so nearly reproduces the genuine wood, both in the r and the marking of the grain, that it requires close examination ell that it is an artificial finish.
he large size of the dresser is not the only attractive feature of this e. The bed is also unusually massive. Our price on the suite is derably less than you would pay for equal quality in the average e. In fact, it is about $40.00 at retail value.

THE DRESSER

ize of top 45x20 inches. Bevel plate mirror, 30x24 inches. Ship-t weight, about 135 pounds.
be deep, roomy drawers are dovetailed, fit snugly and slide smoothly. top drawers have ogee shaped fronts. All have locks and wood bs. Extra large mirror of fine quality is supported by gracefully bed scroll standards. Move-easy casters. Please note particularly size of this dresser. You would not expect to pay less than $18.00 etail for one as desirable.

Real White Enamel, Strictly High-Grade, Yet Very Inexpensive

CHIFFONIER

166C7478
Shipped promptly from stock at Chicago
$13.90

Size of top, 32x18 in. French bevel mirror, 20x16 in. Ship. wt., about 150 lbs.

Dovetailed drawers with locks and wood knobs. Tapering front legs have brass sockets and easy rolling casters. Turned posts support mirror. It is carefully built and will give you even better service and satisfaction than our low price may lead you to expect.

DRESSING TABLE

166C7480
Shipped promptly from stock at Chicago
$13.25

Size of top, 20x36 in. French bevel mirrors, two 20x8 and one 20x14 in. Ship. wt., about 110 lbs.

Adjustable triplicate mirrors. Spacious drawer with wood knobs and locks. Tapering legs with brass sockets and casters. An article that will be prized by any woman. Our price is remarkably low, quality considered.

Real, Washable White Enamel Finish

Please do not confuse this high-grade suite with its real enamel finish, with similar appearing suites offered by others which are merely painted with ordinary white paint. There is a vast difference. The finish of this suite will permit its being wiped off with a moist cloth when soiled.

Picture it yourself how nice it would look in your own bedroom with pretty Chintz or Cretonne window drapes and bed coverlet. Such a bedroom would be very dainty and inviting.

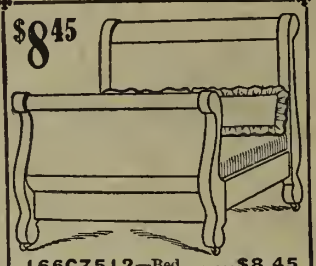
Why not get up in a warm bedroom? Use an Oil Heater

Two Convincing Examples of Big Value for Little Money

40 inches wide!

Modern in Design High-Grade in Material and Construction

Even though the prices on these pieces are remarkably low, the quality is unusually good.



You Benefit by This

Until last year we have never been able to offer such large, desirable, well-made pieces for so little. Manufacturers told us they could not be built for the price we wanted to pay.

We succeeded In contracting for them, however, with a factory who wanted to accommodate us, because they make a great deal of other furniture for us. The results were surprising.

We sold so many that the saving on buying the materials in larger quantities eatisfled the manufacturers as a profit.

So now you have another opportunity to buy them at little more than the usual cost of manufacture.

Made in Three Finishes—Every One a Bargain

Designed after a very expensive Suite and offered at a price well within the reach of the man of even ordinary means.

We can furnish this desirable suite in either **Genuine Mahogany** or **Figured Walnut** (veneer construction) or imitation **Quartered Sawed Golden Oak.** We strongly recommend the Walnut as this wood is very attractive in appearance, takes the fine finish with the velvety wax like surface that does not easily show mars or scratches.

We are confident that you cannot duplicate this suite elsewhere at our price. It is very desirable in every way and so constructed that it will give years of highly satisfactory service. You will like it better the longer you have it.

Exquisitely Figured Woods, Superbly Finished, for Fine Homes

$26.95 **$17.95** **$20.95**

It is difficult to show with a printed illustration, the real difference between this high quality suite and the ordinary kind. If you could see it and examine it yourself, you would undoubtedly pronounce it superior in style, construction and finish to most furniture of similar design offered in retail stores for one-third more money. The figured Walnut, one of the woods in which this suite is made, is one of the most desirable cabinet woods in use today. It is selected especially for its fantastic natural grain and the veneers are matched by skilled workmen to secure the best effect. No other wood equals it for beauty of figure in the wood. If you wish a suite similar to those sold to the smart set by exclusive city shops, **get this one.** It will please you in every essential detail of construction and finish and costs you much less. Our picture shows **Mahogany** veneer. We can also furnish it in **Quartered Oak,** Golden color, but we advise the figured **Walnut,** as most desirable.

RESSER **$26.95**

Dresser "B"

Dainty Bird's Eye Maple—

Although pictured in Mahogany, we can supply this high-grade Suite in Bird's Eye Maple, the clean looking curly grained wood that is now so popular. It looks especially nice in this wood.

The constantly increasing damand from thousands of our customers for furniture of a grade a little finer than we have usually sold, has led us to quote this Suite, which is one of the finest obtainable.

Only expert Cabinet Makers, with years of experience, aided in their efforts by the most modern machinery, in a well equipped factory, could build a suite as this one is built.

The result is a Suite that we are glad to sell to the most critical and best informed furniture buyers in the country, feeling confident that when it is carefully examined, they can find no fault with it.

Made of choice Golden **Quartered Oak,** selected **Mahogany,** or **Bird's Eye Maple.** Latest improved veneer construction. The splendid finish, equal to that on your piano, serves to bring out to the best advantage the natural figure of the wood. Correct **Colonial** design.

Seat, 19½ in. Height of back from seat, 24 in. Front posts, 1¾ in. square. Ship. wt., about 45 lbs.

Yielding spring seat. Quartered Oak arms, 3½ in. wide. Upholstered back. Extremely comfortable to sit in.

Genuine Oak in Fumed Brown Finish

We are very enthusiastic about the exceptional value we are able to offer you in this **Mission Suite.** It is carefully built throughout of seasoned **Genuine Oak** and finely finished Fumed brown. The upholstering material is worthy of special attention. It so closely resembles the Genuine Spanish Leather that you will hardly be able to tell the difference by looking at it, and because it is thick and heavy and it will give long and satisfactory service. It is far superior to other artificial leathers and much more durable. We consider this one of the biggest values in this big book.

Rocker $4.38

166C1207

Seat, 19½x19 in. Height of back from seat, 24 in. Front posts, 1¾ in. square. Ship. wt., about 55 pounds.

Shipped promptly from stock at Chicago.
ze of top, 48x22 in. Height over all, 59 in. French bevel mirror, 36x12 in. Shipping weight, about 175 pounds.
An unusually massive Colonial Buffet of distinctive pleasing design. Built thoroughly seasoned **Genuine Oak** by experienced workmen, and highly finished in the much liked Golden shade. If you will notice carefully the picture, I will agree that the arrangement is particularly convenient. At the top three drawers, one lined for silver. Below is a big cupboard extending across entire buffet, with alightly rounded doors, which are made of solid quartered oak. At bottom is a large, deep linen awer. The fine quality mirror has a curved top, above which is a shelf, supported by scroll brackets. pecially large scroll ends and feet. We doubt very much if you could equal this value in size, ign and quality elsewhere for less than third more than we ask.

166C8322	Extends to 10 ft.	17.95
166C8324	Extends to 12 ft.	18.95

Shipped promptly from stock at Chicago.

Diameter of top, either 45 in. or 48 in., as quoted above. Diameter of pedestal, 8 in. Shipping weight of six-foot size, 48-in. top, about 200 pounds; other sizes in proportion.

A massive, **Colonial** Table of refined, dignified appearance. Plain, modern and up-to-date in both design and construction. Solidly built of **Genuine Oak**, with top of either straight grain or **Quartered Oak**, as quoted above. The finish is given special attention, and you may have your choice of the rich Golden color, or Fumed brown. We send Golden unless you order otherwise.

The platform base has graceful, sweeping curves in its design, and the scroll feet are fitted with special quality casters. The top opens easily on properly fitted slides and when table is longer than eight foot size, is fitted with concealed drop legs to support ends. Non-dividing pedestal. Halves of top held together when closed by our Perfection lock. This is a table of the style that is most in demand for modern homes, and it will add much to the attractive appearance of your dining room. By purchasing here, you save a considerable amount.

166C8328	Extends to 8 ft.	Shipping weight, about 170 pounds. 14.7
166C8330	Extends to 10 ft.	Shipping weight, about 191 pounds. 16.2

Shipped promptly from stock at Chicago.

Diamster of top, 45 inches. Pedestal, 8 inches square at bottom.

Of all the tables our buyer saw at the Furniture Exposition this season, this was one of the m attractive from the standpoint of hoth design and big value. That is why we are making a big pict of it and placing it at the top of the page, so that you may not overlook it. It is built of season **Genuine Oak**, in either Golden or Fumed brown finish. The plain **Mission** design looks especially n in the Fumed finish, which has a wax like surface. As no varnish is used in preparing this finish, is very durable and does not easily scratch or mar.

Tapering pedestal is 8 inches square at the bottom. It does not divide when the table is opened, l the 8 and 10 foot tables are fitted with concealed drop legs which rigidly support the ends of the t when extended. Easy rolling casters are furnished. Improved slides insure that the halves of the t will open freely. Altogether this is a very desirable table for any well furnished home and our pr is so much less than the usual retail value that every woman will want one.

Polished finish. Shipped promptly from stock at Chicago.
Satin finish. Shipped from factory near Chicago.

Diameter of top, 48 inches. Largest diameter of pedestal, 11½ in.

This massive **Colonial** table is strictly modern and up-to-date in original design, and dependable construction. It depends entirely upon the graceful, correctly proportioned lines of the design, and the pleasing figure of the wood, for its attractiveness. Built of selected, thoroughly seasoned **Genuine Oak**, and finished either in the Golden shade and highly polished, or in the warm Fumed brown color. The massive pedestal does not divide when the top is extended, but the ends of the table, when larger than eight foot, are supported by concealed drop legs. The top has a molded rim 3¼ inches deep, and the halves of the top are held together when closed by our Perfection lock.

This is a table for particular people, who will appreciate its desirability in design, finish, and construction. As for price, you may be sure of saving at least a third of what you would ordinarily pay, when you purchase this table of us.

Polished finish. Shipped promptly from stock at Chicago.
Satin finish. Shipped from factory near Chicago.

Diameter of top, 48 inches. Largest diameter of octagonal pedestal, 13 inches.

Symmetrical and pleasing in design, high-grade in construction and finish, this splendid table is so far superior to those ordinarily sold for about this price, that it is in a class by itself. It is built to our own specifications, of seasoned and kiln dried **Genuine Oak**. Regularly finished in the popular Golden color, but may be had in Fumed brown at same price, by special order. Non-dividing pedestal gives strength and rigidity. When made longer than eight foot, is fitted with concealed drop legs to support ends of table when extended. The slides are so perfectly fitted that a woman can usually open the table with ease, and all sizes larger than eight feet have improved equalizer slides, which cause both halves of top to automatically move out the same distance from center, keeping pedestal always in the middle. Good casters. You are buying a quality table at a bargain price when you purchase this one.

Protect your polished table top from hot dishes and liquids with an asbestos mat. Costs little—worth much! See index.

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of pedestal, 11 hes. Extreme width of claw feet, 4½ inches.

ere is a table we can heartily recommend. It is very high grade every respect. Built of choice **Genuine Oak**, richly finished popu- Golden color. Extra large non-dividing pedestal is turned and ed. Gracefully shaped legs are ornamented with carved leaves alternate in large perfectly shaped claw feet. Tables longer than oot have concealed drop legs which rigidly support ends when ex- ded. Ball bearing casters. Perfection top lock. Smoothly work- en. Quality considered, our price on this table is remarkably low.

Price **$25.95**

Shipped promptly from Stock at Chicago.

Diameter of top, 48 inches. Pedestal 10½ inches square at largest part. **Be sure to mention finish wanted.**

This is a massive **Mission** table that will delight the most critical purchaser. It is correct in design, superior in construction, and finely finished. Built of selected **Genuine Oak**, in either **Fumed brown** or rich **Golden** finish. We recommend the Fumed finish for a table of this type. We will ship this finish unless otherwise instructed. Non-dividing pedestal with concealed drop legs on tables longer than 6 foot. Ball bearing casters. Perfectly fitted slides allow top to be opened easily. **Perfection** top lock. Plain design. Is easy to keep clean. Would cost one-third more at retail.

Price **$24.75**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of center pedestal, 9 inches. Diameter of smaller columns, 3½ inches.

An unusually massive table that will give you long service. Built of specially selected **Genuine Oak** with a highly polished top, of figured quartered oak, finely finished Golden color. Very suitable for large dining rooms because of its massive appearance. Improved pedestal lock holds halves of dividing pedestal securely together when closed. Ten and 12-foot tables have concealed center legs. Easy rolling casters. Perfectly fitted slides. Carved claw feet. Every one who sees it in your dining room will admire it, because it is so durably built and the cost for years of service will be very low.

e **$24.75**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of center pedestal, nches. Extreme width of claw feet, 3½ inches.

This fine Table is very heavy and massive, and the carved orna- entations are very carefully done. It is built of **Genuine Oak**, with hly polished top of **Quartered Oak** of flaky figure, and all nicely ished Golden color. The center pedestal does not divide when table is opened, but the outer legs, two on each end, slide out h the top to support the ends, leaving the center pedestal to sup- t the center. The slides work smoothly and freely, and table fitted with easy rolling castors. The leaves are fitted to the le before being shipped, thus insuring a perfect fit. Altogether, it a table that will satisfy you from every standpoint of quality, rvice, and cost. We recommend it to careful buyers.

Price **$26.95**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of pedestal, 12 inches. Extreme width of claw feet, 4 inches.

There is about this Table that indefinable something, commonly called good style, that makes a strong appeal to people of refinement. It is solidly built, of seasoned **Genuine Oak**, with a highly hand polished top of flaky figured **Quartered Oak**, and all finished in the pleasing Golden color. The turned round pedestal has a fluted ornament, and the shapely legs have just a touch of carving. Large carved claw feet, with easy rolling casters. An improved construction allows you to extend the top to 8-ft. length before the pedestal divides. Halves of pedestal securely held together by locking device. When you purchase this table you get the result of special care and attention of experts, from the selection of the raw material to the finished product.

$36.00

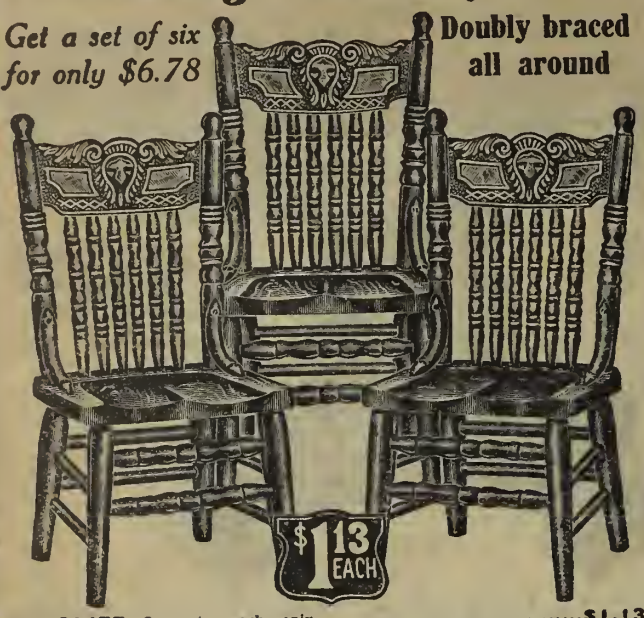
Price **$39.00**
166C8475—Size, 12 ft. Shipping weight, about 368 lbs.
Price **$42.00**

Polished finish. Shipped promptly from stock at Chicago.
Satin finish. Shipped from factory in Indiana.



Diameter of top, 54 inches. Largest diameter of pedestal, 16 inches. Extreme width of claw feet, 4½ inches.

This is our special **Banquet Table**, skillfully built of the richest flaky **Quartered Oak**, in Golden finish, and highly hand polished to a mirror-like surface. You may have it in the dull satin surface, by special order, if you desire, but when ordered in this way, shipment will be delayed about ten days. The pedestal is fitted with our reliable locking device, which allows the top to be extended to 8 foot, without the pedestal dividing. 12-ft. tables have concealed center legs. Easy running slides and good casters are supplied. This price at which we offer this quality table, offers an opportunity for thrifty people who are satisfied with nothing but the best. It is a table that will give years of service and still be very desirable.

Dining Chairs you can Depend on for Service, Priced Low

Doubly braced all around

166C8477—Our price each, only.....$1.13
Get a set of 6 for only..... 6.78

Shipping weight, each, about 12 pounds.

This is an exceptionally well made, strongly braced dining chair for little money. It is built of selected hardwood in pleasing Golden Oak finish. The wood seats are saddle shaped. Please notice that the base has double stretchers all around, thus giving extra strength where most needed. The top panel of the back is artistically shaped and embossed and there are six fancy turned spindles. The back posts are rigidly braced to the seats by bent brace arms which are screwed to both seat and back posts. These are big, full sized chairs, so proportioned that they are comfortable to sit in, at a price much less than retailers ask for equal value. Workmanship and finish are even better than you would expect on a chair that costs so little.

A solidly built, high grade **Genuine Oak** chair, at a remarkably low price. Finished in your choice of Fumed brown or a rich Golden color. The removable **slip seat** is upholstered with **Genuine Spanish Leather** of mottled brown color. All parts are heavy, and carefully mortised and joined. **Full box seat frame.** One piece back posts. Plain, stylish design for up-to-date homes. Consider a moment the many desirable features of this quality chair and you will agree with us that it is of unusual value. An equally good chair, purchased in the average retail store, would cost you about $3.75 and be considered reasonable at that. **Be sure to state finish you want.**

Sliding Casters Free

With Chairs on this Page

These little nickeled domes of armor steel save wear on carpets and rugs, and will not mar polished floors. Every chair on this page is fitted with them. Another reason why you should buy these chairs.

For Modern Homes

You can pay as high as $150 in retail stores for furniture which will not please you any better than this in appearance or durability. There is a reason for this big difference in price; because of our large sales we can buy for less, and then we do not require as large a profit. We have no losses from bad accounts, our cost of selling is low, and the net result of all these economies is the lowered price which you pay for this quality furniture, a worth-while saving, indeed.

...FFET, 166C8835 **$28.95**

Dress up your dining room with one of these useful China Cabinets

$13.40 Two Specially Attractive Values $16.35

Height over all, 68¼. Extreme width, 35¾ in. Extreme depth, 14 in. French Bevel Plate Mirror, 20x6 in. Shipping weight, about 140 lbs.

A massive, Colonial scroll foot China Cabinet. Made of Genuine Oak, with front of Quartered Oak. Finely finished a pleasing Golden shade. Plain, refined design that will appeal to discriminating people. Extra quality, clear, bent glass in door and ends. Dependable lock, and brass plated finger pull. Four adjustable shelves, grooved for plates. The outside back of this China Cabinet is made of three-ply, built-up stock, to prevent warping. We recommend that you purchase this Cabinet with the Queen Anne Art glass, as it is by far the most attractive in this way. This decoration is ground into the glass itself, and can never wear off. It is fully as attractive as Leaded glass, much stronger, and far less expensive. This China Cabinet being of conservative design, will always be in good taste, and will look well with almost any style Golden Oak furniture which you might have in the same room with it. When you can examine it carefully, you will be agreeably surprised by the careful construction, the superior finish. Equal quality would cost you about $20.00 purchased in the ordinary way.

You will never fully realize what a time and effort saver this Cabinet is till you have one in your own kitchen. And besides making your work ier to do, the number of hours which you must daily spend in the kitchen l be greatly lessened by its use. Everything about it is high grade. The terial used is thoroughly seasoned Genuine Oak. The rich, velvet Golden ish, is not affected by steam or water. The entire interior of the upper t is clean looking, washable, white enamel. The inside of the lower cup-rd, and the wood drawers, are carefully varnished. All the trimmings heavily nickel plated. With this Cabinet in your kitchen, practically rything you need to get a meal or to bake with is within your reach, as stand or sit at the cabinet. A valuable feature is the three drawers di-ly below the top cupboard. Placing these drawers in this position per-

Porcelain *Table Top*

By all means, order this cabinet with the porcelain top. This top is not affected by fruit juices or anything used in the kitchen. It looks and feels like a white dish, and can be kept spotless just as easily. Because it is fused on heavy sheet steel, it is as durable as your bath tub. Exclusive city stores are getting $6 and $8 for the tops alone.

Improved Removable Metal Bottom

mits opening the lower doors without knocking articles off the table top. The sliding metal bottom is another practical improvement, and is vastly superior to the ordinary veneer bottom used on most Cabinets. We are anxious to have you compare this splendid Cabinet with the widely advertised ones that sell at much higher prices, because you, the consumer, must pay the cost of their advertising in expensive magazines, and other unnecessary expenses incidental to the way they are sold. We are confident that you will decide that this **Ward's Triumph** is the Cabinet You want, because it looks better, is built better, and has more practical conveniences than any other, yet costs less. The groceries displayed are from our pure food Grocery List, and the aluminum ware was selected from the kitchenware pages in this book. (Of the articles displayed, only the 7-piece glass set, as mentioned above, is included with cabinet.)

21—Bread drawer is metal.
22—Sliding support gives strength.

166C8990—Polished Metal Top $16.40
166C8992—Real Porcelain Top 19.55

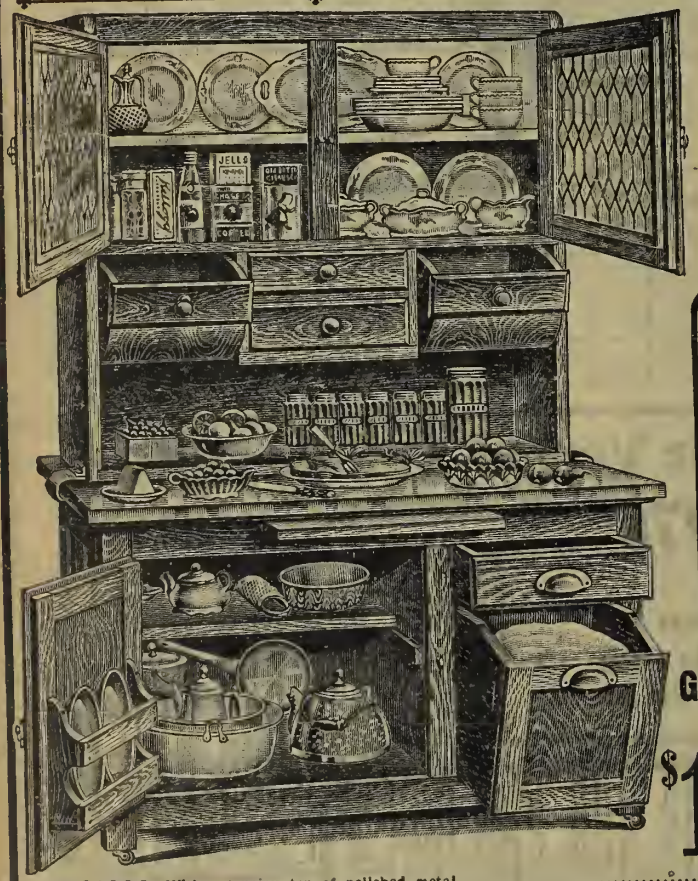
$19.55 With Porcelain Table Top

All the doors and drawers are mad with a flanged edge or lip which clos tightly against the frame excludir dust. Attractive **Queen Anne** art gla in upper doors and flour bin.

The interior of the entire top sectic is real **white enamsl** which can be ke spotless by merely wiping with a dan cloth. Glass sugar jar and spice ja have metal tops and sugar jar hae aut matic dispensing bottom.

The sxtension table top allows you sit while doing a great deal of yo work, with plenty of knee space.

The removable white enameled mst bottom of the kettle cupboard is wonderful improvement over a woo bottom, for it is mouse proof, sanita and cannot warp. Brightly nickel plat trimmings. Extra deep metal bre drawer with sliding cover.



Porcelain Table Top

Women who have used the new **porcelain** top such as we can now supply with this cabinet are enthusiastic about it. It can be kept spotless without effort and does not stain with fruit juices or anything else ordinarily used in the kitchen. It looks and feels like a white dish.

The porcelain top makes the best klud of a kneading board for it does not absorb odors of any kind and the dough does not stick to it.

The raised rim all around keeps liquid accidentally spilled from running on the floor and adds strength to the top.

We by all means recommend that you order this cabinet with the porcelain top if you want something that will save you endless work and satisfy you in every respect.

Recipe Cabinet

66C8998 **48¢**

Shipping weight, about 2 pounde.

A modern and convenient way to file your recipes. Case made of **Genuine Oak** in Golden finish. Dove-tailed corners and hinged cover. Comes complete with index cards as shown, and 100 ruled white cards 3x5 in. Just the right size for pasting most of the recipes found in women's magazines, without recopying. Complete index makes each recipe easy to find. Far superior to book. Same recipe files are sold elsewhere at 75c.

Genuine Oak $17.95

Sanitary Steel $26.95

166C8996—With extension top of polished metal..... $17.95
Shipped promptly from stock at Chicago.

Height over all, 70 in. Size of table top, when closed, 40x27 in. Size, when extended, 40x36 in. Capacity of tilting flour bin, about 54 pounds.

Shipping weight, about 240 pounds.

Built in a manner befitting a high grade article, of eelect Genuine Oak and seasoned hardwood. Finished in pleasing Golden color. Extra good construction, and very convenient arrangement. The interior of the dish cupboard is White Enameled and has doors of diamond design Queen Anne art glass. Directly below are two round bottom tilting bins which hold about 15 pounds of sugar each, and two handy drawers. The five piece crystal glass spice set and the tea and coffee jar which you see on the cabinet are included.

Tho table top extends to give larger working space and is covered with sanitary Nickeloid metal. Removable cutting board of hardwood, cleated so that it will not warp, is kept under the top. Kettle cupboard has shelf and door. Door fitted with rack for tins. The flour bin is of the improved self balancing type, and above it is a cutlery drawer. Easy rolling casters complete a good cabinet. Trimmed with brushed copper fittings.

166C8900—Extension table top of polished metal..... $26.
166C8902—Extension table top of **real porcelain**..... 28.
Shipped promptly from stock at Chicago.

Height over all, 69 inches. Extreme width, 40½ inches. Capacity of elevated flour bin, about pounds. Capacity of sugar jar, about 10 pounds. **We send free with each cabinet one coffee, one** and five spice jars. Non-rustible aluminum screw caps. Also a glass measuring cup. Shipping we complete, about 290 pounds.

This **all stssl Snow White** cabinet is practically indestructible and absolutely sanitary. In constr tion and strength it excels all other steel cabinets because it has a perfectly rigid, **sag proof** frame heavy angle iron. It is like a modern steel building. The joints are smoothly welded by the la improved processes, so that the frame is as solid as one piece. To this frame the sheet steel electrically welded. Doors and drawer fronts are of double thickness, and paneled. Doors hav reinforcing hinge, their whole length, made similar to a piano hinge. Drawers cannot stick or b because of the improved suspension construction. Trimmings are heavily nickel plated. A glance tho illustration will show you how very conveniently the cabinet is arranged.

The extension table top pulls out to give more table space, and allows you to sit without bump your knees, while doing a great deal of your work. We recommend that you buy tho cabinet with porcelain top, as this top is very desirable. We give a detailed description of it above. The w enameled finish of this steel cabinet is hard baked and can be washed without injury. We not save you money on the price, but give you an article of superior quality which will give you years satisfactory service.

$20.80 With Porcelain Table Top
266C9010

66C9010—With extension table top of **real porcelain**.....$20.80
66C9008—With extension table top of polished metal..... 17.70
Shipped from factory in Indiana.

Height over all, 70 inches. Height of table top from floor with casters in, 33 inches. ze of table top when closed, 40x27 inches; when extended, 40x37½ inches. Capacity flour bin, about 35 pounds. Capacity of sugar jar, about 8 pounds.
We send free with each cabinet, one coffee jar, one tea jar and five spice jars, all of ystal glass with aluminum tops. Shipping weight, about 190 pounds.
Built of seasoned **Genuine Oak.** The workmanship is high-grade in every respect. Special tention is given to the finish. **A moisture resisting** glossy surfaced varnish, especially dapted for kitchen furniture ie used in the clean looking natural color.

The Roll Curtain Front

A most desirable feature is the disappearing roll curtain front, an improvement for high-ade cebinets but recently developed. This curtain is made of **Oak** strips on the same inciple as the curtain of the roll top office desk to close up and slide back out of sight, lowing you to open tho cabiuet without disturbing anything you may heve on the teble top. When closed up tightly as shown in the small picture below, the cabinet is neet and derly in appearenco and is prectically dust-proof. All the doors and edges are made th a flanged edge or lip which closes tightly against the frame.
Tho flour bin is of the latest improved type. It tilts forward for easy filling, and can quickly removed for cleaning. Sifter bottom is also detachable. A feature which will peal to you is the white finish of the interior of the top part. The glass sugar jer has metal top and automatic dispensing bottom.

The Real Porcelain Top

We can now fnrnish this cabinet with extension table top of **real porcelain**, which is not fected by fruit julco or anything else used in the kitchen that you may spill on it. It oks and feels just like a dish and may be kept snow white just as easily as one, becauss e porcelain is coated on an iron foundation, and it is as durable as your bath tub. This rcelain top is ideal for kneading breed as the dough will not stick to it. It is also ire sanitary than a wood kneading board because it is proof against moisture of any kind. An important feature of this porcelain top is the raised strengthening edge on all sides. is edge also keeps liquids spilled on top from running on floor.

A Place for Everything—

Makes it Easy to Keep Everything in Place

Notice how every inch of space utilized to adventags, the spice s and coffee and tea jars be placed in racks and occupy no luable table room.

Door to the lower cupboard also s a rack for pie tins or covers. o roomy kettle cupboard has sanitary removable steel wire ding ehslf.

Directly below the table top is removable cutting board of rdwood cleated so that it can-t warp. On the right, are two ndy drewers for cutlery, towels.

Extra deep drawer on the right is made of metal with sliding metal cover thet autometically opens or closes with the drawer. A positive stop prevents this drawer from bsing pulled out too far, but this stop cen be rs-leased so that this drawer can be removed for cleaning. Trimmings nickel-plated. Has easy rolling casters.

Will delight you in every wey. Provides a place to store everything needed to gst a meal or bake with so arranged you can get it without moving a step. Your saving on this cabinet is at least $5.00.

266C9015—With extension table top of polished metal..... 33.90
Shipped from factory in Indiana.

Height over all, 73 inches. Size of table top when closed, 48x28 inches; when extended, 48x38 inches. Capacity of elevated flour bin, about 50 pounds. Capacity of glass sugar jar, about 10 pouuds. **We send free with each cabinet**, one coffee jar, one tea jar and five spice jars, all of crystal glass with aluminum tops. Shipping weight, complete, about 260 pounds.
This **extra large** cabinet is built of select **Genuine Oak.** Finish is a pleasing waxed Golden color, particularly adapted to resist the moisture of the kitchen.

Has Roll Curtain Front

The spaco below the cupboard of the top section is closed by a disappearing roll curtain front mede of **Oak** strips similar to the curtain of a roll-top office desk. This makes unnecessary the lower swinging doors. Another feature you will appreciete is the four drawers immediately above the doublo top. The location of these drawers makes them especially convenient. The entire interior of the top section is white enameled. The doors are fitted with artistic **Queen Anne** art glass. Metal flour bin has full glass front, detachable eifter bottom. Tho glass sugar jar has autometic dispensing bottom with improved agitator which keeps the sugar flowing freely. It swings back out of the way when not in use.

Get the Real Porcelain Top

Tho **real porcelain** top is worth every penny it costs you, end no woman would part with it for double the price after using it a short time. It looks and feels like a whito dish and is kept clean just as easily.
The porcelain is fusod on heavy sheet steol. It is, therefore, very durable.
Both doors of the extra large kettle cupboard have racks for covers, etc. The bottom of this compartment is **white onamelsd mstal**, quickly removablo for cleaning, mouse proof and perfectly sanitary. Deep drawer on right is metal with sliding metal cover. An abundsnco of drawer room. Removable cutting board.

Has Improved Sliding Side with Foot Release.

Read About it Below

166C9801—Size, 2½x4½ ft..... **$6.95**
166C9805—Size, 3 x5 ft..... **7.65**

Washable White Enamel Finish.

Made with an improved sagless spring bottom, sanitary and comfortable. Good casters. An important feature of this crib is the sliding drop side with patented foot release. Baby cannot unfasten it, but a slight touch of your foot on the bar at the bottom releases it to slide downward, leaving both of your hands free. Finished in washable white enamel. This is the most popular Crib we have ever sold. It is safe for the child. Extra high sides prevent baby from climbing out, and the upright rods are placed close together so Baby cannot put its head through. No sharp points to injure or tear the clothing. Made entirely of smoothly finished steel.

166C9808—Size 38x34½ in.

Ship. weight, about 12 lbs. **$1.98**

This Baby Yard provides a place for baby to play in absolute security, keeps the playthings from littering the house, and makes baby contented. The fence is made of strong maple, and has heavy duck bottom. Keeps baby out of the dust and dirt.

Our Cyko post-cards are universally recognized as the best

I'll Tell You the Secret—

"MARY, how do you have such nice things—you say you spend no more for your Household furnishings than I do—but how do you do it?"

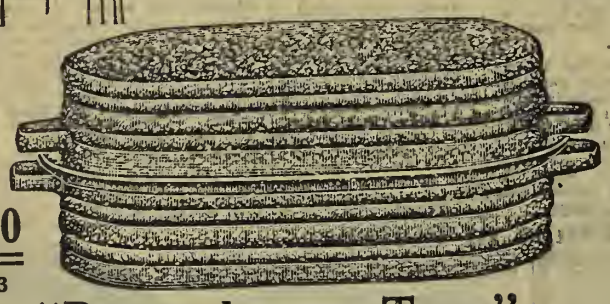
"It is just as simple as can be—when you know how. See this beautiful percolator—isn't it handsomely designed and finished—isn't the coffee delicious? Here, have another cup. I'll tell you the secret.

"I buy everything direct from Montgomery Ward & Co. I save money on everything. Instead of buying the same grade of furnishings that you buy I take the extra money I would have saved and purchase a better article.

"You wouldn't believe it when I tell you this percolator costs only $2.95. Mrs. Smith told me she paid $4.50 for a percolator not half as attractive. I manage everything that way.

"You see that tea pot upon the shelf—looks better than yours, did you say? Well, it did not cost a cent more. Won't you have another cup of coffee? Yes, coffee made with a percolator is so delicious and healthful. I see no reason why you should not enjoy the better things, when they cost no more than inferior articles. I am going to send in for a washing machine today—here is a picture of it in their special washing machine circular. Isn't it a dandy machine? And it is guaranteed to satisfy just like all of the other merchandise they sell. You need a good roaster don't you? Well, here is one exactly like mine. Make up a list of what you need. You'll certainly be surprised at what you can save by buying from Montgomery Ward & Co."

Percolator Pictured is Yours



For Only **$2.95** 186C1102—9-Cup Size

Made of Royal Aluminum

Every morning—Never failing pure, delicious, aromatic coffee.

Coffee made in the Royal Cold Water Percolator is known for its delicious flavor, its sparkling clearness and absolute purity. Those who cannot drink coffee made in other ways find enjoyment, with no bad after-effects, in that made the Royal way. You'll save money by using the Royal because only a part of the coffee ordinarily used is required. The coffee is made before the water reaches the boiling point—the full flavor is extracted and the coffee is ready to serve.

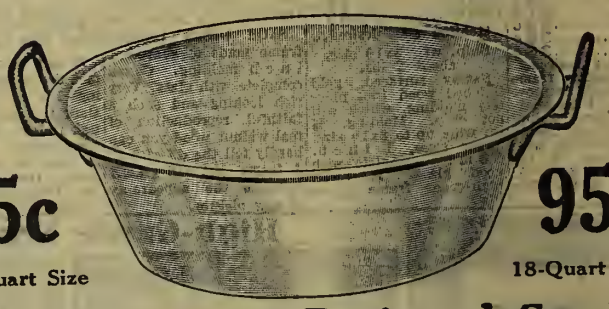
"Roasted to a Turn"

"So juicy, so evenly browned, so tender and tasteful." The delighted exclamations of thousands of housewives who use the



Duro Enameled Self-Basting Double Roaster

every day in the year for roasts, game, fowl, fish, brown bread, beans, etc.

The Cover Fits Snugly. The concave top of cover condenses the steam of the juices and drips it back on the roast, basting better than by hand. Prevents scorching or burning.

Keeping the juices in saves weight and cost of meats; makes cheaper cuts tender and tasteful. The Duro roaster cleans like china. Made seamless of heavy steel, covered in and out with two coats of Duro gray enamel. Rounded corners offer no place for dirt to stick. Size (over handles) 19½ x 12 x 8 inches. Shipping weight, about 6¼ pounds.

Learn the Secret of a Happy Washday

Oh! The fluffiness of the clothes

Such lightness! Such fluffiness! Such cleanliness! When washed with one of our hand power washing machines. Our washing machines turn washday into playday.

Formerly, it was a hot, steamy room—a woman bending over the tubs rubbing, rubbing, rubbing—hands red and roughened. Her back feeling as if it would break. Her feet soggy wet. You know that drudgery—you women who keep house.

Now here is the new way—the way that turns washday into playday. One of these washing machines does it. Instead of the clumsy tubs and the washboard, a neat machine stands there. You put your clothes into the tub and lightly work the handle forward and backward or whichever way the machine requires for operation. Your clothes are being washed thoroughly, silently and quickly. No red hands, no red arms, no backache, no wet feet, no wear on the clothes. Done in two hours at the most. Wonderful! Yes, and it's true.

Will you continue the old, wasteful drudgery of washday or will you get one of our high grade washing machines?

Read our guarantee

No matter what washing machine you buy from us you may be sure that it will wash clothes clean, will run easy and will give years of service.

All of our high speed washers as well as the Dandee Vacuum, Reliable and Simplex Rotary models are guaranteed for 5 years. This means that we will make good any part that proves defective within 5 years from date of purchase, free of charge or expense.

Our 30 days' trial offer

Eliminates every possible chance for displeasure with our machine. Just send your order and the amount to pay for the machine. Wash your clothes in it. Use it for 30 days. If you are not convinced that you can save wealth, labor and clothes, send it back to us. We will cheerfully refund your money and freight charges.

Here's the secret of a happy washday!

The Thornward Washing Machine

Of the many duties in the home today, washday has become one of the easiest.

The washing machine has turned washday into playday—has made the family washing as easy a task as washing the dishes.

You can do away with the hard work and drudgery of washday by using a dependable washing machine. You can wash faster and easier with a washing machine than you can by hand. The reason is evident. When you wash by hand you rub each article from 1 to 5 minutes, depending on the size and how soiled it is.

When you wash with a machine you do not forsake your former washing principles—you merely aid them—by doing more work at one time. You proceed in exactly the same manner; white goods first and colored goods last—washed spotlessly clean—cleaner and whiter than can be done by hand.

When buying a washing machine, buy one that will wash clothes clean, will run easy and will give satisfactory service. The Thornward is

An Extraordinary Cleanser

The rapidly reversing dolly forces hot suds through the clothes at a speed which removes the dirt quickly and thoroughly. It washes by swirling the garments through the hot soapy water rather than by rubbing; consequently there is very little wear and tear on the clothes.

High Speed Rotary Washer

The heavy balance wheel underneath the tub runs at a high rate of speed. This keeps the machine in regular motion at all times. The Thornward washer may be operated while you sit or stand. It has the distinct advantage over most high speed rotary washers, as it can be operated by either hand or foot, or both, as desired.

$8.65

186C167—Shipping weight, 100 pounds

Guaranteed for 5 Years

The exceptional care in construction—the superior quality of materials used, makes it seem almost impossible for the Thornward to wear out.

The mechanism is placed underneath the tub which permits it to be built much heavier than if placed on the lid, where the weight must be lifted every time. This also makes a much neater and more compact machine and removes all danger from moving parts.

The Thornward has less working parts than most other machines of its type, there being only six working parts in the entire machine. This makes it easy running—less liable to wear—trouble-proof.

The tub is exceptionally strong and durable, made of first class, Louisiana Red Cypress with heavy stave legs, strongly braced, the entire body finished with two coats of high grade varnish. Inside dimensions of tub, 22 inches, at bottom; 20 inches at top. Height, 12½ inches.

This washer is sold under the same guarantee as all of our other merchandise. Order one and use it. The best way to convince yourself as to the merit of this washer is to try it out in your own home. Just send us your order and the price of the Thornward. If it is not entirely satisfactory put it back in the crate and return it to us.

Other machines of this type must be sold at the restricted price of not less than $10.00. Note our money-saving price.

186C167—Thornward Washing Machine.

A favorite in thousands of homes
The New Triumph Washer

$7.45

Roller Bearing Fly Wheel

Patented Dasher or Dolly

186C150 Shipping weight, 118 pounds

High speed—Roller Bearing

$7.45 — **186C150 Shipping weight 118 pounds**

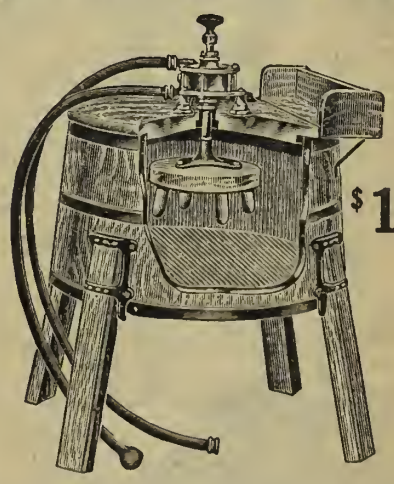
The popularity and immense success of the well-known Triumph washer is due entirely to the splendid satisfaction it has given to thousands and thousands of users year after year.

Before offering the Triumph to our customers we put it to the most severe tests, gave it a much harder trial than it will ever receive in your home, and as a result we do not hesitate to call it a sure winner.

If you believe the Triumph is the washer you want after reading the description below—send us your order and the price in payment and we will ship it to you for 30 days' trial.

We have every reason to believe that you will be more than pleased with the Triumph after you use the machine a few times.

The Triumph is constructed with the least number of working parts, so that there is the very smallest possibility of its getting out of order. It has a patented dasher or dolly which is in a class by itself. All cogwheels and gears are fully enclosed. The noiseless and easy-running features are the result of the efficient Roller-Bearing Fly Wheel.



The tub is strong and durably made of Virginia White Cedar, the best wood known for resisting the action of steamy, soapy suds. Inside diameter of tub, 22¾ inches at bottom, 21¼ inches at top. Height, 12 inches. The lid fits tightly.

The Triumph is fitted with a double socket, so that you can operate it as well while you sit as you can while standing.

186C150—Triumph Washer. Shipping weight, 118 pounds. Price..... **$7.45**

Shipped promptly from stock at Chicago.

The water does it all

$11.75

The Water Power Washer is a favorite among many women—a proven success. After a most thorough investigation and numerous tests we have selected two motors which we can conscientiously recommend as reliable machines. You will find these water power washers the best in quality and price. They will do the work where others have failed.

Either machine will run on 20 pounds pressure (a flow of 4 gallons of water per minute). Fitted with two sections of rubber hose with standard coupling, which can be connected with any threaded faucet.

186C153—Windsor Water Power Washer. Fitted with gearless brass motor, as illustrated. Guaranteed for two years. Best Virginia White Cedar Tub. Regularly sold at $18.00. Shipping weight, 75 pounds. Price..... **$11.75**

186C154—Speedy Water Power Washer. Fitted with piston type, springless brass motor. Guaranteed for two years. Best Virginia White Cedar Tub. Shipping weight, 80 pounds. An $18.00 value. Price..... **$11.95**

Shipped promptly from stock at Chicago.

Your Choice of Any of These Washers Means Satisfaction

A Popular, Modern Washing Machine

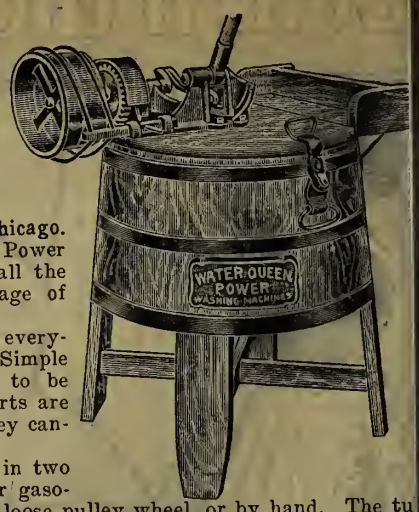
The Water Queen

$6.95

186C156

Shipping weight, 85 lbs.
Shipped promptly from stock at Chicago.

The Water Queen is a washer that will appeal to the thrifty housewife who would have an easy-running high grade washing machine at a substantial saving. It contains all the features of the best machines selling for $10.00 through the retail trade. The machine can be operated either by the backward and forward movement of the lever on the lid, or the rotating movement of the crank at the flywheel—whichever way you prefer. Both operate with the smooth, easy swing of the high speed washer.



The mechanism is constructed with the fewest number of working parts, all supported by a single casting, features that give it washing, easy running, and lasting qualities that you wouldn't believe could be had in a washing machine for only $6.95. All cog wheels are covered and the mechanism hung on the lid so that very little of its weight is lifted when raising the lid.

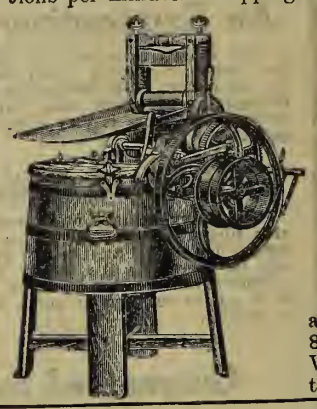
The tub, the first part to give out in the ordinary machine, is the best to be had. Well made of kiln-dried Southern Cypress, and strongly braced. Inside measurements, 22¼ inches at bottom, 19¾ inches at top, 12¼ inches deep.

Our desire to offer our customers a genuine big bargain is proven by the fact that we have reduced the price of this machine in the face of abnormal advances in both labor and material due to unsettled conditions. Yet the quality has not been stinted, as shown by the fact that it still retains its five-year guarantee and we stand ready to prove these extraordinary statements under our 30 days' trial offer. Just send us your order and the price of the Water Queen. You run no risk. Order now and be convinced.

Our Leader, Low Priced Power Washing Machine

186C183 **$8.90**

Shipping weight, 100 pounds.
Shipped promptly from Stock at Chicago.



This new model Water Queen Power Washer has placed within reach of all the great time and labor-saving advantage of a power-driven washing machine.

The Water Queen Power Washer is everything a power washer should be. Simple and compact—no complicated parts to be adjusted or get out of order. All parts are supported from a single casting so they cannot come apart or bind.

You can operate the Water Queen in two ways—by attaching the belt of your gasoline engine to the 8x2-inch tight and loose pulley wheel, or by hand. The tu is made of Southern Cypress—resists water. The mechanism is automatically locked when the lid is raised, preventing the machine from running while yo are filling or emptying the tub. Inside measurements of tub, 22½ inches a bottom, 19¾ inches at top, 12¼ inches deep.

Guaranteed for 5 years against breakage (except through misuse.) Lear the pleasure of letting your engine do the washing by ordering the Wate Queen for 30 days' trial. Your money and charges will be returned if unsat isfactory.

The Famous Whirl Washer

$2.35

186C160

Read About this Washer

Shipping weight, 45 pounds. **Shipped promptly from stock at Chicago.**

Surely, relief from the drudgery and backache—red swollen hands and rub, rub, rub of the washboard is worth the cost of this popular priced Whirl Washer.

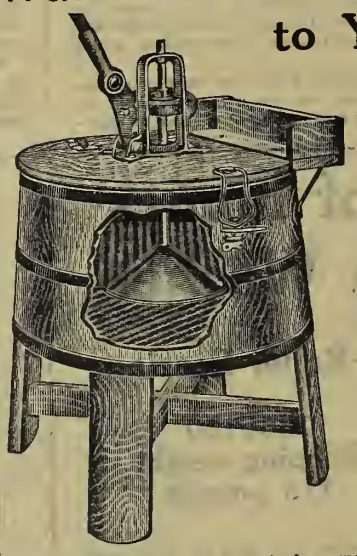
You'll be surprised how clean it washes and without injury to clothes—merely by working the handle back and forth.

When emptying the galvanized bottom tub just lift the upper rubber out and it rests automatically on a bracket. No more lifting and setting on floor necessary. The flexible bottom rubber can be taken out for cleaning. It cannot warp nor buckle. Width, 17½ inches; length, 28 inches; depth, 13 inches. Order it for 30 days' trial.

The Lone-Star Washer

The World-Renowned

$5.60



The fact that many of our customers have again ordered a Lone Star Washer after their first had given them years of excellent service is proof of the sterling qualities of this type of washer. Many housewives would have none other.

Operated by a handle on the flywheel, the clothes are rubbed and squeezed between two rubbers moving in opposite directions just as though they were between two washboards.

The tub is made of selected lumber, heavily varnished, with galvanized iron bottom so constructed that the bottom rubber is easily removed for cleaning.

186C159—8 shirt capacity. Shipping weight, 100 pounds. Price $5.60
186C149—12 shirt capacity. Shipping weight, 120 pounds. Price.....$6.95

What the Dandee Vacuum Washer is and What it Means to You

$6.95

186C166

Shipping weight, 70 lbs.

The Dandee Vacuum Washer differs radically from other washers, because it operates on the vacuum or suction principle.

Vacuum washing is proper washing. It's washing that gets all the dirt.

The only problem about vacuum washing is the proper machine. The Dandee is designed by men who knew what a vacuum washer should be—compact, strong, easy to use, absolutely efficient, always ready, simple in construction and low in cost.

The vacuum is created by a large steel plunger (see illustration below), diameter 10 inches, working up and down in the wash tub forcing air, suds and water through the clothes. It will not injure or tear even the most delicate garments, including silks, laces and flannels. The Vacuum hood, in addition to its up and down movement, has a rotary movement, working the clothes in different directions, permitting the action of vacuum to reach all the wash.

Simplicity of Construction

The small number of working parts makes it practically trouble-proof and with ordinary care will last a lifetime.

The working handle has an adjustable feature so that it can be operated at any angle.

The Tub is made of Louisiana Red Cypress, a natural water wood; thoroughly seasoned, kiln-dried and corrugated on the inside. The outside of tub is fitted with steam tight lid and well braced wringer board and legs. Size of tub, 20¾ x12 inches, inside measurements.

Our Price for the Dandee Saves You at Least $5.00

Our sales show that the up-to-date housewife has been quick to recognize the advantages of a modern vacuum washer where others have failed to convince her. You can't go wrong with the Dandee.

186C166—Dandee Vacuum Washer.

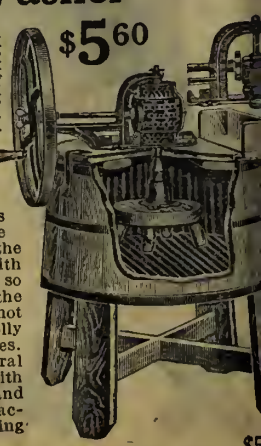
Vacuum Hood or Plunger of the Dandee Washer

$3.20 Buys the Improved Reliable

$3.20

186C164



Shipping weight, 55 pounds. Ship promptly from stock at Chicago

Here is a washer that is all that its name implies. It is a machine that has certainly atood the test, as it has been known favorably for many years. It has a lever type rotary movement that runs with great ease, and has given splendid satisfaction to thousands.

As with our other machines, we send it on 30 days' trial. Simply send us your order and the price to pay for the Reliable.

It is well made throughout. Tub is made of the best cypress. Inside diameters, 23 inc at bottom, 20¾ inches at top. Height, 12½ incl Note our exceedingly low price. It places the was within the reach of all.

The Simplex Rotary Washer

$5.60

The heavy flywheel and the roller bearing gear of the Simplex Washer make it one of the easiest running rotary machines made. All cogwheels are covered. Can be easily operated by your child without danger.

Dasher or dolly is adjustable to the amount of clothes in the machine. Fitted with telescope dasher post so that with a full tub the dasher post does not project through the dolly to tear or injure clothes. Large capacity, natural finish Cypress tub with strongly braced legs and wringer board. Capacity, 8 shirts. Shipping weight, 85 pounds.

186C143—Simplex Rotary Washer. Price.. $5
Shipped promptly from stock at Chicago.

A Real Triumph Swinging Wringer Power Washer

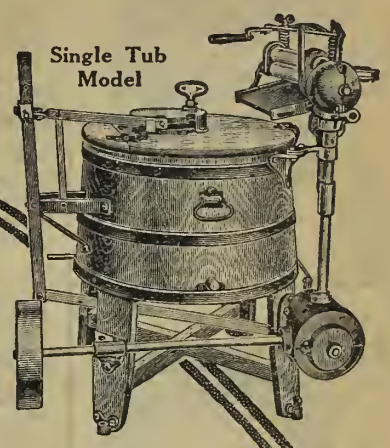
Designed for Service and Convenience.
Equipped with Four Position Swinging Wringer.
Saves Time, Labor and Money. Order for 30 Days' Trial.

What a wonderful help the Triumph will be to you—the machine that will wash the finest laces or heaviest blankets and relieve you of the slop and labor of wash day—the machine that will save your clothes from wear—and save money for you.

An Extraordinary Cleanser

The rapidly reversing dolly forces hot suds through the clothes at a speed which removes the dirt quickly and thoroughly. It washes by swirling the garments through the hot, soapy water rather than by rubbing, consequently there is very little wear and tear on clothes.

Platform Model



Buy It Once—For a Lifetime

For engine drive the Triumph should be operated about 200 revolutions per minute, **but not faster. This is important.** We can furnish 8, 12, 14 or 15-inch pulleys, on special order. The electric Triumph has the motor mounted on a fibre block which is bolted to the steel frame of the machine. The drive shaft is fitted with a grooved pulley which is driven by a round belt from the motor.

The Triumph is made in two models, one of which we call the **Platform Model,** which has a platform 24 inches wide and 43 inches long for holding two tubs and the basket. The other, the **Single Tub Model,** with no platform, is best adapted where stationary tubs, etc., are in use. The mechanism and Four Position Wringer are the same on both models.

Don't stop with the mere reading of this advertisement. Remember, the Triumph is sold on 30 days' trial. It must prove every claim we make for it before you keep it. Simply send us your order and the money in payment. Don't say that it costs money! Think of the money it saves—of the labor it saves—its advantages—its economies—its durability and its 5-year guarantee.

Single Tub Model

Will Outlast Other Machines

—because there is no complicated mechanism—no weak points. The designing of the working parts is simple and compact. The main driving mechanism is supported by a single casting making binding or excessive wear impossible. These working parts are practically independent of the tub for their support.

The tub furnished on the Triumph is of extra large size, made of the finest quality Virginia White Cedar, corrugated on the sides and bottom. It will give a lifetime of service and resistance to water. The cover is made of selected cypress and on it is mounted the mechanism which operates the dolly inside the tub. Cover opens easily—nothing to disconnect and no heavy parts to lift.

The Four Position Wringer

This newly perfected feature of the Triumph actually saves as much if not more time, labor and physical drudgery as the washing machine itself. You can wring your clothes from the tub in which they were soaking overnight into the tub for washing, from there into the rinse tub, then into the bluing water and from there into the basket. The wringer can be used for the last two operations while the machine is washing another batch of clothes. (See illustration in lower right hand corner of this page.)

The wringer has a galvanized iron frame, ball bearings, enclosed cogs and the very highest grade 10-inch rubber rolls. Is reversible, swings into four different positions and handle is furnished for operating by hand, if needed. Has extra large, reversible water or drain board.

Send Us Your Order Now

Shipped promptly from stock at Chicago.

Four Position Wringer

Above illustration shows the four position power driven wringer and three of the positions.

Important

In order to get proper results from our Power Washers, it is absolutely necessary that they be driven at the speed given in our description. When ordering, be sure to state whether machine is to be driven from engine or countershaft, also give size and speed of driving pulley.

The Minnehaha Power Washer With Power Swinging Wringer

The Ideal Washer—Always on the Job—Never Sleeps or Draws Wages—Costs But Three Cents a Week for Power.

Whether the work is done by the housewife, by the maid or by a laundress employed by the day, the saving is remarkable in labor, in time and money. The Minnehaha does the washing in half the time, permitting, in most cases, the completion of the ironing the same day. The clothes are saved wear and tear and are as well laundered as by careful hand rubbing. The most delicate fabrics are uninjured.

How the Minnehaha is Made

The body is made of galvanized iron, or solid copper, double seamed and soldered, water tight and strongly braced. The stand is built of heavy castings, bolted and braced, reinforced to withstand harder wear than you will ever give it. Every moving part is enclosed. The Minnehaha is accident-proof.

Don't Wait—Buy Now—You Don't Risk a Penny. Try the Minnehaha for 30 days. Simply send us your order and the price of the Minnehaha you select. Put it in your laundry and wash clothes in it—see what it will do for you. If it doesn't do all we claim you don't have to keep it, put it back in the crate and return it. Your money and freight charges will be refunded.

Look at These Prices. You actually save from $10.00 to $25.00 in cash. Hundreds of American women have proved this to their satisfaction; you can, too.

Easy to Operate The machine is ready to operate when you attach an ordinary plug and cord to the electric light fixture for the electric drive Minnehaha, or connect the belt from your gas engine to the pulley wheel on the engine drive Minnehaha. Anyone can operate the Minnehaha.

The Swinging Power Wringer

The swinging, power-driven wringer, is a most desirable feature, especially where stationary tubs are used in the laundry. You can wring from one tub into the other through the entire process of washing without moving the machine or tubs. Can be adjusted to four positions. The wringer is fitted with high quality rubber rolls guaranteed for five years. Width of rolls, 11 inches. Fully enclosed cogs. Wringer can be started, stopped and reversed, as desired. It is equipped with an Automatic Roll Release Safety Guard, which enables the operator to instantly remove all pressure on the rolls. Has a reversible drain board.

How the Minnehaha Washes

The clothes are washed inside a tank which swings backward and forward. This swinging motion with the aid of the inner construction of the tub (see illustration) creates a tremendous action, forcing hot, soapy water through the fabric of the clothes. Every particle of the cloth is affected by this action with the result that it comes out fresh and pure, spotlessly clean.

Solid Copper Wash Boilers Are the Best

Every woman that does washing knows that well made solid copper wash boilers are by far the most satisfactory. They will not only outlast several of the other kind, but will give better results as well. Being tinned on the inside they cannot soil the clothes in any way.

Our copper boilers are made of heavy materials, full weight and large size. Double seamed and leak-proof.

Our prices speak for themselves. They are considerably lower than the prices others ask for light-weight boilers.

186C218—Made from extra heavy, high grade charcoal tin, with full weight copper bottom. Heavy wire rim and corrugations on sides make boiler extra strong. Double seamed and soldered; leak-proof. Stationary wood grip handles. Size No. 9, flat hottom, 11⅝x22½ inches. Worth $2.50. Shipping weight, 15½ lhs. Price..... **$2.10**

186C219 — Excellent low priced boiler. The hody is heavy tin, with seams securely soidered. Heavy copper bottom and rim, tinned on the inside. Drop metal handles, securely riveted to body. Flat hottom. Size No. 9, bottom moasure, 11¼x22 inches. Shipping weight, 12 lbs. Regular $2.25 value. Each..... **$1.69**

Our Best Solid Copper Boiler

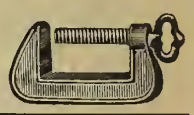
Why Not Try Ironing with a Mangle?

$5.95

186C275



Saves Time, Labor and Discomfort

Any unstarched wash without buttons is neatly ironed by this machine much more quickly and easily than by hand, and without the expense and discomfort of a hot stove. All the large wash, like sheets, towels and underwear, and much of the small wash is thus taken quickly off your hands. There is much less wear on the wash—no danger of scorching. The hundreds of these machines that we have sold and which have been tried out, have proved their worth.

Strong iron frame with water-proofed, hardwood rolls. Clamps on any table. Heavy, adjustable pressure springs adjust to heavy or light goods. Long, easy-turning crank. Total height, 12 in. Width, 28 in.

It folds into a space 4x27½ in. Made of hardwood. The metal parts are of japanned malleable iron and steel. Shipping weight, 5½ pounds. Worth $1.25 retail. Our price 98c

Superior Gasoline Iron

Making Ironing a Pleasure—Perfectly Safe—Easily Adjusted

$3.25

186C245—The Superior Gasoline Iron not only makes ironing a pleasure but in addition saves millions of footsteps every year and pays for itself in low cost of operation. It heats quickly and operates five hours on one filling of gasoline. Think of the difference of ironing the Superior way, in the coolest spot you can select or anywhere you desire and drudging away beside a hot stove, with frequent delays for reheating the old style stove irons. You save at least $1.50 on this iron. Shipping weight, 10 pounds. Price, complete with directions for use.....$3.25

Lakeside Gas Iron

$1.75

Thorough tests have proven this iron to be efficient and very reliable. A big boon to every housewife, as it enables her to do the ironing in less time with perfect comfort. No running back and forth to stove. Iron is always ready to do your work. Made of high quality gray iron, heavily nickel plated. Shipping weight, of iron, about 9 lbs. Furnished complete with stand and 6 feet of high-grade mohair covered gas tubing.

186C244—For artificial gas only.....$1.75

Clothes Sprinklers

Steel Outdoor Clothes Line Reel

Do away with the back-breaking work of stringing up and properly tightening a clothes line! After fastening the end of the line, walk between your posts unwinding the reel and slip the line over the pulleys. We include three pulleys and all bolts and screws to set up, as pictured. When reel is in place, you simply wind the line as tightly as you wish. A ratchet prevents it from unwinding. When through using, just detach recl and wind up as you walk. Keeps line always clean and free from kinks.

Holds over 150 feet of line, hut weighs only 4 pounds. Agents ask $1.50.

86C256—Outdoor Reel, complete with pulleys and hook. Shipping weight, 8 pounds. Price..... **85c**

Steel Indoor Clothes Line Reel

Has Locking Device. In the kitchen, on the back porch, or in any room, it takes the place of a clumsy clothes horse or dryer, although it occupies only 3 x 3 inches. Attach it to the wall or woodwork, as shown in the picture, and you can pull out 36 feet of strong, braided line, to be hooked at any convenient point. The ratchet enables you to tighten the line as wanted, without its slipping back. The reel keeps the line clean and free from twists. It is furnished complete with screws and hooks. Agents ask 50c.

86C258—Shipping weight, 1¼ pounds. Our price..... **32c**

Famous Cyclone Washers

Cyclone Washers take the dirt out of any kind of wash, heavy or light materials. They clean by suction. You simply work them up and down on the clothes in the suds and they do the rest, and do it quickly, too. No hard rubbing to ruin your hands and tire your muscles. The simple directions come with the washer.

The two we quote each have a 27-inch wooden handle. The washer itself is of good, non-rusting tin.

86C299— Genuine Cyclone Washer. We have sold many thousands of these, and they have always given great satisfaction. There are none better made. Shipping weight, 1 pound. Price..... **63c**

86C300—Vacuum Washer. Simpler construction than above but very effective. Strong and durable. Shipping weight, 1 pound. Price..... **35c**

Extra Heavy Galvanized Iron Wash Tubs

Galvanized after being made. Absolutely water-tight. Heavy and excellent tubs. Give great satisfaction. With convenient wringer attachment. Heavy rigid handles. Note the light weights.

186C287—Diameter, 24¾ inches. Depth, 11 inches. Shipping weight, 12 pounds. Each..... **95c**

A Shine in Every Drop

Safety Metal Polish

Safety Metal Polish, gives a beautiful burnish and lasting lustre to fine brasses, nickel bathroom fixtures, copper utensils and aluminum ware, but does not mar or scratch the surfaces. Contains no grit nor acide, is odorless, pleasant to use and does not harm the hands. Ordinary scouring preparations on fine metals will ruin them because of the heavy grit. Use Safety Metal Polish—apply with a cloth, sponge or brush, rub briskly and polish immediately with clean soft cloth or chamois. The result will surprise you.

It cleans and polishes. Not only metals but ordinary cut glass as well. It prevents rust. Shipping weight, quart size, 3 pounds.

86C486—Price, per ½ pint..... **12c**
86C487—Price, per pint..... **19c**
86C488—Price, per quart..... **34c**

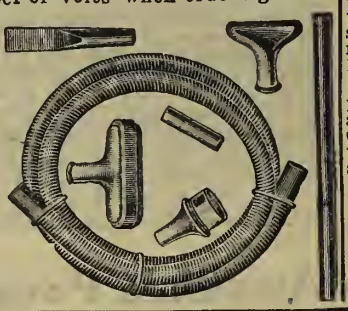
It's Play to Clean House with These Vacuum Cleaners



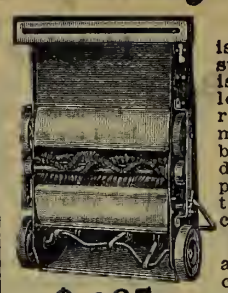
Electric Portable Vacuum Cleaner

You will no longer dread housecleaning if you use one of our Windsor Cleaners. Instead of cleaning twice a year, upsetting the entire household—use the Windsor Electric every week and always have your home in a clean and sanitary condition. No moving of heavy furniture—no raising of dust—no tired feeling—it's a pleasure to use a Windsor.

The Windsor Electric is an efficient, durable, light and economical cleaner. Nozzle, width, 10 inches, fitted with revolving brush for picking up threads, lint, etc. The working parts are enclosed in a case of solid aluminum. The Motor is one of the best made, and has a world wide reputation. Each machine is fitted with 20 feet of electric cord. The handle is adjustable to any position. A switch is conveniently located on the upper part of handle. Full directions with each machine. Always state current and number of volts when ordering. You can get this information from your electric light company.

186C450—Shipping weight, 12 lbs. Price $19.45

Extra Attachments



186C451—Set of attachments for above machine consisting of 9 feet of covered hose fitted with soft rubber nipples, nozzle for cleaning furniture, brush for cleaning clothes, woodwork, etc., extension handle and tool, for cleaning books, radiators, etc. Shipping weight, 4 lbs. Price $5.95

Vacuum Cleaners are here to stay. Their worth has been proven beyond the shadow of a doubt. A good vacuum cleaner will accomplish infinitely more than the best carpet sweeper. It not only takes up the surface dirt, but, by means of a continuous even suction, removes the fine dust and germs that are imbedded in your rugs and carpets.

Now that you are enabled to buy a good, dependable vacuum cleaner at a price that is generally asked for a high-grade carpet sweeper, can you afford to continue the old fashioned unsanitary method of cleaning house and endanger the lives of those dear to you?

The vacuum cleaners illustrated on this page are a selection of the best on the market. You will incur a big saving in price if you place your order with us.

Daisy Roller Bearing Vacuum Cleaner

$4.85

The Daisy Combination Sweeper is used like an ordinary carpet sweeper. The vacuum (suction) is created by three powerful bellows connected by levers to the rear wheels and axle. As you move the Sweeper forward or backward, the bellows draw the dirt through the nozzle, and deposit it in the Dust Bag. The latter is easily removed for thorough cleaning.

The Daisy is but 6 inches high and enables the housewife to clean under beds and other heavy pieces of furniture without moving them.

The top case of the Daisy is built of heavy sheet steel, handsomely finished in mahogany color. The Bellows, the most important part of any Cleaner, are of the triple pump type and insure a continuous, even suction. They are made of a double thickness of pipe organ bellows material rubber lined, and are practically indestructible. The nozzle is made of cold rolled steel, width 12 inches, and perfectly smooth fits snugly to the rug, insuring a perfect vacuum. Heavy braided cord prevents marring of furniture or woodwork. The wheels are of stamped steel with tires of extra quality rubber, insuring long wear. The rear wheels are fitted with roller bearings, causing the Daisy to run easily.

The brush, width 9 inches, is made of pure bristle stock. Can be instantly adjusted to long or short nap carpets. Can be put out of action entirely, converting the machine into a plain vacuum sweeper.

Don't pay the high prices asked by agents. Place your order with us, it means money in your pocket. Our cleaners at the price asked, represent the best value in vacuum cleaners.

No. 186C453—Daisy Vacuum Sweeper. Shipping weight, 14¾ lbs. Price. $4.85 186C453

Lakeside Vacuum Cleaner

Do Your House Work With Our Modern Lakeside Suction Cleaner and Keep Your Lungs Free From Flying Dust and Dirt

Will clean your carpets, rugs, furniture, draperies, mattresses, etc., without raising a particle of dust. The Lakeside cleaner is easy to use, easy to clean, light, compact and noiseless. It can readily be carried from room to room. Its frequent use will keep your home clean and sanitary with but little effort.

The Lakeside Vacuum Cleaner has double suction pumps, produces a strong, continuous suction, and collects all the dirt in a bag, which is easily emptied.

Has a top observation glass so you can see the dirt enter the collector chamber, which is a distinct advantage over most other machines.

A strong, efficient hand machine, free from defects in material or manufacture. Many thousands of them are now in daily use. We include with each machine, 9 ft. of flexible hose, one carpet nozzle, and one upholstering nozzle. Weight of machine, 16 lbs. Shipping weight, 25 lbs.

186C452 Lakeside Vacuum Cleaner. Price $10.25

Superior Vacuum Sweeper

You cannot buy a better vacuum sweeper than the Superior. And the price is unusually attractive for such a high-grade and efficient machine. Accomplishes practically as much as an electric cleaner at about the cost and the ease in use of an ordinary carpet sweeper.

The Service of Two at the Cost of One

By its suction strength it draws all of the fine dirt that can only be removed by vacuum action, and in addition, the full size rotary brush carpet sweeper picks up all the lint and surface dirt.

The Superior is of the three-bellows type insuring a strong, even and continuous suction. Width of suction nozzle, 12 inches. When opened for cleaning the dust bag, it swings down on a pair of hinges which makes it convenient to replace. Length of rotary brush, 9 inches; made of extra high grade bristles can be adjusted so that it will not run, changing the machine into a plain vacuum cleaner.

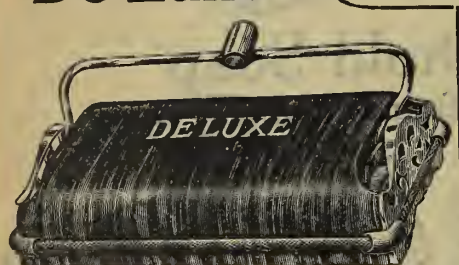
$5.65

186C448

The Superior is equipped with the latest mechanical improvements. The main feature is the automatic brush adjustment—new and exclusive. This device always keeps the brush at the proper height from the floor regardless of the thickness of the rug or carpet being cleaned. No matter what kind of carpet you are sweeping, the brush will automatically adjust itself.

Nothing has been left out to make this one of the most handsome as well as efficient and easy operating cleaners. The hood is made of beautifully finished, genuine mahogany veneer.

The height of the Superior is but 6 inches, making it easy to clean underneath beds, dressers, etc., without moving them. A heavy felt pad and rubber bumpers over the front and sides of the nozzle prevent it from marring furniture or woodwork.



Let the Superior stand guard over your carpets and rugs and safeguard your health.

186C448 Superior Vacuum Sweeper. Shipping weight, 14½ lbs. Price $5.65

The Famous Bissell's Carpet Sweepers

Bissell's carpet sweepers are known the world over for their superior quality, excellent workmanship and high efficiency. We carry a most complete assortment and you will find our prices particularly interesting.

De Luxe

186C462—An exceedingly attractive sweeper; a $4.00 value. Built exclusively for us of genuine tupelo wood, mahoganized. The curved case is made of solid stock. End plates and fittings are neat in design, all nickel-plated. Fitted with easy running roller bearings. Brush has high-grade bristle stock. Can be adjusted to long or short nap carpets by pressure on handle. Wheels fitted with high-grade rubber tires. Heavy braided cord encircling sweeper prevents marring of furniture. Shipping weight, 6 lbs. Price $2.70

Bissell's Cyco Bearing Sweeper $2.50

186C461—Bissell's Cyco Bearing Universal Sweeper is one of the most popular sweepers on the market. Has all the latest improvements. The patent Cyco bearings produce a perfect broom action, and the dust-proof axle tubes prevent hair and ravelings from winding around the axles. Has a reversible ball spring which prevents the sweeper from tipping when drawn quickly over the carpet. Brush is made of the best quality imported hog bristles. Both dust pans dump at the one operation. The case is made of the choicest cabinet woods, handsomely finished. Metal parts, japanned finish. Shipping weight, 6 lbs. Each $2.50

Bissell's Grand Rapids Ball Bearing $3.25

186C460—Bissell's Cyco Bearing Grand Rapids Sweeper. Fitted with patent ball bearings and all the latest improvements. There is no better carpet sweeper at anywhere near the price. Has a handsome appearing case that any housewife can be proud of. The wood parts have a fine piano polish, and all metal parts are heavily nickel-plated. The sweeper is self-adjusting to all thicknesses of carpets or rugs. Exceptionally easy running, noiseless, and reliable. This is a handsome, durable machine that will give satisfaction. Shipping weight, 6 lbs. Our low price... $3.25

Windsor

186C463—Case is made of solid, genuine Tupelo wood, mahoganized, beautifully finished. Fitted with roller bearings, which insure easy running. Brush has high-grade bristle stock. Can be adjusted to long or short nap carpets by pressure on handle. End plates and trimmings are heavily nickel-plated. Wheels fitted with high-grade rubber tires. Heavy braided cord encircling sweeper prevents marring of furniture. Unexcelled for service. Shipping weight, 6 lbs. $3.25 value. Price $2.3

$1.80 Lakeside Sweeper

186C464—Made of hardwood, finished in mahogany. Brush is of extra quality bristles. Both dust pans are dumped with one operation. Can be adjusted to any kind of carpet by pressure on handle. An easy running machine that will give splendid service. Shipping weight, 6 lbs. Price $1.80

Rapid Carpet Stretcher

35c

86C466—An efficient little device that fills a want you have often felt. It is very simple and easily handled. You tap the hook of the steel bar into the floor close to the wall, and press the prongs of the cross-bar into the carpet. Turn the crank and the carpet will be stretched as desired, without any backbreaking work. Shipping weight, 2 lbs. 50c value. Our price 35c

Home

186C465

Shipping weight, 6 pounds

$1.50

A well made sweeper, though very low priced. Case finished in antique oak. Equipped with dumping device and broom action for adjusting brush to long or short nap rugs. Brush has good quality bristles. A splendid value at our price. Shipping weight, 6 pounds. Each $1.5

Our Hall and Stair Carpet Section will save you time and money

Triangle Polishing Mop

69c

Made with an adjustable handle to work in all directions, and reaches into remote corners, under beds, and top of mouldings. Made of absorbent long-fibre cotton, the cord fingers pick up all the dust and dirt and renew the original floor lustre as the mop goes along. Light, strong and durable.

The mop can be washed and renewed with polish. Directions given on every container. Padded so that it will not scratch or mar. Shipping weight, about 3 pounds.

86C360—Each..... **69c**

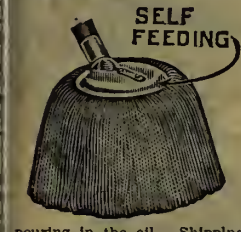
Defeating the Dust Demon

The United States War Department says "Dust is filth in its most dangerous form." The United States Government is beginning to realize the great dangers that lurk in dust-laden atmosphere, and is beginning a systematic fight to prevent the spread of disease in this way. You, too, should aid in this fight against the dust demon for the sake of your own health as well as that of your family.

On this page we offer Polishing Mops, Dustless Mops, Dust Cloths, Brooms, etc., for cleaning the entire house. The polishing mops on the left are treated with oil which absorbs the dust and leaves a bright and new look on your floors. The chemically treated, dry dustless mops on the right are for everyday use in dusting, while the polishing mop is used but once or twice a week.

Triangle Dustless Mop

64c



This chemically treated mop gives a brand new finish to painted and varnished surfaces, linoleum, and oil cloth, without raising a particle of dust. The long, 54-in. handle reaches everywhere, into corners, under furniture, and to the top of mouldings, while its adjustable feature enables you to keep it always flat on the floor, no matter where you are cleaning. Padded so that it cannot scratch or mar.

Can be washed in soap and water without affecting the chemical treatment of the mop, which causes it to pick up the dust instead of spreading it.

86C366—Triangle Dustless Mop with 54-in. handle. Shipping weight, about 3 lbs. Our price **64c**

Self-Feeding Polish Mop

One of the most practical and economical mops made. It is fitted with a metal reservoir for holding polishing oil, and this oil is absorbed in just the right quantity, just the same as a lamp wick draws oil from a lamp as it is needed. Never too oily—never leaks—reservoir holds just enough polish to treat the mop properly. Mop can be washed as often as necessary with warm water and soap. You can refill the reservoir by just opening the cover and pouring in the oil. Shipping weight, about 2½ pounds.

86C368—Reservoir Mop, with 4 ft. polished handle. Retail value, $1.50. Our price **85c**

Chemical Floor Polisher

65c

Chemical Floor Polisher. Made of heavy yarn on 10-inch block, with long handle. For dusting and polishing floors and linoleum. Chemically treated, absorbs the dust and leaves no oil or grease on the surface. Needs no retreating, only needs rinsing in warm water to restore original condition. Shipping weight, about 22 oz.

186C367—Each **65c**

The New Windsor Special Mop Set

A Wonder Worker on Floors!

Brightens and Gives Lasting Beauty to All Floors

Don't neglect your floors. Remember, it costs less to polish than to repair and replace.

Use the New Windsor polish mop once a week and the dry dustless mop daily—your floors will always look bright and new—the way you like to see them.

Easy to Use, Wash and Renew

The New Windsor Slip-On Mop has a triangular steel head onto which the mop part is slipped—like a curtain on a pole. When the mop is dirty, it can easily be slipped off again, and washed out. The triangular head gets into all the corners, and the adjustable handle keeps the mop always flat on the floor, even when cleaning under furniture. The most convenient and economical mop set ever offered anywhere at any price. **Order your set today.**

86C363—Windsor Slip-On Mop Set (1 oil mop, 1 dust mop, 2 48-inch handles, and one 8-ounce can oil polish). Shipping weight, about 6 pounds. Our price **$1.29**

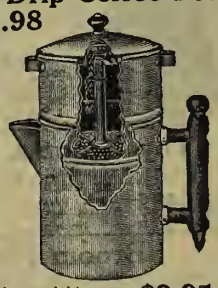
Select Your Percolator Here

Mrs. Rorer says, about the making of coffee, "In selecting a pot, choose one with a top or second story, in which the grounds are held above the water." Good coffee is assured when you use one of our percolators. Below we offer you your choice of the best to be had in percolators.

Our Best Value Aluminum Percolator

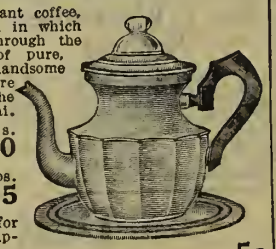


Made of pure, seamless Royal Aluminum. A beautiful design—one you will be pleased to own and have on your table. We recommend this as one of the best percolators for making coffee. Coffee properly made in this percolator has that fine, delicious flavor and appetizing aroma enjoyed by all coffee lovers. This is due to the fact that the coffee is made before the water reaches the boiling point—the full flavor is extracted and the coffee is ready to serve. You get the good taste of the coffee. Order this percolator with the assurance that your money will be refunded if you are not entirely satisfied.

186C1102—9 Cup Size. Shipping weight, 5 pounds. Retail value $4.50. Our price..... **$2.95**

Royal Aluminum French Drip Coffee Pot

$1.98



It doesn't boil the coffee. It doesn't percolate the coffee. It makes drip coffee—without use of a cloth. This pot consists of two parts—the upper part which holds the grounds and the boiling water and the lower part which receives the finished coffee ready to serve. The coffee ground real fine, is placed in the metal receiver in the upper section. Pour the boiling water on the coffee. Let it stand for a few minutes, pull out plug and the finished coffee passes through a screen into the lower compartment. Simple—effective—sanitary. Makes clear, delicious coffee every time.

186C1095—2-quart capacity. Shipping weight, 3 pounds. Price..... **$1.98**

186C1096—4-quart capacity. Shipping weight, 5 pounds. Price..... **$3.95**

Royal Aluminum Percolator

This percolator brews rich, fragrant coffee, clear and sparkling by percolation, in which hot (not boiling) water filters through the ground coffee. Made entirely of pure, seamless Royal aluminum in a handsome design. Aluminum percolators are especially desirable as the taste of the coffee is not affected by the metal.

186C1023—Capacity, 7 cups. Shipping weight, about 3 pounds. Price..... **$1.70**

Royal
Extra Heavy Seamless Pure Aluminum Ware

Royal 9-Piece Roaster and Cooking Set

186C1064—Consists of 9 pieces, which make up the following combinations: Double, self-basting roaster, double boiler, egg poacher, and steam cooker, besides which each vessel can be used separately. The upper and lower pan combined, form a double self-basting roaster that will take a small roast or fowl. By adding the tray, which holds the cups, and smaller pan, you have a steam cooker or double boiler. For poaching eggs or cooking custards, the lower pan, tray and cups only are used. The 3 pans can be used as pudding or baking pans.

Made seamless of pure aluminum. Capacities: Lower pan, 3 ½ quarts; upper pan, 2 ½ quarts; inside pan, ¼ quart. Shipping weight, ¾ quarts; custard cups, bout 4 pounds. Agents ask $2.50 or more. ur price, complete..... **$1.45**

High-Grade Two Coated DURO Gray Enameled Ware

In Duro Enameled Ware we offer a line of kitchen utensils which for wearing qualities combined with attractive appearance is in a class by itself. Unlike the ordinary gray ware, which has only 1 coat of enamel, Duro Ware has two distinct coats of a most adhesive enamel, which will withstand the hardest kind of usage, and, being chemically pure, is not affected by the strongest fruit or vegetable acids.

Duro Bread Raisers

Made seamless with ventilated tin covers. Strictly ssnitary.

Phoenix Turquoise Blue Double Roaster

Economy in a double roaster is certainly shown in this self-basting, seamless and sanitary roaster. Not only saves all the juices of the food but prevents scorching, burning or waste. The roast rests on a tray which sets in the lower pan forming a space below for the gravy. You can remove roast on tray which has special handles for the purpose. Gravy remains in lower pan. White enameled inside, turquoise blue outside. Outside measurements, 18 inches, long over handles; height, 7¾ inches; width, 12¼ inches. Shipping weight, 7 pounds. Retail value, $3.00. $1.98

Alabaster White Enameled Ware

Every piece of Alabaster Ware is made seamless of heavy sheet steel, covered inside and out with snow white pure enamel, with dark blue edges. Exceptionally strong and durable, more practical and serviceable than crockery, because it will not chip or break as easily, and weighs only about half as much.

We consider Alabaster White Ware the best that money can buy.

Here's the Secret of Perfect Bread

Majestic Bread Maker

186C1529 **$1.76**

186C1530 **$2.10**

Home-made Bread has a flavor of its own; it is generally preferred by everyone. Kneading dough by hand is tedious work. With a Majestic Bread Maker, you can knead from two to ten loaves in three minutes' time. Produces bread that is firm, light, white and free from unbroken starch cells.

With the Majestic Bread Maker the hands do not touch the dough. The kneading is done in a perfect, sanitary and scientific manner. After kneading, the dough is left to rise in the pail.

The Majestic is exceptionally well made of heavy charcoal tin, nicely polished. Mixer or kneader and handle are of steel. Furnished in two sizes. Capacity of pails, 10 and 16 quarts, or 2 to 6 loaves and 4 to 10 loaves of bread, respectively.

186C1529—Capacity, 2 to 6 loaves. Shipping wt., about 13 lbs. Retail value, $2.00. Price..... **$1.76**

186C1530—Capacity, 4 to 10 loaves. Shipping wt., about 21 lbs. Retail value, $2.50. Price..... **2.10**

Eat More Ice Cream

The Windsor Freezer Makes Delicious Cream and Ices Smooth and Velvety—With Less Labor and Material

The Famous Windsor Freezer, with new style Repesting Dasher, is all that is latest and best in freezer construction.

Tubs are water-proof made of selected, old growth pine, thoroughly kiln-dried, and treated with a parafine and oil preparation. The cans are made of the highest grade of charcoal tin plate. All the metal parts that come in contact with the cream are covered with pure block tin. Outside metal parts are thoroughly galvanized and will not rust. State size wanted.

Windsor Combination Meat and Food Cutters

Here are the superior features of the Windsor: It is both a meat cutter and a food chopper. Truly sanitary, because the barrel, having no obstructions at its opening, discharges freely and is easily kept clean. Having a large opening at the front and a smaller one at the back, it drains properly, thus making it impossible for juices to escape and drip on the floor. The food is cut in three different ways as described below. The four-bladed knife is made from special steel, is self-sharpening and reversible, insuring long wear. The steel plates are slightly concaved, milled true, giving a perfect cutting surface. The knife and plate are held in place by a simple, but effective locking device. All exposed parts are doubly coated with pure block tin to prevent rusting.

How It Operates. The funnel shaped barrel is made of one piece, straight ribbed inside. The food is carried forward by a scroll which fits snugly against the knife-edged ribs, cutting it before even reaching the knife and plate. A four-bladed, self-sharpening reversible, steel knife cuts the food again before passing it through the perforated steel plates, cutting evenly at all times. Three plates are furnished with each cutter; one each, coarse, medium and fine.

Illustration Shows Inside Construction

74c

186C1911 — Extra large size. Chops up to 4 pounds of meat per minute. Size of hopper opening, 3⅞x4⅞ inches; length of barrel, 4¼ inches. Complete with self-sharpening knife and 3 steel blades, coarse, medium and fine. Shipping weight, about 8 pounds. Price **$1.38**

Quality Lakeside Cutlery

TRADE MARK REGISTERED

For Professional and Kitchen Use

Lakeside Cutlery has made a bigger hit with professional butchers, etc., than ever before. The reason for this is the absolute reliability and dependable quality of Lakeside Cutlery. The knives are manufactured by one of the foremost makers in the country. The blades are wrought by hand from solid bars of highest-grade, crucible steel, each piece being singly tempered. The result is that Lakeside butcher knives are not only sharper but hold a keen edge longer than most other brands. Every knife is tested, shipped ready for use and will give satisfactory service. For kitchen use we have an assortment of knives from which any housewife can choose her cutlery needs. Our prices are right, as is our quality.

We consider this the best assortment of Beech Handle Butchers' Knives on the market. Blades are hand-wrought from finest Crucible steel, perfectly ground, tough-tempered and keen-edged. They have the proper shape and balance, and are far better than the ordinary butcher knives on the market.

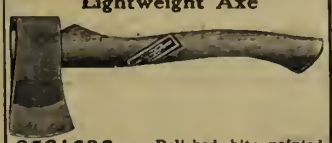
Our Kitchen Ware is Found Everywhere

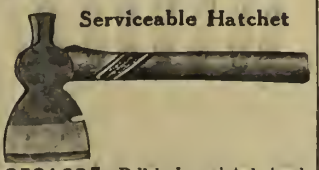
No matter where you travel on these two continents, whether it's the Philippine Islands, the Far East, Africa or South America—our Kitchenware is sure to be found. There's more than one reason for this.



Handy Household Tools at Low Prices

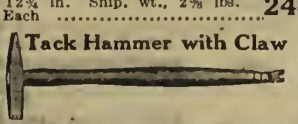
Household Nail Hammer

85C1634 — Polished head, with claw. Total length, 13 in. Ship. wt., 1⅝ lbs. Each 22c



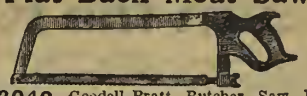
Lightweight Axe

85C1636 — Polished bit; painted head. Width of bit, 3¼ in. Total length, 16¼ in. Ship. wt., 2¼ lbs. Each 29c



When that piece of kindling wood is a little too big for the stove, or the carpet needs tacking down, or you want to drive a little nail somewhere—here are the tools to do the work. And they are so cheap, you can have several of them around for the little odd jobs about the house. Made of cast semi-steel, with hardwood handles. Will give good service.

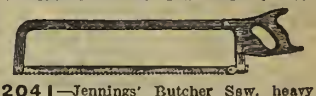
Serviceable Hatchet



85C1635—Polished; painted head. Width of blade, 3½ in. Total length, 12¾ in. Ship. wt., 2⅜ lbs. Each 24c

Tack Hammer with Claw

85C1637 — Polished, nickel-plated head. Handy tack claw on end of handle. Total length, 10¾ in. Ship. wt., 8 oz. Each 7c



Flat Back Meat Saw

86C2040—Goodell-Pratt Butcher Saw Frame is flat polished steel, hardwood handle, correct in shape and weight, and with the proper hang or balance. Complete with blade. Regular $1.00 to $1.50 retail value. (Give size.)

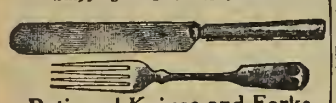
Weigh your purchases on our scales and be sure. They pay.

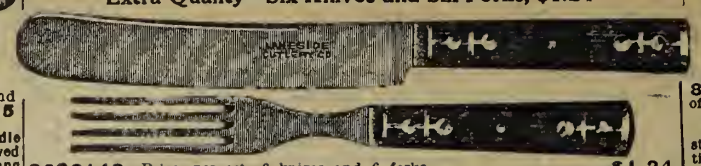
Learn the Real Joy of Good, Dependable Kitchen Cutlery



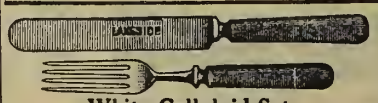
White Bone Handle

86C8100—Per Set of 6 Knives and 6 Forks. Price.....**$1.95**
Shipping weight, 2¼ pounds
Fancy Pattern, White Bone Handle Knives and Forks. Best quality curved pattern steel blades, and four prong spring steel forks. Handles are durably capped with bolsters on both ends.
86C8102—Knives only, per set of six. Price **$1.05**
Shipping weight, 1¼ pounds.

White Bone Handle



86C8105—Per Set of 6 Knives and 6 Forks. Price.....**$1.40**
Shipping weight, 2¼ pounds.
White bone handle knives and forks. Fancy double bolsters. Best quality curved pattern steel blades, with four prong forks. The handles are well riveted through tang of blade and bolsters are capped on both ends, making a good, durable, and well appearing set.
86C8107—Knives only, per set of 6. Price **80c**
Shipping weight, 1¼ pounds.

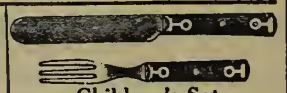


Retinned Knives and Forks

86C8110—Price, Per Set of 6 Knives and 6 Forks.....**40c**
Shipping weight, 1¾ pounds.
Heavy tinned knives and forks. Solid iron handle. Forks have four tines, well finished. Have the appearance of the silver plated goods, and will give good satisfaction. Very suitable for camping as they do not rust easily nor do they need scouring. Per Dozen Sets..**$4.50**

Extra Quality—Six Knives and Six Forks, $1.24

86C8143—Price, per set, 6 knives and 6 forks.....**$1.24**
Shipping weight, 2 pounds.
Fine Cocobola Handle Knives and Forks with double bolsters. One of the latest designs. The steel used in their manufacture is of the very highest grade. The knives which come in full swaged and curved pattern blades, seldom need to be put on a steel as they hold their edge remarkably well. The forks have four well made spring steel prongs, and a wide shank which will not give. These are the better grade goods, of high workmanship, well finished, and durably constructed. This is an exceptional value which, we believe, cannot be excelled.



White Celluloid Set

86C8150—Price, per set, 6 knives and 6 forks **$4.50**
Shipping weight, 1¾ pounds.
White celluloid ivory grained. Handles never crack. Better than ivory for wear, and quite as handsome in appearance. Only the very best steel is used in the blades and tines. More desirable than plated knives, because they can be sharpened.
86C8152—Knives only, per set of 6.**$2.40**
Shipping weight, 1 pound.
86C8154—Same style as 86C8150, but plain, white handles. (Not Grained.)
Per set of 6 knives and 6 forks.....**$2.85**
86C8156—Knives only, per set of 6 **1.50**

Cocoa Handles, 6 knives and 6 forks, plain riveted.
86C8159—Per set, 6 knives and 6 forks **42c**
Shipping weight, 26 ounces.
86C8161—Knives only. Per set of 6..**30c**
Shipping weight, 1 pound.

Children's Set

86C8166—Price, per set of 1 knife and 1 fork.....**22c**
Shipping weight, 7 ounces.
Child's Set. 1 knife and 1 fork. Good quality cocoa wood handle, fancy bolsters, tempered steel blade.

Scale Beams

$1.15

Scale Beams complete, with two ises. Strong and well made. For ughly weighing cotton, grain, etc. ey weigh by pounds only; do not show fractions a pound, and are not intended for use where treme accuracy is desired. (Give size.)

No.	Capacity	Shpg. Wt. About	Price Complete
86C2132	200	10	$1.15
86C2133	250	16	1.40
86C2134	400	23	2.10
86C2135	600	33	2.90
86C2136	1,000	56	4.80

Net Weight Dairy Scales

Graduated by 1-10 lb.

These scales save troublesome figuring, as they give the correct, actual weight each time. Before weighing, put empty container on scale and set red pointer back to zero. After that, scale gives the actual weight of anything put in container.

These Scales are accurate. Have large circular brass dial with distinct black figures. Two indicator hands—red hand for empty vessel. Handy for general use. Milk record blank included with scale.

$2.40

Single Mantle

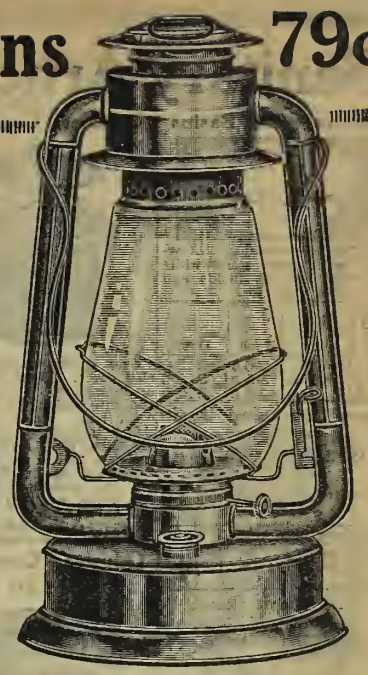
$4.95

Double Mantle

$5.20

Sportsmen, campers and farmers everywhere pronounce the Storm-Proof Gasoline Lantern the best outdoor portable lamp made. It turns night into day.

Makes after-dark work easier every night. Light your barns, sheds, feed lots, cellars—with the Storm-Proof Lantern—it gives a steady, brilliant light—more light than 20 oil lanterns. The Storm-Proof makes and burns its own gas. Used anywhere, any time, in any kind of weather. Blizzard-proof and bug-proof. Most easily operated lantern. No wicks to trim. No globe to clean. No smoke. No soot. No flicker. No danger. Can't spill. Can't explode. Clean it only once a year. Automatic tip cleaner prevents clogging.



The Storm-Proof Lantern burns gasoline. Capacity, 1 quart. Will burn about 15 hours on one filling. Single mantle style produces about 240 and double mantle style, about 300 candle power of bright, steady light. The Storm-proof Lanterns are equipped with mica chimneys, rag mantles, pump and lighter. Height, 13 and 14 inches respectively. Easy to light and extinguish. Simple in construction and operation. Complete directions for use with each Storm-Proof Lantern. Regular retail price, $6.50.

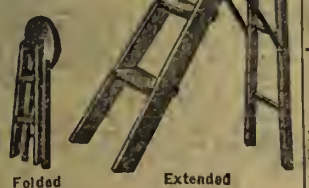
Regular Extension Ladders



$3.55

Our Combination Ladders are most practical for general use, handling and mounting, on account of having a short or long ladder, as needed to suit the location and work to be done. Can be assembled in a narrow space. The Uprights are made from selected straight grain pine, solid and strong. The rungs are kiln-dried hickory, the best wood for the purpose. Has malleable iron, unbreakable hooks and heavy steel top cross bar with friction rollers. Each ladder has two sections.

Art. No.	Length ft.	Section ft.	Ship. Wt. lbs.	Price, each

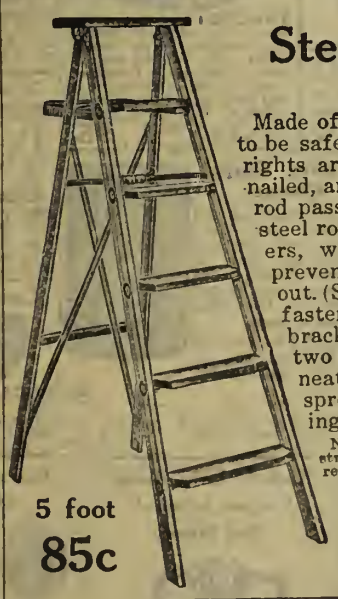
Step-ladder Stool

89c

A Boon for the Housewife

Folded Extended



One of the most convenient and practical devices made for the home; one that you will use many times in a day. In the kitchen it fills a long felt want. Place it at your kitchen sink and you will find its advantages in lightening your work. Enables you to sit at work when you would often have to stand. Made just the right height. Folds flat when not in use. Made of hardwood, natural oil finish with two steps. Height, about 25 inches. Shipping weight, about 9 lbs.

86C2248—Price, each 89c

Be on the Safe Side—Buy Our Ladders

Step-ladder with Shelf

For Family or Painter's Use

5 foot
85c

Made of the best seasoned pine of the proper thickness to be safe and durable, yet convenient to handle. Uprights are mortised at steps. Each step is securely nailed, and strongly reinforced by a steel rod passing under it. Ends of steel rods are fitted with washers, which, when tightened, prevent the nails from coming out. (See picture.) Top step is fastened by galvanized steel bracket. Bottom step has two steel brackets underneath. Folding steel lock spreader and handy folding pail shelf.

Notice the exceptionally strong construction. Each step reinforced by a steel rod.
